OPENING

Southwestern's school mascot is a black cat, affectionately known as the "the Jinx Cat." However there was at one point another mascot, Alvin. Alvin was the unofficial mascot for 40 years before passing on in 2000. Alvin was peculiar critter for these parts. After the Pi Epsilon Pi fraternity of 1960 returned from a trip with 2 6-inch alligators, the alligators (known as Pi and Ep) began traveling around campus in special leather harnesses. Ep's death was unfortunate, as Pi ate him. Pi was then renamed Alvin in honor of character in a Pogo Comic strip. Alvin spent much of his time in the old Mossman Hall and the dying days in the new Beech Science Center getting stared at by curious visitors. After his death and an autopsy, Alvin had the last laugh. He was a she.

A Window of Joy

In memory of Grant Durbin, a stained glass window on the west side of Stewart Fieldhouse reflects the light and joy Grant brought to Southwestern (1989-1990). Grant, three years old, often accompanied his mother, Nancy, to Stewart Field House where she worked as a secretary. In 1990, Grant died at the age of four in an accident.

The window was installed in 1998, when Stewart was renovated. Grant's family wanted to place the window as a reminder of the joy and love Grant shared with others here at Southwestern. Sixteen years later, the window is still in place and continues to shine down on Southwestern.

BUILDER CAMP

Builder Camp in its second year here at Southwestern was a great success! All of the freshman class and orientation leaders had fun with canoeing, horseback riding, competing in the Builder Olympics, swimming, fishing and being entertained by the activities held by Xavier and student life.

"Builder Camp was exciting and it was a great way to get to know people in my class," Susan Loveall said.

With all of the fun the freshman class had, they also received their training to become a True Builder, by learning about purple storm and the life of an SC student.

After the freshman class arrived home from Builder Camp, they weren't allowed to sleep in, for Leadership had other plans for them. Bright and early, the freshman class got up and went out into the community to help local citizens with repairs to their homes. "Freshman workday was a good experience and a good way to get out into the town, to get involved in the community," said Molly Hamlett. Even though the weather put an end to the workday early, the freshman class was successful in helping those in need.

Diane Dixon

ROCK PAINTING & MOUND BUILDING

The moundbuilding tradition here at Southwestern College is one of the longest running traditions we have. Starting with an exciting hunt for the perfect rock and souping it up to the peak of its perfection to be placed on the mound. The mound's foundation has cracked from the weight of tons of Moundbuilder tradition.

"I think the Moundbuilding Ceremony is a good tradition to carry on because it shows how all of us as individual can come together and make something that will last forever. A few rocks by themselves may not be much, but a huge pile painted ones all thrown together is a pretty big deal. It's a tradition that makes Southwestern unique," said, Jessica Harr. Moundbuilders have been around for a while and will be around for years to come.

-Molly Hamlett

ABOVE

Sarah Hodgkinson and Katy Conway painting the senior rock. A good number of the seniors initialled the rock. For them, it was a bittersweet time as it was the last time for rock painting for most of them. (photo by Kelly Burgar)

The completed mound for the 2005-2006 school year. "Each organization is able to contribute its own piece to the whole mound. I think that it's so much like Southwestern, each group is contributing to what makes up the entire school," said Jami Smither. (photo by Sarah Beeson)

FALL

Fall Frenzy, the name is synonymous with the beginning of the new academic school year at Southwestern.

"Fall Frenzy is just a fun time. It's a good way to start off the school year," said sophomore Kristen Womack.

It's also a good way to welcome in the freshmen class. They are kept busy with many activities, from painting and repairing houses and lawns for Freshmen Work Day, to the Rock Party and Moundbuilding Ceremony, to dodging one another at SC After Dark's laser tag.

"When I first got to school I wasn't sure what to do, how to spend my time, so it was nice to have the opportunity to go out and meet people and to just get involved," said freshman Sarah Janzen.

WINTER FORMAL

The Winter Formal was once again. The theme this year brought out all of the stars at Southwestern. Everyone was once again ready for dancing and fun. The turnout was great and everyone that came out had a great time. The women of Beta Sigma Phi had a drawing for prizes, including gift certificates for free pizza, tanning and movies. Toward the end of the dance the royalty was crowned.

-Diane Dixon

THEATRE

The theatre department at Southwestern College had a busy, exciting and rewarding year. During the first semester of this year they put on several different productions including the "Sharp Shorts," three different 9 Lives improv shows, "Our Town," "10.10.Post 9.11," "Eagerheart" and "Small Package" (a collection of short plays directed by the Directing I students).

