

The First Annual
MOUNDBUILDER
Published by the
Junior Class
of 1923

SOUTHWESTERN
1 9 2 2

THE MEMORIAL LIBRARY
Southwestern College
Winfield, Kansas

FOREWORD

MOTIFS for the decorative treatment of the 1922 Moundbuilder are taken from the painted and incised designs of the historic Moundbuilders, the early tribes of the Mississippi Valley.

Nature worship of these peoples was expressed in their art. The cover design is an intricate adaptation of the rattlesnake which was regarded with jealous reverence by the Mound-builders.

The *Ocelot*, a form of the cat family resembling the lynx, is used on the Junior panels.

Sophomore panels are reproductions of two native bird designs. The bird on the right is taken from the best known piece of design, the most artistic of all Moundbuilders relics.

The seal, or copyright, uses another form of the animal life so highly revered, that of the *Goget*.

For the above art work in the 1922 Moundbuilder, and for the constant help and further assistance with our art work, we are greatly indebted to Elmer Dean Farnsworth.

GREETINGS

GREETINGS to those who have taught and teach within her halls, to the Alumni, to the present student body, to former students, to all friends, and to the on-coming generations of Southwesterners—Greetings! You will find in this 1922 Moundbuilder an accurate cross-section of the work and spirit of Southwestern. The work is enlarging and yet continues to be thoroughly endued with that wonderful Southwestern spirit—the spirit of work, of democracy, of idealism, of religion—which is endearing the institution to an ever increasing constituency.

ALBERT E. KIRK
President.

DEDICATION

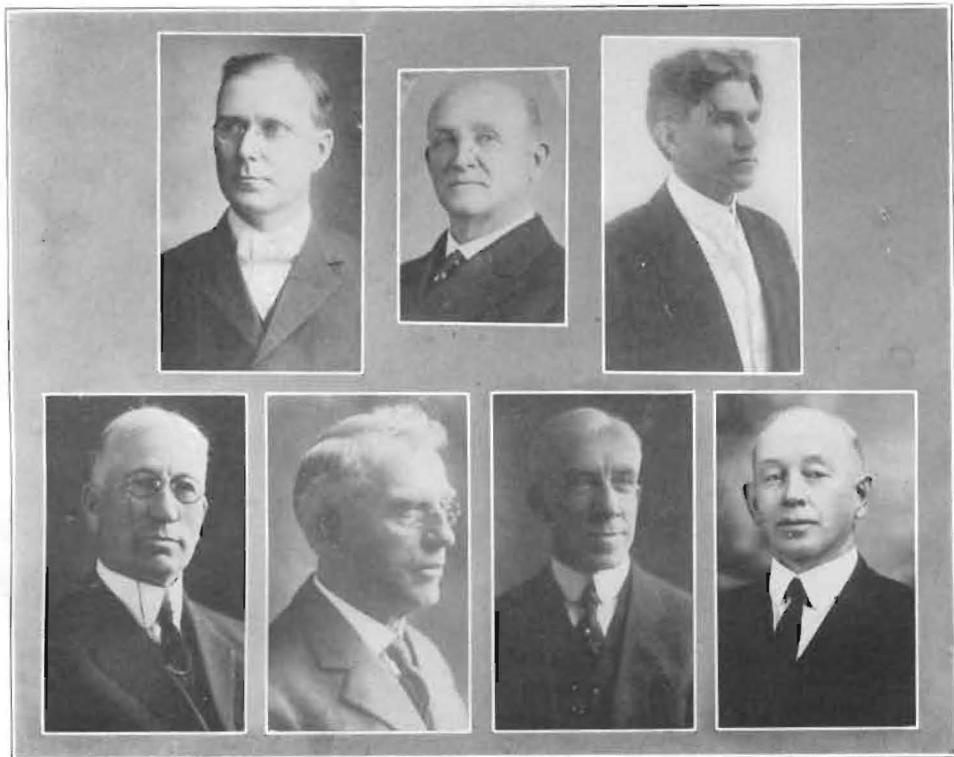

THIS Moundbuilder is dedicated to the Executive Committee of the Board of Trustees of Southwestern, by the Junior Class, in recognition of their most faithful services to the College. President Kirk, Vice-President Phillips and Secretary Dadisman are related to this committee by virtue of their official positions with the College. The other four members have served on this important Committee an average of seventeen years each. Though busy men they have devoted several hours each week through all these years to the affairs of the College. They are rendering a notable service worthy of the largest honor from all who prize Southwestern.

ORATORY**OLD LINE CONTEST**

The Old Line Oratorical contest was held at Baker University March 17th. The schools participating were: Washburn, Kansas Wesleyan, Baker, Fairmount, College of Emporia, and Southwestern. Southwestern was represented by Lorren L. Williams.

WOMEN'S ORATORICAL CONTEST

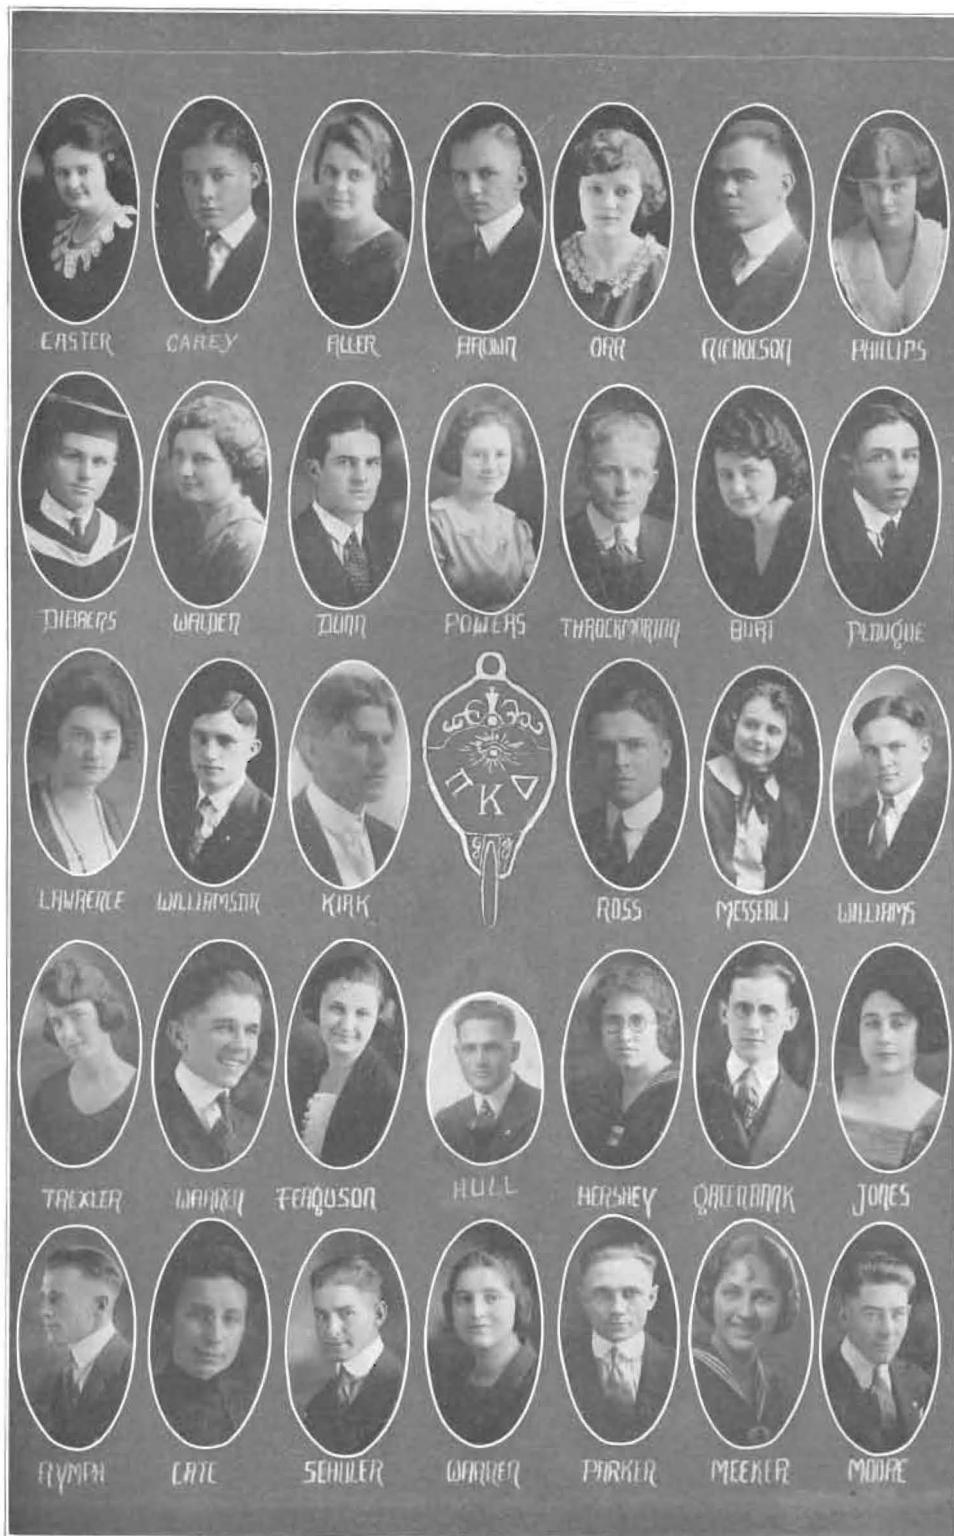

The Women's Oratorical contest was held this year at Topeka, May 1st, Southwestern being represented by Geraldine Phillips.

