Welcome to Southwestern

Our Vision

Southwestern College in Winfield, Kansas, is a learning community dedicated to
—intellectual growth and career preparation,
—individual development and Christian values,
—lifetime learning and responsible citizenship, and
—leadership through service in a world without boundaries.

The Vision Interpreted

Southwestern College in Winfield, Kansas, is a learning community…
• challenging each person to search for truth through consistent discipline of the mind.
• stimulating habits of careful reading and listening, clear speaking and writing, critical analysis and creative synthesis, individual thought and collaborative action.
• promoting rigorous intellectual competency within the context of vital interpersonal relationships.

Dedicated to intellectual growth and career preparation…
• emphasizing a broadly-based, value-centered liberal arts curriculum as the core of intellectual life, professional development and personal growth.
• integrating the core curriculum with career planning and preparation for a lifetime of service.
• building academic excellence and leadership potential.

Dedicated to individual development and Christian values…
• challenging each person to creative self-expression, aesthetic appreciation, freedom of thought, and responsible action.
• inviting students to explore ultimate reality; honoring the spiritual nature of human existence; affirming Christian values as central to an ethical, caring and inclusive community life.
• defining its historic commitment to community, freedom and diversity within a covenant relationship to the Kansas West Conference of the United Methodist Church.

Dedicated to lifetime learning and responsible citizenship…
• promoting responsible citizenship through active learning, professional growth and volunteer service.
• building wholeness, health and athletic abilities for lifetime physical fitness.
• encouraging lifelong intellectual and personal growth.

Dedicated to leadership through service in a world without boundaries…
• fostering opportunities for service in personal, family and professional life.
• recognizing the inherent worth of each person, the need for personal and social responsibility, the interdependence of all peoples, and the requirements of the age for justice and responsible living on the earth.
• inviting graduates to accept leadership roles in the emerging global community.
The Mission of Southwestern College

Southwestern College provides a values-based learning experience that emphasizes intellectual, personal, and spiritual growth. Founded in 1885 by Kansas Methodists and now related to the Kansas West Conference of the United Methodist Church, the college offers both bachelor’s and master’s degrees on-ground and online.

Southwestern College:

- Prepares students for careers and for graduate studies with courses that foster critical thinking and effective communication and are characterized by meaningful professor-student interaction.
- Employs emerging technologies that promote learning.
- Strives to live by and teach a sustainable way of life.
- Provides preparation for a wide range of church-related vocations and involvement.
- Offers programs that embrace prior learning and facilitate career progression for working adults, members of the armed services, and persons in transition.
- Affords a residential learning experience abundant with co-curricular activities that build social awareness and interpersonal skills and cultivate an ethos of service and leadership.

History

Southwestern College was chartered June 19, 1885, by the Methodists of Kansas as “an institution of learning of full collegiate powers.” It opened its doors for forty-three students on September 7, 1886. The first name of the college was “The Southwest Kansas Conference College”; the name “The Southwestern College” was adopted November 5, 1908.

Always strong in the arts, the music program was augmented by the merger, in 1926, of the Winfield College of Music with the college.

The campus facilities were seriously affected in 1950 by a fire that destroyed the interior of the administration building. The reconstruction of this building and the subsequent erection of new academic facilities have provided the college with a modern campus to support its program.

Major steps were taken in 1994 to develop a professional studies program with the opening of a center in downtown Winfield. During 1996-98, two additional centers were opened in the city of Wichita.

A graduate program in education, begun in 1986, lets students earn a master of education degree or elect to take courses for professional or personal development. Additional graduate programs offered both through professional studies and on campus lead to the master of business administration, master of science in leadership, and master of arts in music. Professional studies learners also can earn the master of arts in specialized ministry, master of arts in teaching, master of accountancy, master of science in leadership, master of science in management, or the master of science in security administration.

Southwestern is a comprehensive college of approximately 1,800 students and 50 full-time teaching faculty members. It offers multiple programs on campus and selected programs for working adults through its professional studies centers.

Accreditation

Southwestern College is accredited by The Higher Learning Commission and is a member of the North Central Association, www.ncahighered.com, (312) 263-0456.

It is further accredited by the University Senate of the United Methodist Church, the Commission on Collegiate Nursing Education (nursing), the National Association for the Education of Young Children (early childhood education), the National Association of Schools of Music (music), the National Council for Accreditation of Teacher Education and the Kansas State Department of Education (teacher education program), and the Commission on Accreditation of Athletic Training Education (athletic
training). The nursing program holds approval by the Kansas State Board of Nursing. Southwestern students find credits taken here fully accepted in undergraduate and graduate schools across the nation.

**Title II Compliance**

Southwestern College is in compliance with federal regulations on disbursement of Title II information. Full information is provided in Appendix A.
Academic Information

Degrees Offered

Southwestern College confers the following degrees:
A.G.S., Associate of General Studies
B.A., Bachelor of Arts
B.G.S., Bachelor of General Studies
B.Mus., Bachelor of Music
B.Phil., Bachelor of Philosophy
B.S., Bachelor of Science
B.S.N., Bachelor of Science in Nursing
M.A., Master of Arts (in Music)
M.A.C.C., Master of Accountancy
M.A.S.M., Master of Arts in Specialized Ministries
M.A.T., Master of Arts in Teaching
M.A.T.S., Master of Arts in Theological Studies
M.B.A., Master of Business Administration
M.Ed., Master of Education
M.S.I., Master of Science in Leadership
M.S.M., Master of Science in Management
M.S.S.A., Master of Science in Security Administration

Students seeking a degree must fulfill all requirements as listed in this catalog. A second degree requires a minimum of 30 additional semester hours of credit.

Majors and Minors Offered

Southwestern College main campus departmental programs offer the following majors and minors:

Majors
Accounting
Athletic Training
Biochemistry
Biology (B.A. and B.S.)
Business and Computer Information Systems
Business Administration
Business Administration with emphasis in Finance
Business Administration with emphasis in Management
Business Administration with emphasis in Marketing
Chemistry
Communication with emphasis in Communication Studies
Communication with emphasis in Convergent Journalism
Communication with emphasis in Film Studies and Production
Communication with emphasis in General Communication
Communication with emphasis in New Media
Communication with emphasis in Professional Communication
Communication with emphasis in Radio and TV Production and Performance
Computer Science and Digital Arts with emphasis in Computer Science
Computer Science and Digital Arts with emphasis in Digital Arts
Computer Science and Digital Arts with emphasis in Game Development
Early Childhood Education
Elementary Education
English with emphasis in Literature
Academic Information

English with emphasis in Secondary Education
English with emphasis in Writing
General Studies
History
Interdisciplinary Studies
Liberal Arts and Sciences
Marine Biology
Mathematics (B.A and B.S.)
Middle Level Mathematics Education
Music
Music Education
Music Performance
Nursing

Philosophy and Religious Studies
Physical Education
Physical Performance and Sport Studies
Psychology
Speech and Theatre Education
Sport Management
Theatre with emphasis in General Theatre Studies
Theatre with emphasis in Musical Theatre
Theatre with emphasis in Technical Theatre
Theatre with emphasis in Theatre Performance

Minors

Accounting
Anthropology
Art
Broadcasting
Business Administration
Christian Discipleship Studies
Communication Studies
Computer Game Development
Computer Science
Criminal Justice and Legal Studies
Early Childhood Education
English
Film and TV Theory, Criticism, and Production
History
Journalism
Leadership
Mathematics
Music
Music in Worship
New Media
Philosophy and Religious Studies
Political Science
Psychology
Sustainability and Environmental Studies
Theatre Arts
Writing
Youth Ministry

Other Programs

Intensive English Language Certificate
For specific requirements students should see the appropriate discipline listing in this catalog or should contact faculty in the discipline.

**Selection of Catalog**

In most cases, students will meet graduation requirements stated in the catalog under which they first enter Southwestern College. When graduation requirements change, students may adhere to the ones listed in the catalog under which they first entered, or they may optionally select the newer catalog and follow those requirements. In either case, general education and major requirements must both be met from the same catalog. Students who leave Southwestern but re-enroll having missed no more than two semesters (counting fall, spring, and summer as semesters) may follow the catalog under which they were previously enrolled. Readmitted students must follow the catalog of the year they resumed their studies at Southwestern College, or they may optionally select a newer catalog and follow those requirements.

**Declaration of Major**

Freshmen may declare majors if they wish, or work within the general curriculum. During the sophomore year, all students are encouraged to declare a major. Declaration of a major is made at the registrar’s office.

**Declaration of Minor**

Students may declare minors in certain disciplines. For specific requirements and procedures students should see the appropriate discipline listing in this catalog or should contact faculty in the discipline. Declaration of a minor is made at the registrar’s office.

**Changing Majors**

A student wishing to change majors must submit a completed Change of Major form to the registrar’s office. The student must assume the responsibility for any extra credits that may be involved in meeting the requirements of the new major.

**Academic Advising**

Academic advising is an important part of the educational process to help students form future goals and academic plans to accomplish them at Southwestern. Incoming freshmen (and transfer students with fewer than 24 credit hours) have the choice of a major advisor or a general advisor to manage the transition to college life. Students with a strong sense of their intended major should opt for a major advisor, to begin exploring the opportunities and requirements of that field. Undeclared students or students undecided about a major will be assigned a general advisor to help them identify their future goals and select an academic major.

By the start of the sophomore (or second) year at Southwestern, students with a general advisor should move to a major advisor.

To change advisors, a student must complete the required form (available from the registrar), obtain the new advisor’s signature, and return the form to the registrar for processing.

**Academic Calendar**

The calendar for the academic year (fall, spring, summer semesters) can be found on the registrar’s website at www.sckans.edu/registrar.

**Requirements for Graduation**

### Degree Requirements

These are the requirements for a degree:

1. Complete the specific course requirements for a major field of study together with required cognate courses, with a minimum grade point average of 2.0 (C) in those courses required by each major, minor, or secondary licensure to be granted.
2. Complete the general education requirements.
3. Complete a minimum of 124 credit hours.
4. Have an overall grade point average of 2.0 (C average) or meet program grade point average requirements.
5. Have Southwestern College course credit of at least 30 credit hours.
6. Have taken 15 of the last 30 course credit hours at Southwestern (waived for professional studies learners who are active duty military personnel under an SOC agreement).
7. Complete the Application for Degree by the stated deadline.
8. Be elected to the respective degree by the faculty and by the Board of Trustees.

Degree Requirements for Transfer Students

1. Complete all items listed above.
2. Regardless of grade points earned at other institutions, have at least a “C” average for all work taken at Southwestern College.
3. For students transferring from two-year colleges, complete a minimum of 60 hours at a baccalaureate degree-granting institution.
4. Accept the judgment of school administrators in substituting transfer credits for courses in the Southwestern College catalog.

Conferring Degrees

Regardless of the point at which a student completes coursework for a degree at Southwestern College, degrees are conferred in May, August, and December. Students are considered May, August, or December graduates. Students who complete requirements in May and August may participate in the May Commencement ceremonies. Students who complete requirements in December may participate in Commencement ceremonies the following May.

Students must complete and return an Application for Degree to the registrar’s office by the first day of the month preceding graduation to be considered for graduation.
General Education

The general education curriculum at Southwestern College is designed to lead students toward outcomes aligned with the mission of Southwestern College. The mission statement emphasizes liberal arts education, professional development, and personal growth. The goals of general education requirements at Southwestern College are to provide students with fundamental academic skills, ground students in multiple disciplinary perspectives, and challenge students to integrate and apply their learning to real world concerns. The general education requirement consists of 33 credit hours. Students may complete general education requirements at any time during their course of study, with the exceptions of the composition sequence LAS 110 and LAS 120, which should be taken during a student’s first year of study, and the capstone course LAS 499, which should be taken during a student’s final year of study. In addition, students are urged to pursue extracurricular learning opportunities through service and leadership activities.

Outcomes and Disciplinary Perspectives of General Education

Outcomes:

1. Written and oral communication. Communicating effectively using reading, writing, listening, behavior, media, quantitative data, and technology.
2. Quantitative literacy. Using mathematical tools to solve problems.
3. Individual and social responsibility. Understanding how to uphold the well-being of one’s self and society.
4. Emphasis on inquiry, critical and creative thinking. Formulating questions. Analyzing information and complex issues from multiple disciplinary perspectives to arrive at reasoned decisions. Valuing and producing thought or work that is characterized by its inventiveness, expressiveness, or originality.
5. Respect for cultural diversity. Understanding the complex identities of others, their histories, and their cultures.
6. Ethical reasoning. Conscientiously practicing accepted standards of fairness and integrity.

Disciplinary Perspectives:

a. Natural Science. Courses within the general education curriculum that expose students to the process, results, and limitations of scientific inquiry, and the relationship between science and society.

b. Social Science. Courses within the general education curriculum that provide students with a means to understand ourselves, others, and the forces that shape society.

c. The Humanities. Courses within the general education curriculum that help students explore models and methods for addressing dilemmas and acknowledging truth, ambiguity, and paradox while focusing on the study of the stories, the ideas, and the words that help us make sense of our lives and our world.

d. The Arts. Courses within the general education curriculum that foster imagination and skill in the creation of aesthetic objects, environments, or experiences that manifest the vision of the artist for the purpose of self-expression or shared experience.

e. Other Cultures. Courses within the general education curriculum that provide students with the means and methods to understand the interrelations within and among cultural and global communities.

General Education Requirements

A student must complete the following general education requirements to be eligible for graduation:

Basic Skills:

Composition, six hours:
LAS 110 College Writing 1 and LAS 120 College Writing 2

Speech, three hours:
  COMM 102 Elements of Oral Communication

Mathematics, three hours:
  MATH 110 College Algebra or MATH 215 Statistics and Probability or higher level math course

Health, three hours:
  PESS 205 Critical Issues in Health

**Disciplinary Perspectives:**

Courses satisfying Disciplinary Perspective requirements cannot be counted toward a student’s major course of study, but may be used to satisfy the requirements of a minor, or cognate requirements for a major course of study.

**Natural Science, three or more hours:**
  NSCI 170 Elements of Descriptive Astronomy
  NSCI 180 Science, Society, and the Environment
  NSCI 190 Science and Pseudoscience
  NSCI 201 Environmental Issues
  NSCI 207 From Alchemy to Chemistry
  NSCI 230 Drugs: Research and Reward
  NSCI 280 History of Science

**Social Science, three or more hours:**
  ANTH 101 Introduction to Physical Anthropology
  HIST 121 World History to 1500
  HIST 122 World History Since 1500
  HIST 131 American History to 1865
  HIST 132 American History Since 1865
  POLS 101 Introduction to Political Science
  POLS 222 International Relations
  POLS 241 Comparative Politics
  PSYC 112 General Psychology
  SOCS 101 Introduction to Leadership
  SOCS 230 Applied Social Sciences

**The Humanities, three or more hours:**
  COMM 208 Critical Thinking and Argumentation
  COMM 246 History of Television
  COMM 248 History of the Cinema
  ENG 202 Literature and Humanity
  ENG 203 Literature and the Environment
  ENG 204 Literature and the Arts
  LAS 262 Science Fiction Television
  PHIL 101 Introduction to Philosophy
  PHIL 219 History of Philosophy 1
  PHIL 220 History of Philosophy 2
  PHIL 227 Logic
  REL 201 Introduction to the Bible
  REL 225 Comparative Religions

**The Arts, three or more hours:**
  COMM 202 Oral Storytelling
  COMM 211 Introduction to the Cinema
  COMM 220/ENG 220 Interactive Storytelling
  LAS 150 Creativity in the Arts
  LAS 231 Theatre Across the Disciplines
  MUS 111 Foundations in Music
  THTR 111 The Theatre Experience

**Other Cultures, three or more hours:**
  ANTH 219 Cultural Anthropology
  COMM 348 International Cinema: Western Culture
  COMM 349 International Cinema: Asian Culture
  HIST 222/ANTH 222 North American Indian Cultures
  HIST 242 Belarusian History and Culture
  HIST 342 Russian History
  HIST 343 Russian Cultural History
LAS 121 French Language and Culture
LAS 131 Spanish Language and Culture
LAS 141 Italian Language and Culture
LAS 151 Chinese Language and Culture
LAS 171 South Asian Language and Culture

Senior Capstone Experience:
Senior capstone course, three hours:
LAS 499 Responsibility for the Future or approved alternative

General Education Requirements for Transfer Students

Transfer students must provide an official transcript of coursework done at other institutions to apply those hours toward general education requirements at Southwestern College. Only transfer hours with a grade of “C” or better will be counted toward general education requirements. The registrar, following guidelines set by the academic divisions, determines which credits from other institutions satisfy general education requirements at Southwestern College.

Students may appeal the registrar’s decision not to count transfer credits toward general education requirements by petition to the director of general education, whose decision on the matter (after consultation with the academic dean, if necessary) shall be final.

Only hours successfully completed and/or degrees earned at institutions recognized by the Council for Higher Education Accreditation (CHEA) may be considered. Southwestern College does not recognize credit for varsity athletics or remedial coursework.

Any student with an associate of arts degree or an associate of science degree is waived from all general education requirements except LAS 499, Responsibility for the Future.

Any student with a bachelor’s degree is waived from all general education requirements.

Any exception to the above requirements must be approved by the director of general education.
Majors and Course Offerings

Southwestern College’s curriculum provides opportunity for depth of study in a specific interest area as well as breadth of study enabling the student to encounter significant human questions. While some programs are structured to achieve specific vocational objectives, others are diversified for a variety of life planning goals. There is latitude for a student with comprehensive intellectual interests to pursue an individually structured program of general studies.

The organization of each major or program of study includes a core of essential major courses to develop a basic understanding of the chosen field. Clustered around this core may be a group of cognate courses from other departments chosen to emphasize relationships between disciplines.

In addition to the specific program requirements, students are urged to elect courses relating to cultural development and personal interests. These choices may grow out of the student’s intellectual curiosity and broad commitment to the human community.

At each course level, the following numbers are reserved for the type of courses indicated.
- 51 - independent study
- 52 - readings
- 53 - problems
- 54 - projects
- 55 - topics
- 58 - special literature study
- 59 - practicum
- 60 - internship
- 61 - seminar
- 70 - field experience
- 71 - workshop

Anthropology

Minor in Anthropology

Minor requirements:
In Anthropology:
- 219 Cultural Anthropology
- 222 North American Indian Cultures
- 325 Research Methods
- 352 Readings in Anthropology
- 355 Topics in Anthropology
- 415 Theories of Culture

Anthropology Courses

Department Code: ANTH

101 Introduction to Physical Anthropology. Emphasis on the cooperative (rather than adversarial) relationship possibilities between science and religion, specifically between evolution and the creation accounts in the early chapters of Genesis. Consideration of the processes of biological evolution, and examination of the steps in hominin/human evolution over the past six million years. Credit 3 hours.

219 Cultural Anthropology. A study of culture, its diverse forms and the meaning of cultures to contemporary people. Credit 3 hours.

222 North American Indian Cultures. An ethnology course covering the culture areas and selected tribes of Native Americans at the time of first contact with Europeans. Some consideration of problems of acculturation is included. Cultural Anthropology recommended but not required as a prerequisite. Cross-listed with History. Credit 3 hours.
325 Research Methods. An introduction to the theory and methodology of social science research with emphasis on experimental design, data collection, statistical analysis, and report writing. Each student will actively participate in all four phases of the research process. Lecture and laboratory. Prerequisite: MATH 215. Credit 4 hours.

340 Language: Structure and Meaning. Basic information about analysis and description of human languages and ways in which human beings use their languages to communicate with one another. Cross-listed with English. Credit 3 hours.

415 Theories of Culture. A study of theories of culture stressing the development of anthropological thought and current trends. Credit 3 hours.

Art

Minor in Art

Minor requirements:
In Art:
123 Basic Drawing
215 Painting Studio 1
236 Ceramics
Nine hours selected from:
205 Introduction to Photography
212 Stained Glass
216 Composing with Paint Programs
227 Advanced Drawing
336 Ceramics

Art Courses

Department Code: ART

103 Graphic Design. The course will cover the basic design principles of layout, color, and typography. Class time will be spent on discussions, lectures, critiques, individual meetings, and work sessions. Cross-listed with Communication. Credit 3 hours.

123 Basic Drawing. Various approaches to drawing such as contour, gesture, shading, and perspective, with the use of such tools as graphite, charcoal, ink, etc. Credit 3 hours.

205 Introduction to Photography. A study of camera, film, composition, light and lighting, flash and the principles of photojournalism as it relates to storytelling. Building a portfolio is included. Cross-listed with Communication. Credit 3 hours.

212-213 Stained Glass. A course utilizing copper foil lead techniques with multicolored glass to create traditional and innovative designs. Credit 3 hours.