Early in the spring semester the SC theatre department was invited to perform 10.10.Post.9.11 (10 short political comedies about American after September 11, 2001) at the Kennedy Center American College Theater Festival (KCACTF) in Fargo, North Dakota. Then back at home, they put on "What Would We Do Without You," which was a tribute to musical theatre, Tennessee Williams' famous "A Streetcar Named Desire," three more 9 Lives Improv shows and "The Last Five Years and Other Acts of Consequence."

HONORS

Honors Convocation held in the last part of April provides the seniors one last time to all gather together before graduation. This is a time for not only seniors, but the entire student body (and most faculty and staff), to celebrate the seniors' hard work. During the ceremony held in Richardson, the group is treated to some special music by graduating seniors. This year Melissa Williamson and Josh Melcher provided the entertainment. Then, award-winners are recognized by the group, the most prestige being the Masterbuilder winners. The Masterbuilder awards go to those graduating that faculty and staff nominated as the individuals that best captured the "Southwestern Spirit." This year's recipients were Adam Thompson, Eloy Mendoza, Josh Melcher, Brent Inke-laar and Melissa Williamson.

GRADUATION

Graduation day brought cloudy skies and a chance of rain, but nary a drop came down on Southwestern's graduation this year. The events of the day began with the baccalaureate service 10:30 a.m.; during which, a few graduating seniors were able to impart a piece of wisdom they had gained during their time at Southwestern.

Seniors began to check in at 3:00 p.m. and the stands were soon filled with family and friends. The seniors filed in according to their levels and area of programs. Much laughter and many tears took place during the graduation service. After listening to the recollections of the past year and speeches of wisdom for the years to come, the graduates received their diplomas with much joy.

The graduates were introduced as the class of 2006 and encouraged to turn and wave to their family and friends who had supported them on their journey. The graduates were dismissed and sent back out into the world as official graduates of Southwestern College.

When asked their favorite memory at SC, graduates offered these remarks:

"Going to Nationals with Debate," said Elizabeth Danforth.

"Playing women's basketball and going to the National Tournament," said Angie Jones.

"Karaoke night at the bar every Thursday," said Jennifer Barten.

"Kappa Sigma Homecoming and doing a little dance," said Brent Inkelaar.

STUDENT LIFE

STUDENT GOVERNMENT ASSOCIATION

PAGE BY SUSAN LOVEALL

The Student Government Association, referred to around campus as SGA, works to involve the students of Southwestern College directly in the formulation of campus policies and concerns. The Student Government Association is the main student governing body and concerns itself with all phases of campus life.

Representatives must run for election every year from the student body and be appointed by the SGA. Once appointed the representatives hold positions on a wide variety of committees throughout the institution.

SGA maintains its own budget and allocates fees to worth-while campus projects.

SGA member Kaely Podschun said, "I am involved with SGA because I want to help make positive changes on our campus and in our student community. I want to be an advocate for influence and advancements brought from the students to the institution."

ABOVE

Kayla Drake, Brian Nickerson and Leslee Bennett look over their work outline at an SGA meeting. Other groups on campus put in requests from money. Then at their meetings the members can vote "yay" or "nay" for each group to be granted the money. (photo by Diane Dixon)

STUDENT FOUNDATION

PAGE BY SUSAN LOVEALL

With their slogan, "There's a Spirit about Southwestern College that has to be told...", Student Foundation, or StuFu, leads Southwestern College in school spirit. Its members are always in the foreground, proudly representing SC by working school functions, planning activities for the student body, generating enthusiasm and support for the school.

StuFu brings activities like Free Movie Night, Purple Storm at athletic events, Builder Olympics, Stau Bau and Bingo Night.

All their programs are directed toward three major areas: traditions, activities and student recruitment.

Brandon Hessing, Vice President of Recruitment, said, "I like being in Student foundation because I get to help build the spirit of SC. I feel Southwestern has given so much to me, educationally and extracurricular. This is my way of giving back to the school by servicing the student body. Plus, it is a fun way to get to know people and to develop team building and communication."

MOUND BUILDER

The Moundbuilder staff meets twice a week to work on the yearbook and discuss any possible problems they happen to run across. This is a very dedicated group that actually has to accomplish their goals. If they did not then you would not be reading this right now.