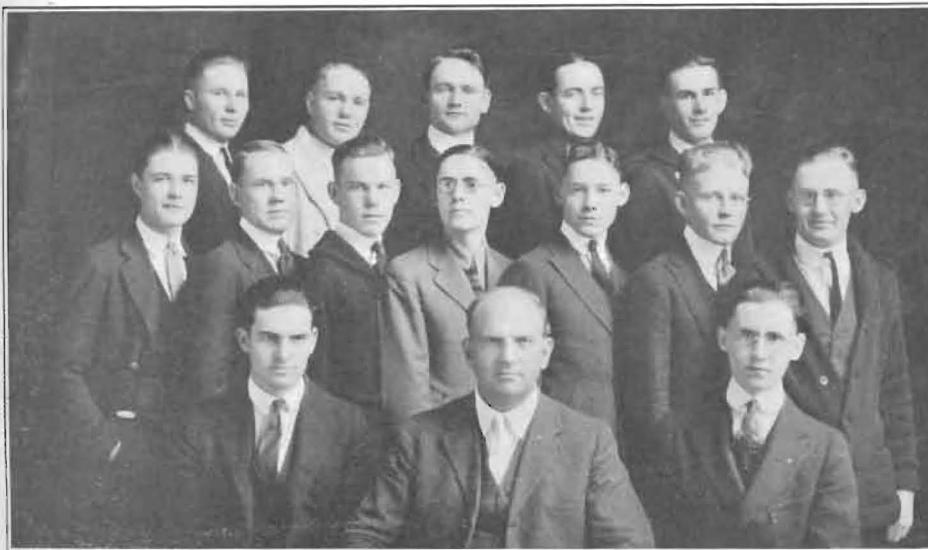

ANTI-TOBACCO ORATORICAL CONTEST

The Anti-Tobacco Association of Kansas held its annual convention at Salina, March 14th and 15th. The schools represented in the contest were: Kansas Wesleyan, McPherson College, Central College, Tabor, and Southwestern. Ernest Hull, representing Southwestern, took second place. Mark Culbreath of Southwestern was elected State President of the Association.

THE YOUNG MEN'S CHRISTIAN ASSOCIATION

AT THE center of the religious life on the campus of Southwestern, is the organization which binds men of all types, interests, classes and stations into a great, democratic fellowship of understanding, the Student Y. M. C. A. The development of the highest type of Christian manhood has been the primary motive behind the happy series of accomplishments which have filled the year just past. The truest victories of the Association have come thru aiding men to find themselves and to discover their places in the service of mankind.

The needs of the campus have been met by the Association. An employment agency aided in securing work for a number relying on self-support. First day troubles among the Freshmen were alleviated by an active reception committee, by free distribution of an attractive hand-book, and an information bureau in the "Den". The Y. M. Stag in Prexy's barn thawed every atom of first week chill, while the joint reception with the Y. W. C. A. was the first get-acquainted event of the year.

The religious thought of the campus has been stimulated thru devotional meetings, group discussions and worship, personal work, support of Bible study groups at Grace church, and earnest promotion of the Morning Watch. The weekly meetings have been popular and varied: "Sings", student discussions, faculty speakers and addresses on life problems have been supported by large audiences. Among those who have addressed the Association this year, are:

Dr. Swan, American Social Hygiene Society; Dr. Naismith, Director Physical Education, K. U.; Dean Walker, School of Engineering, K. U.; Mr. C. Q. Chandler, Mr. W. C. Coleman, Rev. Lowther, Mr. Leslie Eichelberger, of Wichita; B. M. Cherrington, International Committee of Y. M. C. A.; Secretaries McKean, Edworthy, and Hawkins of the State staff; Rev. McClelland of Winfield.

College of Liberal Arts**Religious**

The Association has served the community. Thru the department of Boy's Work, leaders and teachers for boys groups have been recruited from among the college men. A wide field of service has been covered admirably by the Community Service department in its activities at the State Home, the county farm, the city jail, in the Mexican quarters and by entertainments given in rural schools and nearby villages.

State-wide influences have radiated from the Association. Eight Kansas communities enjoyed a week of spiritual awakening under the leadership of gospel teams from this Association, sent out for revival services during the mid-year vacation. Many other charges have used the teams over week-ends during the year. Team members received careful training regularly under Prof. Myers and the teams were organized to include, in addition to the customary leader, chorister, boy's worker and prayer group organizer, two college women for work with girls. This new plan exceeded the most hopeful expectations and the efficiency of the teams was enhanced incalculably. This phase of the work was given wide publicity and favorable comment by "Association Men". More than one hundred conversions and nearly as many reconsecrations summarized the immediate results of the Christmas week meetings.

The Association has played its part in world-wide activities. Two hundred dollars were contributed to the work of the Y. M. C. A. in state and nation. Southwestern's interests were made increasingly world-wide when, under the leadership of a joint committee from the Y. M. and Y. W., eleven hundred dollars were raised as a contribution to the Friendship Fund for the relief of European students.

Twelve Southwestern men were challenged by the inspiration and vision of the Estes Conference last summer and probably no fewer will comprise the delegation this year.

The organization is becoming increasingly democratic and is filling a widening place in the life of the school and the student world. Its smaller accomplishments are evident. Its greater influences can be told only by time, for it is dealing with men.

YOUNG WOMEN'S CHRISTIAN ASSOCIATION

THE AIM of the Young Women's Christian Association in Southwestern is to help every woman to more nearly reach the goal of Christian living and the four-square life. This movement is loyally supported and almost a hundred per cent membership has been the result. Each member belongs to a committee in which she uses her time and talent in Association work.

In the summer the Membership and Big Sister girls get in touch with the incoming Freshmen. At the opening of school the Social committee carries out a varied program of "Get-Acquainted" events, including the Big Sister-Little Sister hike, the joint reception with Y. M., and many others. After a few weeks the new girls are urged on a personal basis to pledge their support of the Association and its great purpose.

This year the World Fellowship committee has supervised the raising of the last of the fifteen hundred dollar pledge to our Sister College, Hua Nang, at Foochow, China. The European Student Relief drive for eleven hundred dollars was also carried out successfully in connection with the Y. M. C. A.

The Mexican settlement work, the work at the State Home, the County Farm, and the Jail, have all been carried to success by the Social Service committee. The Y. M. C. A. and the Winfield women have also contributed to this success.

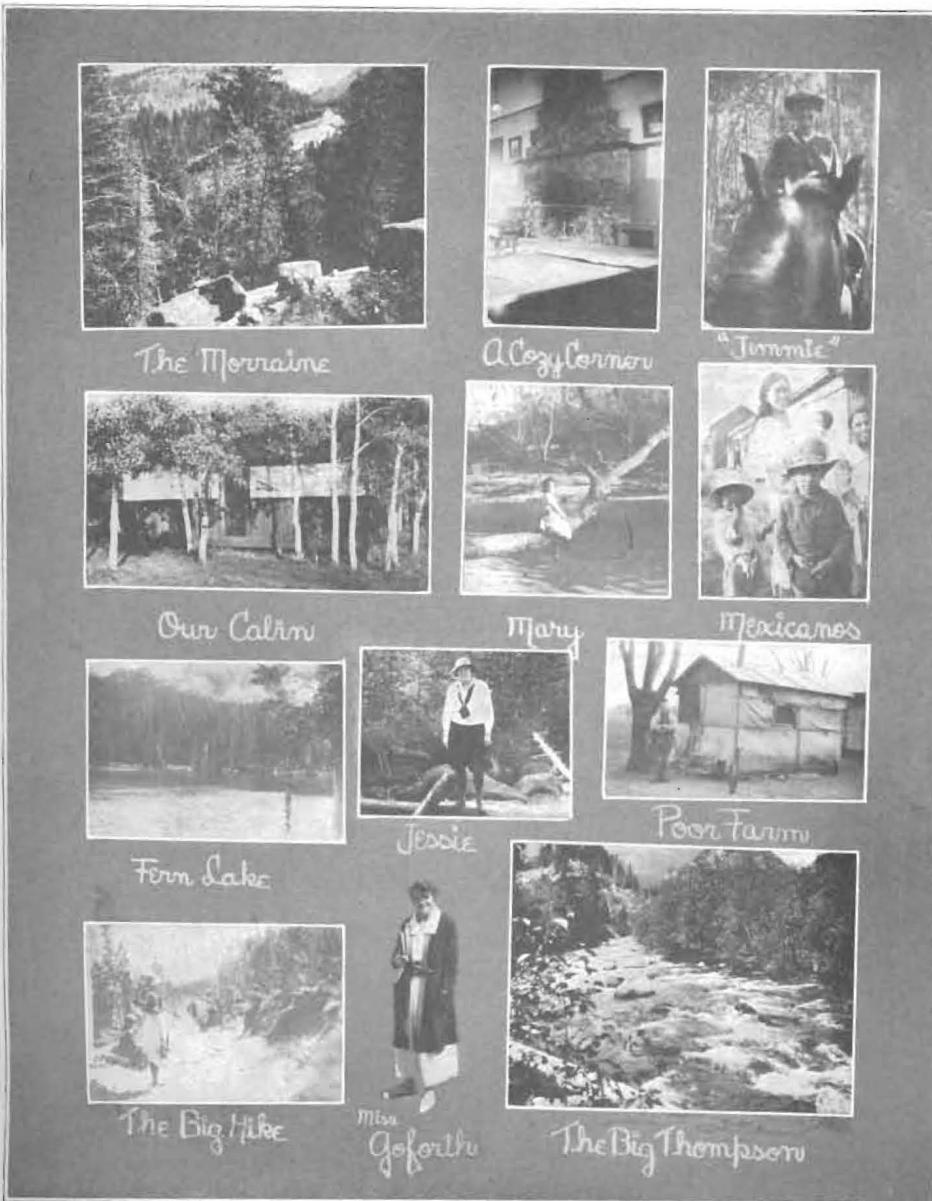

A new work in charge of the Big Sister committee was the sending of women with the Y. M. C. A. Gospel Teams during Christmas vacation. The two women members on each of the six teams were a great factor in reaching the girls and women in the communities visited, Oil Hill, Little River, Hardtner, Milan, Corbin, and Udall. The men are planning to include women in Gospel Team work hereafter.

Two delegates and a number of visitors represented Southwestern at the National Y. W. C. A. Convention at Hot Springs, Arkansas, on April 20 to 27, this spring. This important convention meets only every other year, and decides the vital problems confronting the whole Association. The spirit of the whole was reflected in the inspiration brought back by the representatives.

Last, but not least—Summer Conference at Estes! Last year we had six delegates. A big delegation is expected this year to bring back vision for next year's work. Follow the gleam!

"We can serve the world in no other way so well as by being glad Christians."