215 Painting Studio 1. The practice of painting techniques. Several media such as acrylic, oil, water color, and mixed media. Credit 3 hours.

216 Composing With Paint & Draw Programs 1. The application of art, illustration and graphic design principles using paint and draw programs such as Adobe Photoshop, Adobe Illustrator and Macromedia Flash. Focus on art work for screen-based and print-based media. Cross-listed with Communication. Credit 3 hours.

221 Sculpture. Sculptural possibilities explored through disciplined application of form principles in a variety of materials ranging from paper, clay, and stone to woods, fabric, and metal-jewelry techniques. Credit 3 hours.

223 Art in the Elementary School. Lecture and workshop course. The lectures would consider the meaning of creativity in elementary education and the several stages of self-expression. The workshop portion of this course will consist of an introduction to and the use of basic art materials which might be used by the elementary teacher. Credit 3 hours.

227 Advanced Drawing. Advanced principles of drawing utilizing a variety of drawing mediums. Prerequisite: ART 123. Credit 3 hours.

Biology

See also Marine Biology.

Biology investigates life processes at the molecular, cellular, organismal, population, and ecosystem levels. Biology is a science that demands a knowledge and application of chemical, physical and mathematical principles. The study of biology helps all students to understand the nature of science and the process of scientific inquiry.

Southwestern College’s biology department offers a balanced program in field and laboratory science. Students have the opportunity to develop close working relationships with biology professors in the classroom, laboratory, and in the field.

The curriculum is inclusive of a wide range of sub-disciplines that challenges students and empowers them to acquire the concepts and scientific problem-solving skills necessary to pursue careers in research, the health professions, education, environmental science, conservation, and other related fields. It provides students with a solid foundation of biological principles and at the same time offers students of varied backgrounds the opportunity to explore specialized topics that meet their needs and interests. The biology curriculum at Southwestern College also assists in meeting specific needs of other disciplines and serves preparatory programs in secondary teaching and nursing.

A number of the courses in the curriculum focus upon the investigative nature of biology. Lectures and discussions examine the interpretation of data, experimental design, and specific readings from the scientific literature. Laboratory and field work emphasize experimentation, student designed projects, and class projects.

B.A., Major in Biology

Major requirements:
A minimum of 26 hours in Biology to include:
111 Biology 1
112 Biology 2
216 Cell Biology
230 Genetics and Evolution
461 Seminar in Biology
One of the following laboratory courses:
305 Marine Biology
306 Freshwater Biology
336 Ecology

Cognate requirements:
In Chemistry:
111 General Chemistry 1

B.S., Major in Biology

Major requirements:
At least 35 hours in Biology to include:
111 Biology 1
112 Biology 2
216 Cell Biology
230 Genetics and Evolution
461 Seminar in Biology
One of the following laboratory courses:
305 Marine Biology
306 Freshwater Biology
336 Ecology

Cognate requirements:
In Chemistry:
111 General Chemistry 1
112 General Chemistry 2
221 Organic Chemistry 1
In Mathematics:
    215 Introduction to Statistics and Probability
In Physics:
    201 College Physics 1 and 202 College Physics 1 or
    211 General Physics 1 and 212 General Physics 2

**Secondary Licensure in Biology**

**Requirements:**

In Biology:
    111 Biology 1
    112 Biology 2
    216 Cell Biology
    221 Human Anatomy and Physiology
    230 Genetics and Evolution
    336 Ecology
    461 Seminar in Biology

In Chemistry:
    111 General Chemistry 1

In Natural Sciences:
    280 History of Science

In Psychology:
    301 Human Sexuality

All requirements for Kansas teacher licensure as listed in the Education section of this catalog.

**Minor in Sustainability and Environmental Studies**

**Minor requirements:**

In Natural Science:
    201 Environmental Issues

In Sustainability and Environmental Studies:
    101 Introduction to Sustainability 1
    102 Introduction to Sustainability 2
    359 Practicum in Sustainability

Choose one course from the following:

In Natural Science:
    180 Science, Society, and the Environment

In Biology:
    112 Biology 2

Choose two courses from the following:

In Political Science:
    233 Environmental Policy

In Economics:
    334 Environmental Economics

In English:
    203 Literature and the Environment

---

**Biology Courses**

**Department Code: BIOL**

101 **Essentials of Biology.** This course is intended for non-majors, particularly those students interested in health-related fields. The focus of the course will be upon principles of biology and topics related to human biology. Potential topics include biological chemistry, cell structure, function and processes, heredity, nutrition, and human ecology. This course will not count as a biology elective for biology majors. Cannot be taken for credit if a student has passed BIOL 111. Credit 3 hours.

111 **Biology 1.** The Unity of Life. Fundamental principles of prokaryotic and eukaryotic life. An examination of life processes from the molecular to the ecological level. Lecture and laboratory. Credit 4 hours.

112 **Biology 2.** The Diversity of Life. Evolutionary diversity of eukaryotes, with an emphasis on animals and plants. Animal and plant structure and function. Lecture and laboratory. Prerequisite: BIOL 101 or 111, or consent of instructor. Credit 4 hours.

131 **Honors Biology.** The honors course will examine several selected topics in more detail that are initially presented in BIOL 111 (Biology 1). The course is intended for first-year students who are
concurrently enrolled in BIOL 111. It is an opportunity for students with strong high school science backgrounds to expand their understanding of biology as an interactive process of inquiry and investigation. The course consists of three four-week modules focusing on different topics developed in BIOL 111. Each module may include readings, problems, and projects. Prerequisite: Concurrent enrollment in BIOL 111 or consent of instructor. A composite ACT score of 26 or higher is recommended. Credit 1 hour.

216 Cell Biology. A study of structure and function at the molecular, organelle, and cellular levels of organization. The course will examine in detail the major cellular processes in eukaryotic cells. Lecture and laboratory. Prerequisites: BIOL 111 and CHEM 111, or consent of instructor. Credit 4 hours.

221 Human Anatomy and Physiology. An introduction to the structure and function of the human body. Designed for students in various fields, requiring a basic but comprehensive knowledge of human anatomy and physiology. Lecture and laboratory. Prerequisite: BIOL 101 or 111 or equivalent. Credit 5 hours.

230 Genetics and Evolution. An examination of the fundamentals of transmission, population and molecular genetics, and the principles of organic evolution. Lecture and laboratory. Prerequisite: BIOL 111 or consent of instructor. Credit 4 hours.

305 Marine Biology. An introduction to the diverse array of marine organisms and marine habitats. Examination of the ecology of oceans from the intertidal to the deep sea. Emphasis upon adaptations to environmental factors and ecological relationships. Lecture and laboratory. Prerequisite: BIOL 111 and 112, or consent of instructor. Credit 5 hours.

306 Freshwater Biology. An introduction to the biology found in streams, rivers, and lakes, and the role that biological, physical, and chemical factors play in determining the abundance and distribution of freshwater organisms. Field investigations are a significant component of the laboratory for this course, providing an opportunity to learn various techniques of sampling freshwater habitats. Lecture and laboratory. Credit 5 hours.

310 Developmental Biology. The study of patterns of development, mechanisms of cellular differentiation, and cellular interactions in development in animals and plants. Examination of the cellular, molecular, and genetic mechanisms governing these processes. Lecture and laboratory. Prerequisite: BIOL 216 or consent of instructor. Credit 5 hours.

321 Cadaver Dissection. Advanced training in gross human anatomy and dissection techniques. Students will perform selected dissections on a human cadaver specimen. Prerequisites: BIOL 221 and consent of instructor. Graded S/U. Credit 1 to 2 hours. Can be repeated for a maximum of 4 credit hours.

322 Animal Behavior. An examination of the different approaches and methodologies used to study animal behavior. Specific topics for discussion will include foraging, reproduction, parental care, communication, and sociality. Prerequisite: BIOL 111 or 112 or consent of instructor. Credit 5 hours.

325 Animal Physiology. A general and comparative examination of the major functional systems in animals. Emphasis upon regulatory mechanisms underlying physiological processes. Physiological adaptations at the cellular, molecular, and organ-system levels will be explored. Lecture and laboratory. Prerequisite: BIOL 216 or consent of instructor. Credit 5 hours.

331 Principles of Nutrition. Utilization of basic nutrients throughout the life cycle. Emphasis on community nutrition and diet therapy. Prerequisite (or concurrent enrollment): BIOL 221 or consent of instructor. Credit 3 hours.

334 Microbiology. An introduction to the study of microorganisms with emphasis on bacteria. Lecture and laboratory. Prerequisite: BIOL 111 or consent of instructor. Credit 5 hours.

336 Ecology. The relation, formation, and associations of animals and plant communities. Lecture and laboratory. Prerequisites: BIOL 111 and 112. Credit 5 hours.

352 Readings in Biology. An independent study course in the biological sciences for reading in specific and advanced fields of study. Open to students of junior/senior standing with 8 or more hours in biology. Prerequisite: Consent of instructor. Graded S/U. Credit 1 to 2 hours.

353 Problems in Biology. An independent study course in the biological sciences that utilizes one or more components of the scientific method in conducting field or laboratory research: literature review, development of methodologies, data collection, data analysis and/or the writing of a scientific paper. Open to students of junior/senior standing with 8 or more hours in biology. Prerequisite: Consent of instructor. Graded S/U. Credit 1 to 2 hours.

390 Pathophysiology. This is a foundational course in the study of physiologic and pathologic concepts of human homeostasis and alterations in homeostasis. It focuses on rationales for adaptations of human functioning to stressors and altered health states. It provides a basis for understanding alterations in
functioning imposed by disease processes so that application to understanding clinical presentations can be made. Anatomy and Physiology, Chemistry, and other supplementary science courses may provide a foundational knowledge base for this course. Prerequisite: BIOL 221. Credit 4 hours.

430 Biochemistry. An introduction to the structure and function of biomolecules. Emphasis on proteins and carbohydrates. Protein structure, enzyme kinetics, and regulation are studied as are carbohydrates and their metabolism. Structure of lipids, steroids, and nucleic acids are taught; a brief time is given to their synthesis and reactions within the cell. Prerequisites: CHEM 221 or consent of instructor. CHEM 222 recommended. Cross-listed with Chemistry. Credit 5 hours.

461 Seminar in Biology. While content will vary from year to year, the general theme of this seminar will be evolutionary biology. Credit 1 hour.

464 Senior Research. Library research, development of methodologies, data collection, data analysis, and writing of the scientific paper. Credit 3 hours.

Business Administration

The Division of Business Administration offers the bachelor of arts and bachelor of science degrees in three different major areas that include a core of foundation courses. The curriculum in these major areas reflects the current and projected needs of the global business community and will prepare graduates to address the challenges of leadership in the rapidly changing world of business. Students pursuing a major in business administration may also choose an optional area of emphasis.

Students whose major or minor is within the business administration division must earn a grade of “C” or better in each course taken within the division (ACCT, BUS, ECON) to meet graduation requirements.

Core requirements:
In Accounting:
   281 Financial Accounting
   283 Managerial Accounting
In Business:
   110 Computer Literacy
   210 Business Communications
   318 Quantitative Methods for Business
   322 Management
   393 Legal and Ethical Environment of Business
   394 Marketing
   395 Corporate Finance
   497 Business Strategy and Policy (Capstone)
In Economics:
   101 Principles of Microeconomics
   102 Principles of Macroeconomics

Cognate requirements:
In Computer Science and Digital Arts:
   320 Database Management Systems 1
In Mathematics:
   110 College Algebra
   215 Introduction to Statistics and Probability

All requirements of one major area below:

B.A., Major in Accounting

Major requirements:
In Accounting
   385 Tax Accounting
   386 Cost Accounting
   391 Intermediate Accounting 1
   392 Intermediate Accounting 2
   445 Auditing
Nine additional hours of 300-level or above of courses within the division.

**Minor in Accounting**

**Minor requirements:**
In Accounting
- 281 Financial Accounting
- 283 Managerial Accounting
- 385 Tax Accounting
- 386 Cost Accounting

Twelve additional hours of accounting courses of 300-level or above (including BUS 497)

**B.A., Major in Business Administration**

**Major Requirements:**
In Business
- 326 Investments
- 327 Consumer Behavior
- 328 Organizational Behavior
- 435 Management Decision Making

Six additional hours of 300-level or above from courses within the division.

**Optional area of emphasis:**

**Emphasis in Finance**

**Requirements:**
In Business:
- 329 Money and Banking
- 331 Risk Management

Six additional hours of 300-level or above from courses within the division not part of core curriculum or major.

**Emphasis in Management**

**Requirements:**
In Business:
- 329 Money and Banking
- 390 Operations Management

Six additional hours of 300-level or above from courses within the division not part of core curriculum or major.

**Emphasis in Marketing**

**Requirements:**
In Business:
- 315 Sales
- 432 Marketing Strategies

Six additional hours of 300-level or above from courses within the division not part of core curriculum or major.

**Minor in Business Administration**

**Minor requirements:**
In Accounting:
- 281 Financial Accounting

In Business:
- 322 Management
- 394 Marketing

In Economics:
- 101 Principles of Microeconomics

Nine additional hours of 300-level or above from courses within the division. All prerequisites for courses must be met.
Secondary Licensure in Business Education

Requirements:
In addition to the requirements for the B.A. in Business Administration major, the student will be required to satisfy all the requirements for Kansas teacher licensure as listed in the Education section of this catalog.

B.S., Major in Business and Computer Information Systems

Major requirements:
In Business:
459 Practicum (minimum 3 hours) or 460 Internship (minimum 6 hours)

Cognate requirements:
In Computer Science and Digital Arts:
112 Programming 1
211 Basic Information and Website Design
212 Programming 2
306 Visual Basic Programming
320 Database Management Systems 1
324 Computer Networks & Concepts
440 Decision Support Systems

Accounting Courses

Department Code: ACCT

281 Financial Accounting. Emphasizes basic concepts and their application in transaction analysis and financial statement preparation, and analysis of financial statements. Course procedures will include group interaction, written assignments, and written examinations. Credit 3 hours.

283 Managerial Accounting. The study of accounting in terms of management's information requirements. Emphasizes the use of accounting information to assist management in planning, analyzing and implementing business decisions and activities. Course procedures include group interaction, written assignments, completion of cases and written examinations. Prerequisite: ACCT 281. Credit 3 hours.

330 Accounting/Financial Information Systems. A study of the concepts of information systems, their design and operation and the relationship of these concepts to the economic information requirements, information flows, decision criteria and control mechanisms in the business organization. Course procedures include group interaction, written assignments, completion of cases and papers and written examinations. Prerequisite: ACCT 283. Credit 3 hours.

331 Not-for-Profit Accounting. An expansion of accounting concepts and practices relating specifically to not-for-profit and governmental entities. Course procedures include group interaction, written assignments, completion of papers and cases and written examinations. Prerequisite: ACCT 283. Credit 1 hour.

385 Tax Accounting. Emphasis will be on discussing and recognizing the major tax issues inherent in business and financial transactions. Focus will be on the fundamental concepts, the mastery of which provides a permanent frame of reference for future study of advanced tax topics. The course will stress that an understanding of taxation is not only relevant but critical to the student's success in the business world. Prerequisite: ACCT 283. Credit 3 hours.

386 Cost Accounting. The use of accounting information to assist management in planning, analyzing and operational control in contemporary business contexts. Course procedures include group interaction, written assignments, completion of papers and cases and written examinations. Prerequisite: ACCT 283. Credit 3 hours.

391 Intermediate Accounting 1. A thorough study of conceptual and technical aspects of financial accounting and reporting. Emphasizes recognition and measurement problems of income determination and balance sheet presentation. Course procedures include group interaction, written assignments, completion of papers and cases and written examinations. Prerequisite: ACCT 283. Credit 3 hours.

392 Intermediate Accounting 2. A continuation of 391. Course procedures include group interaction, written assignments, completion of papers and cases and written examinations. Prerequisite: ACCT 391. Credit 3 hours.

445 Auditing. A study of the auditor's attest function, including auditing standards and procedures, independence, legal responsibilities, codes of ethical conduct and evaluation of accounting systems.
and internal control. Course procedures include group interaction, written assignments, completion of cases and papers and written examinations. Prerequisite: ACCT 392. Credit 3 hours.

**446 Advanced Accounting.** An expansion of accounting concepts and practices relating to consolidation of statements and partnerships. Course procedures include group interaction, written assignments, completion of cases and papers and written examinations. Prerequisite: ACCT 392. Credit 3 hours.

### Business Courses

**Department Code: BUS**

**110 Computer Literacy.** Course will facilitate students' acquisition of basic computer literacy terms and concepts; provide basic understanding of what computers are and how they work; and provide sufficient knowledge about computer hardware and software enabling business students ready for decision making related to personal or organizational computer resource procurement. Students are engaged in hands-on learning of computer application software, including introductory word processing, spreadsheet, web browser, and power-point applications. Computer components, networks, security, and ethical issues will be discussed. Credit 3 hours.

**210 Business Communications.** Course focuses on audience-oriented communication in the corporate culture. Oral and written communication forms, created with a corporate audience in mind, will be practiced using PowerPoint and other visual aids. Emphasis will be on developing and demonstrating communication skills, both singularly and in groups. Course procedures include oral and written communications, group interaction in class, and group project. Cross-listed with English and Communication. Prerequisites: LAS 110 and 120. Credit 3 hours.

**220 Introduction to Sport Management.** This course is designed to provide an overview of the structure of the sports industry and to highlight the scope and variety of career opportunities in the area. The value of professional management to sports organization will also be emphasized. Attention will be given to the issues facing sport organizations and to the use of management techniques to solve business-related problems. The development of effective communication skills, both written and oral, will be emphasized through class presentations and written assignments. Cross-listed with Physical Education and Sport Studies. Credit 3 hours.

**315 Sales: The Influence Management Process.** This course is designed to examine sales as the indispensable element in the marketing mix which creates a proactive response with customers. The problem-solving approach which increases productivity and organizational effectiveness will be discussed in detail. Course procedures include oral and written communications, group interaction in class, and major presentations. Credit 3 hours.

**318 Quantitative Methods for Business.** An introduction to the quantitative reasoning required in business and economics. The course includes the study of basic algebraic functions, differential calculus, descriptive measures, sampling distributions, estimation and hypothesis testing with emphasis on applied problems in business and economics. Additional topics may include linear programming techniques, linear and multiple regression analyses and the introduction of structural modeling techniques in the solution of business problems. The coursework requires extensive research, case studies, oral and written presentations and group interaction. Prerequisites: MATH 110 and 215. Credit 3 hours.

**320 SIFE (Students in Free Enterprise).** Students will meet weekly in a common class to generate and define free enterprise educational outreach projects. Students will work outside of class to develop and implement these projects within the community. Projects must fall into one of four categories: Business and Professional Ethics, Personal Financial Success Skills, Entrepreneurship, Free Market Economics Principles. Through these project activities students will learn and apply the fundamental principles of the free enterprise system in a service learning environment. Students will have the opportunity to travel and present the effectiveness of their projects in competition against other colleges and universities. Credit 1 hour. May be repeated for credit. (Chapter in inactive status)

**321 Phi Beta Lambda (PBL).** A national organization of business students that will meet weekly in a common class to develop programs and projects that will enhance the business student's experience. Students prepare for competition in state and national conferences with other schools to expand their knowledge in areas that will help develop skills needed in business careers once they leave college. Additionally, throughout the school year students will select community projects to become actively involved in. Credit 1 hour. May be repeated for credit.

**322 Management.** Course is designed to establish a foundation of sound management skills for future business leaders. Managing communication, people, quality, and economic change will highlight this human resource development process. Course procedures include oral and written communication, group interaction, and major presentations. Credit 3 hours.
326 **Investments.** The course covers the principles of securities analysis and valuation from the perspectives of the individual and institutional investor. Emphasis is placed on portfolio theory and modern philosophies of portfolio analysis and selection. Topics include stocks, bonds, mutual funds, derivatives, international trading, and the organization and functions of the securities markets and the SEC. Credit 3 hours.

327 **Consumer Behavior.** A study of the buyer’s information acquisition, evaluation, purchasing and post-purchasing evaluation process. Emphasis is placed upon social psychological theories and their implications on the understanding and prediction of consumers’ behavior. The student will apply behavioral science concepts to the problems of planning, pricing and promotion decision. Credit 3 hours.

328 **Organizational Behavior.** Individual and work group behavior in organizations. Exercises in the dynamics of power, developing leadership, facilitating quality and change, and interpersonal communication skills will be emphasized. Course procedures include oral and written communications, group interaction in class, and a major presentation. Cross-listed with Psychology. Credit 3 hours.

329 **Money and Banking.** The course topics include the study of contemporary money and banking concepts including the role of money in the domestic and world economies, government regulation of the money supply, banking systems and the role of the Federal Reserve Bank. The course may include guest speakers, case studies, extensive research and development of oral and written presentations and group interaction. Prerequisite: ECON 102. Credit 3 hours.