The Moundbuilder has been in existence since 1885. The Moundbuilder is a valuable book to hang on to, not only for the memories, but for its value in about ninety years. We found a 1917 Moundbuilder yearbook on eBay selling for fifty dollars. Therefore, be sure to save your yearbook for future generations to sell on eBay, if nothing else.

(photo by Rebekah Krusemark)

COLLEGIAN

The Collegian is published every other week. The staff is made up of seventeen students and two advisors. There is one editor-in-chief, four editors covering the eight sections of the newspaper and photos, five writers, four page designers, and three photographers. The staff meets twice a week for class, plus every other Sunday night to publish the paper. The Collegian staff also benefits by having a mentor from The Oklahoman. Each student is assigned a mentor depending upon his or her area of concentration. This has been a very valuable learning experience and a few continue on to gain an internship at The Oklahoman.

--Rebekah Krusemark

FRESHMAN CLASS COUNCIL

Freshman Class Council, comprised of freshmen students with upperclassmen sponsors and advisors, was put together for the sole purpose of getting along with the other students at Southwestern College. "I think we accomplished our goal. We got our classmates involved, and I think the family we've created at SC is because of the activities we've done together," said Tabatha McMullen. FCC has put on a school skate night and karaoke night. They also sang Christmas carols at the Veteran's Home and numerous other things to help out their parent organizations, Student Foundation and Student Government Association.

LEADERSHIP

Helping an average of 1000 people a year and volunteers contributing approximately 4000 hours are just a few of the ways Leadership tried to help the Winfield community.

Leadership isn't just an activity for students to get involved in outside of the classroom but also a minor that students can enroll in.

"It's one of those versatile minors that go along with any major," said Cheryl Rude, Leadership advisor. "All projects that the students work on throughout the year have two purposes, first to serve the community and secondly to develop leadership skills."

Leadership took a trip to Pascagoula, Miss. over spring break to help in the Hurricane Katrina relief fund.

LEADERSHIP

WOMEN'S MINISTRY

The One Thing is in its second year of bringing together the women of SC in a loving and accepting environment where connections are made, growth in relationships with God and others are encouraged, and the kingdom of God is built. The group holds monthly meetings, retreats and other events throughout the year where women can get support through prayer, mentors and bible study. The women of SC enjoy this group and keep coming back for more.

CAMPUS PLAYERS

In the spring of 1919, Miss Martha Lee, Professor of Expression at Southwestern College, made a suggestion to students involved in dramatic productions. It became known as Campus Players. It was designed as a society to promote excellence in dramatic performance and to honor such performers. One of the highlights of the Campus Players' year is the banquet in the spring that honors all members of this society. Starting in the early 1960s, caricatures were drawn of the graduating members and then they are hung in the hallway leading to the Helen Graham Little Theatre. This year the Campus players continued the tradition of performing the annual Christmas play of "Eagerheart," with senior Bethany Simmons playing Eager Heart.

BETA BETA BETA

Tri-Beta is a nationally recognized organization for undergraduate students dedicated to improving the understanding and appreciation of biological study through education and research. The Southwestern chapter gets together every Monday night for meetings, where they discuss their upcoming events or just to have a good time playing games or watching *March of the Penguins*! This year they were able to go to the Wichita Zoo to get an idea of what goes on behind the scenes of an accredited zoo. Ann Weese said, "It was very interesting, to see how much an elephant eats in a week, it is crazy!"

DEAD POETS SOCIETY

The Dead Poets Society gathers at College Hill Cafe, Michelle Boucher's, and Marguerite Regan's homes to enjoy poems. At each meeting a new topic is chosen and discussed among the group. Donovan Lawrence was the president of this group in it's fourth year of existence. At meetings the members share their love of poems, works-in-progress and just pieces of their wisdom.

Diane Dixon

KSWC 100.3 THE JINX

KSWC 100.3 the Jinx saw a lot of changes in this year staff and equipment. Everybody was excited to see the changes happen, and were happy with what they got. They were a fun and exciting group of people who loved to be in the radio. The station had many different genres of music playing on the air; country, rap, rock and Spanish. Not only was there different music, the station was now on 24 hours a day. Students on campus were also excited to have the changes with the radio station. The radio station can be heard in the cafeteria, weight room and dorm rooms across campus.