P. W. C. A.

The Collegian

THE SOUTHWESTERN COLLEGIAN is the official student publication of the college. It appears every Thursday of the school year, in four page newspaper style. It is controlled by the Collegian Board which is elected each year from the different societies; the Board chooses the editor and business manager, and their associates. The staff is chosen by the editor at the beginning of his office.

The purpose of the Collegian is to give a report of all of the school activities, for historical as well as entertaining material. Since much of the news is old to the students in the weekly paper, the straight news is lightened by spicy jokes and feature articles in each issue. Editorials are intended to touch the matters of general interest to the school in an impartial and understanding manner, to help solve difficulties whenever it is possible to do so by help of such public notice. Contributions such as letters, special articles, and the like are given appropriate attention and space by the staff.

College of Liberal Arts**Publications**

THE FOOTBALL SEASON

WITH only four letter men on the lineup, Kahler, Gardner, Smith and Seaman to begin the season of 21, the prospects would have looked gloomy had it not been for the good Freshman material. Perhaps a good deal of the honor goes to Captain Kahler, whose size, wonderful endurance, determination, and gentlemanly action won for him the captaincy of the All State Team. Gardner, playing his second year of football, was a power at the end position. George is a brainy player and became efficient in judging and breaking up his opponents' plays, besides being able to snatch down the long passes from McAllister.

The first encounter, which was with the Indians, saw Kahler and Madison carrying the pigskin down the field for a count of 28 to 0 in our favor. Sterling then fell victim to our heroes 28 to 0 and dope began its centripetal flight toward the Builder Eleven. Then the victory over Friends 10 to 7 gave us greater hope. In the C. of E. game the Collegians had a difficult time solving our aerial attack. McAllister to Gardner, but thru their greater experience won 14 to 0. Then came the big upset of the season when Bates took a crippled team to Emporia which resulted in a 62 to 0 victory for the Normals. But Bill whipped his team into shape and beat our enemies by a score of 7 to 0. The Shockers were completely out-classed. We dropped the next to Hays 14 to 7, won the next from Bethany 10 to 7 and dropped the Turkey Day game to Pittsburg 14 to 0.

Notwithstanding our few defeats we feel proud of our team who worked under a handicap and won honors for us, and who have left with us the hopes for next year's championship.

College of Liberal Arts

Athletics

CLAUD MITCHELL

Mitch was a football man of no small repute with the Arkansas City High School and in spite of a serious injury at the beginning of the season made a good record for himself piloting the Builders eleven this year. We are justly proud of our Freshmen who kept our record up to standard in the conference. Mitch is fast and should add to the strength of our track team in the spring.

GEORGE GARDNER

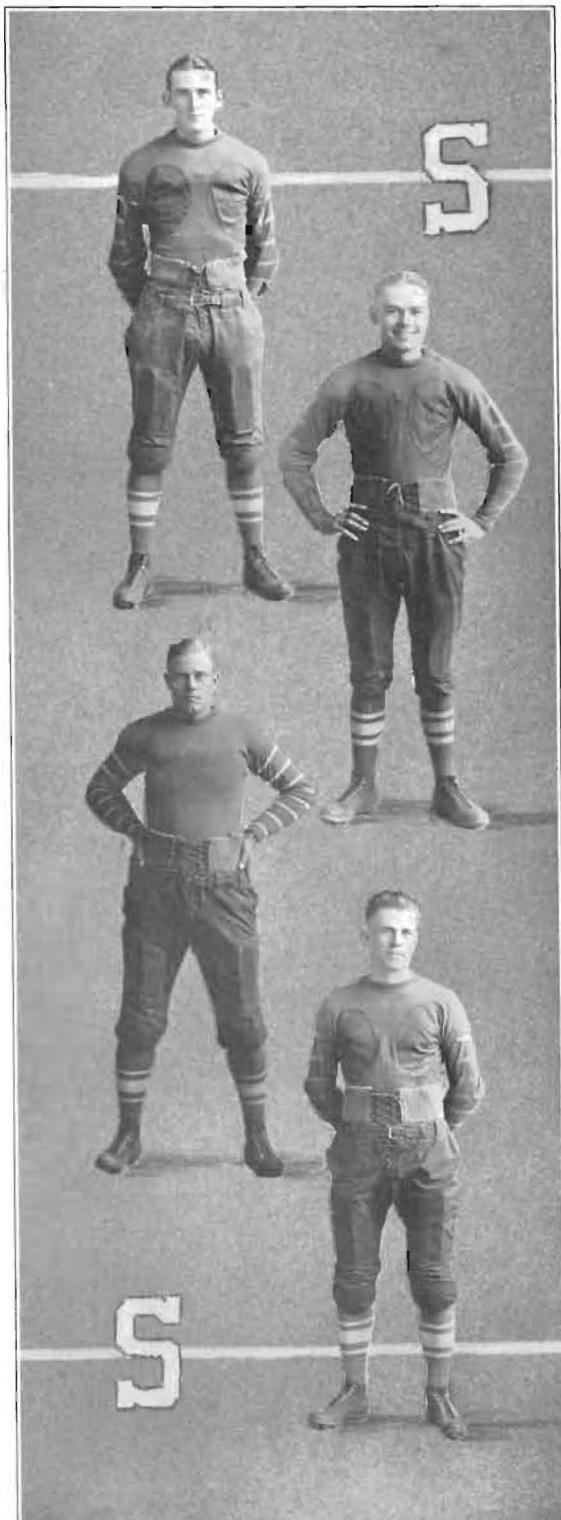

Gardner is also a product of Arkansas City High School, but his football experience is limited to two years with Southwestern. He was given honorable mention for the All State Team, an enviable record for any man of his experience.

HERSUEL CORNWALL

Hershel had a little difficulty getting started this year especially after beginning the season late with the Bates eleven. He had played his last season with Anthony High School four years ago. He held down right tackle for the Builders, making his side of the line safe from the line plunges of the opponents. We are expecting great things from him next year.

FENTON McALLISTER

Mac is one of the famous Blackwell High School eleven of last year. Although a Freshman his passing was one of the big features of the conference this year and line plunging was equaled only by the best men of the Conference. Next year should find him one of our strongest men.

College of Liberal Arts

Athletics

CAROL SMITH

Red is another one of the Blackwell High School All State Team of the fall of 1920. Bill was badly in need of a center and Red got his first experience in that position. He gave promise of becoming one of the stellar centers of the state.

EARL BRICKEY

The Brickey brothers claim Norwich High School as their former Alma Mater. Earl was the only one of the three who made his letter this fall, but we are expecting great help from all of them next year. Earl is a hard fighter and never slows down until the whistle calls the game.

WILLIAM HARRIS

Bill received his football training in Rose Hill High School. Surely he played true to form this year as full-back for the eleven. He was especially good on the defense, his size and weight being of good advantage in breaking up the opponents' defense and bracing our own line. He should be of great value to the Bates machine next year.

A. J. CHEATUM

Cheatum is another of the Kingman High School eleven. Playing at guard he was one of the mainstays of the Builder line. He was almost always good for a gain when it was badly needed. Cheatum is a powerful player and will help make the Southwestern line one of the strongest in the state next year.

College of Liberal Arts**Athletics****I. MADISON**

Madison is one of McQuerry's famous Kingman High School men. He proved to be one of the best broken field runners in the state, besides being a good defensive man. He puts more force proportionally behind his hundred forty-seven pounds than any other man in the state and never saves himself when breaking an offensive of the opponents.

STANLEY REIF

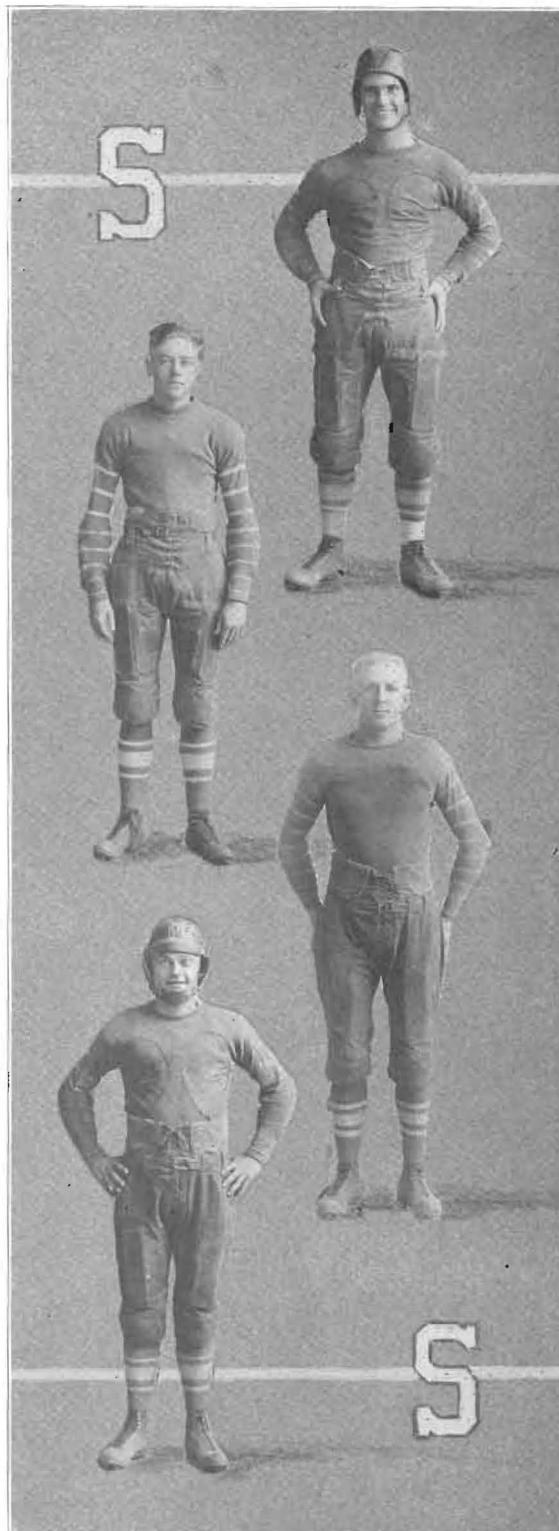

Toad is one of the famous Winfield High School basket ball stars and his two years experience with the Builder eleven has proved him to be as efficient in football. Although his size counts against him he run the team in great style during the early games of the season. With two more years to play he should become one of the big stars of the conference.