330 **Real Estate.** This is an introductory course in the fundamentals of real estate including property rights, ownership, financing, brokerage, investing and home buying and selling. The course also includes a survey of the various kinds of deeds and conveyances, mortgages, liens, rentals, appraisals and other types of real estate transactions. The course will include guest speakers, extensive research requirements, oral and written presentations and group interaction. Credit 3 hours.

331 **Risk Management.** The course covers the concepts of risk and risk management, what insurance is and how it is distributed to the public, essential insurance terms and concepts, various insurance products, the importance of risk management and insurance to business and society. The course will include guest speakers, a survey of career opportunities in risk management, case studies, oral and written presentations and group interaction. Credit 3 hours.

334 **Sport Marketing.** Course is designed to develop an understanding and appreciation of the unique aspects of marketing as related to sport. Cross-listed with Physical Education and Sport Studies. Credit 3 hours.

390 **Operations Management.** The use of quantitative methods in the decision-making process. Topics include regression analysis, forecasting, linear programming, quality control and continuous improvement, and scheduling. Course procedures include quantitative methods. Prerequisites: MATH 110 and 215, or consent of instructor. Credit 3 hours.

393 **Legal and Ethical Environment of Business.** A course designed to explore the legal and ethical aspects of business and the interaction of these entities. Contracts, the uniform commercial code, liability of businesses, Federal RICO, and mail fraud statutes will be covered. Ethical issues of business will be studied using economic measures in addition to traditional ethical tools. Course procedures include oral and written communications, group interaction in class, and major presentations. Credit 3 hours.

394 **Marketing.** Product concepts, from idea to delivery to the ultimate consumer, will be examined. Also included will be pricing, promotion, distribution, and planning for the marketing effort. Emphasis on being an informed consumer included. Course procedures include oral and written communications, group interaction in class, and group project. Cross-listed with Communication. Credit 3 hours.

395 **Corporate Finance.** An introduction to the long-term and short-term investing and financing decisions required in the financial management of a business. Course procedures include quantitative methods, oral and written communications, group interaction in class, and a major presentation. Prerequisite: ACCT 281 or consent of instructor. Credit 3 hours.

420 **Business and Administrative Communication.** The study and writing of technical reports, letters, memos, resumes, progress reports, and proposals. The course will also include various functions associated with writing: organization, sentence structure, and grammar in conjunction with rhetorical theory. Cross-listed with English. Credit 3 hours.

425 **International Business.** An overview of business practices worldwide. Focus on how U.S. managers can effectively manage a business enterprise outside the U.S. Course procedures include oral and written communications, group project, and major presentation. Prerequisite: BUS 322. Credit 3 hours.
432 Marketing Strategy. The emphasis in this course is on strategic marketing analysis and planning and integration of marketing concepts into a strategic planning framework. Concepts and methods for the strategic analysis of product-market definition, segmentation, product positioning and new product planning are examples of individual subjects that are covered. The students will apply concepts to realistic marketing problems through marketing simulations and/or case studies that capture the dynamics of the marketing environment. Students will learn how to identify markets, assess company strengths and weaknesses, target market segments, analyze competition and develop specific functional strategies in such areas as product development, pricing, distribution and promotion. Prerequisites: BUS 322 and 394. Credit 3 hours.

435 Management Decision Making. This course teaches practical decision-making methodologies, aids students in identifying common pitfalls in everyday thought processes, and examines both successful and unsuccessful business leaders and the decisions that helped to determine the fate of their business endeavors. The course is taught primarily through lecture and discussion, utilizing some group work for various assignments. Credit 3 hours.

437 Professional and Business Ethics. An approach to the ethical challenges of a modern business society. The course will utilize the expertise of professionals working in the various areas of business as well as the moral reasoning of ethicists. Course procedures include oral and written communications, group interaction in class, group project, and a major presentation. Cross-listed with Philosophy. Credit 3 hours.

495 Entrepreneurship. Students will prepare a complete business plan for an organization they may wish to start. There will be emphasis on the structural, legal, and financial aspects of entrepreneurship. The course explores sources of information, common start-up problems and methods for analyzing situations for profitable entry. The course will include guest speakers, visits to existing small businesses and start-ups, case studies, and class discussions. Students will prepare oral and written presentations and engage in group activities. Extensive outside research and networking required. This class is designed to help students jump-start their careers and put their education into practice. Class should be taken within the student’s final two semesters prior to graduation. Credit 3 hours.

497 Business Strategy and Policy/Capstone. Focus on problem-solving, creative solutions, and brainstorming, using guided intuitive processes to reach group conclusions on given entrepreneurial dilemmas. Course procedures include quantitative methods, oral and written communications, group interaction in class, group project, and major presentation. Prerequisites: BUS 322, 394, 395, ACCT 281 and 283 (exceptions allowed with consent of instructor). Credit 3 hours.

Economics Courses

Department Code: ECON

101 Principles of Microeconomics. A theory- and issues-oriented approach to the study of economics. Basic economic principles and tools introduced and developed through study of important social issues including inflation, unemployment, poverty, discrimination, crime, environmental quality and other contemporary topics. Develops the economist’s approach to social problems and evaluates the contribution of economics to their solution. Course procedures include quantitative methods, oral and written communications, and group interaction in class. Credit 3 hours.

102 Principles of Macroeconomics. A theory- and issues-oriented approach to economics. Systematically develops the elementary principles of the determination of income, employment, output, economic growth, government spending, taxation, and international trade. Course procedures include quantitative methods, oral and written communications, and group interaction in class. Credit 3 hours.

317 Economic History and Economic/Business Systems. Focuses on economic history and on the institutions and practices—largely business—affecting the output and distribution of goods and services (including social services) and affecting where and how people live and work and related values, while taking into account historical, philosophical, legal, and administrative perspectives. Course procedures include oral and written communications and group interaction in class. Credit 3 hours.

334 Environmental Economics. The course emphasizes balancing our concerns for the economy and individual rights with the ecosystem and community values. Issues such as: sustainable economic growth and technology, values that drive the ecological debate, perspectives on work, leisure and philosophy of life will be addressed. The conflict between the desire for personal freedom and the need for community/global responsibilities will be rationalized by the examination of a comprehensive economic model. Credit 3 hours.
Chemists study the composition, structure, and properties of substances and the interactions between them. They search for new information about materials and look for ways to put this knowledge into practice. Southwestern College chemistry students learn chemistry by performing hands-on experiments, using modern instrumentation, and even designing their own experiments.

The major branches of chemistry are organic, inorganic, physical, analytical, and biological. The chemistry program at Southwestern College exposes students to these areas and prepares students for a number of career options. Recent graduates have accepted positions in the chemical and pharmaceutical industries, attended graduate school, and attended professional schools such as medical, dental, and pharmacy.

Employers seek motivated employees who have the ability to work independently yet can also work effectively in a group. Chemistry and biochemistry majors learn to work with other students and have the opportunity for independent study in advanced laboratories and independent research.

**B.A., Major in Chemistry**

**Major requirements:**

In Chemistry:

111 General Chemistry 1  
112 General Chemistry 2  
221 Organic Chemistry 1  
222 Organic Chemistry 2  
461 Seminar in Chemistry

Two additional courses from the following:

324 Analytical Chemistry  
345 Biophysical Chemistry  
430 Biochemistry

**Cognate requirements:**

In Mathematics:

222 Calculus 1

In Physics:

201 College Physics 1 or 211 General Physics 1

Additional courses in Biology, Physics, and Mathematics may be recommended by advisor, depending upon academic goals of student.

**B.S., Major in Biochemistry**

**Major requirements:**

In Chemistry:

111 General Chemistry 1  
112 General Chemistry 2  
221 Organic Chemistry 1  
222 Organic Chemistry 2  
324 Analytical Chemistry  
345 Biophysical Chemistry  
430 Biochemistry  
461 Seminar in Chemistry

**Cognate requirements:**

In Biology:

111 Biology 1  
230 Genetics and Evolution

In Mathematics:

222 Calculus 1
In Physics:
  211  General Physics 1
  212  General Physics 2

Secondary Licensure in Chemistry
Completion of the major requirements for the B.A. in Chemistry with CHEM 324 and CHEM 430 as the advanced electives, NSCI 280 History of Science, and completion of all requirements for Kansas teacher licensure as listed in the Education section of this catalog.

Chemistry Courses

Department Code: CHEM

101  Introduction to Chemistry. Topics to be studied include measurements, stoichiometry, electrolytes, chemical reactions, the periodic table, and acid-base chemistry. Recommended for students requiring a terminal course in chemistry or for those requiring a preparatory course for CHEM 111. This course is not open to students who have already completed 111. Credit 4 hours.

111  General Chemistry 1. Stoichiometry, periodic properties of representative elements, structure of atoms and molecules, thermal chemistry, gas laws, and properties of gases, liquids, and solids. Lecture and laboratory. Prerequisite or corequisite: MATH 110, higher math course, or consent of instructor. Credit 4 hours.

112  General Chemistry 2. Acid base chemistry, solutions, chemical equilibrium, kinetics, and aqueous equilibria. Lecture and laboratory. Prerequisite: CHEM 111 or consent of instructor. Credit 4 hours.

131  Honors General Chemistry 1. The class expands on topics presented in General Chemistry 1. It is designed as a supplement for science majors with strong high school backgrounds currently enrolled in General Chemistry 1. The course is a mixture of problem sets, discussion, and lab projects. Prerequisite: Concurrent enrollment in CHEM 111 or consent of instructor. A composite ACT score of 26 or higher is recommended. Credit 1 hour.

132  Honors General Chemistry 2. The class expands on topics presented in General Chemistry 2. It is a supplement for science majors with strong backgrounds currently enrolled in General Chemistry 2. The course is a mixture of problem sets, discussion, and lab projects. Prerequisite: Concurrent enrollment in CHEM 112 or consent of instructor. A composite ACT score of 26 or higher is recommended. Credit 1 hour.

221  Organic Chemistry 1. The functional groups found in organic chemistry, with emphasis on their structures, physical properties, and reactions (selected). Lecture and laboratory. Prerequisite: CHEM 112 or consent of instructor. Credit 5 hours.

222  Organic Chemistry 2. Mechanisms of chemical reactions, emphasizing synthesis. Introduction of instrumental analysis such as NMR, IR, and mass spectroscopy. Lecture and laboratory. Prerequisite: CHEM 221 or consent of instructor. Credit 5 hours.

324  Analytical Chemistry. A survey of modern methods of chemical analysis including titrations, equilibrium techniques, electrochemistry, spectroscopy, and separation procedures. Emphasis is given to analytical calculations. Two lecture hours and 6 laboratory hours per week. Prerequisite: CHEM 112 or consent of instructor. Credit 4 hours.

345  Biophysical Chemistry. Theoretical treatment of gases, solids, liquids and solutions, using thermodynamics, electrochemistry and reaction kinetics will be discussed. Problems will have a biochemical emphasis. Prerequisites: CHEM 112, MATH 222, and PHYS 201 or 211, or consent of instructor. Credit 3 hours.

421  Advanced Organic Chemistry. The functional groups found in Organic Chemistry are discussed with emphasis on their structures, physical properties and reactions. Mechanisms of chemical reactions emphasizing synthesis will be discussed. Use of instrumental analysis such as NMR, IR, and mass spectroscopy will be presented. Prerequisites: CHEM 221 and 222, or consent of instructor. Credit 3 hours.

430  Biochemistry. An introduction to the structure and function of biomolecules. Emphasis on proteins and carbohydrates. Protein structure, enzyme kinetics, and regulation are studied as are carbohydrates and their metabolism. Structure of lipids, steroids, and nucleic acids are taught; a brief time is given to their synthesis and reactions within the cell. Includes one laboratory per week. Prerequisites: CHEM 221 or consent of instructor. CHEM 222 recommended. Cross-listed with Biology. Credit 3 hours.

461  Seminar in Chemistry. The class will focus on the presentation of papers on current topics in chemistry. The student will develop the skills needed for researching and delivering a technical seminar. Prerequisite: Junior standing in the biochemistry major or consent of the instructor. Credit 1 hour.
464 Senior Research. Senior projects will include a literature review, development of methodologies, data collection, data analysis, and a written report. Prerequisite: Consent of instructor. Credit 3 hours.

Communication

The curriculum at Southwestern College takes into consideration the abilities and skills each student brings to the program, and offers coursework avenues uniquely suited to students with those varying skills. These avenues are referred to as emphasis areas. There are ten areas of emphasis from which to choose between the Communication major and the Computer Science and Digital Arts major—the technology version of "communication."

Students also have the option of not selecting an emphasis area, working instead with their advisor to select a unique combination of courses. No one with genuine interest need be left out of this multifaceted field.

The Communication program at SC also offers a variety of extra-curricular activities and annual activity grants up to $4,000 for prospective students with an interest in the field. The activities include the following:

- SC Newspaper: the Collegian (as well as the Collegian online and the online SC Update)
- SC Yearbook: the Moundbuilder
- KSWC “The Jinx” Radio
- SCTV
- Professional Communication
- New Media

B.A., Major in Communication

**Major requirements:**
In Communication:
- 101 Survey of Mass Communications
- 103 Graphic Design
- 110 Media Writing 1
- 250 Media Law and Ethics
- 315 Persuasion
- 410 Theories of Human Communication

**All requirements of one emphasis area below:**

**Emphasis in Communication Studies**

**Requirements:**
In Communication:
- 203 Interpersonal Communication
- 208 Critical Thinking and Argumentation
- 215 Intercultural Communication
- 303 Family Communication
- 317 Advanced Presentational Speaking
- 340 Communicating Teamwork, Leadership, and Group Communication
- 350 Communication in Pop Culture
- 395 Research Methods
- 400 Communicating the Law, Social Unrest, and Political Change
- 420 Recreating Image: Religion, Sport, Organizations, and Politics
- 450 Contemporary Issues in Communication

**Emphasis in Convergent Journalism**

**Requirements:**
In Communication:
- 111 Radio Production
- 114 Video Field Production
- 201 Media Writing 2
Majors and Course Offerings

205 Introduction to Photography
206 Digital Photography
214 Video News Production
221 Newspaper Experience (minimum 2 hours)
223 Yearbook Experience (minimum 2 hours)
231 Radio Experience (minimum 1 hour)
233 Television Experience (minimum 1 hour)
312 Visual Storytelling
321 Convergent News Experience (minimum 4 hours)
345 Desktop Publishing

Emphasis in Film Studies and Production

Requirements:
In Communication:
114 Video Field Production
205 Introduction to Photography or 206 Digital Photography
211 Introduction to the Cinema
214 Video News Production
246 History of Television
248 History of the Cinema
312 Visual Storytelling
348 Western Cinema
349 Asian Cinema
399 Screenwriting
454 Senior Project in Film

Emphasis in General Communication

Requirements:
Twenty-seven credit hours selected from within the division in coordination with a communication/computer representative.
Six additional hours from within the communication/computer science division or external to the division with advisor approval.

Emphasis in New Media

Requirements:
In Communication:
114 Video Field Production
201 Media Writing 2
206 Digital Photography
345 Desktop Publishing
346 Multimedia Authoring for CD ROM and the Web
In Computer Science and Digital Arts:
211 Basic Information and Website Design
Choose one of the following:
In Communication:
320 Advanced Website Design: Graphic Techniques or
In Computer Science and Digital Arts:
321 Advanced Website Design: Dynamic Sites; Interactivity
An additional six hours from within the communication/computer science division or external to the division with advisor approval. See the other emphases and suggested coursework.

Cognate requirements:
In English:
340 Language: Structure and Meaning
360 Advanced Composition

Emphasis in Professional Communication

Requirements:
In Communication:
203 Interpersonal Communication or 215 Intercultural Communication
205 Introduction to Photography or 206 Digital Photography or 114 Video Field Production
Majors and Course Offerings

294 Public Relations
317 Advanced Presentational Speaking
340 Communicating Teamwork, Leadership, and Group Communication
345 Desktop Publishing

In Computer Science and Digital Arts:
211 Basic Information and Website Design

Cognate requirements:

In English:
340 Language: Structure and Meaning
360 Advanced Composition or ENG/COMM 210 Business Communication
424 Professional Writing

Choose three hours from the following:
330 Creative Writing: Short Story
337 Creative Writing: Poetry
348 Creative Writing: Novella
445 Creative Writing: Nonfiction
447 Creative Writing: Genre Fiction

Students who choose professional communication as an emphasis should select a minor. The minor will allow the student to develop expertise in a career area/specialty such as medical communication, science communication, political communication, athletic communication, etc.

Students working toward a communication emphasis in professional communication are encouraged to enroll in experiential courses (two credit maximum in each area) such as: English journal, Collegian student newspaper, Moundbuilder yearbook, communication or publicity coordinator for a campus organization, assisting in the SC communications office, etc.

Emphasis in Radio and Television Production and Performance

Requirements:
In Communication:
111 Radio Production
114 Video Field Production
201 Media Writing 2
202 Oral Storytelling
214 Video News Production
231 Radio Experience (minimum three hours)
233 TV Experience (minimum three hours)
246 History of Television
248 History of the Cinema or 211 Introduction to the Cinema
312 Visual Storytelling

An additional three hours from within the communication/computer science division or external to the division with advisor approval. See the other emphases and suggested coursework.

Suggested additional coursework for all emphasis areas:
In Communication:
104 Software Lab
210 Business Communications
211 Introduction to the Cinema
213 Journalism Projects
294 Public Relations
341 Radio Management
343 Television Management
348 International Cinema: Western Culture
349 International Cinema: Asian Culture
394 Marketing
421 Journalism Management

In English:
420 Business and Administrative Communication
In History:
   132 American History since 1865
   331 19th Century U.S. History
In Psychology:
   219 Social Psychology
   328 Organizational Behavior
In Theatre:
   234 The Expressive Voice

**B.A., Major in Speech and Theatre Education**

**Major requirements:**
In Communication:
   110 Media Writing 1
   203 Interpersonal Communication
   208 Critical Thinking and Argumentation
   215 Intercultural Communication
   250 Media Law and Ethics
   315 Persuasion
   317 Advanced Presentational Speaking
   401 Debate Question Analysis and Case Construction
   410 Theories of Human Communication
Completion of Speech experience checklist

**Cognate requirements:**
In Theatre:
   111 The Theatre Experience
   115, 116, 215, 216, 315, 316, 415, 416 Goal and Career Development (min 2 credits, max 8 credits)
   224 Stagecraft
   226 Acting 1
   234 The Expressive Voice
   333 Theatre History 2
   424 Directing 1
   425 Directing 2
   454 Senior Project
Completion of Theatre experience checklist
In Education:
   438C Teaching and Directing Forensics and Debate in the Secondary Schools
   438T Teaching and Directing Theatre in the Secondary Schools

In addition to course obligations in the communication and theatre content areas, students have additional Kansas teacher licensure requirements. Consult the Education section of this catalog for information about those specific requirements. The speech and theatre education major is listed in both the communication and theatre sections of the catalog. Please look in both major areas for course descriptions specific to the major.

Note: Students majoring in computer science with an emphasis in digital arts may not minor in new media.

**Minor in Broadcasting**

**Minor requirements:**
In Communication:
   101 Survey of Mass Communications
   110 Media Writing 1
   111 Radio Production
   114 Video Field Production
   214 Video News Production
An additional two courses selected from the following:
In Communication:
   201 Media Writing 2
   246 History of Television
Minor in Communication Studies

Minor requirements:
In Communication:
- 102 Elements of Oral Communication
- 315 Persuasion
- 410 Theories of Human Communication

An additional 15 hours with approval of division advisor

Minor in Film and Television Theory, Criticism and Production

Minor requirements:
In Communication:
- 114 Video Field Production
- 211 Introduction to the Cinema
- 214 Video News Production
- 246 History of Television
- 248 History of the Cinema
- 312 Visual Storytelling

Choose one of the following international cinema courses:
- 348 International Cinema: Western Culture
- 349 International Cinema: Asian Culture

Minor in Journalism

Minor requirements:
In Communication:
- 101 Survey of Mass Communications
- 110 Media Writing 1
- 221 Newspaper Experience (3 semesters) or
- 221 Newspaper Experience (2 semesters) and
- 223 Yearbook Experience (1 semester)

An additional 12 hours selected from the following:
In Communication:
- 111 Radio Production
- 114 Video Field Production
- 201 Media Writing 2
- 205 Introduction to Photography
- 206 Digital Photography
- 214 Video News Production
- 312 Visual Storytelling
- 345 Desktop Publishing

Minor in New Media

Minor requirements:
In Communication:
- 101 Survey of Mass Communications
- 103 Graphic Design
- 234 Digital Media Experience (3 semesters)

An additional 12 hours selected from the following:
- 114 Video Field Production
- 206 Digital Photography
- 216 Composing with Paint & Draw Programs 1
- 320 Advanced Website Design: Graphic Techniques or CPTR 321 Advanced Website Design: Dynamic Sites; Interactivity
- 345 Desktop Publishing
- 346 Multimedia Authoring for CD-ROM and the Web

In Computer Science:
- 211 Basic Information and Website Design

A one-course substitution for one of the elected courses above may be made with approval of division advisor.
Communication Courses

Department Code: COMM

101 Survey of Mass Communications. A course designed to develop the student's ability to appreciate and evaluate the aesthetic, societal, and cultural functions of newspapers, magazines, advertising, film, radio and television. It will examine the nature, development, contemporary structure and influence of the mass media. Credit 3 hours.