SCTV

SCTV also expanded this year. SCTV had a small class but the students were anxious to get started on the new format. The stories were put onto the web instead of a taped show. All of the news stories are on the web for everybody to see anytime of the day. A few lucky students got to be in front of the camera introducing the stories while showing off their good sides. All of the hard work to get the television news on the web was well worth it.

Kelly Bugar

OUTREACH TEAMS

Southwestern College has a total of four outreach teams. Outreach teams work in tandem with the Discipleship Team, yet anyone can participate. They travel Kansas and Oklahoma visiting churches and lead worship.

Keynotes is the biggest outreach team and act as a choral group including a guitar and piano.

Selah is a vocal group as well that specializes in special songs with three to four part harmony. In past Selah groups, they have gone so far as to recording CDs which they distribute to churches and whoever wants one.

SELAH KEYNOTES LIVING 150 WWT

The World Witness Team is mainly comprised of the international students, but is also open to any students. Not only do they sing and play multiple instruments, but they also speak to churches on their home countries.

Living 150 sprang up at semester. Their emphasis is talent with musical instruments. This group has traveled as far as Denver, Colorado.

Each outreach team has a goal to spread the love of Christ and His Word through their God-given gifts and talents. Many churches have been blessed by their presence.

SIFE

Students in Free Enterprise (SIFE) had another successful year, complete with a trip to Miami for regional competition. SIFE came home with a win and qualified for nationals, which was a little closer to home, Kansas City, Missouri. Aside from the competitions in Miami and Kansas City, students of SIFE assisted community members with their income taxes, worked with children at Irving Elementary as part of their Junior Achievement Partnership training and took a course in CPR Instructors training. All of these events and skills learned will help these students as they move closer to graduation and will be applying the skills gained during their time in SIFE at SC.

MEN OF VALOR

Men of Valor (MOV) was a new organization born on the Southwestern College campus early in the spring semester. It was geared toward SC men.

The co-founders, Andrae Harper and Brent Inkelaar, decided this organization was needed on campus after being exposed to "The Purpose Driven Life," originally a devotional book by Rick Warren. According to Andrae Harper in an interview with the Collegian newspaper, (MOV was created) "to set an atmosphere where guys can come together and exemplify courage, get an understanding of what it is to be a man of valor so they can become one and stand up to do the right thing."

Josie Bartel

SCATS

The Southwestern College Athletic Training Students have worked hard all year long. The group works along with Lisa Braun, Jamie Kohl, and John Parrigon to learn about becoming an athletic trainer. SCATS members get involved with clinical assignments and students also get the opportunity to observe team physicians administering evaluations and performing surgical procedures on injured athletes. They work with every type of athlete here at Southwestern, whether it is a football player, basketball player or a volleyball player. Whenever there is an injury to an athlete, you are sure to find a SCATS member near by to help.

SCANS

The Southwestern College Association of Nursing Students had a great year in their organization. They had a great opportunity over spring break. They were able to go to Mexico to help patients in the clinics down there.

Members get to work one on one with patients and by having clinical hours they are able to learn outside of the classroom. The group this year was greatly appreciated and they competed well in the Homecoming events, in dodge ball, and in Builder Olympics and even in the Homecoming parade.

PHI SHEBA PHI

Phi Sheba Phi is an organization that seeks to preserve a diverse and ethnic American cultures and history as well as promote education. The Motto: P.I.S. (Promote Importance of Sisterhood) is very important to its members. "We are creating a strong sisterhood and an educational supportive system for women here on Southwestern College," said Krystle Robinson, president of Phi Sheba Phi. The organization has been involved with community services throughout the year; they hosted the Black and White Ball in January, and helped Beta Sigma Phi with "Hawaiian Heat" in April.

BETA SIGMA PHI

Beta Sigma Phi is a sorority on campus known for its strong interest in community service and social events.

During breast cancer awareness month, the Betas set up a table offering information and ribbons and took donations for breast cancer research. The ladies spent the year volunteering at 'Art in the Park' at Island Park and worked with Big Brothers and Big Sisters at the Phi Delta Theta barbecue in the spring. The ladies also hosted their Winter Formal in February and annual Luau in April.

PHI 54 PHI

Phi 54 Phi's goal is to be an honorable, succeeding, outstanding chapter that deals with African-American problems in today's society. Phi 54 is a relatively new organization on campus. In 2003, the four founding fathers (Demonte Burdine, James Brannon, Anthony McKissic and Anthony White) sat and discussed how they would promote African American brotherhood at Southwestern College.