BOYD SMITH

Toy is one of Winfield High School's best basket tossers. His two years of football experience, both with the Builders has made him one of the best defensive players in the line. Toy has played right guard for two years and is a very dependable man.

VERNON SEAMAN

Finney is one of the Winfield High School basket ball stars who received his football experience at Southwestern. Playing his second season with the Builders he proved to be one of the big factors of the Batesmen's early victories. He has played his last season with the Southwestern and we are all proud of the record he leaves behind him.

GEORGE GARDNER
Captain

BOYD SMITH
Captain-elect

FIRST IN THE STATE--THIRD IN THE NATION

DURING the Conference season the Builders lost but one game, with a record of fifteen won. They made two up-state trips, playing four games on the first trip, and five on the last.

Kansas City was again the center for the National Basket Ball Tournament and entertained thirty-two teams. Altho it was expected by critics that Southwestern could not retain her former high record of second place as in 1921, yet the team wearing the royal purple was not to be denied the honor that should rightly befall them. In the semi-finals the present champs obtained a good lead upon the Builders in the first half, but could not hold it in the last half and with a few more minutes to play, the four point lead would have been removed. In the last night's play the college team easily defeated the Indianapolis Y. M. C. A. using all of the subs in the last half as in the three previous games.

Southwestern can feel justly proud of this record, yet we are inclined to wonder what would have been the result had the team defeated the Lowe & Campbell five in the semi-finals. The easy victory of the champs over the Athletic Club made us wonder if our team could not equal the best in the nation.

College of Liberal Arts

PAUL REIF

ALL AMERICAN

Pete is the best running mate for Gardner to be found anywhere. He was with Winfield for four year winning three state honors and individual honor at the national High School tournament held in Madison, Wisconsin, 1920. He has won two second All State positions in college, won a place on the second All American in 1921 and a first place in 1922. Pete was named the other long shot basketeer of the world.

THIRD ALL AMERICAN

Kahler came to Southwestern after four years with the Arkansas City High School team, bringing with him several state honors. For four years he has held down the pivot position for the Builders and this year was named as captain of the All State team. Arthur is steadily improving and next year will be feared by all of the conference teams. His playing was exceptionally good at the Kansas City Tournament and secured him a position on the third All American Team.

Athletics

ARTHUR KAHLER

ALL AMERICAN

Chop is one of the men who has made Winfield famous for her basket ball. For four years he helped win high honors for Winfield High School. He has placed on the All State three consecutive years while in Southwestern. He has twice been named as All American guard. It is his desire to play his last year with Southwestern on an All American Team.

EDMUND CAIRNS

College of Liberal Arts

Athletics

STANLEY REIF

Harry hails from the small town, Abbyville, where he received a part of his basket ball experience. This is his first year to win a letter with the Batesmen Basketeers. Harry is a steady player and a good floor man. His ability to hit the basket would rank him among the best in the state. He landed here during the time of All Americans and it takes great skill to land a position on the team that can place in the National Tournament.

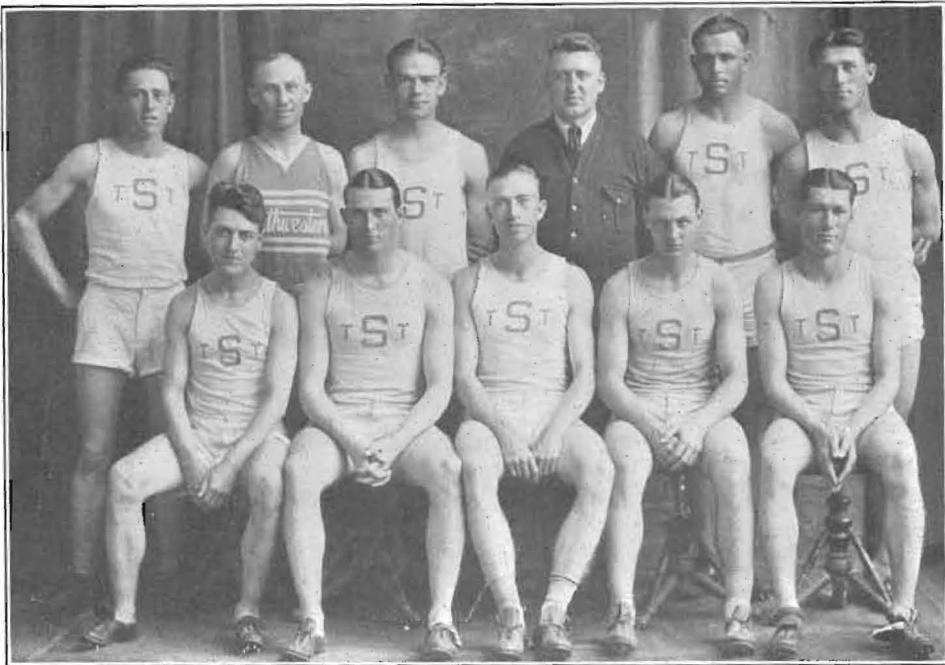

HARRY DUNN

Toad is one of Winsfield's basketball men who played on the All State High School team of 1920. His steady work this year, landed him a position on the Builder squad. He is one of Bates' strong reserve men. His left handed goals are too much of a puzzle for the opponents. Toad is a sophomore and we place great hope in him for his two remaining years.

HERSHEL CORNWELL

Hershel played on the Anthony High School five before coming to Southwestern. His height, strength, and steady playing, won him a place on the Moundbuilders reserve basketeers. This is his first year and we expect great things of him in his remaining three years in Southwestern. Hershel also won a letter in football last fall. This is a splendid record for a Freshman.

TRACK SEASON

Without Keyes and Castor to bear the brunt of the events this year, a number of new men had to be drafted to fill their places. The Brickeys had a chance to show "The Old Fight" and won several events. Mitchell and Clay, two new recruits, are beginning to come up to expectations and the end of the season will no doubt find them high point men of the state. The team won from the Indians early in the season but lost a close meet to the Stillwater Aggies. Later they won from Friends by a close score and drew a second in the triangular meet with the Emporia Colleges. Our prospects are good, it would seem, for a first place in the State meet.

BASEBALL SEASON

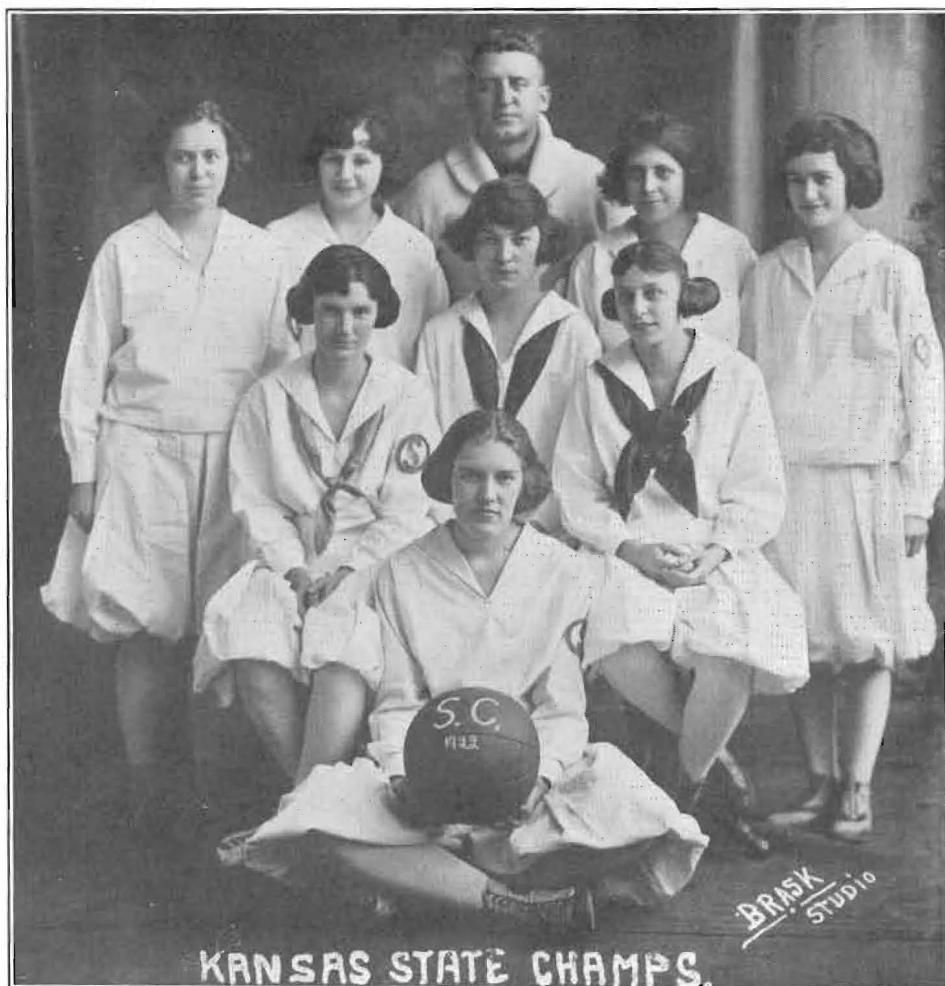

With a good number of the letter men back this year the baseball season has good prospects. The pitching staff could be stronger but Bill has been able to depend upon his south-paw, ace of the conference, Swischer. Glazer has worked some nice games while Cairns has been able to save the day on several occasions. Of the new material, Bloxon the powerful backstop has added strength to the team while McAllister, the initial sacker, has been the thriller at the bat by his Babe Ruth tactics. The first game of the season was dropped to the Chilocco Indians by a rather large score. In the next game St. John came from behind and won by a margin. However the crew grabbed the next two games of the city series. They divided honors with the Kansas Normals and now are looking forward to the game with our ancient rivals, Fairmount.

TENNIS SEASON

Gardner again resumes his role at the net game and is very dependable for a win. John Robinson, his running mate, is a new find of Bill's and a consistent winner. Their win over Stillwater gave them favorable merit, in consequence of which we believe it must be a very good team that can keep them from the highest honors at the state meet.