102 Elements of Oral Communication. This course offers students an introduction to the theoretical and practical performance of effective oral communication skills. Students will learn rhetorical strategies and opportunities to aid them in improving their interpersonal, intercultural, public, and group communication skills. Credit 3 hours.

103 Graphic Design. The course will cover the basic design principles of layout, color, and typography. Class time will be spent on discussions, lectures, critiques, individual meetings, and work sessions. Cross-listed with Art. Credit 3 hours.

104 Software Lab. Hands-on learning experience with graphic, communication and code-writing software. Students are expected to be familiar and adept at all software used in the various courses they intend to take before enrolling in those courses. The software laboratory is a collegial learning opportunity in which to accomplish this. Cross-listed with Computer Science and Digital Arts. Credit 1 hour. May be repeated up to 4 credits.

110 Media Writing 1. The study of basic news gathering techniques and principles of news writing. Students will learn to write for a variety of media, purposes, and audiences. Emphasis will be on style, ethics, and accuracy. Credit 3 hours.

111 Radio Production. Academic base for students interested in broadcasting. Study of principles of production, mass media theory, FCC regulations, and the equipment at station KSWC with required participation in station programs. Credit 3 hours.

114 Video Field Production. This course focuses on the video techniques, field production principles, and story organization needed for commercial production and visual storytelling. Students work in teams on a number of video projects that address specific topics to include lighting, framing, shot selection, and non-linear editing decisions as they influence content and clarity. The course also features special effects usage. Two-dimensional animation is a learning option. Credit 3 hours.

201 Media Writing 2. Advanced approach to news gathering, reporting, and writing techniques, including feature, editorial/op-ed, reviews, and investigative writing. Course will also examine legal issues affecting news reporters as well as situations requiring ethical decisions leading students to the development of a Professional Code of Standards and Ethics. Prerequisite: COMM 110 or consent of instructor. Credit 3 hours.

202 Oral Storytelling. A course designed for students in disciplines where they are required to regularly read material (prose, poetry or non-fiction) before individuals, groups or the mass media. It is ideal for broadcasting majors, writers and teachers. Students will learn the basics of textual analysis (understanding that almost everything written contains a story) and how they can best communicate that experience to an audience. Credit 3 hours.

203 Interpersonal Communication. Introductory study of communication between people and in relationships. Stresses awareness of how one’s communication behavior influences and is influenced by others and provides methods of improving interpersonal interactions. Credit 3 hours.

205 Introduction to Photography. A study of camera, film, composition, light and lighting, flash and the principles of photojournalism as it relates to storytelling. Building a portfolio is included. Cross-listed with Art. Credit 3 hours.

208 Critical Thinking and Argumentation. Students enrolled in this course will learn the theoretical principles of critical thinking and argument as they apply to interpersonal, organizational, public and political concerns. Students will be guided in subject analysis, data gathering, evidence building, and evaluation of critical arguments. Credit 3 hours.

210 Business Communications. Course focuses on audience-oriented communication in the corporate culture. Oral and written communication forms, created with a corporate audience in mind, will be practiced using PowerPoint and other visual aids. Emphasis will be on developing and demonstrating communication skills, both singularly and in groups. Course procedures include oral and written communications, group interaction in class, and group project. Cross-listed with Business and English. Prerequisites: LAS 110 and 120. Credit 3 hours.
211  **Introduction to the Cinema.** A study of the five technical elements that are involved in film: cinematography and visual editing, sound acquisition and music insertion, scriptwriting, performance, and the role of the director in pulling all this together. The course examines motion picture themes as a rhetorical communication medium, artistic expression, as well as a reflection of social and cultural thought. In each area of study, students will practice and improve their skills in creative and critical viewing. Credit 3 hours.

213  **Journalism Projects.** Participation in production of newspaper or yearbook. The student will become proficient in a particular aspect of print publication such as layout, feature writing, or photography. Prerequisite: Consent of instructor. Credit 2 hours. May be repeated for credit.

214  **Video News Production.** This course focuses on the video techniques, field production principles, and story organization needed for televised journalism. Students work in teams on a number of campus news stories. Convergence with print and other journalism venues on campus is stressed. Specific topics include lighting, framing, shot selection, and non-linear editing decisions as they influence content and clarity. Prerequisite: COMM 114 or consent of instructor. Credit 3 hours.

215  **Intercultural Communication.** An investigation of the similarities and differences of communication patterns of various cultures. Examination of the values and cultural norms that inform and influence a culture’s communication. Credit 3 hours.

216  **Composing With Paint & Draw Programs 1.** The application of art, illustration and graphic design principles using paint and draw programs such as Adobe Photoshop, Adobe Illustrator and Macromedia Flash. Focus on art work for screen-based and print-based media. Cross-listed with Art. Credit 3 hours.

220  **Interactive Story Telling.** This course explores ”live” story creation and oral delivery for interaction with live audiences, or as a model for interactive media such as computer games. Particular emphasis will be placed upon character-based (as opposed to plot-based) story creation and identifying parallels to the theory and practice of written stories. Traditional and emerging means for accomplishing successful interactivity will be explored. Cross-listed with English. Credit 3 hours.

221  **Newspaper Experience.** Practical experience in working on staff of campus newspaper. Prerequisite: 2.0 GPA. Course graded S/U. Credit 1 hour. May be repeated for credit.

223  **Yearbook Experience.** Practical experience in working on staff of campus yearbook. Prerequisite: 2.0 GPA. Course graded S/U. Credit 1 hour. May be repeated for credit.

231  **Radio Experience.** Practical experience on air at KSWC-FM. Enrollment contingent on shift availability. Prerequisite: 2.0 GPA and consent of instructor. Course graded S/U. Credit 1 hour. May be repeated for credit.

233  **Television Experience.** Practical emphasis for communication majors in television production with experience in preparing videotaped shows and features. Prerequisite: 2.0 GPA and consent of instructor. Course graded S/U. Credit 1 hour. May be repeated for credit.

234  **Digital Media Experience.** Practical application of New Media/Digital Arts knowledge and skills. Projects include but are not limited to video features, Websites, CD-ROMS, computer games. Cross-listed with Computer Science and Digital Arts. Prerequisite: 2.0 GPA and consent of instructor. Course graded S/U. Credit 1 hour. May be repeated for credit.

246  **History of Television.** An examination of social issues as explored through various television genres. Course may also explore news coverage of events and contemporary problems with television programming. Intended for non-majors as well as Communication majors. Credit 3 hours.

248  **History of the Cinema.** The history of visual storytelling. This course examines the development of cinematography technology (camera, film, lighting, editing, sound) with an emphasis on techniques of video-only storytelling by such masters as the Lumiere Brothers (cinematography), Georges Melies (special effects), Sergei Eisenstein (montage), D.W. Griffith, Charles Chaplin, and Buster Keaton. The course also examines early attempts at sound acquisition and editing. It will culminate in a comprehensive analysis of what is critically considered to be the greatest American film: Citizen Kane. Credit 3 hours.

250  **Media Law and Ethics.** This course will introduce students to the major legal, ethical, and policy issues related to the mass media. This will be done by exposing students to primary documents and cases as well as to methods of analysis. Upon completion, students should be able to explain in broad context existing media law and policy and be able to critique and analyze future laws and policies. Students should also be able to articulate the ethical issues that are relevant to media conduct. Credit 3 hours.

294  **Public Relations.** Students will explore the major concepts and strategies of public relations for business and other organizations. Credit 3 hours.
303 Family Communications. This course facilitates understanding of the major theories and concepts in the study of communication phenomena in family relationships and extends the basic concepts of family relationships discussed in the Interpersonal Communication course. Emphasis is placed on critical analysis of communication research into the family context. An important goal of this class is to foster students' insight into their own experience of family and to enable students to apply course-related concepts to their family relationships. Prerequisite: COMM 203. Credit 3 hours.

312 Visual Storytelling. This course focuses on visual storytelling with strong production values using state-of-the-art shooting and editing stations. Students will create a project in one of the following areas: Video Essay, Still Photography, Animation (cartoon or stop motion), Original Short Fictional Feature, Short News Documentary, or Video Profile, with a view toward entry in regional or national competitions. Prerequisite: COMM 114 or consent of instructor. Credit 3 hours.

315 Persuasion. A study of persuasive communication and the techniques that motivate persons to act or believe in a particular way. A variety of persuasive rhetorical theories will be discussed as tools for persuasion. Credit 3 hours.

317 Advanced Presentational Speaking. This is an advanced course in the theory and application of public speaking in a variety of contexts and situations. Students will demonstrate an advanced level of understanding of how to engage audiences more effectively by using critical thinking, audience analysis, organization, technological and delivery skills. Prerequisite: COMM 102 or consent of instructor. Credit 3 hours.

320 Advanced Website Design: Graphic Techniques. This course builds upon the planning and design principles in CPTR 211, extending site effectiveness through the use of advanced graphic techniques. Prerequisite: CPTR 211. Credit 3 hours.

321 Convergent News Experience. Practical experience in working on staff of campus newspaper, television news, and radio news. Prerequisite: Consent of instructor. Course graded S/U. Credit 2 hours. May be repeated for credit.

325 Convergent Media News. Through repeated enrollments, students will learn to consult among the whole editorial staff of all media to assist in productions in Audio, Video, Print, and Web, that, while perhaps strongest in a given medium, can be modified to fit various other media. Students will learn to work with and profit by the insights of other students in other media. Prerequisite: Consent of instructor. Credit 1 to 2 hours. May be repeated for credit.

340 Communicating Teamwork, Leadership, and Group Communication. This course emphasizes that developing good communication skills are essential to effective leadership and group work. This course will study the interpersonal, intercultural, and rhetorical communication practices within businesses, large private or nonprofit associations, larger community groups, and governments. Students will also practically apply communication theories in leadership and group activities. Credit 3 hours.

341 Radio Management. Learning and practical application of management and supervisory skills for KSWC. Available only to radio management staff. Prerequisite: Consent of instructor. Graded S/U. Credit 2 hours. May be repeated for credit.

343 Television Management. Learning and practical application of management and supervisory skills for television production. Available only to television management staff. Prerequisite: Consent of instructor. Course graded S/U. Credit 2 hours. May be repeated for credit.

345 Desktop Publishing. A course in the creation of print media communication products using industry-standard software such as Quark Express. Focus will be on professional standards, consistency of design with theme/objective, and creativity in communication. Students will create flyers, brochures, newsletters, advertising layouts, and other printed products. Credit 3 hours.

346 Multimedia Authoring for CD-ROM and the Web. A course in the creation of interactive productions for CD-ROM using Macromedia Director. Students learn to create gaming, informational, and presentational interactivity without the bandwidth restrictions imposed by the Internet. Certain of these same productions are then revised for use on the Internet through Director’s Shockwave software. Cross-listed with Computer Science and Digital Arts. Credit 3 hours.

348 International Cinema: Western Culture. An examination of the foreign film from traditional western cultures to include, among others, France, Spain, Mexico, Scandinavia, Italy, Greece, Germany, Russia, Australia, and New Zealand. Students will study the major trends and styles of cinema and how national identity and customs are reflected in those films. Course is designed to give global perspective to non-majors as well as majors. Credit 3 hours.
349 International Cinema: Asian Culture. An examination of the foreign film from traditional eastern cultures to include, among others, Japan, China, Hong Kong, India, Korea, Vietnam, and Taiwan. Students will study the major trends and styles of cinema and how national identity and customs are reflected in those films. Course is designed to give global perspective to non-majors as well as majors. Credit 3 hours.

350 Communication in Pop Culture. This course explores the idea that popular culture is the dominant persuasive, rhetorical influence in most people's lives today. The premise of this course is that communication should be viewed as a social function of managing meaning—a function with many complex manifestations. In this course, students will apply specific communication theoretical frameworks to popular culture. Credit 3 hours.

362 Experience in Public Relations. A practical, hands-on experience with the Southwestern College Communications Office, under the supervision of the office staff. Prerequisite: Consent of instructor. Credit 3 hours.

394 Marketing. Product concepts, from idea to delivery to the ultimate consumer, will be examined. Also included will be pricing, promotion, distribution, and planning for the marketing effort. Emphasis on being an informed consumer included. Course procedures include oral and written communications, group interaction in class, and group project. Cross-listed with Business. Credit 3 hours.

395 Research Methods. This course teaches students the basic research methods used for studying communication examining research methods applicable to the study of communication problems, processes, contexts, and artifacts. Students enrolled in this course will develop the ability to independently conduct undergraduate communication research. Credit 2 hours.

399 Screenwriting. A study of the principles and practices in writing an original script for film and television. Course offered on demand for students with Film Production emphasis only. Prerequisite: Consent of instructor. Credit 3 hours.

400 Communicating the Law, Social Unrest, and Political Change. This course studies the contemporary and conventional theories of communication (discourse, language, argumentation, narrative, dramatism, and games) along with fundamental legal principles, procedures and protocols through one or more of the communication lenses previously discussed, students will examine and analyze the communication dynamics and how such communication perspectives broadens the understanding of social agendas. Credit 3 hours.

401 Debate Question Analysis and Case Construction. This course is designed to acquaint students with critical analysis and case construction of debate questions including high school and intercollegiate organizations. Special emphasis is placed on case construction and analysis in a workshop setting. Prerequisite: COMM 102, 208, or consent of instructor. Credit 3 hours.

410 Theories of Human Communication. The focus of this course includes an overview of current and historical theories and research in the major sub-fields of human communication. Prerequisite: COMM 102 or consent of instructor. Credit 3 hours.

420 Recreating Image: Religion, Sport, Organizations, and Politics. On occasion, public celebrities, corporations, institutions and government agencies commit blunders that damage their credibility. They will employ a communication strategist to help them communicate strategically to restore their image and regain public trust. In this course, students will study various communication strategies used to persuade the public in defensive campaigns to restore public trust and restore public image. Students will apply communication image management theories and create a communication restoration campaign. Credit 3 hours.

421-422 Journalism Management. Available only to chief editors of The Collegian and The Moundbuilder. Course graded S/U. Credit 2 hours. May be repeated for credit.

450 Contemporary Issues in Communication. This course examines contemporary communication problems: significant speeches, social, international affairs, race, gender, and technology, this course attempts to develop a rhetorical appreciation for how communication influences contemporary social contexts. Credit 3 hours.

454 Senior Project in Film. Student will prepare a brief video feature. Course offered on demand. Prerequisite: Consent of instructor. Credit 3 hours.

Computer Science and Digital Arts

The computer science and digital arts major includes coursework in computer science, digital arts, and video game development. It is also closely allied with elements in the communication major such as traditional media, journalism, new media, speech, and
communication arts. The curriculum takes into consideration the abilities and skills each student brings to the program, and offers coursework avenues uniquely suited to students with those varying skills. These avenues are referred to as emphasis areas. There are three areas of emphasis from which to choose. No one with genuine interest need be left out of this multifaceted field. The computer science program also offers a variety of extra-curricular activities and annual activity grants up to $4,000 for prospective students with an interest in the field. The activities include the following:

- New Media
- SC Newspaper: the *Collegian* (as well as the *Collegian* online and the online SC Update)
- SC Yearbook: the *Moundbuilder*
- KSWC “The Jinx” Radio
- SCTV
- Professional Communication

**B.S., Major in Computer Science and Digital Arts**

**Major requirements:**
In Computer Science and Digital Arts:
110 Introduction to Computer Systems

**Cognate requirements:**
In Communication:
315 Persuasion
In English/Business:
210 Business Communications, *or*
420 Business and Administrative Communication

**All requirements of one emphasis area below:**

**Emphasis in Computer Game Development**

**Requirements:**
In Computer Science and Digital Arts:
200 Computer Game Concepts (minimum six hours)
205 Computer Game Planning and Production (minimum 12 hours)
Completion of the courses under one of the following:

**Game/Level Design:**
In Computer Science and Digital Arts/Communication:
346 Multimedia Authoring for CD-ROM and the Web
In Business:
394 Marketing
In English/Communication:
220 Interactive Story Telling
In Psychology:
112 General Psychology
In Social Science:
101 Introduction to Leadership
In Theatre Arts:
Two hours in 112/113/212 and/or 117/118/217

*Choose one of the following:*
In Business:
322 Management *or*
In Social Science:
206 Leadership and Ethical World Views

**Image and Sound Design:**
In Computer Science and Digital Arts:
220 Digital Sound
240 3D Modeling and Animation 1
250 3D Modeling and Animation 2
350 3D Modeling and Animation 3
In Communication/Art:
   103 Graphic Design
   216 Composing With Paint & Draw Programs 1
In Music:
   111 Foundations in Music

Software Design:
In Computer Science and Digital Arts:
   112 Programming 1
   212 Programming 2
In Computer Science and Digital Arts/Communication:
   346 Multimedia Authoring for CD-ROM and the Web
In Mathematics:
   110 College Algebra
   112 Trigonometry
   319 Linear Algebra
In Physics:
   201 College Physics 1

**Emphasis in Computer Science**

**Requirements:**
In Computer Science and Digital Arts:
   112 Programming 1
   212 Programming 2
   310 Theory of Programming Languages
   320 Database Management Systems 1
   324 Computer Networks & Concepts
   341 Operating Systems
   345 Software Engineering or 453 Analysis of Algorithm (graduate school intention)
   452 Automata Theory
   454 Senior Project and Seminar

**Cognate Requirements:**
In Mathematics:
   222 Calculus 1
   223 Calculus 2
   319 Linear Algebra
   320 Introduction to Advanced Mathematics

**Suggested Electives:**
In Computer Science and Digital Arts:
   211 Basic Information and Website Design
   306 Visual Basic Programming
   315 Java Programming
   321 Advanced Website Design: Dynamic Sites; Interactivity
   334 Management Information Systems
   415 Systems Architecture
   430 Introduction to Artificial Intelligence
   475 Database Management Systems 2
   440 Decision Support Systems

**Emphasis in Digital Arts**

**Requirements:**
In Computer Science and Digital Arts:
   211 Basic Information and Website Design
   345 Desktop Publishing
In Art:
   103 Graphic Design
   123 Basic Drawing
   215 Painting Studio 1
   216 Composing With Paint & Draw Programs 1
   316 Composing With Paint & Draw Programs 2
In Communication:
   206 Digital Photography
   346 Multimedia Authoring for CD-ROM and the Web

Choose one of the following:
In Communication:
   320 Advanced Website Design: Graphic Techniques
In Computer Science and Digital Arts:
   321 Advanced Website Design: Dynamic Sites; Interactivity

Choose one of the following:
In Communication:
   214 Video News Production
In Computer Science and Digital Arts:
   240 3D Modeling & Animation 1

Choose one of the following:
In Communication:
   114 Video Field Production
In Computer Science and Digital Arts:
   250 3D Modeling & Animation 2

Students majoring in computer science with an emphasis in digital arts may not minor in new media (a communication area of study).

Minor in Computer Game Development

Minor requirements:
In Computer Science and Digital Arts:
   200 Computer Game Concepts (minimum three hours)
   205 Computer Game Planning and Production (minimum six hours)
Completion of the courses under one of the following:

Image and Sound Design:
In Computer Science and Digital Arts:
   220 Digital sound
   240 3D Modeling and Animation 1
   250 3D Modeling and Animation 2
In Communication/Art:
   103 Graphic Design

Game/Level Design:
In Computer Science and Digital Arts/Communication:
   346 Multimedia Authoring for CD ROM and the Web
In Business:
   394 Marketing
In English/Communication:
   220 Interactive Story Telling
In Psychology:
   112 General Psychology

Software Design:
In Computer Science and Digital Arts:
   112 Programming 1
   212 Programming 2 or
   346 Multimedia Authoring for CD ROM and the Web
In Mathematics:
   110 College Algebra
In Physics:
   201 College Physics 1

Minor in Computer Science

Minor requirements:
In Computer Science and Digital Arts:
   110 Introduction to Computer Systems
   112 Programming 1
   212 Programming 2
Two additional three-credit computer courses

**Computer Science and Digital Arts Courses**

**Department Code: CPTR**

104 **Software Lab.** Hands-on learning experience with graphic, communication, and code-writing software. Students are expected to be familiar and adept at all software used in the various courses they intend to take before enrolling in those courses. The software laboratory is a collegial learning opportunity in which to accomplish this. Cross-listed with Communication. Credit 1 hour. May be repeated up to 4 credits.

