Dedication

Because Miss Lillian Cloud has contributed so much to our college, the 1954 MOUNDPOSTER is dedicated to her.

Miss Cloud was graduated from Southwestern College, and later returned to serve on the faculty. Her first ten years on the faculty were as director of physical training for women. She is now associate professor of health and physical education.

From 1939 to 1942 she served as student secretary and although her work in student recruitment was done largely away from the campus, she still fulfilled her teaching duties.

Since 1942 she has served as director of social and recreational life for the school.

After World War II while Mr. Monypeny was in the Kansas Office of Veterans’ Affairs, she carried on his task of writing to all Southwestern students in the service. She has always kept herself well informed on the whereabouts and activities of graduates and former students.

LILLIAN CLOUD IS KNOWN TO EVERY ONE AT SOUTHWESTERN. TO HER FOR HER FRIENDLINESS, HER WARM PERSONALITY AND HER CEASELESS EFFORTS FOR US ALL, WE PROUDLY DEDICATE THIS BOOK.
LILLIAN CLOUD

"CLOUDY" HAS DIRECTED THE MAY FETE SINCE THAT PROJECT CAME INTO BEING AS AN OFFICIAL COLLEGE ACTIVITY. THE 1954 MAY FETE WILL BE THE THIRTIETH GIVEN AS SUCH.
Far above the Walnut Valley
   On a lofty height,
Stands our noble Alma Mater
   Bathed in golden light.

Lift the chorus, speed it onward,
   Over hill and vale:
Hail to thee, beloved Southwestern,
   Alma Mater hail.

Far above the stir and bustle
   Of the busy town,
Reared against the arch of heaven
   Looks she calmly down.

To the heights she calls us daily,
   Alma Mater dear,
Heights of knowledge, hope and courage
   Free from doubt and fear.

---FLORENCE M. CATE
Faculty
Dr. Raymond E. Dewey, acting president of Southwestern College from July 1953, to January 1, 1954, was not new to that position. During 1949 he served in the same capacity.

As superintendent of the Winfield District of the Central Kansas Conference of the Methodist Church, his duties as acting president coincided with the heaviest work of the conference year as District Superintendent. Dr. Dewey is a member of the Board of Trustees.

Having completed his term as acting president, Dr. Dewey was presented with a scroll from the faculty:

"In recognition of his diligent and gracious service to Southwestern College, we the faculty present this scroll of honor to Raymond E. Dewey, D. D., as a token of our gratitude and esteem."
As new president of Southwestern College, Dr. C. Orville Strohl returned to serve his Alma Mater. He was graduated from Southwestern in 1931.

Dr. Strohl has worked with youth in at least three different situations. Besides serving three pastorates in Iowa, he was an instructor at Iowa Wesleyan University, guest lecturer at Drake University Graduate School, and prior to coming here was executive secretary of the Board of Education of the Iowa-Des Moines area of the Methodist Church.

"I am thrilled to be here," said Dr. Strohl on his arrival here as president, January 1, 1954.
The administration personnel of Southwestern College are made known to every student who enrolls there. Contacted first by the admissions counselor, students then are launched into the enrolling process. Women students become acquainted with the dean of women while making arrangements for a room. All students, in securing a permit to register, learn of the director of student personnel.

The painful process of parting with one's money is helped by the business office, guided by the business manager. To become a full-fledged student of Southwestern College requires finally, authorization by the dean-registrar's office.
The Fine Arts Division is designed to increase the appreciation of both art and music and to provide opportunities and incentive for creation and performance.

On entering the Music Hall on the northwest corner of Southwestern's campus, students are confronted with sounds which baffle the ear, while those who enter the art department on the second floor of the Administration Building are confronted with that which baffles the eye.

Sounds ranging from those made by an oboist practicing a solo from "New World Symphony" to those made by the band playing "St. Louis Blues," are to be heard at any hour of the day or night. In the art department, objects in view range from a landscape done in oils to a modern design done in colored chalk.

The art department sponsors a chapter in the national art fraternity, Kappa Pi.
Language and Literature

In the language and literature division, Southwestern’s students are taught to become more competent readers and listeners, more expressive writers and more effective speakers.

