Annual Safety Report

January 1 to December 31, 2012

Southwestern College Safety and Security: Who we are

Located in the offices of Student Life in Sutton Hall, the Department of Safety and Security consists of four full-time security officers here to assist the students, faculty, and staff. The telephone number for Safety and Security is 620-229-0012. For emergency calls dial 9 911 (accesses emergency officials) from campus phones.

Officers patrol the campus on foot or in vehicles and are available for a variety of services one of which includes escorts on campus. For a full list of services provided contact the Department of Safety and Security. Security officers are non-sworn with no police powers. Security officers enforce campus policies and campus traffic issues only. Crimes are reported to appropriate law enforcement agencies and investigated by them.

The Campus Security Act, Legal Requirements

The Campus Security Act requires colleges and universities to:

- publish an annual report every year by October 1 that contains three years of campus crime statistics and certain campus security policy statements;
- disclose crime statistics for the campus, public areas immediately adjacent to or running through the campus, and certain non-campus facilities and remote classrooms. The statistics enforcement, and other university officials who have "significant responsibility for student and campus activities;"
- provide "timely warning" notices of those crimes that have occurred and pose an ongoing "threat to students and employees;" and
- disclose in a public crime log "any crime that occurred on campus...or within the patrol jurisdiction of the campus police or the campus security department and is reported to the campus police or security department."
- Disclose fire statistics and for residence halls and fire detection and suppression systems.

The Southwestern College department of Safety and Security is responsible for preparing and distributing this report. We work closely with the Winfield Police Department, Cowley County Sheriff's Department, Winfield Fire Department, and the Cowley County Emergency Management Department to provide a safe campus.

We encourage members of the Southwestern College community to use this report as a guide for safe practices on and off campus. This report can be found at the following website; **http://www.sckans.edu/file/513**

Reporting Incidents

Southwestern College believes that it should be easy, safe, and quick to report any incident regarding the safety and/or security of any member of the college community. While the primary location for incidents, both on and off campus, is the Office of Student Life, other offices are often used by students, faculty, and staff to report these incidents. You may make a report at any of these locations during normal working hours, 8 a.m. to 5 p.m. or after hours with security by calling 620-229-0012 You may also report an incident to security via email at security@sckans.edu.

If you have been the victim of sexual assault, you should contact on of the offices listed to report the violation. Do not do anything before calling the office you choose, especially anything that can tamper with evidence of the crime, such as taking a shower, changing clothes, or cleaning up the room.

Being found guilty of a sexual-related crime can lead to expulsion from the college. Both the accuser and the accused will have limited access to all disciplinary records.

After normal business hours, any member of the campus community may contact either campus security or a member of the residence life staff or a law enforcement agency.

Programs

Each year Southwestern College offers different programs for members of the college community. Student participation in these programs is usually voluntary, but we encourage all students to take advantage of the programs offered.

The Residence Life Office offers programs to resident students on their floors through Resident Assistants. These programs cover keeping the residence halls safe and secure at night, how and where to report incidents, and many other subjects.

The Campus Life Team presents programs throughout the school year which provide alcohol and drug awareness, sexual assaults and other issues related to student safety. The program One In Four is presented September of each school year. One session targets women and one session targets men. In addition Campus Security is readily available to work with the campus community on any safety and security issues.

Southwestern College contracts with outside agencies to provide counseling and other services to the student, faculty and staff population. In addition the college uses agencies in the community to provide safety and security programming during the year. The Winfield Police and Fire Departments are utilized as well as the Cowley County Emergency Management Department.

Missing Student Policy

If a member of the campus community has reason to believe that a student who resides in on-campus housing is missing, he or she should immediately notify Campus Security or any housing staff member. A missing student report will be generated and initiate an investigation. If it is determined that the student is missing, referral to the appropriate law enforcement agency will be initiated. If a student is under 18 and not emancipated parents or legal guardian will be notified. **A STUDENT DOES <u>NOT</u> HAVE TO BE MISSING 24 HOURS BEFORE BEING REPORTED MISSING.**

Timely Warning Notices: Campus Safety Alerts

To help prevent crimes or serious incidents, the Department of Safety and Security, in conjunction with other departments on campus, issues Campus Community Alerts in a timely manner to notify Southwestern College community members about certain crimes in and around our community. Members of the Southwestern College community who know of a crime or other serious incident should report that incident as soon a possible to the Department of Safety and Security so that a Campus Safety Alert can be issued, if warranted.

If Southwestern College community members report crimes or serious incidents to other college administrators, those administrators will notify the Department of Safety and Security. Representatives of these offices will promptly notify and collaborate with the Department of Safety and Security to issue a Campus Community Alert, if one is appropriate.