110 **Introduction to Computer Systems.** An introduction to the core functions of computer systems and Computer Science as a field and career. Course will cover data representation and management in computer systems, operating systems, networks, programming, databases, and artificial intelligence. Students will also be introduced to applications of and cutting-edge developments in those areas. Credit 3 hours.

112 **Programming 1.** Introduces students to the use of computers as a problem-solving tool. Programming techniques and methodologies are covered. This includes the design, coding, and execution of structured and object-oriented programming. The topics covered: C++ basics, procedural abstraction, functions, I/O streams, objects and classes. Prerequisite: MATH 110 or higher level math course. Credit 3 hours.

200 **Computer Game Concepts.** A forum in which the topics are free-ranging. Periodically students will sifting through the topics discussed to see if anything presents fertile ground for a game premise. Participation needs to be based upon simple opinion/observation in some cases and upon research and structured brainstorming in others. Credit 1 hour. May be repeated for credit.

205 **Computer Game Planning and Production.** Students in this course study games and the game development process. They also evaluate the premises presented to them by the Game Concepts class and select one or more to prototype and playtest. Credit 2 hours. May be repeated for credit.

211 **Basic Information and Website Design.** An introduction to Website creation. Students will learn the planning process, to include information design, and the creation of sites using WYSIWYG editors such as Dreamweaver, and HTML. Prerequisite: COMM or ART 103 or consent of instructor. Credit 3 hours.

212 **Programming 2.** Object-oriented programming (OOP), data structures (list, stack, queue, tree, graph), and fundamental algorithms will be covered in this class. The primary language used for instruction is C++. Prerequisites: CPTR 110 and 112. Credit 3 hours.

220 **Digital Sound.** This course will explore the use of computer software to create digital music and sound effects. Software such as Cakewalk Project 5 will enable students to create and use audio synthesizing workstations. Prerequisite: Consent of instructor. Credit 3 hours.

234 **Digital Media Experience.** Practical application of New Media/Digital Arts knowledge and skills. Projects include but are not limited to video features, Websites, CD-ROMs, and computer games. Cross-listed with Communication. Prerequisite: 2.0 GPA and consent of instructor. Course is graded S/U. Credit 1 hour. May be repeated for credit.

240 **3D Modeling and Animation 1.** Probable topics for this course include the 3DMax interface layout, creation tools with primitives and 2D shapes, lofting, and basic modifiers along with scene set up. Simple lighting, camera and materials will enhance student renders and animations. Prerequisite: Consent of instructor. Credit 3 hours.

250 **3D Modeling and Animation 2.** Probable areas of study include in-depth renders and animations using complex modifiers, lofting, space wars, and particle systems; creating low-polygon characters and objects for gaming; advanced lighting, camera and material creation methods along with detailed rendering options for enhanced realism. Prerequisite: CPTR 240. Credit 3 hours.

306 **Visual Basic Programming.** An introduction to interactive computing and the high-level language capability of the personal computer. Development of the user interface, OOP and event driven programming techniques, and program design. Prerequisite: CPTR 112. Credit 3 hours.

310 **Theory of Programming Languages.** History and overview of programming languages, virtual machines, and representation of data types; sequence control; data control, sharing and type checking; run-time storage management; language translation systems; programming language semantics; programming paradigms. Prerequisite: CPTR 212. Credit 3 hours.

315 **Java Programming.** This course is an extensive exposure to object-oriented programming using Java programming language. Course will focus on Java-specific syntax, object oriented analysis and design, stand alone applications, as well as programs that run over the Internet. Upon completing the course
320 Database Management Systems 1. This will cover the concepts of successful commercial-level database design. It will include these topics: data models, three schema architecture, entity-relationship model, enhanced ER diagram, relational model concepts, relational algebra and calculus, SQL, functional dependencies. Prerequisite: CPTR 212. Credit 3 hours.

321 Advanced Website Design: Dynamic Sites; Interactivity. This course builds upon the planning and design principles in CPTR 211, extending site effectiveness through the use of databases and other methods of interactivity. Prerequisite: CPTR 211. Credit 3 hours.

324 Computer Networks & Concepts. This course will introduce computer network concepts. It will include communication models, signals, digital transmission systems, packet switching, multiplexing, TCP/IP protocol suite, Internet application protocols. Prerequisites: CPTR 212; MATH 223 or consent of instructor. Credit 3 hours.

334 Management Information Systems. Evaluation of different types of software and their application in organizations. Emphasis on practical skills, spreadsheet modeling, and database design. Techniques for developing systems responsive to managerial needs. Credit 3 hours.

341 Operating Systems. This course will cover the concepts, structures, and functionalities of operating systems. It will include process management, memory management, scheduling, file management, multiprocessor scheduling, threads, deadlocks, and starvation. Prerequisites: CPTR 212 and MATH 319. Credit 3 hours.

345 Software Engineering. This course will study systems development life cycles through project implementation and evaluation, and life cycle models such as waterfall. Prerequisite: CPTR 212. Credit 3 hours.

346 Multimedia Authoring for CD-ROM and the Web. A course in the creation of interactive productions for CD-ROM using Macromedia Director. Students learn to create gaming, informational, and presentational interactivity without the bandwidth restrictions imposed by the Internet. Certain of these same productions are then revised for use on the Internet through Director’s Shockwave software. Cross-listed with Communication. Credit 3 hours.

350 3D Modeling and Animation 3. A continuation of CPTR 250. Prerequisite: CPTR 250. Credit 3 hours.

415 Systems Architecture. Covers concepts involved in computer hardware and software design including data representation, processor technology, data storage technology, system performance, operating systems, file management systems and system administration. Prerequisite: CPTR 212. Credit 3 hours.

430 Introduction to Artificial Intelligence. Basic concepts about Artificial Intelligence. Topics include: recursive problem solving, knowledge representation using semantic networks and frames, state space search methods, planning and problem solving, game playing and adversarial search methods, rules and production system, constraint satisfaction techniques and applications, optimization algorithms including genetic algorithms, and logic programming. Prerequisites: CPTR 212 and MATH 222. Credit 3 hours.

440 Decision Support Systems. A study of how systems can be used to support executive, non-structured, non-repetitive decisions. The emphasis will be to provide the right data, in the correct form, with executive execution potential. This course extends databases into data warehousing, suitable for mining by non-technical personnel. The study will be supported by a broad-based study of decision-making methods and its importance in both organizations and society. Credit 3 hours.

452 Automata Theory. Introduction to finite automata and regular expressions, context-free grammars, pushdown automata, Turing machines, hierarchy of formal languages and automata, and computability and decidability. Prerequisites: CPTR 212 and MATH 320. Credit 3 hours.

453 Analysis of Algorithm. This course focuses on running time of algorithms, recurrences, sorting, binary search trees, hash tables, and dynamic programming. Prerequisites: CPTR 212 and MATH 320. Credit 3 hours.

454 Senior Project and Seminar. Working with a professional mentor, the student will design, execute and manage a project involving computer technology. This project may include hardware, software and assessing the impact upon people and systems. The goal of this course is to provide students with professional experience. Three main objectives of this course are technical accomplishment, execution of a commercial-level project, and effective communication. Credit 3 hours.

459 Practicum in Computer Science. An intensive applied learning experience that involves the analyzing and solving of a significant practical problem, and providing appropriate documentation of the work done. Prerequisite: Submission of required paperwork to registrar’s office. Credit 1 to 5 hours.
475 Database Management Systems 2. Functional dependencies, normalization, query optimization, concurrency control, object-oriented database, and database security. Prerequisite: CPTR 320. Credit 3 hours.

Dance

Dance Courses

<table>
<thead>
<tr>
<th>Course</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>130 Jazz 1.</td>
<td>Teaches basic jazz movements and terminology. Step, ball change, chase, hinge, jazz walk, and jazz squares will be covered. Builds repertoire and provides students with audition and performance techniques. Credit 1 hour.</td>
</tr>
<tr>
<td>131 Tap 1.</td>
<td>Teaches basic tap movements/sounds and vocabulary. Explores creation of different sounds. Shuffles, flaps, toe, heel, scuffs, and ball change will be mastered. Credit 1 hour.</td>
</tr>
<tr>
<td>132 Musical Theatre.</td>
<td>Teaches application of ballet, tap, and jazz skills. A small musical theatre production will be created and performed by students. Credit 1 hour. May be repeated for credit.</td>
</tr>
<tr>
<td>133 Ballet 1.</td>
<td>Teaches basic ballet movements and terminology, providing a foundation for all movement and dance. Posture and placement, positions of the feet, correct technique at the barre, and a variety of battements will be emphasized. Credit 1 hour.</td>
</tr>
<tr>
<td>134 Dance Team.</td>
<td>Designed for Dance Team members. Application and practice of technique and skills relating to team performance. Disciplines reviewed are jazz, hip hop, pompon, and novelty. Group managed as an ensemble. Credit 1 hour. May be repeated for credit.</td>
</tr>
<tr>
<td>230 Jazz 2.</td>
<td>A continuation of DANC 130 involving broadening the movement studied and increasing terminology. Pivot steps and turns, pencil turns, triplettes, and turns will be emphasized. Prerequisite: DANC 130 or consent of instructor. Credit 1 hour.</td>
</tr>
<tr>
<td>231 Tap 2.</td>
<td>A continuation of DANC 131 involving broadening movements and vocabulary. Different techniques of sound creation will be explored. Running flaps, buffalo, maxie ford, simple time steps, grapevine, and paddle turns will be emphasized. Prerequisite: DANC 131 or consent of instructor. Credit 1 hour.</td>
</tr>
<tr>
<td>233 Ballet 2.</td>
<td>A continuation of DANC 133 involving broadening the movement studied and terminology. An introduction to center floor work and adage, epaulement, temps lie, linking steps, attitudes and arabesques will be emphasized. Prerequisite: DANC 133 or consent of instructor. Credit 1 hour.</td>
</tr>
<tr>
<td>330 Jazz 3.</td>
<td>A continuation of DANC 230 involving more complex movement, terminology, and combinations. Axle turns, leaps, lay outs, twists, and gran jetes will be emphasized. Prerequisite: DANC 230 or consent of instructor. Credit 1 hour.</td>
</tr>
<tr>
<td>331 Tap 3.</td>
<td>A continuation of DANC 231 involving more complex movement and sound creation. Front and back essences, riffs, triples, quadruples, pickups, turns, and drawbacks will be emphasized. Prerequisite: DANC 231 or consent of instructor. Credit 1 hour.</td>
</tr>
<tr>
<td>333 Ballet 3.</td>
<td>A continuation of DANC 233 involving more complex movement, terminology, and combinations. Demi-fouettes, pirouettes, piques, en dedens and en dehors turns will be emphasized. Prerequisite: DANC 233 or consent of instructor. Credit 1 hour.</td>
</tr>
<tr>
<td>430 Jazz 4.</td>
<td>A continuation of DANC 330 involving a higher degree of difficulty in skills and technique. Knee slides, knee turns, switch leaps, and switch center will be emphasized. Choreography experience. Prerequisite: DANC 330 or consent of instructor. Credit 1 hour.</td>
</tr>
<tr>
<td>431 Tap 4.</td>
<td>A continuation of DANC 331 involving a higher degree of difficulty in skills and technique. Wings, bombershays, toe stands, slaps, and crossover combinations. Choreography experience. Prerequisite: DANC 331 or consent of instructor. Credit 1 hour.</td>
</tr>
<tr>
<td>433 Ballet 4.</td>
<td>A continuation of DANC 333 involving a higher degree of difficulty in skills and technique. Tour jetes, cabrioles, saut be basque, contretemps, and brise will be emphasized. Choreography experience. Prerequisite: DANC 333 or consent of instructor. Credit 1 hour.</td>
</tr>

</table>

Education

The Southwestern College teacher education program is a student-centered learning community dedicated to optimal intellectual growth, preparation for leadership in the field of education, personal development, ethical values, and lifelong service in a world beyond cultural
The goals of teacher education program are in the Conceptual Framework. This states that the professional educator will:
1. possess wisdom of practice;
2. have the ability to facilitate student learning;
3. have the ability to interact effectively;
4. have the ability to reflect.

The teacher education program has an undergraduate curriculum with the following components: the elementary education major, the early childhood major, professional course sequence for both elementary and secondary education majors, and the clinical field experience sequence for early childhood, elementary, and secondary education majors.

**Admission to the Teacher Education Program**

Students seeking admission to the teacher education program must first demonstrate their readiness by completing the following academic and program requirements:
- PSYC 112 General Psychology with grade of “C” or better.
- EDUC 218 Developmental Psychology with grade of “C” or better.
- Sophomore standing with a GPA of at least 2.5.
- Demonstration of communication skills by completion of LAS 110 College English 1, LAS 120 College English 2, and COMM 102 Elements of Oral Communication with at least a 2.5 cumulative GPA in the three courses.
- Successful completion of Pre-Professional Skills Test (PPST) with scores that meet or exceed program requirements in the Reading (173), Math (172), and Writing (172) sections.
- EDUC 150 Introduction to Education with grade of “C” or better.
- EDUC 215 Foundations of Education with grade of “C” or better.
- Submission of formal application to Teacher Education Committee.
- Successful completion of peer jury or Initial Teacher Interview.

**Admission for Transfer Students**

1. Transfer credit must meet the requirements and program expectations listed above, including GPA requirements. All transfer credits specific to the major must be a “C” or better.
2. Successful completion of Pre-Professional Skills Tests (PPST) with scores that meet or exceed program requirements in the Reading (173), Math (172), and Writing (172) sections.
3. Articulation of additional pre-professional credit as determined by the director of teacher education and the registrar or designees.
4. Submission of formal application to Teacher Education Committee.
5. Successful completion of peer jury or Initial Teacher Interview.

**Licensure Program**

A student with bachelor/master degree(s) who seeks a teaching license must complete all KSDE approved program requirements, which can lead to a recommendation for a teaching license. The KSDE approved and NCATE accredited Teacher Education Program offered by Southwestern College provides study and practice of the essential knowledge, skills, and dispositions for obtaining a teaching license. In addition to successfully completing the program of study, each student is required to take and pass one or more KSDE identified licensure exam(s) at or above the level of performance specified by KSDE. With successful completion of the teacher education program of study as well as passing the required licensure exam(s), Southwestern College will be able to recommend the successful student for a specific teaching license or endorsement.

**Teacher Education Handbook**

For additional information concerning the Southwestern College teacher education program, students should refer to the Teacher Education Handbook, available in the education department.
Kansas Teacher Competency Tests: Praxis II
The Kansas Legislature has mandated that all teacher licensure candidates demonstrate content knowledge and teaching knowledge prior to Kansas Teacher Licensure. Students must pass the content exam (passing scores vary from exam to exam), as well as the Principles of Learning and Teaching test (PLT) with a score of 161 or higher. This test is given periodically at various Kansas testing centers. Students are responsible for arranging to be tested before applying for state licensure.

Secondary Education Licensure
Kansas teacher licensure at the secondary level is available in the following subject areas:
- American History, World History, and Political Science (see requirements under History)
- Biology (see requirements under Biology)
- Business (see requirements under Business)
- Chemistry (see requirements under Chemistry)
- English (see requirements under English)
- Mathematics (secondary, middle level; see requirements under Mathematics)
- Music (P-12; see requirements under Music)
- Physical Education (P-12; see requirements under Physical Education and Sport Studies)
- Speech/Theatre (see requirements under Communication or Theatre)

General Program Requirements Toward Licensure
The program requires 33 semester hours of general education courses, including:
- In Mathematics: 110 College Algebra, or higher

Professional Requirements Toward Licensure
The professional course sequence is designed developmentally and each course has at minimum a 20-hour clinical experience component. Students should plan accordingly when designing their program.

With the exception of EDUC 150, 215, 216, and 220, the following courses are open only to students who have been admitted to the teacher education program.

Required of all students:
In Education:
- 150 Introduction to Education
- 215 Foundations of Education
- 216 Diversity Field Experience
- 220 Educational Technology
- 322 Educational Psychology
- 323 Introduction to Exceptionalities
- 440 Student Teaching Seminar

Required of early childhood majors:
In Education:
- 436 Early Childhood Methods and Management (Professional Studies – online only)
- 437 Elementary School Methods and Management (Main Campus only)
- 446 Observation and Supervised Teaching in Early Childhood Programs

Required of elementary majors:
In Education:
- 437 Elementary School Methods and Management
- 447 Observation and Supervised Teaching in the Elementary School

Required for those seeking middle–level/secondary licensure:
In Education:
- 344 Content Area Literacy
- 352 Principles of Effective Secondary Instruction
- 438 Teaching (subject) in the Secondary Schools
### Majors and Course Offerings

439 Secondary School Methods and Management  
448 Observation and Supervised Teaching in the Middle School (*for music, PE, and middle-level math licensure only)  
449 Observation and Supervised Teaching in the Secondary School

**Subject Area Requirements Toward Licensure**

Requirements of each subject area are listed in that subject’s section of the catalog.

**B.A. Major in Early Childhood Education**

The early childhood education program of study at Southwestern College combines early childhood education and early childhood special education into one license for birth through age eight (third grade).

This innovative program provides two semesters of field-based experiences where students work together with professionals in the field gaining practical experiences with young children.

**Professional requirements:**  
Nine professional courses as specified in Professional Requirements section above.

**Major requirements:**

In Education:

- 311 Introduction to Early Childhood Education  
- 325 Motor Development, Expressive Arts, Social Studies  
- 329 Children’s and Adolescents’ Literature  
- 333 Teaching Young Children with Disabilities  
- 335 Infant Development  
- 336 Introduction to the Reading Process  
- 339 Assessment Strategies in Early Childhood  
- 341 Reading in the Elementary School  
- 343 Home, School, and Community  
- 420 Oral Language Development  
- 425 Administration, Guidance, and Behavior  
- 429 Assessment in Early Childhood Intervention  
- 432 Technology in Special Education  
- 435 Science and Math

**Cognate requirements:**

In Mathematics:

- 110 College Algebra, or higher

**B.A., Major in Elementary Education**

**Professional requirements:**  
Nine professional courses as specified in Professional Requirements section above.

**Major requirements** (these courses are open to students who have not yet applied for admission to the teacher education program):

In Education:

- 223 Fine Arts in the Elementary School  
- 318 Numbers, Computation, and Mathematical Processes  
- 328 Instructional Strategies in Physical Education for the Elementary Classroom Teacher  
- 329 Children’s and Adolescents’ Literature  
- 336 Introduction to the Reading Process  
- 337 Science in the Elementary School  
- 338 Mathematics in the Elementary School  
- 341 Reading in the Elementary School  
- 344 Content Area Literacy  
- 345 Social Science in the Elementary School

**Cognate requirements:**

In Mathematics:

- 110 College Algebra, or higher
Minor in Early Childhood Education

Minor requirements:
In Education:
- 311 Introduction to Early Childhood Education
An additional 12 hours selected from the following:
- 325 Motor Development, Expressive Arts, Social Studies
- 335 Infant Development
- 339 Assessment Strategies in Early Childhood
- 343 Home, School, and Community
- 420 Oral Language Development

Education Courses
Department Code: EDUC

150 Introduction to Education. An introductory and exploratory course for those considering education as a career. The course is designed to assist each prospective teacher in gaining a valid and comprehensive knowledge of what is involved in a teaching career. Emphasis is placed upon inquiry and personal involvement in planning an effective and successful career in education. Opportunities for school visits will be provided, and all students will participate in the mentoring programs in area schools. Credit 2 hours.

215 Foundations of Education. This course explores the theories and applications of educational philosophies for students’ use in both the classroom and their personal and professional lives. Additionally, educational institutions will be examined from historical, economic, sociological, and political perspectives. Credit 3 hours.

216 Diversity Field Experience. This course provides an opportunity for prospective teachers to observe, tutor, or mentor students in a school where there is a diverse population. Students must complete at least 20 hours of work in a school with a diverse population. Prerequisites: EDUC 215 (or concurrent enrollment.) Credit 1 hour.

218 Developmental Psychology. The development of behavior from infancy through adulthood. Emphasis is placed on learning and environmental factors in the socialization of children and adolescents. Prerequisite: PSYC 112. Cross-listed with Psychology. Credit 3 hours.