The girls' tennis hopes were almost undermined by the continuous rainy season, yet it is hoped that more matches can be played before the period ends. Ermal Cummings is still with the team and will no doubt give as good account of herself if not better than last year. Reba Denny also, is not without experience on the Builder team. Considering everything the season should yet prove to be one of good report for the Women's tennis record.

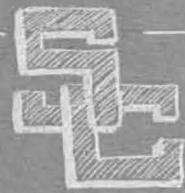

GIRLS BASKET BALL RECORD

1921-22 girls basket ball had the promise of being a very successful season. Five letter girls were back and there was a good turn out of new material. Hopes for another state championship were blasted however by the defeats handed to the Builder girls by Ottawa and Sterling. The defeats were unlooked for and really should not have happened if the team was working as it was really capable of doing. The prospects for next year under the leadership of the Captain elect, Hansel Brooks, are splendid.

Those girls making their letters this year are: Captain, Reba Denny, Hansel Brooks, Marian Bray, Margaret Murry, Lois Van Valkenburgh, Bonita Ralston, Lillian Sawin, and Hazel Harris.

DELPHI

The Delphian Literary Society

"TIS A WISE man that knows his own son," says the Good Book, but Delphi says that it is the wise man that knows his own self. Hence the Delphian Literary Society has taken for its motto, "KNOW THYSELF." To help each man discover his true worth, to educe his every ability and to help him plant himself in his proper niche in life—whether it be as the helmsman of the Nation, or as a moulder of character in a community—that is the aim of Delphi.

To accomplish this, Delphi offers rewards for the highest literary attainments. To the man, regardless of his classification, who makes the best general appearance on the society platform, the Frazier Medal is offered. This most coveted medal is offered each year by Steve D. Frazier, an honorary member of the society. An important event is the oratorical contest, the winner of which receives a gold medal. As a special inducement to the freshmen, the White Trophy Ring is offered to the freshman who succeeds in obtaining the highest grades in the society programs. This is offered by H. Ogden White of the class of '18. Because of his intense desire to promote debate in Delphi, R. C. Kantz offers each year the Kantz Medal for the winner of the freshman debate series.

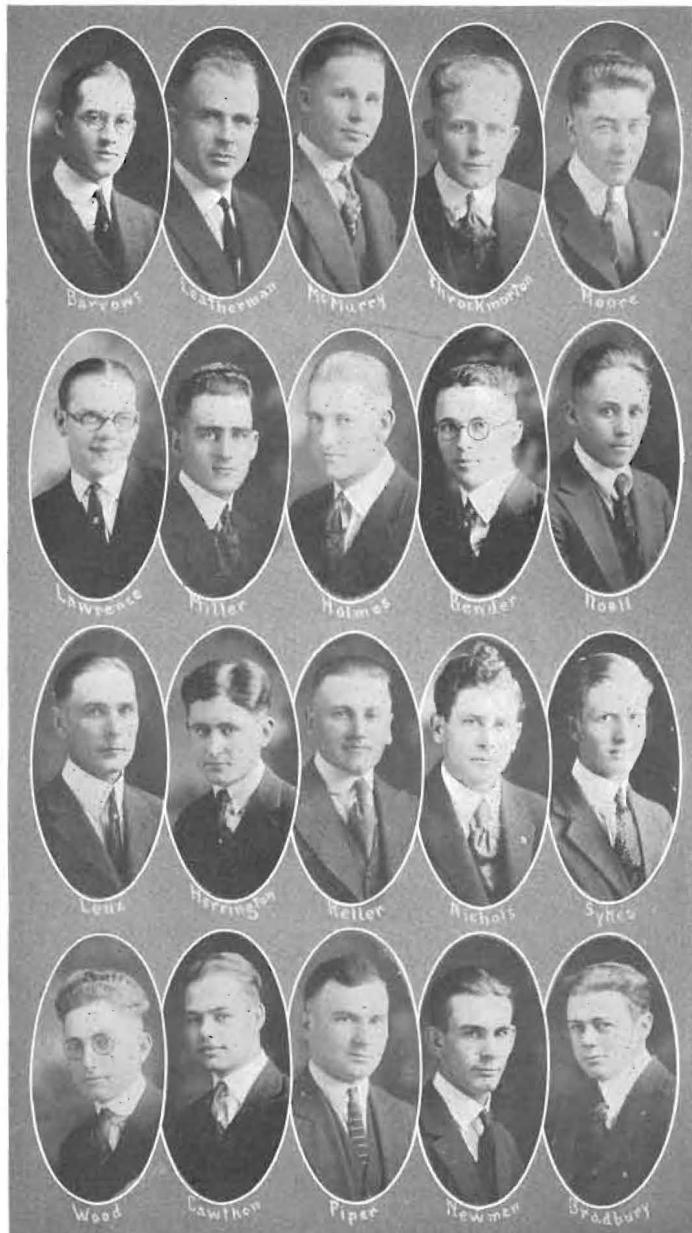

Each year Delphi furnishes men who represent Southwestern in the inter-collegiate activites, this year having furnished the two debaters who represented Southwestern at the 1922 National Pi Kappa Convention at Indianola, Iowa, and the two men who represented the school in oratory.

Every Delphian that leaves the school goes with a deep appreciation of what Delphi, with its motto of "KNOW THYSELF", has meant to him.

Beta Gamma Epsilon

BROUGHT into existence to meet the growing demands of college life, Beta Gamma Epsilon began in the fall of 1921, with the encouragement of faculty members and a nucleus of girls from the other societies, to throw a helpful social and literary influence around an ever-increasing circle of students. Difficulties and disadvantages served only to develop latent resourcefulness in every charter member. Faithful service and careful thought built a broad and lasting foundation upon which shall be reared a society devoted to the unfolding life and talents of its members.

GRATEFUL to the administration of the college for assistance and counsel in undertaking to furnish a hall, Beta Gamma started the year 1921-22 in a comfortable and commodious society hall in which the colors as well as the spirit of Alpha Beta Alpha blended with the rose and gray. Sixty-five new members with exceptional talent and loyalty joined in the task of building for the future. And with that task have come the rewards of service, joy, and personal growth. Five contests with gold and silver letters to be awarded in the spring form a nearer goal of achievement.

ENCIRCLED by the spirit of Beta Gamma Epsilon and the protection of her shield, guided by the lamp of knowledge and the purity of her pearl, we move with boundless hope in a great future as sure as the nobility of her motto:

"Beautiful Thoughts, Good Deeds, Earnest Living."

Alpha Beta Alpha

Individual Development

AS a Literary Society, Alpha Beta Alpha is an organization having a definite responsibility in endeavoring to attain the ideal Southwestern. The society exists solely for the development of its members and the augmentation of loyalty to her Alma Mater.

In developing her members Alpha Beta Alpha strives to be fundamentally inspirational. She believes that the average man fails to make the most of himself. She discovers in him abilities of which he was unaware, gives him self-confidence, and points to responsibilities. Alpha Beta Alpha shows the average man that he can if he will, and he must.

She prompts men to express their individualities in purposeful living guided by a high idealism and seeks to develop leadership. Thru her social affairs she imparts a finish and culture often missed in western colleges and universities.