Emergency Response and Evacuation Procedures

Southwestern College, working closely with the Winfield Police Department and other local law enforcement agencies, will promptly investigate all reports.

The College will be used to transmit critical information to the campus as quickly as possible unless issuing it will compromise efforts to contain the emergency. This will be accomplished by utilizing Connect-Ed, which allows emergency messages to be place in telephone voice mailboxes to those phones equipped with electronic voice mail and College e-mail system to computers connected to the College system. The college will publicize the emergency response and evacuation procedures on an annual basis in a manner designed to reach students, faculty and staff. It will test emergency response and evacuation procedures on an annual basis.

Emergency Preparedness: The College is dedicated to providing a safe and secure work and learning environment for students, faculty, staff, and visitors. It is Southwestern College policy to be timely, accountable, and honest when communicating with the campus community in times of crisis. The College provides emergency response and evacuation procedures in postings throughout the residence halls or small manuals located in classrooms and other facilities across the campus.

The College has an Emergency Plan in place to respond immediately to a crisis. The Emergency Plan is a complement to the College's Emergency Response Plan, and is designed to assist in crisis management situations. In the case of some unforeseen event, the College will be convened an Emergency Response Team to respond to an incident or crisis and to deploy an internal and external communications strategy. This team will conduct a situational assessment to determine the severity of the incident or crisis regarding a crime on campus, campus violence, a Clery Act reportable incident, a threat made against the campus, serious security issue in area or near campus, a partial or full campus loss, IT breach of security, or a incident involving college employees or operations. Upon assessment, the team will execute a chain of action of events pertinent to the incident, execute internal and external communication response protocol, debrief, and document a resolution.

When a significant health or safety emergency, or some other dangerous situation occurs on campus, campus community members are immediately notified once the threat to the College community has been verified. The College has a variety of ways disseminating emergency information to the community, which includes the following:

-Local broadcast media

-REGROUP Emergency Response system (text message, email, and phone notification) Students, faculty and staff may sign up for this service by registering their cell phone, email address and land line phone.

-Southwestern Web site

-Campus email system

-Campus phone system

The emergency response team consists of the following positions:

President, Academic Dean, VP for Student Life, VP for Communication, VP for Bsiness Afairs, VP for Information Technology, Campus Minister, Director of Security, Dean of Students, Director of Plant Operations.

Alternative communication plans will be used when electricity is not available.

Contact Southwestern College Department of Safety and Security at 620-229-02012 or by e-mail security@sckans.edu to obtain a printed copy of this report.

Daily Crime Log

The Department of Safety and Security maintains a Daily Crime Log that records, by the date the incident was reported, all crimes and other serious incidents that occur on campus, in a non-campus building or property, on public property, or within the department's patrol jurisdiction.

The Daily Crime Log is available for public inspection at the Safety and Security office located in offices of Student Life.

The Daily Crime Log includes the nature, date, time, and general location of each crime reported to the department, as well as the disposition of the complaint, if this information is known at the time the log is created.

The department posts specific incidents in the Daily Crime Log within two business days of receiving a report of an incident and reserves the right to exclude reports form the log in certain circumstances.

Residence Halls Fire Prevention Information

All residence halls have smoke detectors and Fire Alarm Control Panel. There are smoke detectors in each student room as well as in common areas. These are connected to the central alarm system, which, in turn, is connected to an alarm company which notifies the Winfield Fire Department and the Department of Safety and Security. In addition Cole Hall (Women's Residence Hall) is equipped with a sprinkler system in each room and in common areas. The sprinkler system is tested annually. Below is a listing of the residence halls and the fire equipment in each hall. Central alarms are monitored 24 hours per day by an alarm company. Safety and Security inspect the alarms every day and report malfunctions to Plant Operations. If an alarm is set off the alarm company immediately calls the Winfield Fire Department and the Southwestern College Security.

Broadhurst – Central Fire Alarm with individual smoke detectors in each room and common areas. Fire extinguishers are placed throughout the building.

Cole Hall – Central Fire Alarm with individual smoke detectors and sprinklers in each room and common areas. Fire extinguishers are placed throughout the building.

Honors Apartments – Individual smoke detectors in bedrooms and living area. Fire extinguishers are in each apartment.

Shriwise Apartments – Central fire alarm with smoke detectors in each room.

Reid Hall – Central Fire alarm with fire extinguishers throughout the building and smoke detectors in each room and common areas.

Wallingford Hall – Central fire alarm with smoke detectors in each room and common areas.

Warren Apartments – Smoke detectors and fire extinguishers in each apartment.