220 Educational Technology. Students will investigate and evaluate the significant impact technology has on learning, motivation, and pedagogy. Students will interpret and implement the National Educational Technology Standards for Teachers (NETS-T) and for students (NETS-S) and apply the NETS-T to construct valuable teaching experiences, as well as experiences to highlight student learning that reflect the NETS-S. Technology integration across the curriculum will be explored and students will develop and design lessons and use technology tools to support learning in an educational environment. Credit 3 hours.

223 Fine Arts in the Elementary School. The course provides a pre-service teacher with the design, implementation, and evaluation of fine arts (music, art, dance) learning activities that are developmentally appropriate, meaningful, and challenging for all K-6 students, and the learning activities lead to positive learning outcomes that develop positive dispositions toward artistic explorations and expression. Credit 3 hours.

311 Introduction to Early Childhood Education. An introductory course for those preparing for licensure to teach in the early childhood area. This course is designed to assist each prospective teacher in gaining a valid and comprehensive knowledge of what is involved in early childhood education. Emphasis is placed upon reflection, inquiry and personal involvement in planning an effective and successful career in early childhood, and developing an understanding of how children develop and learn successfully. Current trends, issues, developmental theories, and research findings related to the education of young children will be explored. Credit 3 hours.

318 Numbers, Computation, and Mathematical Processes. A course focusing on number sense, number systems, and their properties with an emphasis on analyzing the Kansas State Department of Education (KSDE) numbers and computation standard, benchmarks, and indicators. An introduction of theorists, theories, and developmental stages will be addressed and integrated into activities and lessons. Development and understanding of the five process standards, connections, and application with number sense in the classroom. All methods, concepts, and strategies will be applied to a classroom environment and differentiated for all learners. Credit 3 hours.

322 Educational Psychology. A course designed specifically to study the behavior of individuals and groups in educational settings. Emphases are placed upon development, motivation, assessment, individual differences, teaching modalities and learning preferences. Attention is also given to
character education and attitudes. Directed observation and participation in the public schools provide practical application of course theory. Twenty hours of observation/participation in a public school classroom required. Prerequisite: Admission to Teacher Education. Credit 3 hours.

323 Introduction to Exceptionalities. A course designed to prepare prospective elementary and secondary teachers in the understanding and appreciation of students with exceptionalities. Emphases are placed upon characteristics and categories of exceptionality, processes of referral, assessment, and placement of exceptional students. Effective teaching practices and observation in the public schools provide practical application of course theory. Twenty hours of observation/participation in a public school classroom required. Prerequisite: Admission to Teacher Education. Credit 3 hours.

325 Motor Development, Expressive Arts, Social Studies. This course will examine the curricula, instructional strategies, and classroom organization for motor development, expressive arts, and social studies relevant to children ages birth through 8. Emphasis will be placed on the uniqueness as well as interrelatedness of the content areas, teaching methodology, and their successful implementation in the classroom environment. The course is designed as lecture with a co-requisite 45 hours lab practice with children in an early childhood setting. Credit 3 hours.

328 Instructional Strategies in Physical Education for the Elementary Classroom Teacher. Designed for K-5 classroom teacher, this course addresses the major concepts of health education, human movement, and physical activity as essential elements which foster a healthy lifestyle. Content includes health, nutrition, safety, impact of movement on brain development and learning, and integrates movement learning theories and practice across all curricular areas and instruction. Credit 2 hours.

329 Children’s and Adolescents’ Literature. Survey of literature K-12. Exploration of literature and relevant contemporary issues regarding literary works and pedagogy pre-K through 12th grade. Credit 3 hours.

333 Teaching Young Children with Disabilities. This course is designed to prepare prospective early childhood teachers in the understanding and appreciation of young children with exceptionalities. It will provide an overview of early childhood special education including service delivery models, atypical infant/toddler development, the effects of early intervention, and characteristics and etiologies of disabilities in young children. Appropriate delivery systems, assessment, curriculum, and intervention strategies will be considered. Credit 4 hours.

335 Infant Development. The purpose of this course is to introduce students to growth and development issues related to infants and toddlers and to provide experiences with the organization and management of high quality environments for infants. Appropriate play activities will be introduced. Credit 3 hours.

336 Introduction to the Reading Process. This course introduces prospective early childhood and elementary teachers to children’s speech and language development, the recognition and development of emergent literacy, and the foundational knowledge of the reading process. This will include an understanding of basic literacy development and the cultural and linguistic diversity issues related to this development, knowledge of the major components of reading, appropriate methodologies for building an effective balanced reading program, and a variety of assessment tools and practices used to plan and evaluate effective reading instruction. Credit 3 hours.

337 Science in the Elementary School. A course that focuses on methods of science instruction, organizing and presenting science materials for instruction, observation of classroom science presentation, familiarization with current trends in science education, and the development of a background in the content areas of science. Credit 3 hours.

338 Math in the Elementary School. A course focusing on principles and methods of mathematics instruction at the elementary level organized around the 13 math standards of the Kansas State Board of Education (adapted from NCTM guidelines). Development and presentation of math materials and units of instruction, familiarization with current trends in math curriculum and instructional methodology, and attention to evaluating and adapting instructional materials and delivery methods to the needs and learning styles of students are components of this course. Prerequisite: EDUC 318. Credit 3 hours.

339 Assessment Strategies in Early Childhood. This course is designed to prepare teachers to conduct reliable and valid assessments of children’s growth and development in the early childhood arena. Students are introduced to and have an opportunity to practice developing formal and informal assessment devices. Practice in developing and evaluating both open and closed assessment format is also provided. Special attention is given to performance-based assessments, particularly in the context of instruction that is developmentally appropriate. Credit 3 hours.

341 Reading in the Elementary School. Will emphasize the various methods of teaching and assessing reading in the elementary. It will prepare prospective teachers to develop programs to strengthen
vocabulary and comprehension skills, assess growth in reading skills, diagnose reading problems, and adapt instructional materials and delivery methods to meet the special needs and learning styles of students. In conjunction with regular course work, the prospective teacher will gain experience through practical application with a required 20 hour practicum in the public schools. Prerequisite: Admission to Teacher Education. Credit 3 hours.

343 Home, School, and Community. The purpose of this class is to promote the understanding that quality services for young children and their families are best ensured by establishing collaborative relationships between the home, school, program, and community. A portion of the course focuses on techniques for establishing collaborative relationships with parents and involving family members in the growth and development of the young child. Health, nutrition, and safety issues also will be explored. Credit 3 hours.

344 Content Area Literacy. This course will address the content area literacy movement and the philosophy behind this approach to instruction in K-12. Schema activation for pre-reading, metacognitive monitoring for during reading and post-reading discussion building and critical thinking with be addressed. This class will also address vocabulary and concept development, study skills, effective writing prompts, assessments and considerations for special-needs and English language learners. Credit 3 hours.

345 Social Science in the Elementary School. A course that emphasizes the relationship of the various social science areas and the elementary school curriculum. Content includes unit and instructional material development and presentation, familiarization with current trends in social studies instruction. Emphases include multicultural instruction, interdisciplinary unit development, and the methodology of content delivery. Credit 3 hours.

352 Principles of Effective Secondary Instruction. This introductory course is designed to provide an overview of essential elements of planning and implementing effective instruction at the secondary level. Emphasis will be given to integrating fundamental concepts and processes of curriculum development with select instructional strategies and models that can best be employed to enhance student learning. Prerequisite: Admission to Teacher Education. Credit 3 hours.

362 Professional Development School Seminar A. This seminar focus includes acquaintance with PDS site, explorations of “specials” (art, music, library) and their relation to the educational process of the school program, observations, curricular review, and presentations in the content areas of math, social studies, children’s literature, art, and music, and lesson design, planning, and methodology. This seminar is taken during the first PDS Module. Open only to and required for students accepted into the Professional Development School program for Elementary Education majors. Credit 1 hour.

363 Professional Development School Seminar B. This seminar focus includes exploration of effective teaching practices, observation, curricular review, and presentation in the content areas of science, language arts, and physical education, familiarization with the state and local testing programs, acquaintance with food service and transportation resources and the particulars associated with the planning and implementation of classroom field trips. This seminar is taken during the second PDS Module. Open only to and required for students accepted into the Professional Development School program for Elementary Education majors. Credit 1 hour.

420 Oral Language Development. This course introduces prospective educators to children’s speech and language development, recognition and development of readiness skills, and appropriate methodologies for developing the communications skills of young children. Credit 3 hours.

425 Administration, Guidance, and Behavior. This course will provide an overview of the responsibilities of administrators, directors, and teachers in school and program management. Legal and financial issues also will be covered, as well as ethical aspects of early childhood programs. Additionally, students will be introduced to successful classroom management strategies. Credit 3 hours.

429 Assessment in Early Childhood Intervention. This course will focus upon the administration and interpretation of test instruments including screening tests, formal and informal tests, norm and criterion-referenced tests, and diagnostic and achievement tests. Individual assessment of developmental skills, academic achievement, adaptive behavior, and processes will be included. Credit 3 hours.

432 Technology in Special Education. The goal of this course is to provide an overview of technology, specifically, assistive technology and what it can do for learners with special needs. In addition, students will be able to implement a framework for identifying student needs and determining desired outcomes when choosing technological solutions. Credit 3 hours.

435 Science and Math. This course will prepare prospective teachers to teach science and mathematics in the early childhood (birth through eight) setting. Theories and methodologies will be explored.
Special attention will be given to developmentally appropriate activities, with significant emphasis
placed on integrating subject matter. Technology issues also will be covered. Credit 3 hours.

436 Early Childhood Methods and Management. This course focuses on the development of professional
teaching skills for the early childhood teacher, including: a personal philosophy of education;
classroom management procedures; a discipline plan; instructional methods. This course is for online
learners only. Credit 3 hours.

437 Elementary School Methods and Management. This course focuses on the development of
professional teaching skills for the elementary and middle school teacher, including: a personal
philosophy of education; classroom management procedures; a discipline plan; instructional methods
and strategies; program, course, unit, and lesson planning; awareness of current trends in education;
and assessment/evaluation strategies. During this semester, students complete their professional
portfolio and make application for student teaching placement. This course is taken immediately prior
to the professional block. Prerequisites: Admission to Teacher Education and senior standing. Credit
3 hours.

438 Teaching (subject) in the Secondary Schools. This course provides secondary education candidates
with instructional strategies, methods and familiarity with current trends in their content area.
Students are involved in a mentoring triad with public school teachers, subject area faculty, and the
secondary education director. In conjunction with his or her mentor partners, each student develops a
plan for study, observation, and practice in the public schools and on campus. Students seeking
History and Government licensure must pass the Comprehensive Content Exam covering social
science disciplines. Prerequisites: concurrent enrollment in EDUC 439 and successful completion or
concurrent enrollment in EDUC 344, or consent of instructor. Credit 3 hours.

438B Teaching Business in the Secondary Schools.
438C Teaching and Directing Forensics and Debate in the Secondary Schools.
438E Teaching English in the Secondary Schools.
438H Teaching History and Government in the Secondary Schools.
438M Teaching Math in the Secondary Schools.
438N Teaching Science in the Secondary Schools.
438P Teaching Health and Physical Education in the Secondary Schools.
438S Teaching and Directing Music in the Secondary Schools.
438T Teaching and Directing Theatre in the Secondary Schools.

439 Secondary School Methods and Management. This course focuses on the development of
professional teaching skills for the secondary and middle school teacher, including: a personal
philosophy of education; classroom management procedures; a discipline plan; instructional methods
and strategies; program, course, unit, and lesson planning; awareness of current trends in education;
and assessment/evaluation strategies. During this semester, students complete their professional
portfolio and make application for student teaching placement. This course is taken immediately prior
to the professional block. Prerequisites: Admission to Teacher Education and senior standing. Credit
3 hours.

440 Student Teaching Seminar. A seminar course designed to be taken in conjunction with the student
teaching block. This course focuses on the theory and application of educational philosophies for the
student’s use in both classroom and personal professional life. Candidates practice reflection and
problem solving of professional issues and tasks which may be encountered by the beginning teacher.
Students are also prepared to seek professional positions. Prerequisites: Unconditional admission into
student teaching. Concurrent enrollment with either EDUC 446, 447, 448, or 449. Credit 1 hour.

446 Observation and Supervised Teaching in Early Childhood Programs. Clinical experiences in
kindergarten through third grade public school classrooms for teacher licensure candidates.
Concurrent enrollment with EDUC 440. Prerequisites: Unconditional admission into student
teaching. Credit 12 hours.

447 Observation and Supervised Teaching in the Elementary School. Clinical experiences in the public
schools for teacher licensure candidates. Concurrent enrollment with EDUC 440. Prerequisites:
Unconditional admission into student teaching. Credit 12 hours.

448 Observation and Supervised Teaching in the Middle School. Clinical experiences in the public
schools for teacher licensure candidates. Concurrent with EDUC 440. Prerequisites: Unconditional
admission into student teaching. Credit 12 hours.

449 Observation and Supervised Teaching in the Secondary School. Clinical experiences in the public
schools for teacher licensure candidates. Concurrent enrollment with EDUC 440. Prerequisites:
Unconditional admission into student teaching. Credit 12 hours.
450 **Introduction to Language and Linguistics.** This is an introductory course in language and linguistics, which explores the nature, structure and diversity of language, emphasizing the phonological, syntactic and semantic patterns of English. Prospective teachers will explore the principles of linguistic systems and major theorists and schools of linguistic thought in anticipation of working with communities of nonnative English-speakers. This course is designed as one in a series of three courses to enable the learner to successfully pass the ESOL praxis. Credit 3 hours.

459 **Restricted Licensure Program Practicum.** This course provides restricted licensure students with supervised practica throughout the teacher education program until they obtain their initial license. Restricted licensure students are required to enroll in the practicum fall and spring semesters until the initial license is granted. Credit 1 hour. May be repeated for credit six times.

462 **Professional Development School Seminar C.** This seminar focus includes assessment procedures at the classroom and building levels including grades; record keeping and reporting processes; working with parents, including parent/teacher conferences; roles and responsibilities of the home-school specialist, DARE officer, and custodial staff; extended lesson/unit planning and presentation; classroom celebrations; school demographics with implications for program planning, and reading curriculum. This seminar is taken during the third PDS module which immediately proceeds the student teaching semester. Open only to and required for students accepted into the Professional Development School program for Elementary Education majors. Credit 1 hour.

463 **Professional Development School Seminar D.** This seminar focus is Action Research. Students in consultation with PDS liaison, mentors, and site managers design, explore, and implement an action research project within their classroom/building reflective of previous on-site experiences and course work. This seminar is taken during the fourth PDS module which is the student teaching semester. Open only to and required for students accepted into the Professional Development School program for Elementary Education majors. Credit 1 hour.

480 **Second Language Acquisition and Cultural Identity in Language.** This course explores the theories and research of second language acquisition in order for the teacher to facilitate ESOL students' acquisition of a new language. In addition, this class will examine the complex relationship among communication, culture and identity as it relates to language learning. This course is designed as one in a series of three courses to enable the learner to successfully pass the ESOL praxis. Credit 3 hours.

490 **Teaching English as a Second Language and Assessing Language Competency.** This course provides the foundation for second language instruction by examining a broad range of methodologies to provide academic experiences for English Language Learners. (SIOP model included.) Application of these "best practice" concepts will be used to plan, implement, and evaluate instruction for ESOL students. An opportunity to volunteer with ESOL students for 8 hours during the course will be included. Credit 3 hours.

---

**Engineering**

Students may complete two years of pre-engineering coursework at Southwestern College prior to transferring to an engineering school. Pre–engineering coursework includes courses in mathematics, the sciences, computer science, and general education. For more information about the pre–engineering program, please contact the Southwestern physics department.

---

**English**

The major in English prepares students for graduate study within the field of English or within related fields and for all professional study that relies on preparation, analysis, or interpretation of texts.

**B.A., Major in English**

**Major requirements:**

In English:

- 213 Survey of English Literature
- 227 Survey of American Literature
- 335 Survey of World Literature
- 340 Language: Structure and Meaning
- 347 Mythology and Literature
360  Advanced Composition
454A  Senior Project (1.5 hours)
454B  Senior Project (1.5 hours)
499  Literary Theory and Criticism

All requirements of one emphasis area below:

Emphasis in Literature

Requirements:
In English:
Five courses from the following:
325  The Renaissance
349  20th and 21st Century Literature
440  Major Authors and Movements (may be repeated for credit – see course description)

Three additional courses from the following:
425  Genre: Short Story
427  Genre: Poetry
429  Genre: Novella
430  Genre: Drama

Emphasis in Writing

Requirements:
In English:
Five courses from the following:
330  Creative Writing: Short Story
337  Creative Writing: Poetry
343  Creative Writing: Playwriting
348  Creative Writing: Novella
424  Professional Writing
445  Creative Writing: Creative Nonfiction
447  Creative Writing: Genre Fiction

Three additional courses from the following:
325  The Renaissance
349  20th and 21st Century Literature
425  Genre: Short Story
427  Genre: Poetry
429  Genre: Novella
430  Genre: Drama
440  Major Authors and Movements (may be repeated for credit – see course description)

Emphasis in Secondary Education

Requirements:
In English:
328  Young Adult Literature
352/452  Readings in English Literature

Five additional courses from the following:
325  The Renaissance
349  20th and 21st Century Literature
425  Genre: Short Story
427  Genre: Poetry
429  Genre: Novella
430  Genre: Drama
440  Major Authors (can be repeated for credit – see course description)

Cognate requirements:
In Education:
All requirements for Kansas teacher licensure as listed in the Education section of this catalog
Minor in English

Minor requirements:
In English:
Two courses from the following:
213 Survey of English Literature
227 Survey of American Literature
335 Survey of World Literature
Four additional courses

Minor in Writing

Minor requirements:
In English:
360 Advanced Composition
Four courses from the following:
330 Creative Writing: Short Story
337 Creative Writing: Poetry
343 Creative Writing: Playwriting
348 Creative Writing: Novella
424 Professional Writing
445 Creative Writing: Creative Nonfiction
447 Creative Writing: Genre Fiction

English Courses

Department Code: ENG

202 Literature, and Humanity. Emphasizes literature as a source of pleasure and knowledge about human experience while investigating and practicing techniques of reading, responding to, and writing about and enjoying stories. Examines some of the best works in English, American, and World literature and considers imagery, characterization, narration, and patterns in sound and sense. This course considers stories in all narrative forms. This course fulfills the humanities general education perspective. Credit 3 hours.

203 Literature and the Environment. Examines a selection of literary works from the perspective of current thinking about environmental issues. The works examined portray a variety of interactions between people and environments, and readings will be informed by some key works in recent environmental theory. The course will examine the ways in which literature both reflects and helps to shape environmental attitudes and awareness. This course fulfills the humanities general education perspective. Credit 3 hours.

204 Literature and the Arts. Considers a variety of literary texts from the Renaissance to the present, and explores the interactions and mutual influences between literature and visual works of art. From Shakespeare to Sin City, and from Gothic Fiction to Memento, this course examines literature, graphic novels, painting, and cinema, to reveal the complex web of interactions between them. This course fulfills the humanities general education perspective. Credit 3 hours.

210 Business Communications. Course focuses on audience-oriented communication in the corporate culture. Oral and written communication forms, created with a corporate audience in mind, will be practiced using PowerPoint and other visual aids. Emphasis will be on developing and demonstrating communication skills, both singularly and in groups. Course procedures include oral and written communications, group interaction in class, and group project. Cross-listed with Business and Communication. Prerequisites: LAS 110 and 120. Credit 3 hours.

213 Survey of English Literature. Study of major English texts from the beginnings of English literature to the present. Credit 3 hours.

220 Interactive Story Telling. This course explores “live” story creation and oral delivery for interaction with live audiences, or as a model for interactive media such as computer games. Particular emphasis will be placed upon character-based (as opposed to plot-based) story creation and identifying parallels to the theory and practice of written stories. Traditional and emerging means for accomplishing successful interactivity will be explored. Cross-listed with Communication. Credit 3 hours.

227 Survey of American Literature. Readings in American literature from the Colonial era through the present. Selections read in the course reflect the cultural and intellectual diversity of American literature. Credit 3 hours.
325  **The Renaissance.** An examination of representative documents reflecting the origin and spread of Renaissance practices and ideals from Italy through England and into Northern Europe, including an introduction to Shakespearean study. Credit 3 hours.

328  **Young Adult Literature.** Study of literature for grades 6–12 with overall focus on literary analysis and interpretation. Literary themes and social issues pertinent to this age group will be considered, with a particular emphasis on the selection and evaluation of literature for upper-elementary and middle school grades. Study will also focus on the integration of literature and writing as a part of the secondary English curriculum through the middle grades and beyond. Credit 3 hours.

330-337-343-348 **Creative Writing Sequence.** Includes 330 Short Story, 337 Poetry, 343 Playwriting, and 348 Novella. Emphasis is placed on writing, editing, and evaluating the student’s own prose or poetry. Courses may also include reading of traditional, contemporary, and experimental forms of fiction and poetry. Credit 3 hours per course.

