*In Friendship  
We Make  
a Dedication*

Heights are rewarding and challenging. Every student, when climbing to these heights, needs guidance, friendship and kindness from someone who understands the climb.

It is, thus, fitting that the Moundbuilder staff of 1957 dedicate this book to a friend of every student. Dr. Eleanor Hoag.

The years of kindness and guidance which she has afforded many students will never be forgotten. Her qualities of leadership and humility, coupled with a faith in God and a strong moral character, have obtained for Dr. Hoag a place in the hearts of all her associates.

Dr. Hoag holds the degree of bachelor of science which she earned with a major in chemistry, the degree of master of arts, and the degree of doctor of education. As head of the Division of Language and Literature she has and wisely uses an opportunity to exercise her insight into the problems of students and to help them find solutions.

We, therefore make this dedication in sight of the heights to which she has been called and to which she challenges all who come to know her and call her their friend.

TO THE HEIGHTS she calls us daily,  
Alma Mater dear,  
Heights of knowledge, hope and courage  
Free from doubt and fear.

These words are held dear in the heart of every student on the campus of Southwestern College. Daily students are brought to heights of man-made structure, to view from the "77" the panorama which God has placed so perfectly before them.

Daily they are led to heights of freedom and development of thought and ideas, through campus activities. Daily they are brought to the heights of knowledge, as educated instructors give of their talents to provide a finer future based on greater learning. And finally these students are led, daily, to the heights of religious experience as they meet other Christian young people.

To these heights each student is called. Many accept the challenge, meet it, and with God's aid find completion of their goal at the height of their life. To this end we listen, and await the call.

## ***President***

The Christian element Dr. C. Orville Strohl brings to his position has made him a part of the great Southwestern tradition. Since coming to Southwestern as president in January of 1954 he has done much to further the growth and development of the college.

Dr. Strohl is also fortunate in having a faculty of capable teachers to help him in this great work of guiding students in the patterns of Christian living. Through the faculty, the students are led to the heights of college experience and are encouraged to become adults equipped to face the future.

### ***Dr. J. Lester Hankins, Vice-President***

Dr. Hankins is a man who serves this college well but with little public reward. At the present time he is the director of the 75th Anniversary program which began in 1954 and will end with the 75th anniversary in 1960. As a public relations man, working closely with the president, he gains for Southwestern a great deal of good will and financial support, including substantial additions to endowment.

### ***Dr. E. Dale Dunlap, Dean of the College***

Associate Professor of Bible, Religion and Philosophy. Dr. Dunlap is the executive head of the educational program and faculty of the college. It is his duty to study the policies and work of the college and make recommendations to the president. He also serves as dean of students.

## Purple Robed Choir

The Purple Robed Choir has been received as one of the finest choral organizations in the country. Recognized as the first college choir in Kansas, this group continues to bring the best in choral music to its audiences under the capable direction of Dr. Jack W. Juergens

One of the highlights of this school year was the choir's presentation of the Kansas premier of Peter Mennins' *The Christmas Story*. The current season marks the thirtieth year of concert performance for the choir.

## Southwestern College Band

The band under the direction of Albert W. Hodges has done much this past year to lead the school spirit. The pep they have displayed at all home games has been excelled by none. They also made a major contribution to the activities of Homecoming Day.

# Washington Semester

a program established in 1954, allows selected students to attend American University in the nation's capitol city

for one semester while still enrolled at Southwestern. Qualifications for applicants are basic courses in political sciences, general scholastic ability and classification of sophomore or junior. This program was initiated to give students a more realistic approach to a study of our democratic heritage.

The purpose of the Student Council at Southwestern is to promote a constructive school spirit; to further develop harmonious relations between faculty and student organizations; to provide a representative organization to take the initiative in all student enterprises. In short, the Council is the student government of Southwestern.

The duties of the Student Council are numerous. In the fall, Homecoming is the big responsibility of the Council. The Council is also the representative of such organizations as World University Service and other national organizations seeking recognition on our campus.

The Council meets weekly and is composed of representatives from qualified organizations and the four classes.

With an hour set apart each week from classroom schedule, students voluntarily meet to accomplish the purpose of the Y organization--"to seek to understand the will of God through worship, study and action.

One of the memorable events of the year was the mock political convention with boos and cheers similar to those that ring through the national halls.

Other events sponsored by Campus Y students include the Kiddies Christmas Party, the Purple Panorama talent show to raise funds for the Student Union and the drive for the World University Service.

The Cosmo Club serves two major purposes, it provides a means for broader outlook and outreach for American members, while creating a closer fellowship for foreign students and helping them feel more at home here at Southwestern. This year many of the club members have made regular trips to Wichita to attend the city-wide (Y. W. C. A. sponsored) Cosmopolitan Club there.

**Candidates**

The only royalty honor bestowed on men at Southwestern is the coronation of King Spice. All upper classmen are candidates for the singular honor. They are chosen by members of Gamma Omicron, home economics organization and are judged by their grooming, personality, participation in activities and their interest in the promotion of home economics. This years candidates are John Saville, Bill Drennan, Paul Hellman, Fred Lippert and Larry Kobs. The winner will be revealed later in the season and will be crowned as King Spice of 1957 to reign over a special program given in his honor.

At a coronation ceremony preceding the annual Milkbucket game, a battle royal between the men's pep clubs, Madge Monninger received her second royal rating this year and was crowned "Milkbucket Queen of 1957." After being presented with the crown that signified her royal status, she sat with her attendants, the other four candidates for the honor, as spectator to the exciting games between the pep clubs. This year the Pi Eps emerged victorious. The queen sits with her attendants Carol Piepmeir, Anita Schuster and Myrne Richards.