Access to Buildings

Residence halls are locked 24/7. Students are issued keys and are responsible to gain access. A resident of a particular hall or apartment may call security at 620-229-0012 to be let in. The student will need to provide proper identification. All other campus buildings are locked overnight. Access is granted on a limited basis.

Fire Drills. The department in conjunction with the housing department conducts two fire drills (evacuations) from each residence hall during the academic year. The college requires complete evacuation of buildings during a fire alarm. Individuals who ignore fire alarms and required evacuations may face disciplinary action. Since false alarms may lower the evacuation response from students, the college will analyze the cause or causes of false alarms and work to reduce their occurrence. By reducing the number of false alarms, we hope to maintain students' diligence in responding.

Mandatory Supervised Fire Drills: There were 2 recorded and supervised fire drills for each residence facility during 2012.

Reportable Fire Incidents

There were no fire incidents in any of the residence halls or on campus during calendar year 2010, 2011 and 2012

Prohibited Items

Southwestern College prohibits the use of candles, candle warmers, smoking, electric cooking devices, halogen lights, fireworks, space heaters, and other items.

Fire Inspections for on-campus student housing

Each semester every housing unit is inspected for health and safety issues. Prohibited items such as candles, toasters, hot plates and space heaters are removed if discovered. Prior to enrollment students are sent a list of prohibited items. Students who violate safety rules are subject to Southwestern College Code of Conduct. Results of disciplinary action range from sanctions to suspension from school.

Campus Escort Program

If you must travel alone at night, the campus escort program provides a safe, reliable way to travel throughout the campus. The program consists of a security officer escorting you through campus to the desired destination. To access this program just call Safety and Security at 620-229-0012.

Southwestern College Alcohol Policy

Students at Southwestern are expected to be acquainted with and abide by state laws and college regulations regarding alcohol and drugs and to be aware of the social, physiological, and psychological consequences of excessive drinking in order to make responsible and informed decisions about the serving and consumption of alcohol. The college contracts with outside agencies that provide regular educational programs on alcohol and drug abuse as well as counseling services. **There are no alcoholic beverages permitted on campus**. Students, faculty and staff who violate the alcohol policy may be subject to disciplinary procedures. Students under the age of 21 may also be subject to criminal prosecution.

Southwestern College Drug Policy

Southwestern College does not condone the possession, use, manufacture, or distribution of illegal substances or drug paraphernalia of any kind in any amount. Students, faculty and staff in violation of the policy may be jeopardizing their own well-being as well as the well-being of the college community. Violators of this drug policy may be subject to disciplinary action and criminal prosecution.

Responding to Sexual Assault

Southwestern College is committed to creating and maintaining a community in which students, faculty, and staff can work and study in an atmosphere free from all forms of harassment, exploitation, stalking, or intimidation.

Every member of the college community should be aware that the college does not tolerate sexual assault and harassment and that such behavior is prohibited both by federal and state law and by college policy.

Southwestern College will take whatever action may be needed to prevent, correct, and if necessary, discipline and/or prosecute behavior that violates this policy and the law. All forms of sexual assault and all attempts to commit such acts are regarded as serious college offenses that are likely to result in suspension, required withdrawal, expulsion, or termination. Prosecution may take place, in accordance with Kansas criminal law, independent of college actions.

If you are a victim of a sexual assault your first priority should be to get ta a place of safety. You should then obtain necessary medical treatment. The college strongly advocates that a victim of a sexual assault report the incident in a timely manner. Time is critical in the collection and preservation of evidence if a case is to be prosecuted. An assault should be reported to a college official or the appropriate law enforcement agency. Filing a police report will not obligate the victim to prosecute. Southwestern will ensure the victim of sexual assault will receive the necessary medical treatment and tests at no expense to the victim. Southwestern will provide the opportunity for collection of evidence helpful in prosecution, which cannot be obtained later. Southwestern will provide the victim has access to free and confidential counseling from counselors specifically trained in the area of sexual assault crisis intervention.

When a victim of sexual assault contacts a College Official, a representative of Student Life will be notified. The victim of the sexual assault choose for the investigation to be pursued through the criminal justice system or the College Student Conduct Judicial System or both. A student life representative will guide the victim through the available options and support the victim in his or her decision.

The victim of sexual assault has the right to attend all judicial hearings involving the accused. The victim has the right to have another person (non lawyer) to attend with them. The victim has the right to know the outcome of the judicial hearing.

The Student victim of sexual assault has the option of having their academic and/or on-campus living situation changed if such changes are reasonable.

Registered Sex Offenders

Registered sex offenders can be located at the following web site of the Kansas Bureau of Investigation.