335  **Survey of World Literature.** A Study of European and non-European literature in translation. Will focus on classical as well as contemporary texts in translation. The traditional genres of drama, poetry, short story, and novel will be examined. Credit 3 hours.

340  **Language: Structure and Meaning.** A history of the English language and basic information about analysis and description of human languages and ways in which human beings use their languages to communicate with one another. Cross-listed with Anthropology. Credit 3 hours.

347  **Mythology and Literature.** A critical study of the structure and function of mythology in various cultures of the world. Credit 3 hours.

349  **20th and 21st Century Literature.** A critical study of the development of new literary forms during the 20th century and those emerging in the 21st century. Credit 3 hours.

352/452 **Readings in English Literature.** In preparation for teacher certification, English Education majors will read broadly in the British, American, and young adult traditions. Reading lists will be individualized. Prerequisite: consent of instructor. Credit 3 hours. May be repeated for credit.

360  **Advanced Composition.** Rhetorical principles of persuasive writing reviewed and practiced. Prerequisites: LAS 110 and 120. Credit 3 hours.

420  **Business and Administrative Communication.** The study and writing of technical reports, letters, memos, resumes, progress reports, and proposals. The course will also include various functions associated with writing: organization, sentence structure, and grammar in conjunction with rhetorical theory. Cross-listed with Business. Credit 3 hours.

424  **Professional Writing.** This course will be taught in module format, with modules in grant writing, technical writing, science and health writing, proposal writing, and other professional writing forms. Credit 3 hours.

425-427-429-430 **Literary Genre Block.** Includes 425 Short Story, 427 Genre: Poetry, 429 The Novella, and 430 Drama. One course in a literary genre is taught each semester. Credit 3 hours per course.

440  **Major Authors and Movements Block.** Each semester a major author or a literary movement will be studied in depth. Examples are: Tolkien, Austen, McCarthy, Faulkner, Steinbeck, Conrad, or Atwood; the Victorian, Modernist, or the Romantic Movement. Credit 3 hours. May be repeated for credit.

445  **Creative Writing: Creative Nonfiction.** Study of the multi-genre domain of writings that share the characteristics of literature, creative writing, and exposition. Students will practice a variety of forms that may include memoir, many forms of the essay, sports and travel writing, popular science and history, and literary (“new”) journalism. Different domains will be covered on a rotating basis. Credit 3 hours. May be repeated for credit.

447  **Creative Writing: Genre Fiction.** Course will cover a genre such as: historical fiction, crime fiction, science fiction, or fantasy. Students will produce, edit, and evaluate their own writing within a specified genre. The course will also include the reading and analysis of representative texts in the genre. Different genres will be offered on a rotating basis. Credit 3 hours. May be repeated for credit.

454A/B  **Senior Project in English.** Working with a faculty advisor, the student will design, execute, and manage a project involving literary research, pedagogical studies, professional writing, or creative writing. This course will provide students with preparation for graduate school and/or the professional writing/teaching environment. Credit 1.5 hours.

499  **Literary Theory and Criticism.** Introduction to a variety of theoretical approaches, including classical and contemporary texts. Considers the historical conflicts and issues of theory. Credit 3 hours.
English Language Development
(Intensive English)

The Intensive English Language Certificate program at Southwestern College provides high quality, intensive instruction in English as an additional language. There are four levels of language instruction, and students receive 20 hours of instruction per week. The curriculum has an academic focus based on the core classes of reading/composition, listening/speaking and grammar. Students may also be allowed classes based on academic and cultural interests.

SC recognizes the completion of Level 4 in lieu of TOEFL for undergraduate admission. Graduate program admission is gained upon passing advanced level courses in reading, writing/grammar, listening, and speaking or TOEFL/IELTS/Chinese English Exam Level 6. (Please note that SC also considers an applicant's previous academic record as part of the admissions process).

The Intensive English Language Certificate (IELC) program provides non-English-speaking or limited-English-speaking students with an intensive English language program leading to a higher level of English language fluency and better preparation for their entrance, participation and success in academic programs delivered in English.

Intensive English Language Certificate

Certificate requirements:
In English Language Development:
101 Intensive English Block, Level 1
102 Listening and Speaking Workshop, Level 1
103 Writing and Grammar Workshop, Level 1
104 Reading Workshop, Level 1
110 Intensive English Level 2
112 Listening and Speaking Workshop Level 2
113 Writing and Grammar Workshop, Level 2
114 Reading Workshop, Level 2
201 Intensive English Level 3
202 English Language Support Workshop
203 Writing and Grammar Workshop, Level 3
204 Reading Workshop, Level 3
205 Advanced English Conversation
210 Intensive English Level 4
212 College Writing Workshop

English Language Development Courses

Department Code: IELC

101 Intensive English Block, Level 1. Students testing at the Beginning Proficiency Level in two or more language domains (listening, speaking, reading and writing) must take this course during their first semester at the institution. Instruction will be integrated across all language domains. Since the students are new to the country, instruction will focus primarily on immersion in listening and speaking, social language, and basic vocabulary. Reading and writing activities will primarily revolve around everyday life in the context of U.S. culture, as well as the history and geography of the United States, as compared and contrasted to culture and history of the students' countries of origin. Course credit will be awarded only when the student advances to the Intermediate Proficiency Level (Level 2) in at least three of the four language domains. Credit 12 hours.

102 Listening and Speaking Workshop, Level 1. This course is designed for remediation of those students whose oral language does not meet the benchmarks for Level 2 (Intermediate proficiency) at the time they are ready to advance in the other domains. It should be taken in conjunction with IELC 110, as determined by the relevant instructor(s). Credit 1-3 hours.

103 Writing and Grammar Workshop, Level 1. This course is designed for remediation of those students whose writing does not meet the benchmarks for Level 2 (Intermediate proficiency) at the time they are ready to advance in the other domains. It should be taken in conjunction with IELC 110, as determined by the relevant instructor(s). Credit 3 hours.
104 **Reading Workshop, Level 1.** This course is designed for remediation of those students whose reading does not meet the benchmarks for Intermediate Proficiency at the time they are ready to advance to the intermediate level in the other domains. Credit 1-3 hours.

110 **Intensive English, Level 2.** Students will typically take this course in their second semester at the institution, or if they are assessed at Intermediate Level Proficiency in at least three language domains upon arrival to the college. The focus will be on preparing the students to succeed in academic courses. Students will learn about US and SC academic culture, the appropriate and effective use of textbooks, reference books, and electronic resources and technology. The focus of vocabulary development will be on academic language. The focus of oral and reading instruction will be on fluency and comprehension. Materials will be selected at the instructional reading level for intermediate proficiency. IELC 110 will be taken in conjunction with the Grammar and Writing Workshop at the appropriate proficiency level for each student (IELC 113 or IELC 103). The student's schedule will be completed with one carefully selected regular academic course, or with Level 1 Intensive English workshops. Credit 6 hours.

112 **Listening and Speaking Workshop, Level 2.** This course is designed for remediation of those students whose oral language lags, and does not meet the benchmarks for Level 3 (advanced intermediate) proficiency at the time they are ready to advance in the other domains. It should be taken in the summer, or in conjunction with IELC 201, as determined by the relevant instructor(s). Credit 1-3 hours.

113 **Writing and Grammar Workshop, Level 2.** This course is designed to be taken with IELC 110. It can also be taken by those students whose writing and/or grammar lags, and does not meet the benchmarks for Level 3 (advanced intermediate) proficiency at the time they are ready to advance in the other language domains. It should be taken in conjunction with IELC 110, or IELC 201 as determined by the relevant instructor(s). Credit 3 hours.

114 **Reading Workshop, Level 2.** This course is designed for remediation of those students whose reading does not meet the benchmarks for Level 3 (Advanced Intermediate Proficiency) at the time they are ready to advance in the other domains. It may be taken in conjunction with IELC 201 as determined by the relevant instructor(s). Credit 1-3 hours.

201 **Intensive English, Level 3.** This course will typically be taken by a student in the third semester at the institution, along with two regular academic courses. Although integrated across the four language domains, emphasis will be placed on academic language production (speaking and writing on academic topics), in some cases applying them to the courses being taken simultaneously by each student. Reading instruction will focus on readings from a variety of genres, as well as the media, in preparation for taking Humanities and other requirements. This course will be taken in conjunction with one or more Workshops (IELC 202, 114, 113, 112), as determined by the assessment of each student in each language domain. Credit 3 hours.

202 **English Language Support Workshop.** This workshop is designed to support students in the regular academic classes in which they are enrolled. The instructor will assist the students in understanding expectations (syllabus, assignments), balancing their workload, and completing some assignments. Students will meet with the instructor one hour a week per credit hour, and a schedule will be determined for work at the Student Support Center. Credit 1-3 hours. May be repeated for credit.

203 **Writing and Grammar Workshop, Level 3.** This course is designed to be taken by students who do not attain Level 4 proficiency (advanced proficiency) in Writing at the end of IELC 201. Credit 1-3 hours.

204 **Reading Workshop, Level 3.** This course is designed to be taken by students who do not attain Level 4 proficiency (advanced proficiency) in Reading at the end of IELC 201. Credit 1-3 hours.

205 **Advanced English Conversation.** This course is designed for students to continue to develop oral language proficiency at the Intermediate and advanced Intermediate levels. May be required by relevant instructor(s). Credit 1-3 hours.

210 **Intensive English, Level 4.** Students will continue to develop English in all four domains with the goal of reaching levels similar to those of their peers. Based on assessment and college course schedule, students may qualify to take LAS 110 (College Writing) with IELC 212 (College Writing Workshop in lieu of this course.) Credit 3 hours.

211 **Oral Communications Workshop.** This course is designed to be taken in conjunction with Elements of Oral Communications (COMM 102) once students have reached Advanced Proficiency in the Speaking and Listening domains. Credit 3 hours.

212 **College Writing Workshop.** This course is designed to be taken in conjunction with LAS 110 College Writing 1 (required) and LAS College Writing 2 (as needed). Credit 3 hours.
Essential Skills

This course is designed to monitor students on academic probation or students who have been conditionally admitted to Southwestern College, and help those students develop strategies for success in college. Probationary as well as conditionally admitted students are automatically enrolled; other students are admitted to Essential Skills only by consent of the associate academic vice president for advising and student success.

Essential Skills Courses

079 Essential Skills. A course designed to strengthen student skills and monitor student success developing practical skills and building on student strengths. The curriculum will be adapted to address each individual student's needs. Required for students who are admitted conditionally, may be required for students placed on probation by academic affairs committee. A grade of "D" or "F" in Essential Skills may be grounds for suspension. Credit 3 hours.

080 Academic Mentoring. This course is designed to assist students who have been placed on academic probation in improving study skills and developing a strategy for academic success. While the curriculum will be adapted to address each student's individual needs, the primary focus of the class is monitoring and enforcing study time. The course is required of all students placed on academic probation. A grade of "Unsatisfactory" in Academic Mentoring may be grounds for suspension. Credit 0 hours. Graded S/U. May be repeated.

General Studies (B.G.S.)

Students may pursue a bachelor of general studies degree in lieu of any other baccalaureate degree. B.G.S candidates must complete a minimum of 36 upper-division credit hours in at least five different disciplines. This degree considers the breadth of course work, and students must, in consultation with an advisor, submit a proposal to the academic dean for approval.

Geography

Geography Course

201 World Geography. An introduction to geography structured around major world regions. Physical environment, political, social and economic geography. Credit 3 hours.

History

Students majoring in history develop a critical consciousness of self, society, and the world while enriching their understanding of the history of various societies around the world as well as the political, social, and economic history of the U.S. Students will also develop the critical thinking skills necessary to think historically, or to view ideas, individuals, and events in their proper context, by practicing these skills with a wide variety of subjects. It is important to understand history not only as a content area, but as a craft. Thus, history majors will also learn to generate historical knowledge by conducting original research. Throughout this program of study, history majors will develop research, writing, and communication skills suitable for a variety of career possibilities.

B.A., Major in History

Major requirements:

In History:

364 Junior Research Methods
464 Senior Research Seminar

Nine credit hours selected from:

121 World History to 1500
Majors and Course Offerings

122 World History since 1500
131 American History to 1865
132 American History since 1865

Fifteen additional hours in History electives as approved by the History faculty but no more than six hours of 352 or 452 Readings courses, for a total of 30 credit hours in History.

Cognate requirements:
- In Political Science: 101 Introduction to Political Science
- 213 American Politics
- In Mathematics:
  - 215 Introduction to Statistics and Probability
- In Geography:
  - 201 World Geography
- In Anthropology:
  - 219 Cultural Anthropology

Minor in History

Minor requirements:
In History:
Nine hours selected from:
- 121 World History to 1500
- 122 World History since 1500
- 131 American History to 1865
- 132 American History since 1865

Nine additional hours in History electives but no more than three hours of 352 or 452 Readings courses, for a total of 18 credit hours in History.

Secondary Licensure in History
Completion of this program is required for secondary licensure in American history, world history, and political science.

Requirements:
In History:
- 121 World History to 1500
- 122 World History since 1500
- 131 American History to 1865
- 132 American History since 1865
- 332 Kansas History
- 364 Junior Research Methods
- 464 Senior Research Seminar

(In addition, nine or more credit hours of History electives will be necessary to complete History major requirements.)

In Political Science:
- 213 American Politics

In Geography:
- 201 World Geography

In Economics:
- 101 Principles of Microeconomics

In Anthropology:
- 219 Cultural Anthropology

In Education:
- 438H Teaching History and Government in the Secondary Schools

All requirements for Kansas teacher licensure as listed in the Education section of this catalog.

History Courses

Department Code: HIST

121 World History to 1500. An introduction to the history of the major civilization centers of the ancient and medieval world, from the Middle East to Asia and Africa, Europe, and the Americas. Credit 3 hours.

122 World History since 1500. An introduction to the history of the major states and regions of the world in modern times, from the discovery of the New World to the present. Credit 3 hours.
131 **American History to 1865.** A survey of the history of North America from colonial times through the founding of the United States, to the close of the Civil War. Credit 3 hours.

132 **American History since 1865.** A survey of the history of the United States from the Reconstruction to the present, with an emphasis on the changing domestic developments and emerging international role of the U.S. Credit 3 hours.

222 **North American Indian Cultures.** An ethnology course covering the culture areas and selected tribes of Native Americans at the time of first contact with Europeans. Some consideration of problems of acculturation is included. Cultural Anthropology recommended but not required as a prerequisite. Cross-listed with Anthropology. Credit 3 hours.

242 **Belarusian History and Culture.** This course introduces students to the complexity of Belarusian identity through an exploration of the country's history and culture. Students will consider various examples of Belarusian expression, including literature, music, cinema, and customs, as well as the contemporary issues that define the current political and cultural climate. Credit 3 hours.

255 **Advanced Topics in History.** An in-depth analysis of a particular historical problem or theme. Topics are dependent upon the interests of the history faculty but will address a specific period, region, thematic area, or historiographical approach. Credit 3 hours.

317 **History of Methodism.** An introduction to the general characteristics of Methodism, focusing on the United Methodist Church in the United States. Beginning with John Wesley, it moves to the history of American Methodism, considers doctrinal controversies and changes, surveys denominational structures and touches upon contemporary issues. The course provides an overall introduction to the history, doctrine, and polity courses required for seminary students planning to enter United Methodist ministry, but is accessible to all students interested in gaining familiarity with this denomination. Cross-listed with Religion. Credit 3 hours.

332 **Kansas History.** A detailed investigation of the land, peoples, cultures, and socioeconomic development. Credit 3 hours.

335 **History of American Christianity.** A survey of people, places, and events of American Christianity set in the larger context of world history. It invites students to explore the role Christianity has played in North America in shaping (as well as being shaped by) cultural characteristics of the United States. Cross-listed with Religion. Credit 3 hours.

342 **Russian History.** A broad examination of Russian politics and society from the origins of Russia in the ninth century, to its rebirth under Moscow after the Mongol occupation, with special emphasis on the 19th and 20th centuries. Credit 3 hours.

343 **Russian Cultural History.** A survey of Russian culture from medieval to modern times, with special attention to music, visual arts, the literature of the 19th and 20th centuries, and Soviet/post-Soviet cinema. Credit 3 hours.

352 **Readings in History.** To be arranged with instructor. Limited availability. Credit 1 to 3 hours.

355 **Advanced Topics in History.** An in-depth analysis of a particular historical problem or theme. Topics are dependent upon the interests of the history faculty but will address a specific period, region, thematic area, or historiographical approach. Credit 3 hours.

364 **Junior Research Methods.** An introduction to critical issues of history as a professional craft, designed to provide hands-on experience with research topic selection, historical source collection, primary source interpretation, and attendant issues of historiography and theory. Required of all junior history majors. Graded S/U. Credit 3 hours.

383 **Revolutionary Europe.** A broad examination of the idea of revolution and the era of political, scientific, and industrial revolutions in Europe, from 1688 to 1917, with special attention to their impact on the 20th century and contemporary world. Credit 3 hours.

385 **Revolutionary World.** A comparative examination of several of the major revolutions of the 20th century, including the communist, nationalist, and religious influences that helped bring them about. Credit 3 hours.

388 **Critical Issues of History and Film.** An examination of the pros and cons of film as an increasingly popular and frequently inaccurate medium for historical subjects. Recommended for future secondary educators. Credit 3 hours.
Majors and Course Offerings  □ 57

422  **20th Century World History.** An overview of major global trends and events in the 20th century, with emphasis on the interaction between the U.S., other nations, and international organizations in a global context. Credit 3 hours.

452  **Readings in History.** To be arranged with instructor. Limited availability. Credit 1 to 3 hours.

459  **Practicum in History.** Designed to give the student experience in museum or historical archives work. Prerequisite: Submission of required paperwork to the registrar’s office. Credit 1 to 5 hours.

464  **Senior Research Seminar in History.** A consideration of historiography as the philosophy of history and the methodology of historical research and writing. Students will read and discuss texts on the practice of history and as the main component of the course grade, will develop a topic to research, write, and present in a senior thesis for both peer and faculty review. Required of all senior history majors. Prerequisite: HIST 364 and consent of instructor. Credit 3 hours.

## Integrative Studies

**B.A., Major in Liberal Arts and Sciences**

This major provides students with a holistic view of education and life as well as a recognition that they are part of a greater global whole. These students must have at least a rudimentary awareness of the natural sciences, social sciences, arts, and communication.

**Major requirements:**
In Integrative Studies:
- 297 Quantum Renaissance: My Big T.O.E. (Theory of Everything)
- 352 Readings in Integrative Studies (3 hours)

Twelve additional hours taken beyond the college requirements

**Cognate requirements:**
In English:
- 325 The Renaissance

Twenty-one hours of electives from different majors to be approved by the director of general education. Completion of at least one minor in another discipline.

**Minor in Leadership**

**Minor requirements:**
In Social Science:
- 101 Introduction to Leadership
- 206 Leadership and Ethical Worldviews
- 307 Leadership Research
- 408 Leadership Practices

Choose one course from the following:
In Political Science:
- 100 Active Citizenship and Integrative Learning

In Social Science:
- 225 Philanthropy and Grantmaking

At least three additional hours selected from SOCS 330 Service-Learning Travel, a practicum or internship in the student’s major field of study (approval required from director of leadership), or study abroad.

## Integrative Studies Courses

**Department Code: LAS**

110  **College Writing 1.** A writing intensive course that considers the rhetorical strategies and issues of the different disciplines. Integration of varied modes of communication: oral, written, and technological. Credit 3 hours.

120  **College Writing 2.** A writing intensive course stressing research methods across the disciplines. Emphasis on different methodologies used in a variety of fields, including social sciences, humanities, and natural sciences. Prerequisite: Successful completion of LAS 110. Credit 3 hours.

121  **French Language and Culture 1.** Designed to impart a basic knowledge of French language. The class will emphasize the relationship among the skills of listening, speaking, reading and writing French as it is spoken in France, Quebec and Francophone West Africa. Students will also gain insight into the culture of French-speaking countries, and the interrelationship of language and society as it shapes the culture. Credit 3 hours.
131 Spanish Language and Culture 1. Designed to impart a basic knowledge of Spanish language. The class will emphasize the relationship among the skills of listening, speaking, reading and writing Spanish as it is spoken in Spain and Latin America. Students will also gain insight into the culture of Spanish-speaking countries, and the interrelationship of language and society as it shapes the culture. Credit 3 hours.

141 Italian Language and Culture 1. Designed to impart a basic knowledge of Italian language. The class will emphasize the relationship among the skills of listening, speaking, reading and writing Italian as it is spoken. Students will also gain insight into the culture of Italian-speaking countries, and the interrelationship of language and society as it shapes the culture. Credit 3 hours.