College Loyalty

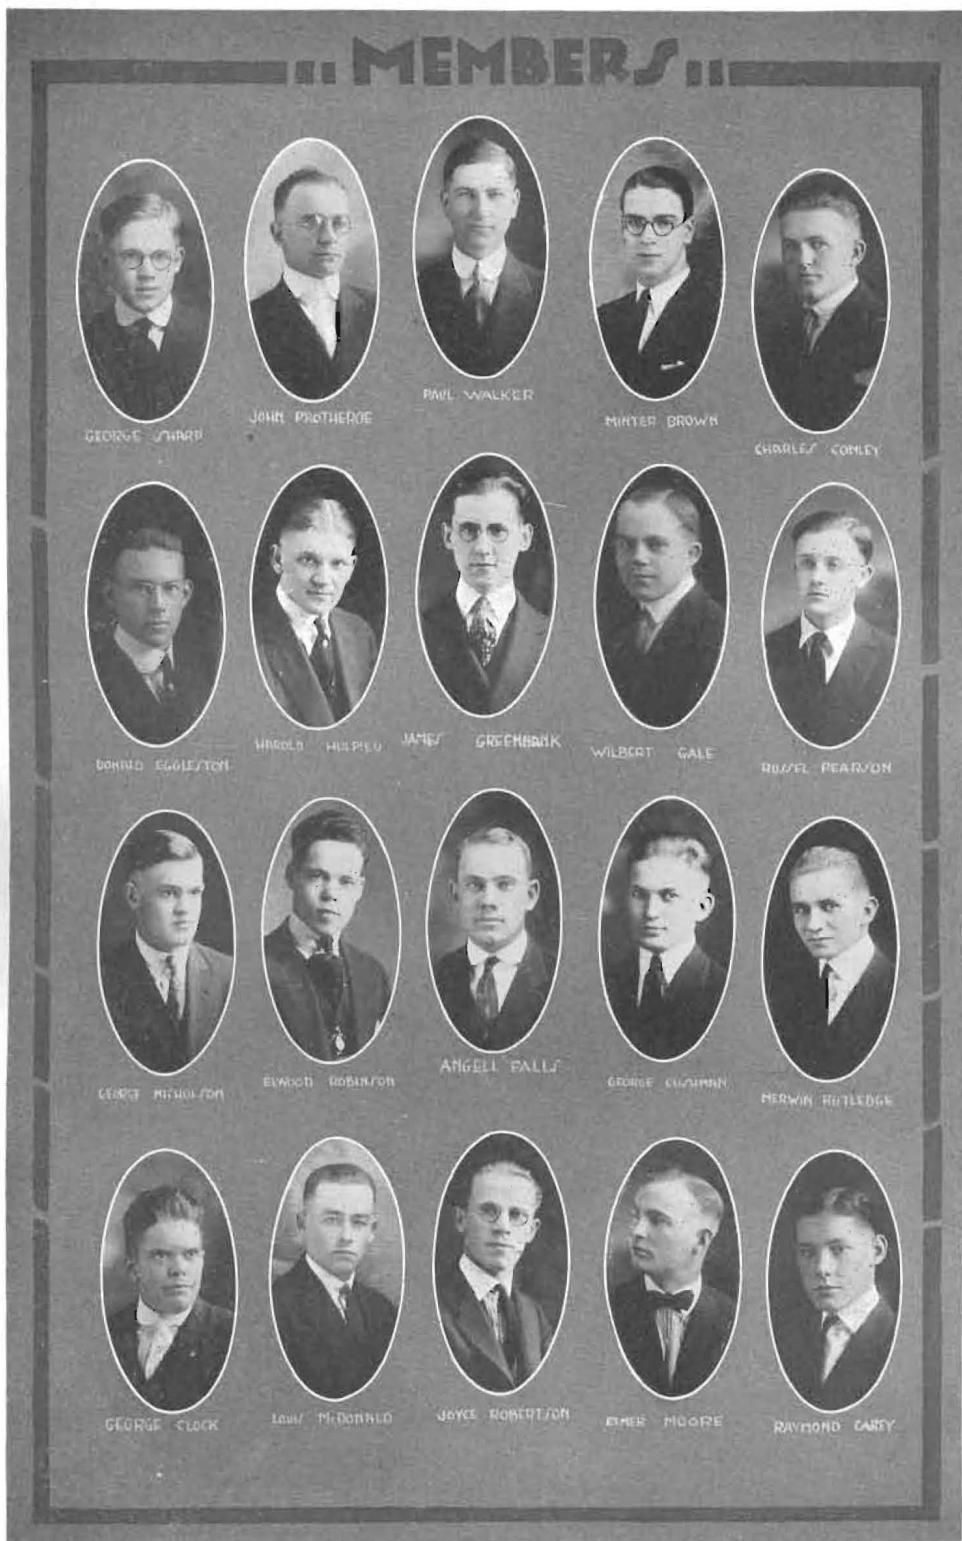

Alpha Beta Alpha has a well defined ideal for Southwestern and is loyal to that ideal. She believes the ideal S. C. to be a school of broad vision producing vigorous Christian leaders. To broaden the vision of the school and to give growth in leadership is one of the society's main objects.

Being a new society Alpha Beta is not restricted by precedent. In her first two years of activity she has made several forward steps in society management including the adoption of the budget system of expenditure. Alpha Beta Alpha gives growth to opinion, enters heartily into inter-society contests, avoids petty rivalries, and puts school loyalty ever foremost in her program.

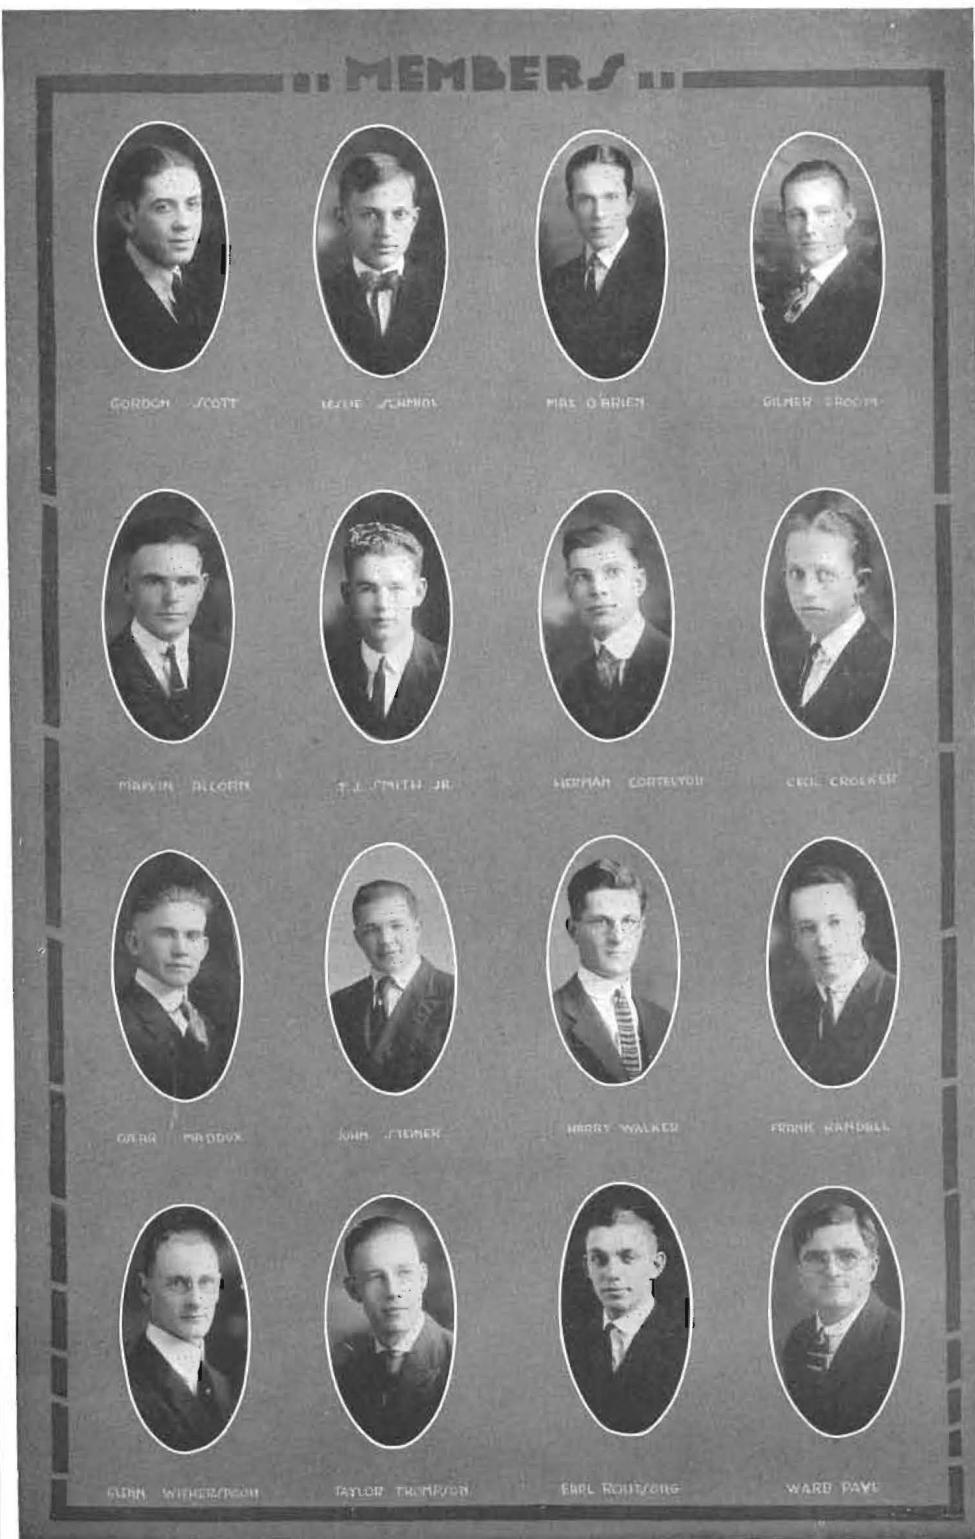

The honor page of the society indicates plainly that Alpha Beta Alpha excels in leading and promoting college activities. As an organization of the college Alpha Beta Alpha is permanently established and welcomes men who desire to be four-square, who seek responsibility in promoting Christian causes, and who enjoy the fellowship of men who earnestly strive for planes of purposeful living.

Belles Lettres Literary Society

ELLES LETTRES Literary Society was founded thirty-two years ago as the first society for young women in Southwestern. With a strong foundation and strong leaders, Belles Lettres has always held to her purpose, the development of the finest ideal of womanhood, the pure, refined, thoroughly normal and active Southwesterner.

The Belles Lettres girl receives training in all phases of college life. Belles has always had representatives in school forensics, three debaters and the college representative in oratory this year. A large per cent of the Glee Club and three of the College Quartette were Belles; one of the society's best pianists has served as Instructor in Piano for the last two years in the Fine Arts Department. The dramatic world in Southwestern has also seen numerous Belles as important participants. Aside from parts in Campus Players, and other plays, Belles Lettres has given her members opportunity to show their talent in conjunction with Athens in "Arms and the Man" and "Twelfth Night." In connection with the college activities there are society contests for the benefit of under-classmen in debate, oratory, extempore, piano, voice, drama, and reading. The winners in these contests are given gold and silver B's for first and second place. Nor is the Belle neglected in the athletic life, the captain of the woman's basketball team this year was a Belle, and two others of our number made the team as regular players.

Intellectual and religious life are also a part of the Belles Lettres girl's training. The Collegian and Moundbuilder staffs include several Belles; the honorary society for scholarship, The Mound, received two Belles as members from the class of '22. Y. W. C. A. and other religious activities have active participants in Belles Lettres.

The social nature of the Belle is developed by frolics, surprises, and the more formal reception, At Home, and banquet. The greatest day of the year is the annual Belles-Athenian Day, the Home-Coming day for former members. In former years the celebration has been on May Day; but in the spring of 1921 after 25 years of successful May Days, the societies turned this festival over to the college as an All School Day.

Belles Lettres is a magic name to every member, calling up memories of work and play together and the golden chain holds all Belles together for all time.

The Athenian Literary Society

THE Athenian Literary Society was organized in 1889 and was chartered under the laws of the State of Kansas. Its organization was made possible by the worthy endeavor of twelve Southwestern men. Since that time approximately seven hundred and fifty men have joined her ranks. The plan of organization was modeled after that of the House of Representatives. Her officers consist of Speaker, Clerk, Attorney, Sergeant-at-Arms, and a Board of Directors. These are assisted by a Junior and a Senior Consul, and a Chairman of Debate, Oratory, Music, and Dramatics.

The purpose of the society is to promote the welfare of its members in social, moral, and literary attainments. Her success in these fields is attested to by the records of the men she has turned out.

Aside from her regularly weekly programs, Athens divides her literary work into four main departments, namely, Debate, Oratory, Music, and Dramatics. Each of these have a certain chairman whose special duty is to encourage the work of his department.