Each year the Phi 54 men work in conjunction with Irving Elementary in Winfield for Phi Loves Kids. The men spend time with the elementary children shooting hoops, helping in the classroom or just visiting.

Why "54"? The name Phi 54 Phi gives honor to the soldiers of the 54th Massachusetts. This was the first black regiment to be able to fight in the civil war for their freedom. These men all died and gave their life for the freedom of others.

PHI DELTA THETA

One of the oldest fraternities, Phi Delta Theta was founded in December 26, 1848 on the campus of Miami University in Oxford, Ohio. It's been on SC's campus since 1995, the fraternity's motto is *Eis Aner Oudeis Aner*, one man is no man.

The Phi Delt men have increased to over 170 active chapters in 43 states and 6 Canadian provinces. The men sponsored or co-sponsored numerous occurrences on campus and in the Winfield community this year including: Casino Night, Winter Formal, "The Capes" and Big Brothers and Big Sisters events.

PHI THETA KAPPA

BY JOSIE BARTEL

Even though, Phi Theta Kappa (PTK) has been around for many years elsewhere, Southwestern College just started its own chapter last spring. PTK is an international honor society with two missions in mind: to recognize and encourage academic achievement of two-year college students and to provide opportunities for individual growth and development through participation in honors, leadership, service and fellowship activities.

To be a member of PTK, individuals must be enrolled or graduated from a regionally accredited two-year school and have a GPA of 3.5 at that institution. According to Leslie Grant, faculty advisor, PTK was started at Southwestern because of the amount of transfer students that were members at their community colleges.

This year PTK held a Christmas party for the children involved with Big Brothers and Big Sisters of Cowley County program.

ABOVE

At the Phi Theta Kappa (PTK) Christmas party for children in Big Brothers and Big Sisters program, Santa reads off the ticket numbers. Those children's numbers that were called received a prize. Prizes included handmade blankets, stuffed animals, free movie passes and goodie bags. This was PTK's event for the fall semester. (photo by Josie Bartel)

AMBASSADORS

PAGE BY SUSAN LOVEALL

Student Ambassadors have one of the most important jobs on campus. "They are the face of Southwestern College to prospective students and their families. They are a wonderful group of students. Our ambassadors just keep getting better and better each year. When visitors go home, probably one thing they'll remember most about their day is the opportunity they had to interact with a student. I cannot stress enough the importance of their role in recruitment," said Jodi Combs, who works in Admissions and advises the Student Ambassadors. "Being an ambassador is so awesome!" said Jenna Swisher. "I love being the first person a prospective student meets when they visit. And getting them excited about coming to Southwestern is so rewarding!"

ABOVE

Jenna Swisher goes through the food line on Scholarship Day. "Scholarship Day went really well. It takes a lot of work from a lot of people to keep it running smoothly, and every year it is always a lot of fun. It is nice to see the prospective students here getting recognized for their hard work!" said Swisher. (photo by Josie Bartel)

CHOIR

SC Choir had a very exciting and fun year. Many events took place that gave the students many options to explore their singing abilities. Performances took place in Wichita with the Wichita Symphony Orchestra and the Wichita Grand Opera. On the choir's spring tour the group traveled around Texas and Oklahoma this year and in their free time took a trip to Six Flags over Texas. The students involved with choir sang their hearts out in many performances and could not wait for next year, especially since they were invited back to perform at Carnegie Hall in New York City.

BAND

SC's Big Band had fun throughout the year. The band held a few performances which got the audience rockin', such as *The Night at the Oscars* and the jazz combo performances. The members enjoyed playing upbeat jazz pieces which can appeal to a different audience than that of concert band selections. Many of the pieces also included long improvised solos. The concert band also had a good year with their performances. Both bands were pleased with this year and are excited to get back to playing next year.

SPORTS

MEN'S SOCCER

Scores do not tell the story of the Southwestern soccer program. In fact, the KCAC champions, Kansas Wesleyan University, had only two losses in their season and one was to our own SC men's team. We spoiled KWU's homecoming. If that does not spell success, I do not know what does. Looking at the team record, you would not think that the season turned out quite as planned. Coach Roberto dos Santos would beg to differ.

"It's ironic to say that we had an outstanding season if you focus only on our record, however this is exactly how I feel about the season, it was painful to lose games the way we did but they never quit. We improved a lot as the season progressed, instead of giving up they felt hungrier and hungrier to get better and win."

