

YOU CAN DO IT DAY

February 28th, 2008

The day was originally started by Leadership Southwestern in 1998 to educate young leaders on how to make a positive difference in their schools and communities. It offers middle school students an opportunity to discover new leadership methods and put them to use.

The day centers around area youth from smaller communities. In past years we have had the honor of hosting Argonia, Burden, Centre, Good Shepherd, Oxford, and Udall. We are looking to host students from smaller schools who are interested in making a positive difference in their communities through servant leadership.

SCHEDULED EVENTS FOR THE DAY:

Team building games and activities

Group activities are assisted by a Leadership Southwestern student and promote cooperation and the pursuit of a common goal.

Brainstorming Session

Each group will come up with an idea of their own for a project they can implement at their school.

Lunch

Lunch will be provided for each student and their sponsor by Southwestern College.

Development of Ideas

Teams will create a plan of action based on the needs of their community.

Feedback and Idea Session

Each school will present their idea and receive feedback from other schools and a group of Leadership Southwestern members.