The Athenian Gold Medal Debate Series, conducted by the Chairman of Debate, is held each year, sometime during the second semester and has proved to be a very efficient system. This series is open only to under-classmen. The winners of first and second places are given Gold and Silver Medals, respectively. The gold medal was won in 1916 by Bruner Burchfiel, in 1917 by Albion King, in 1918 by Cord Wells, in 1919 by Donald Nicholson, in 1920 by J. L. Harris, in 1921 by James Cottrell, and in 1922 by Herbert Smith.

The record of Athens in Oratory is a matter of just pride. As a vital part of her literary work, Athens holds an Annual Oratorical Contest open to under-classmen. As in Debate, a Gold and a Silver Medal is given to the winners of first and second places respectively.

Then the Chairman of Music has fostered much interest in this Art. Athens has had a Male Quartette, a Brass Quartette, a String Quartette, a Reed Quartette, and an Orchestra. Each year Athens offers the Athenian Key for Music to the underclassman who excells in music work during the entire year. All musical contests and individual members are under the direction of the Chairman of

College of Liberal Arts

Societies

Music. Another activity of Athens is to foster Musical Training in the Athenian Minstrel, which is put on during the Spring term. The Minstrel is a clever combination of music and dramatics and affords ample opportunity for the development and display of the unusual.

In order to encourage dramatic talent, Athens offers the Athenian Key for Dramatics to the underclassmen, who throughout the year, excell in this art.

Athens as a society gives due recognition to scholarship as well as to literary attainments. Her record in this line is clearly shown by the number from her ranks who have held positions as department assistants, by those who have received scholarships, and by those who have been elected to the faculty of Southwestern College. The Cap and Gown of the Athenian Succession is voted to the Senior member whose scholarship and general service to the Society is most worthy of recognition.

Athens stands for social development. Through the social events of the year consisting of Luncheons, Receptions, Surprises, and Banquets, Athens fosters the spirit of comradeship among her members and of good fellowship with Belles Lettres.

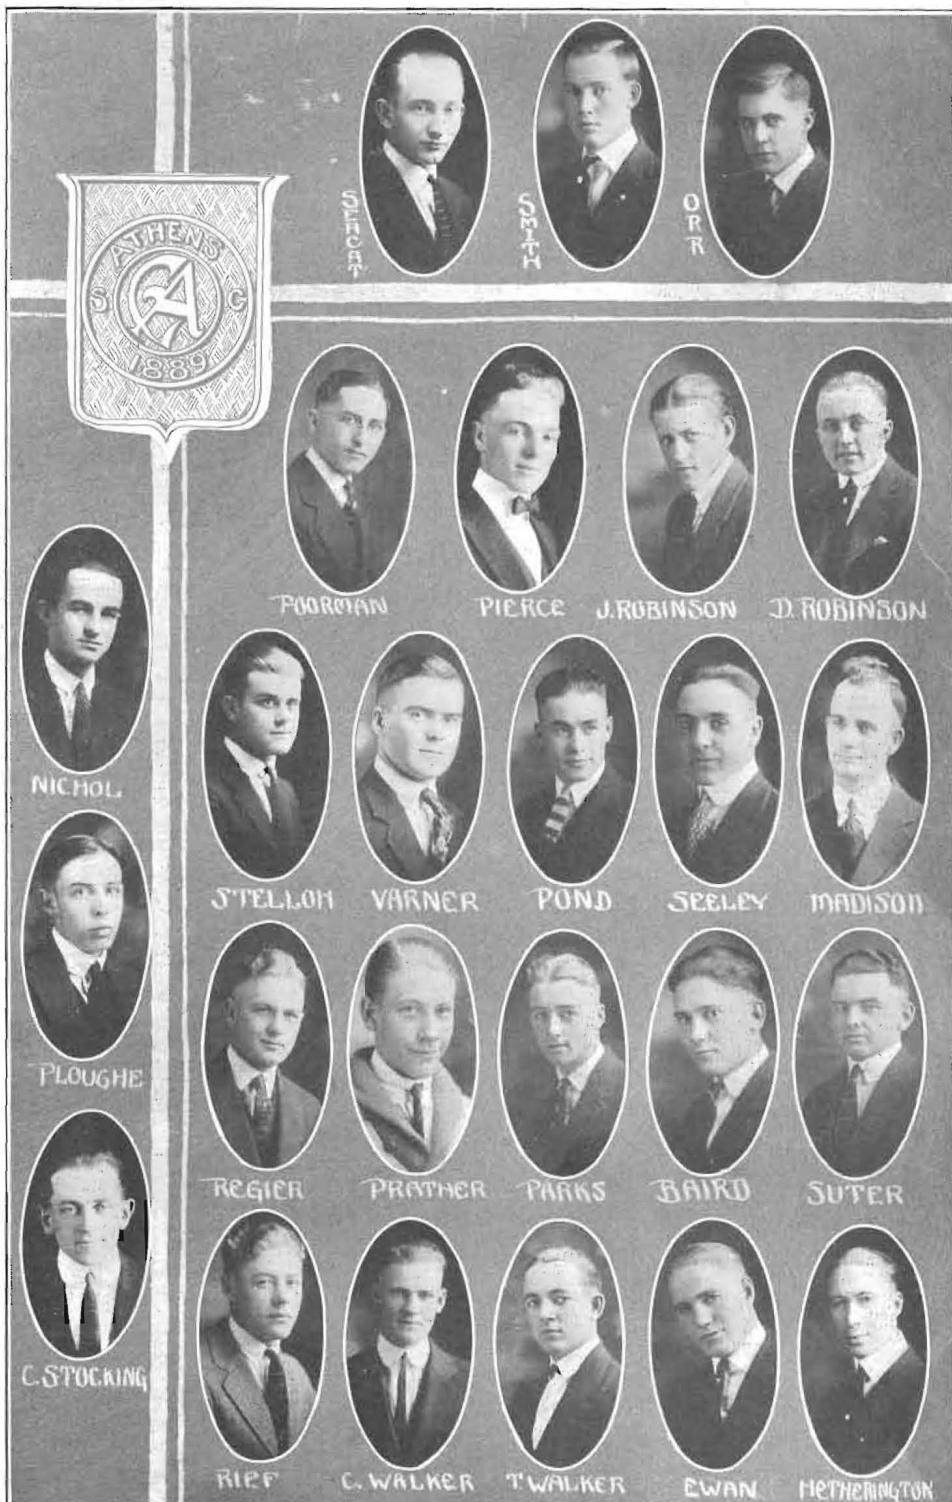

This year Athens, together with Belles Lettres, celebrated her first Belle-Athenian Day. This is to be an annual homecoming day, at which time our alumni may return and meet the new members and recall events of the years gone by. The day is celebrated by a Breakfast at the Park, a Luncheon at noon, a Pageant in the evening, and a Play at night.

While Athens is primarily literary, she includes in her ideal of all around development manly sports and wholesome athletics. She believes in college athletics as a valuable means of developing personality and as a boom to the life of the college community. Since 1905, Athens has placed a large majority of the men on the athletic teams.

Athenians form a great fraternity of brothers held together by ties of brotherhood forged in the heat of academic competition and passed from man to man in the delightful hours of our social intercourse. The prospective Athenian does not have to have a record. We stand in college as equals in opportunity. As men and as a society we look toward the future. Athens invites men of honor and ambition to share her brotherhood.

The Biology Journal Club

THE Biology Journal Club is an organization to which all biology majors, who have completed two years of work are invited to belong.

The purpose of the Club is to gain a knowledge of present day biology. While particular attention has been paid to investigations in the states west of the Mississippi River, the works of the prominent biologists in the eastern universities have not been neglected. Each member is responsible for information regarding the work being done in certain institutions.

Since there are now 151 students in the department, the club is looking forward to a larger organization in the future.

The Southwestern Chemical Society

WAT A dry thing that must be!" "I wonder what it is for" or "How do they stand it?" No! it is not a dry, uninteresting affair, it is one of the most interesting, beneficial societies in which one interested in science can have a part.

The Southwestern Chemical Society has been organized for the purpose of studying current literature involving research and chemical problems of the times. The first semester every member contributed to the discussions by reporting the current events in the chemistry world. The second semester was spent in general, on the History of Chemistry and the interesting theories that the ancient chemists held.

The society is composed of the Chemistry majors and those that are interested in Chemistry. There are frequently noted chemists who lecture and who keep the organization in touch with the chemical departments of other schools.

The officers for this year are: Howard Yoder, Pres.; and Harold Glaser, Secretary-Treasurer.

The Rooters Club

Officers

ELDON MARTIN.....	President
CAROL PETER.....	Sec'y-Treas.
PORTER BOWER {	Yell Leaders
JOYCE EWAN }	

THE ROOTERS CLUB, organized and perpetrated to furnish spasmodic and effervescent "pep," has added the victory note to our activities for the year now ended.

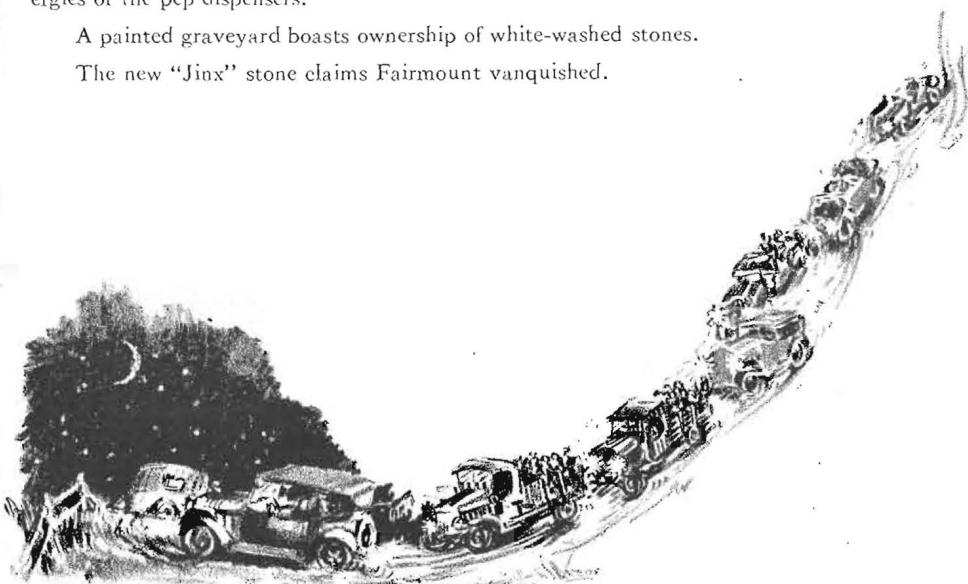

On the football field—in the front at the Basket Ball games—offering debate encouragement—stimulating forensics, the Rooters Club has given its best.