WOMEN'S SOCCER

PAGE BY KY MOOTS

"It is important to the SC community to know that it has been a winning season since before it started; taking in consideration the number of seniors we had on the team. Six seniors, all of them with four great years at SC," said Roberto dos Santos, head coach.

The women ended their season with a record of 3-5-1 in conference and 8-6-2 overall. Mira Minner, Shannon Varney and Katy Conway both received first team All-Conference honors in the KCAC; Anna Madrigal received second team and Lindsay Morgan honorable mention.

"It was a terrific season. We had a tremendous group of talented players with exceptional characters. We had the potential to grow even stronger and I believe it will happen" dos Santos said.

FOOTBALL

The 2005 Builder Football season was one to remember. It was filled with some highs and some lows. The team came into the year with a lot of energy and promise to capture the KCAC crown.

They finished with a record of 3-7 and 2-7 in KCAC play, the least successful under Chris Douglas' four-year tenure. The team was tough throughout the season, overcoming injuries they faced. Through it all, they showed potential for next year. With the returning players and coaching staff in tact, the team looks to bounce back. The yearbook staff would like to thank the Builder Football team for an exciting season and wish the seniors the best in life after SC.

VOLLEYBALL

This year the Southwestern volleyball team had a small roster number, all were freshman and sophomores, and the overall record did not turn out well.

Despite this there were some highlights in the season, including a new record being set. Freshman Jaci Nuttle broke the previous record of number of digs in a single season, with 447, this season. She was also named to the All-Tournament team at the Jinx Jamboree held in Winfield, October 9 and 10.

At times the coaches wished they could have had a larger team. Assistant volleyball coach, Kira Kindall, said "Larger would have been better for scrimmages and drills."

CROSS COUNTRY

Even with only two seniors on the teams (Jazz Carreon and Kevin Peck), men and women's cross country finished their season well. Both men and women's teams received first place at the KCAC meet held at home. They, then, advanced to the NAIA region IV tournament held in McPherson. The men's team came home with a first place plaque and the women came home with a second place finish.

Due to this outstanding performance, the full men's team qualified for the NAIA National Championship in Louisville, Kentucky and individuals qualifying from the women's team included Andry Anderson and Ericka Franklin, both freshman.

Even though the NAIA National Championships did not turn out as well as hoped, Coach Helmer is proud of his team for their performance this year.

WOMEN'S GOLF

This year's lady golfers swing into action with a full team under direction by Coach Brad Sexson, who is in his second year at Southwestern College. The ladies had a difficult time placing high in each of their tournaments until they competed at the Saint Mary's University tournament. Here things started looking better for the ladies, and they continued an upward swing, the ladies took first in the Baker University tournament. This was right before they headed out to compete in Regionals. Our ladies came home with a win, a neat plaque and the boasting rights of the NAIA Region IV champions. The ladies qualified for the NAIA National Tournament held at the end of May in South Bend, Indiana.

MEN'S GOLF

The men this year placed well almost every meet. This record followed them all the way to the NAIA Region IV regional tournament. The men's golf team clenched their first first place at the Kansas Wesleyan Tournament, their second first place on their home turf during the Southwestern College tournament held at the Country Club course, the third one at the 2005-2006 KCAC Championship, giving them the boasting rights of the 2006 KCAC champions and their fourth one at the NAIA Region IV regional tournament, which gave them an automatic invitation to the 2006 NAIA Men's Golf National Championship held at Prairie Highlands Golf Course in Olathe, Kansas.

Tyler Lytton, Grady Randle, Dane Brummett, Ryan Rody and Levi Moreland all earned KCAC honors and recognitions.

Southwestern Men's Basketball had a lot to be thankful for. This year marked the 100th year of men's basketball here at Southwestern. The basketball teams also became the KCAC Regular Season and Tournament Champions, which qualified them to go on the NAIA national tournament. At the National tournament the excitement in the air was electrifying and the crowd screamed until the devastating loss against Cardinal Stritch University. The team lost 60-75. The team had many accomplished players. K. J. Wilkens, Rico Marquez and Ricky Kendrick made KCAC 1st team. Wendell Riley received honorable mention. Marquez also achieved NAIA All-American 3rd team and KCAC Player of the Year. Ricky Kendrick also achieved honorable mention for NAIA All-American.