Exercise charts for voice and diction, style sheets for journalism, thick literature books for freshman English, file boxes and time cards for debate and scripts for radio are familiar sights to students enrolled in the courses in this division.

Speech, literature, drama, radio, forensics, foreign language and library science help students become thoroughly acquainted with the languages and literatures of the world.

The speech department sponsors a chapter of Pi Kappa Delta, national honorary forensic fraternity.
To learn the nature of the organic and inorganic world and to use this knowledge for the betterment of mankind are the objectives of this division.

Smells of formaldehyde and what amateurs call the smell of the rotten egg, blended with the sweet aroma of hot muffins, chocolate cake and meats make Mossman Hall of Science one of the most diversified buildings on Southwestern’s campus.

Bunsen burners, beakers, test tubes, Napoleon Bonaparte and Bessie, the models used in health education and anatomy, fish, bullfrogs, onions, beets, sewing machines, looms and kitchen equipment also play a part in making Mossman a fascinating building to all who enter its doors.

Mossman is headquarters for the biological and physical sciences, mathematics and home economics.

The home economics department sponsors a chapter of Kappa Omicron Phi, the national home economics fraternity.
Social Science

The main objective of the Social Science Division is to teach Southwestern College students the importance of relationships, attitudes and actions with others.

Courses in history, psychology, sociology, religion, philosophy and education offer students help in preparing for teaching, church-related vacations and other jobs which are specifically working with people.

The social science division is especially proud of Southwestern's Alpha chapter of Pi Gamma Mu, the honorary social science fraternity.

Each of the housemothers has her own specialty in helping the girls. Mother Rosecrans at Smith announces engagements of the girls at special engagement parties; Mother Casburn is famous for her knitting; and Mother Evans is usually busy trying to keep the furnace on when it should be on and off when it should be off.

Duties of a housemother range from keeping the girls out of mischief and chaperoning the living rooms to being a "mother-away-from-home."

So that college students may be able to carry a full schedule of schoolwork, the Smith Hall dining room cooks are busy many hours daily preparing food.

Especially famous are their hot rolls and delicious lemon and cherry pies.

First semester officers were Carolyn Fulton, president; Nanon Bird, vice-president; Patricia Ridgway, secretary; Dorothea Drennan, treasurer; and Miss Marcia Hathaway, faculty sponsor.

The Women's Athletic Association had as its goal a different sport for each of its monthly meetings. The group carried out their project to enable members to earn awards.

Officers were Paula Forsyth, president; Patricia Farney, vice-president; Patricia Herrin, secretary; Carol Collins, treasurer; Dorothy Braddock, hike chairman; and Miss Lillian Cloud, faculty sponsor.

"S" Club members late this year reactivated the athletic lettermen's organization after a full semester of little or no action. In February, five of last year's lettermen gathered in Stewart Field House and elected James Stotts as president and Jerry Smith as treasurer.

Although losing the Homecoming game 27-13 to Washburn, the Builders that day played outstanding football and they were the only team in 1953-54 to score more than one touchdown against the Topeka squad.

Southwestern played its best game of the year when they outdowend, outgained and outplayed the Pittsburg team, only to come out on the disheartening short end of a 12-6 score.

With top-scorers Ray Potter, William Bloxom and James Stotts, the purple basketball team opened in 32 games this season—winning 18 and dropping 14. They averaged a neat 5-5 Central Intercollegiate Conference record for the year, and tied for a final third place in the CIC with the crew at Pittsburg State.

At the end of the season Ray Potter stood at the top of the list for CIC scoring—with a neat 18 point average. For the 1953-54 season, he was selected as one of the five on the All-CIC squad, and James Stotts held a similar honor on the All-CIC second team.
Coach William Carroll's Southwestern track squad this year saw the efforts of five returning lettermen bolstered by eight newcomers. The thinclad crew took part in only four competitions this year. First meet was the Oklahoma A & M Relays in Stillwater, followed by the K.U. Relays at Lawrence; a dual with Wichita University at Wichita; a triangular with the University of Arkansas and Tulsa University at Tulsa; and the Central Conference meet at Emporia.

POSTLUDE

Every college year comes to an end, but the friends we have made, the good times we have shared, and the greater understanding we have gained will last us a lifetime.