From Fairmount to S. C. the trail was kept hot during the days preceding the Armistice.

National Tournament dope was released to a chapel-full of student enthusiasts by the energies of the pep dispensers.

A painted graveyard boasts ownership of white-washed stones.

The new "Jinx" stone claims Fairmount vanquished.

KEEP THE DREAM

by CLEM BRADSHAW

There's a town at the bend of the Walnut, in the county of Cowley, they say, which for beauty and grace is the loveliest place that you'll visit in many a day. She is wide-awake, hustling and growing; in a fight not an inch will she give; but what wins for the town her bright scepter and crown she's a place where 'tis glory to live.

And the name of that city is Winfield—a musical, magical name that beckons the world, like a banner unfurled, to scale the steep summit of fame, that calls to the slumbering cities to shake a lazy sleep from their eyes, and with souls all ashine, catch the vision divine that lights the vast deeps of the skies.

Where the valley dipped down from the uplands like an emerald lake 'mid the hills, where the river's broad bend was waiting to lend a hand with its ripples and rills, when the morning was young on the prairies, and the grass blazed with diamonds of dew, came the brave pioneers—came the Mannings and Greers, and the voice of their vision was true.

Came the dreamers and workers and builders—came the Millingtons, Limericks, Lynns, came the pride of all states, braving fortunes and fates, with the spirit that conquers and wins, and with eyes on the peaks of the future, and with thoughts on the glory that gleams, gave their hands and their hearts, did their tasks and their parts, and builded the town of their dreams.

She had cabins of log and rude lumber, and her streets had no brilliant white light; but the bold pioneers looked ahead through the years with a vision celestial and bright, and they gave her some parks and school houses, and buildings of brick and stone; and soon she was seen, like a militant queen, triumphant and proud on her throne.

And now she has white ways and pavements, and street cars and jitneys galore; and cute, cunning Fords big as apples or gourds go cavorting around to each door. She has colleges, playgrounds, Chautauqua, and—yes, she has skyscrapers, too, and the verdict so great, "The Best Town in the State." Ah, the dream that they dreamed has come true!

Keep the dream, men and women of Winfield! Keep it bright, like the builders of old who came to this place with their manhood and grace and gave it their hearts' purest gold! Keep the vision undimmed and unclouded! Let the looms and the factories rise, find the gas and the oil, build the spindles for toil, but remember what won you the prize!

I look to the glorious future; and here by the Walnut's broad tide I see the old town of the scepter and crown grow more populous, wealthy, and wide. I see the tall shafts of her forges reflect back the morning's first gleam; she's still honored and great, still the pride of the state; for she still keeps the light of her dream.

God speed you, oh city with visions, God speed you along your bright track! With your hand to the plow and the sun on your brow, keep climbing—and never look back. Push along to the goal of your promise, to the life of the dawn's crimson bars, to the splendor and height of your destiny bright, to the radiant road of the stars!

Southwestern Male Quartet

THERE are many people throughout southwestern and western Kansas who are acquainted with Southwestern College largely through the medium of the Male Quartet. Many a Kansan can trace his first vision of a college education to the day when he heard an entertainment given by four men of talent and personality, representing Southwestern.

Each year the Quartet is one of the most popular groups of entertainers on the college platform. The members are chosen from among the students of the vocal department, and present a varied entertainment of vocal and instrumental numbers. Most of the members of the present quartet have valuable dramatic experience and a one-act comedy is a feature of their program.

For ten weeks during the summer vacation, the Quartet will tour the Conference giving a series of sacred and secular concerts in the interests of the college.

Southwestern Women's Quartet

THE Southwestern Women's Quartet is one of the means by which the College is advertised. Their appearance never fails to be highly appreciated, not only by home audiences, but also by audiences which they have entertained on their tours and engagements during the year.

The four girls are chosen by the voice instructor of the Fine Arts Department in an open try-out at the beginning of the year. Like the Male Quartet, their entertainments are under the supervision of that Department.

With the assistance of an accompanist and a reader, the quartet is able to present a delightful variety of numbers, both musical and dramatic, which do honor to any group on the Chautauqua or Lyceum platform.

School of Fine Arts

Organizations

Campus Players

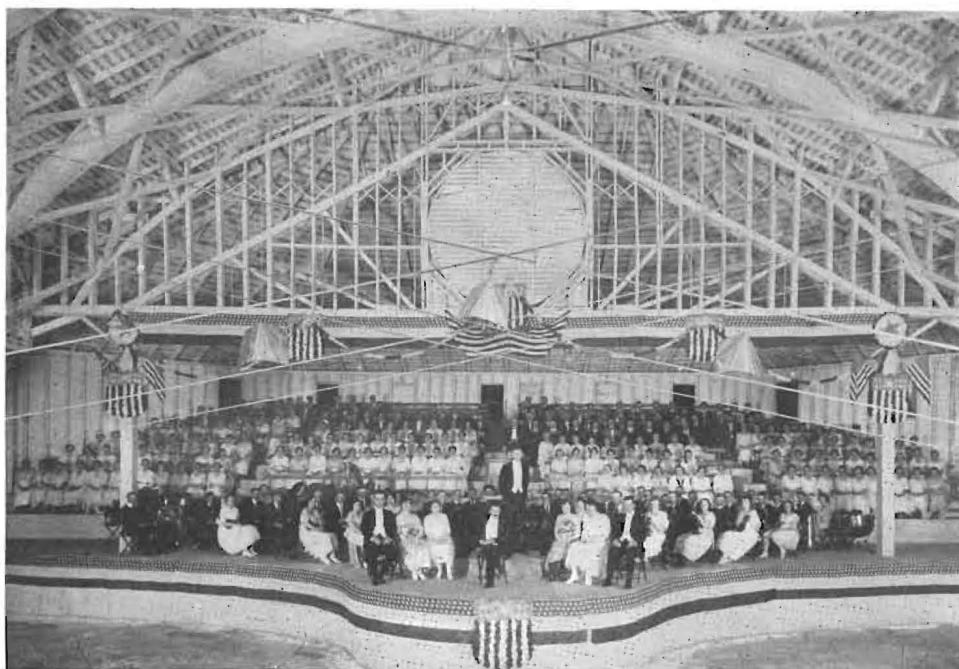

PARAMOUNT among the dramatic activities of Southwestern are those of the Campus Players, an amateur organization founded with the specific purpose of fostering increasingly higher standards of dramatic art in the college.

Organization was effected in the spring of '19 under the leadership of Miss Martha Lee, Head of the Department of Expression. Under her direction the Players soon won a worthy place and an enviable reputation thruout the community. Altho the organization has progressed during the last year, Miss Lee's opportunity in taking work at Columbia has deprived the club of strong leadership.

The membership, limited to fifteen members, is designated by the strikingly unique pin adopted this year; the classical mask set with five jewels. The work of the players this year has been centered around the production of Henrik Ibsen's "A Doll's House" and Sheridan's "Rivals". The year is closed by a celebration at a banquet held during commencement week.

The charter members were: Newman, Myers, King, Bray, Tennery, Thomas, Barnes, Beach, Fulton, Headrick. The present membership includes Aller, Beck, Detter, Hartenbower, Messerli, Mayse, Orr, C. Bloxon, Carey, Hankins, Martin, Moore, Shuler, Walker.

Since its birth the organization has presented many worthy productions, among which have been, "The Servant in the House", "The Melting Pot", "Billy", "Mice and Men", "The Mob", "A Doll's House", "Rivals."

The Winfield Festival Chorus and Symphony Orchestra

During the spring of 1921 the musical organizations of Winfield were united to form a large Festival Chorus and Orchestra, the college providing a nucleus for both.

Dean Stout became general director and Professor Altvater assumed the responsibility of conductor, the "Holy City" of Gaul being performed as one of the programs of the first annual May Music Festival. On this occasion the chorus numbered three hundred voices, and the orchestra contained fifty-five pieces. The Winfield Symphony Orchestra makes individual appearances during the year in programs of orchestral classics.

The Violin Choir

THE VIOLIN Choir was organized during the past year as one of the activities of the violin department. Any advanced players may become members. Special arrangements of the classics are performed frequently on Fine Arts Programs.

VIOLIN I.

JULIA EMERY, Principal

Sumer vacation! My pen is dry. More thoughts will be jotted down next year, dates, games, playes, even as these. Our Diary has been kept with care. We leave it with you—and your memories.

Alma Mater

1. Far a - bove the wal-nut val-ley, On a lof - ty height,
 2. Far a - bove the stir and bus-tle, Of the bu - sy town,
 3. To the heights she calls us da-ily, Al - ma Ma - ter dear,

Stands our no - ble Alma Ma - ter, Bathed in gold-en light.
 Reared a-against the arch of heav-en, Looks she calm-y down.
 Heights of know-ledge,hope, and cour-age, Free from doubt and fear.

CHORUS

Lift the cho - rus speed it on-ward, Ov-er hill and dale:
 Hail to thee, be-loved South-west-ern, Al-ma Ma - ter, hail!

AFTERWORD

S

THE MOUNDBUILDER is finished. We are glad. Preparation and construction have demanded our best. Our endeavors have been sincerely fraught with sufficient work, enthusiasm, and inspiration.

Your criticisms can not alter our work; neither can you praise cause over-elation. Be as fair in your judgments as we have faithfully tried to be. If you like the MOUNDBUILDER, remember it should have been better and other years will make it so.

THE MOUNDBUILDER IS YOURS! Keep the Dreams of other years as you dream for the future.

THE EDITOR