WOMEN'S BASKETBALL

PAGE BY SUSAN LOVEALL

Southwestern's women basketball program is often overlooked and overshadowed by the men's program, and this year was no different. Not much was expected from the women's team this year, and that was from everyone except them.

"I think the season went pretty well considering no one believed we would be any good, but we believed in ourselves which helped us accomplish a lot of things this year together as a team," said guard Shawnte' Bunting. The lady Builders ended the season with a record of 16-13, ranking fifth in the Conference, and with two All-Conference Honors players, junior guard Ileana Perez and senior guard Karah Covey.

"I feel like we accomplished a lot more than anyone expected. We beat three ranked teams and our post players really stepped up and took on a big role," said Perez. "I believe our team did a good job of grinding out games and believing in each other. We trust and look out for each other on and off the court."

LEFT

All eyes look to Coach Denly during time-out. From left Shauna Riedy, Jennifer Chenier, Kinsey Colclasure, Amanda Manske, and Hayley Harvey. "Coach Denly is an amazing coach. He believes in us. He is very encouraging and won't let you settle for less than your best," said teammate Shawnte' Bunting. "He knows what we are capable of and the goals we need to accomplish as a team." (photo by Ashley Holloway)

SOFTBALL

The girls this year had something to cheer about, because they became the KCAC Conference Champions. The team's hard work during practice paid off at the games. The spirit of the game was seen on the field and off when the Lady Builders came out to play their opponents. Regular season games ended with a 16-13 record. Leigha Foley remarked, "it was neat that with a new program we were able to win the KCAC championship in its first year." Karah Covey said, "I'm very proud of the team this year. I think we had a lot of obstacles to overcome and we found a way to work through them to win the conference."

MEN'S TENNIS

The men's tennis team did not turn out quite like Coach John Paulin expected this year. "The men have played several teams this year that were possible national qualifiers. Even playing such a tough schedule, they still competed hard each match and improved their play over the season." SC ended up finishing sixth in the KCAC regular conference season, and also in the conference tournament, even with a record of 2-11. The men's team was led this year by three seniors including, Ramon Lozano, Jason Kearns, and Warren Hanson. Each have lettered all four years here at Southwestern. "They will be greatly missed," said Coach Paulin.

WOMEN'S TENNIS

"The Lady Builders had a great season with 12 wins and 6 losses," said Coach John Paulin. The women's tennis team also qualified for the NAA Region IV Championships in Wichita. The team was led this year by juniors, Leah Rankin and Jennifer Crank, who was named to the KCAC All-Conference 2nd Team and was named KCAC Newcomer of the year, and senior Kelle Stinson, who was named KCAC Academic All-Conference and ITA Scholar-Athlete All-American. The team also had five freshmen: Kelsey Reynolds, Norman, OK; Lauren Pettey, Winfield; Mehvash Shahzada, Ark City; Julie Wilke, Winfield; and Kourtney McLeland, Ellinwood. The Lady Builders tennis team is looking forward to another good season in 2007. Page by Molly Hamlett

TRACK AND FIELD

SC had a good year with lots of placing medalist's. One advantage of track and field is the chance for personal glory through individual accomplishments. Sarah Abu-Hasira had a great sophomore season, where she achieved personal bests in both the weight throw and shot put. Men's Head Coach Jim Helmer, Women's head coach Mike Kirkland and Asst. coach Jim Ratzlaff had good things to say about this year's team. "Seth Holder had an outstanding career at SC over the last four years" said Jim Ratzlaff. He broke a long standing school record with two hammer throws of 178 ft. Cordairo Hansen was conference champion in the pole vault. We are all looking forward to next year's indoor and outdoor track season.

CHEER

Cheerleading had a fun and exciting year. The team consisted of sophomore and freshman under their second year coach. the squad cheered on the football and basketball teams this year with new yell leaders to help out. The team had a close bond that helped them become a great cheerleading squad and they hope to continue with the same enthusiasm and excitement.

FEATURES

SC MUSIC

Music is an important pastime for many students here at SC. On February 20, British band "The Capes," performed a free concert for SC students and the public. They were on an American tour and found SC and the radio station out of the blue and since it was on their way they decided to stop. Matt Miers, Josh Melcher and Joel Alejandro formed a band to open for "The Capes." Josh Melcher coined the name for the band, calling themselves the InCAPEables.

FEATURE

DREAM PARTNER

This feature page is looking at what students have to say about their dream man or woman. Everyone some time in their life has made a list for what they want in a man or woman. Several students around campus told us what their ideal partner would be like. Some of them had long, high standards, but some really didn't care. All were good sports and hoped that their dreams come true someday.

OLD FACULTY

Faculty members here at Southwestern College have a great opportunity to work with the bright young students of tomorrow. We have seen some great professors of long standing here at SC. We are also honored to have some promising new faculty members joining our staff. Together with the help of both old and new faculty we can help cultivate promising students for the real world.

--Ky Moots

ABOVE

Charlie Hunter, professor of biology.
Chair, biology department.

BELOW

Dan Daniels, professor of English.

ABOVE

Bill DeArmond, professor of communications and film. Director, broadcasting and film program.

BELOW

Richard Barnes, associate professor of management and economics.

ABOVE

Bishu Panja, assistant professor of Computer Science.

BELOW

Amy O'Connor, assistant professor of Business and SIFE faculty sponsor.

NEW FACULTY

BELOW

Ahmad Mojiri, assistant professor of Mathematics.

ABOVE

John DuPuy, assistant professor of accounting and finance. Chair, business division.

CANDIDS

PAGE BY JOSIE BARTEL

ABOVE

Student Ambassadors Andrew Cherry and Leah Rankin enjoy sweets in the Welcome Center as they wait to greet prospective students on a Scholarship Day held in March. (photo by Ky Moots)

RIGHT

Josie Bartel finishes her walk for the diploma at graduation. However, she wasn't done with school because she still had to finish this page of the yearbook. (photo by Susan Loveall)

LEFT

Taryn Brand, Paige Gaskill, Karah Covey and Ashley Peters gather together to discuss the next play they will use against their opponent during a softball game. (photo by Lisa Broberg)

RIGHT

Adam Sharp and Josh Melcher perform a duet during a 9 Lives show. (photo special to The Moundbuilder)

LEFT

Courtney Bolejack hands change to a customer at the Leadership Garage Sale held in September. The money raised from this garage sale went to funding for the Leadership's trip to Mississippi over spring break to help with Hurricane Katrina clean-up. (photo by Josie Bartel)

RIGHT

Tommy Castor and Adam Dees test out their vocals and the career of professional singer at FCC Karaoke Night. (photo by April McCormick)

LEFT

Lauren Rood enjoys a bottle of water over a game of Guess Who at one of the Intersanctums held at Crossroads Community Church this year. (photo by Ky Moots)

BELOW

Scott Nuss (middle) points out to Jason Maisog which number needs to be called out in order for him to be a winner of one of the prizes at the StuFu bingo night while Carmon Bliss is focused on her own card. (photo by Karah Covey)

CANDIDS

CANDIDS

ABOVE

Ashley Helmer, Leah Rankin and Tara Pagenkopf pose for a photo during the basketball game. At the NAIA basketball tournament, many students supported the men's team during one of their best seasons, finishing with a record of 28-4. (photo special to The Moundbuilder)

RIGHT

Evans Amoako helps students at the soccer clinic, which was for children in the community. The clinic was started last year by the assistant soccer coach, Joe Wood, as a leadership project. (photo by Scott Nuss)

LEFT

Justin Alexander plays intramural basketball. Many students play intramural sports to help pass the time. (photo by Karah Covey)

RIGHT

Shawnte Bunting plays dodge ball during Stau Bau, a new event to start on campus this year. Stau Bau is the equivalent of fall homecoming. The classes played against each other with the junior class winning the dodgeball tournament. (photo by Karah Covey)

LEFT

*Cordairo Hansen along with fellow Kappa Sigma members performed during Homecoming week. This was the group's first year on campus.
(photo by Scott Nuss)*

RIGHT

*Nick Goree deals during a poker game at casino night. The Phi Delta Theta fraternity sponsored the campus event. This is one of Goree's many poker faces.
(photo by Karah Covey)*

LEFT

*Alexis Morrison performs in the play "Eagerheart." The theater department puts on a plethora of plays and musicals throughout the year that they hope will attract many different audiences. "Eagerheart" is the annual Christmas play.
(photo by Ky Moots)*

BELOW

Careth Eaton, Mariah Marion, Jamie Garrard and Krystal Lease perform in the spring musical, "What Would We Do Without You." The musical was backed up by the SC band. (photo by Karah Covey)