150 Creativity in the Arts. What is art? What is creativity? How are the two related? The study, application, and expression of art and its dependency on creativity and the creative process will be examined from contemporary as well as original, historical, and theoretical perspectives. From the classroom to the auditorium to the gallery and beyond, students will have real life exposure to and examination of many of the fine and applied arts. Credit 3 hours.

151 Chinese Language and Culture 1. Designed to impart a basic knowledge of Chinese language. The class will emphasize the relationship among the skills of listening, speaking, reading and writing in Chinese Mandarin. Students will also gain insight into the culture of China and Chinese-speaking cultures, and the interrelationship of language and society as it shapes the culture. Credit 3 hours.

171 South Asian Language and Culture 1. Designed to impart a basic knowledge of Hindu and Urdu languages. The class will emphasize the relationship among the skills of listening, speaking, reading and writing in Hindu and Urdu languages. Students will also gain insight into the culture of South Asian cultures, and the interrelationship of language and society as it shapes the culture. Credit 3 hours.

231 Theatre Across the Disciplines. This lab-intensive course stresses theatre involvement and methods across the disciplines. Emphasis is placed on communicating with and developing empathy for others in a variety of fields including the humanities, social sciences, and natural sciences. The course seeks to connect learning and sharing among all disciplines through theatre games, creative dramatics, and dramatic literature and its performance across campus and in the surrounding community. As theatre entertains and teaches, it helps us build connections to understand ourselves and our world.

262 Science Fiction Television. Examines the history of the genre to see how programming has dealt with significant political and social issues in a way unexplored in most dramatic television. It will also explore theories of Carl Jung to see how archetypes help to unify character and theme in Science Fiction TV. An additional focus will be on attempts of futuristic series to create a modern mythic construct for a society devoid of a unified native myths.

297 Quantum Renaissance: My Big T.O.E. (Theory of Everything). Students will develop four to five “life-changing or vexing” questions that they expect to be important to them throughout their lives. They will acquire resources on those topics (research, books, interviews, videos, etc.), write preliminary position papers, and present symposium discussions on each topic. Credit 3 hours.

352 Readings in Integrative Studies. Students will take this independent study with faculty members of their choice who will suggest a book that “changed their life.” The student will read the book, discuss it with the faculty member, and turn in a final critical or experiential paper for grade. LAS majors must complete three of these readings. Credit 1 hour. May be repeated for credit.

499 Responsibility for the Future. Seniors with various majors will share learning and approaches from their different disciplines toward dealing holistically with issues that shape the future, seeking to integrate disciplines and to synthesize knowing, caring, and doing. Credit 3 hours.

Languages

The program in modern languages prepares students for graduate study, for professional study, for teaching, or for a wide range of occupations. In addition to on-campus major requirements, students in this major are required to earn a minimum of 15 credits through study outside the U.S. with a program offering credits through an accredited U.S. university. The Modern Language Program is currently under review. For up-to-date information, contact the director of general education.
Spanish Track

Intensive Foreign Language Program (Spanish)

Students in this program study language intensively (the equivalent of 10 traditional semester hours) during the first semester of their freshman year in an immersion model focusing on speaking and listening. In the second semester they study abroad as a cohort in a carefully selected program with a focus on language acquisition as well as coursework comparable to the integrative studies curriculum. On return to campus these students complete additional modern language courses and engage in service-learning internships and programs that will enable them to demonstrate proficiency in the language.

Successful completion of 131 and 132 plus LAS 110 College Writing 1 satisfies the freshman year general education requirements.

This program does not lead to a major. Rather, the goal is to provide students with proficiency in a second language leading to American Council on the Teaching of Foreign Languages licensure at the advanced level.

Program requirements:
In Spanish:
131 Intensive Spanish Block 1
132 Intensive Spanish Block 2
Fifteen additional hours in advanced Spanish courses

Spanish Courses

Department Code: SPAN

131 Intensive Spanish Block 1, Instruction will focus primarily on immersion in listening and speaking, secondarily on reading and writing, in the context of Latin American culture, using the ACTFL guidelines. In addition, students will complete a service-learning component or internship in major related setting. Credit 10 to 12 hours.

132 Intensive Spanish Block 2. This block consists of a semester study in Central or Latin America, focusing on immersion in listening, speaking, reading, and writing as well as coursework selected to meet the goals of the integrative studies curriculum. Credit 15 hours.

321 Conversation and Composition 1. An advanced course designed to progress toward fluency in the oral use of the language, ability to read with understanding, and to write with clarity. Topics for conversation and composition will be selected from contemporary culture and Spanish-language literature adapted to the needs of those enrolled. Prerequisite: SPAN 132 or equivalent. Credit 3 hours.

322 Conversation and Composition 2. An advanced course allowing a student to consolidate the foundation in understanding, speaking, reading, and writing the language. Skills developed by application to topics of general interest. Prerequisite: SPAN 321 or equivalent. Credit 3 hours.

328 Spanish and Latin American Culture. A panoramic view of the political, social, and economic development. Prerequisite: SPAN 132. Credit 3 hours.

329 Latin American Culture in the United States. Study of problems confronted by the Spanish-speaking population in the United States and how these problems affect the process of learning in children belonging to that segment of the American population. Prerequisite: SPAN 132. Credit 3 hours.

330 Contrastive Phonetics. Practical phonetics, with exercises stressing individual sounds, sound patterns, intonation, and rhythm, in Spanish, contrasted with English. Prerequisite: SPAN 132. Credit 3 hours.

428 Latin American Literature. A study of Latin American literature in Spanish, covering the works of the most representative writers, emphasizing the 20th century, giving attention to the various genres of literature from a historical perspective. Prerequisite: SPAN 132. Credit 3 hours.

429 Spanish Literature. A survey of classical literature and contemporary writers of Spain in selected represented works. Prerequisite: SPAN 132. Credit 3 hours.
Marine Biology

See also Biology.

**B.S., Major in Marine Biology**

**Major requirements:**
In Biology:
- 111 Biology 1
- 112 Biology 2
- 216 Cell Biology
- 230 Genetics and Evolution
- 305 Marine Biology
- 461 Seminar in Biology

A full semester of course work (12-15 credit hours) in marine biology will be taken at a marine biological field station. Both the course work and field station must receive prior approval in order to be considered for fulfillment of degree requirements. These courses count as courses taken on the campus of Southwestern College in fulfilling graduation requirements.

**Cognate Requirements:**
In Chemistry:
- 111 General Chemistry 1
- 112 General Chemistry 2
- 221 Organic Chemistry 1

In Mathematics:
- 215 Introduction to Statistics and Probability

---

**Mathematics**

Mathematics classes at Southwestern College are small, encouraging vital interpersonal relationships between faculty and students. The mathematics department offers the bachelor of arts and bachelor of science degrees in mathematics, and assists students in meeting the Kansas State Board of Education requirements for secondary school licensure in mathematics. The department also serves education students who plan to teach mathematics at the middle school level.

**B.A., Major in Mathematics**

**Major requirements:**
In Mathematics:
- 215 Introduction to Statistics and Probability
- 222 Calculus 1
- 223 Calculus 2
- 224 Calculus 3
- 319 Linear Algebra
- 320 Introduction to Advanced Mathematics
- 321 Ordinary Differential Equations
- 331 Foundations of Geometry
- 444 Abstract Algebra

**Cognate requirements:**
In Computer Science and Digital Arts:
- 112 Programming 1 (or any other high-level programming language)

In Physics:
- 211 General Physics 1
- 212 General Physics 2

**B.S., Major in Mathematics**

**Major requirements:**
In Mathematics:
- 215 Introduction to Statistics and Probability
222 Calculus 1  
223 Calculus 2  
224 Calculus 3  
319 Linear Algebra  
320 Introduction to Advanced Mathematics  
321 Ordinary Differential Equations  
331 Foundations of Geometry  
444 Abstract Algebra  
445 Mathematical Analysis  
447 Complex Variables

**Cognate requirements:**
In Computer Science and Digital Arts:
- 112 Programming 1 (or any other high-level programming language)

In Physics:
- 211 General Physics 1  
- 212 General Physics 2

**B.A., Major in Middle Level Mathematics Education**

**Major requirements:**
In Mathematics:
- 110 College Algebra  
- 215 Introduction to Statistics and Probability  
- 222 Calculus 1  
- 320 Introduction to Advanced Mathematics  
- 331 Foundations of Geometry  

Three additional hours of math courses of 200-level or above*

*Any courses taken at another institution must be approved by the chairperson of mathematics

**Cognate requirements:**
In Computer Science and Digital Arts:
- 112 Programming 1 (or any other high-level programming language)

In Education:
- All requirements for Kansas teacher licensure as listed in the Education section of this catalog

**Minor in Mathematics**

**Minor requirements:**
- 222 Calculus 1  
- 223 Calculus 2

Nine additional hours of math courses of 200-level or above

**Licensure in Secondary Mathematics**

**Requirements:**
In Mathematics:
- 215 Introduction to Statistics and Probability  
- 222 Calculus 1  
- 223 Calculus 2  
- 224 Calculus 3  
- 319 Linear Algebra  
- 320 Introduction to Advanced Mathematics  
- 321 Ordinary Differential Equations  
- 331 Foundations of Geometry  
- 444 Abstract Algebra  

In Computer Science and Digital Arts:
- 112 Programming 1 (or any other high-level programming language)

In Physics:
- 211 General Physics 1  
- 212 General Physics 2

In Education:
- 438M Teaching Mathematics in the Secondary Schools

All requirements for Kansas teacher licensure as listed in the Education section of this catalog.
Mathematics Courses

Department Code: MATH

103 Foundations of Basic Mathematics. Numbers and operations, fractions and operations, decimals, ratio, proportion and percent, introduction to algebra, geometry, measurement, statistics, and problem-solving techniques, including the use of technology. Credit 3 hours.

105 Intermediate Algebra. Fundamental operations, factoring, fractions, positive, negative, zero, and fractional exponents, linear and quadratic equations, systems of linear equations. Students wanting to enroll in this course should normally have successfully completed one year of high school algebra. Questions concerning the adequacy of a student’s preparation for this course should be directed to a member of the mathematics department. Credit 3 hours.

110 College Algebra. A review of Intermediate Algebra with more depth in the topics. Also logarithmic and exponential functions, the binomial theorem, systems of quadratic equations, and matrices and determinants. Prerequisites: MATH 105 or consent of instructor. Credit 3 hours.

112 Trigonometry. A basic course in plane trigonometry. Prerequisite: MATH 110 or consent of instructor. Credit 3 hours.

215 Introduction to Statistics and Probability. An introduction to statistics and probability with emphasis on applications. Topics include numerical and graphical displays of data, linear regression, hypothesis testing, and elementary probability, including counting methods, conditional probabilities, and probability distributions. Prerequisite: MATH 105 or consent of instructor. Credit 3 hours.

222 Calculus 1. Limits, differentiation, and antidifferentiation of elementary and transcendental functions with applications. Prerequisite: MATH110 or consent of instructor. Credit 4 hours.

223 Calculus 2. Techniques and applications of integration, sequences and series, and a brief introduction to differential equations. Prerequisites: MATH 222 or consent of instructor. Credit 4 hours.

224 Calculus 3. Vector Calculus, partial differentiation and iterative integrals with applications. Prerequisite: MATH 223 or consent of instructor. Credit 4 hours.

319 Linear Algebra. A study of matrices, determinants, vector spaces, changes in bases, and linear transformations with applications. Maple computer applications in different topics. Prerequisite: MATH 110 or consent of instructor. Credit 3 hours.

320 Introduction to Advanced Mathematics. Develops the concept of theorem proving. Covers induction, fundamentals of set theory and logic, cardinal numbers, partially ordered sets, relations, and functions. Introduction to basic structures, to algebra and analysis, and to the history of their development. Prerequisite: MATH 222. Credit 3 hours.

321 Ordinary Differential Equations. Solution methods for ordinary differential equations, including series techniques and Laplace transforms, with applications. Prerequisite: MATH 224. Credit 3 hours.

331 Foundations of Geometry. A study of axiomatic systems, Euclidean geometry (with emphasis on what should be taught in high school), non-Euclidean geometries, and the history of mathematics. Prerequisite: MATH 320. Credit 3 hours.

353 Problems in Mathematical Science. Students who have demonstrated superior achievement in mathematics, by approval of the mathematics program, may enroll for independent study under the supervision of a faculty in this program. Prerequisite: MATH 320. Credit 1 to 3 hours.

444 Abstract Algebra. Study of the classical algebraic systems. Topics include groups, symmetric groups, rings, ideals, quotient rings, and fields. Prerequisite: MATH 320. Credit 3 hours.

445 Mathematical Analysis. Introduction to the topology of the real line, and to open and closed sets. It includes results concerning functions of one variable, limits of sequences, completeness, compactness, and continuity. Prerequisite: MATH 320. Credit 3 hours.

447 Complex Variables. Study of the algebraic properties of complex numbers, complex functions, analytic and harmonic functions, complex integration, and series representations. Prerequisite: MATH 320. Credit 3 hours.

Music

The music department at Southwestern College is dedicated to helping all students who participate in its programs reach their maximum potential. Toward that end the music department makes a strong commitment to the liberal arts by providing all students with varied and significant classroom experiences and performance opportunities; prepares music students with the knowledge, skill, attitude, and appreciation necessary for them to be successful as professional music educators and performers; provides each music student with a wide range of educational and musical experiences which encourage continued professional growth; and
serves as a center of musical excellence to its constituency—the school, the church, and the surrounding community.

**General Requirements of Music Majors**
- Concert Attendance, Music 099, is required each semester, except during student teaching semester.
- Large ensemble participation is required each semester. Pianists may accompany for this requirement.
- A sight singing proficiency and a piano proficiency are requirements for music degrees. Completion of these proficiencies must be satisfied prior to student teaching and graduation.
- All music majors, unless excused by faculty, must be enrolled in private music lessons each semester in school.
- A senior recital is required of all students seeking the B.Mus., major in music education and B.Mus., major in performance degrees. Performance majors must also give a full recital in the junior year. B.A., major in music candidates must complete a senior recital or optional requirements outlined in the Music Handbook.
- The senior project, although recommended, is not required in every case. It may be combined with the senior recital.

**Private Music Lessons**
Private lessons are offered in increments of one, two, or three hours of credit. Students enrolling for one hour of credit receive a half-hour lesson each week and are expected to practice a minimum of six hours a week. Instruction is offered in the following areas: organ, piano, harpsichord, voice, strings, brass, woodwinds, guitar, percussion, and composition.

**B.A., Major in Music**

**Major requirements:**
At least 30 hours in Music to include:
- 111 Foundations in Music
- 112 Music Theory 1
- 211 Music Theory 2
- 212 Music Theory 3
- 226 Class Piano (enroll until proficiency is achieved)
- 230 Private Lessons (minimum 10 hours, maximum 16 hours)
- 311 Music Theory 4
- 313 Music History 1
- 314 Music History 2
- 492 Sight Singing Proficiency (enroll semester of anticipated completion of proficiency requirement)
- 493 Piano Proficiency (enroll semester of anticipated completion of proficiency requirement)
- 494 Senior Recital/Project (enroll semester of anticipated completion of recital/project)

Enrollment (for credit) in at least one of the following large ensembles each semester: MUS 150 Concert Band, MUS 160 Orchestra, MUS 233 A Cappella Choir, or MUS 234 Jazz Band. A minimum of eight credits in large ensembles is required to complete the degree.

The National Association of Schools of Music (accrediting agency) recommends the number of hours in music total between 30 percent (38 hours) and 45 percent (56 hours). The music department encourages students to pursue coursework outside of music for elective credit.

**B.Mus., Major in Music Education**

**Major Requirements:**
In Music:
- 111 Foundations in Music
- 112 Music Theory 1
- 115 Beginning Guitar
- 117 String Methods
Majors and Course Offerings

118 Vocal Methods
211 Music Theory 2
212 Music Theory 3
215 Beginning Conducting
217 Woodwind Methods
219 Brass Methods
224 Elementary School Music Methods
230 Private Lessons (minimum seven hours)
226 Class Piano (enroll until proficiency is achieved)
311 Music Theory 4
313 Music History 1
314 Music History 2
315 Advanced Conducting
317 Percussion
321 Orchestration
325 Marching Band Methods or 328 Vocal Diction
492 Sight Singing Proficiency (enroll semester of anticipated completion of proficiency requirement)
493 Piano Proficiency (enroll semester of anticipated completion of proficiency requirement)
494 Senior Recital/Project (enroll semester of anticipated completion of recital/project)

Enrollment (for credit) in at least one of the following large ensembles each semester: MUS 150 Concert Band, MUS 160 Orchestra, MUS 233 A Cappella Choir, or MUS 234 Jazz Band. Music education majors are exempt from this requirement during the student teaching semester. A minimum of seven credits in large ensembles is required to complete the degree.

Cognate requirements:
In Education:
438S Teaching and Directing Music in the Secondary Schools
All requirements for Kansas teacher licensure as listed in the education department section of this catalog.

B.Mus., Major in Performance

Major Requirements:
In Music:
110 Music Fundamentals
111 Foundations in Music
112 Music Theory 1
151 Small Ensembles (minimum two semester hours)
211 Music Theory 2
212 Music Theory 3
215 Beginning Conducting
226 Class Piano (minimum two semesters)
230 Private lessons (24 hours in primary area of study and four in a secondary area*)
311 Music Theory 4
313 Music History 1
314 Music History 2
315 Advanced Conducting
321 Orchestration (for instrumental concentration) or 328 Vocal Diction (for vocal concentration)
394 Junior Recital/Project (enroll semester of anticipated completion of recital/project)
428 Advanced Methods and Pedagogy (minimum six credits/two semesters)
458 Special Literature Study (minimum four credits/two semesters)
492 Sight Singing Proficiency (enroll semester of anticipated completion of proficiency requirement)
493 Piano Proficiency (enroll semester of anticipated completion of proficiency requirement)
494 Senior Recital/Project (enroll two semesters; recital required both junior and senior year)

Enrollment (for credit) in at least one of the following large ensembles each semester: MUS 150 Concert Band, MUS 160 Orchestra, MUS 233 A Cappella Choir, or MUS 234 Jazz Band. A minimum of eight credits in large ensembles is required to complete the degree.

*Voice, Flute, Oboe, Clarinet, Bassoon, Saxophone, French Horn, Trumpet, Trombone, Euphonium, Tuba, Percussion, Piano, Harp, Guitar, Violin, Viola, Cello, and String Bass are all available for primary areas of study. In addition to these instruments, Composition, Choral Conducting, or Instrumental Conducting may be taken as a secondary area of study.
Minor in Music

Minor requirements:
At least 18 hours in Music to include:
- 111 Foundations in Music
- 313 Music History 1 or 314 Music History 2

Four hours of private music lessons
Four semesters of ensemble participation
The remaining three hours can be selected from:
- 112 Music Theory 1
- 118 Vocal Methods
- 215 Beginning Conducting
- 313 Music History 1
- 314 Music History 2
  Any one-hour credit course, ensemble, or applied lesson.

099 Concert attendance required four semesters.

Students selecting a minor in music must have their program approved in advance of registration by the Music Minor Advisor.

Music Courses

*Only the music courses marked with an asterisk meet state requirements as courses in the liberal arts. Students taking music courses to fulfill the liberal arts requirements for teacher licensure must choose from them.

099 Concert Attendance. A required course for all music majors in concert attendance. This course is required each semester of residence up to a maximum of eight semesters (not required during the student teacher semester). Credit 0 hours.

110 Music Fundamentals. A course designed for music majors and minors. Introduction to music theory through developing the ability to read notes and the writing of intervals, scales, triads, and key signatures. Introduction to aural comprehension through sight singing and dictation. Required concurrent enrollment in MUS 111. Credit 1 hour.

111 *Foundations in Music. Emphasis on examining the ways in which sound is organized into musical structures. Topics include the physical properties of sound; introduction to the basic vocabulary of Western Music (intervals, scales, triads, key signatures, rhythm, and meter); music in non-western cultures; and basic musical form and analysis. Includes an introduction to aural comprehension through sight singing, dictation, critical listening, creation of original works and improvisation. Credit 3 hours.

112 Music Theory 1. A compendium of musical construction including the study of melody and two-and three-voice combinations. Aural comprehension is correlated throughout, and aural application of all elements of study is stressed. The development of keyboard skills and music reading is emphasized. Prerequisite: MUS 111 or consent of instructor. Credit 4 hours.

115 Beginning Guitar. Introduction to guitar which includes folk and classical styles, various picking and strumming combinations, and an emphasis on solo and ensemble playing. Credit 1 hour.

117 String Methods. An introduction to strings. Designed to prepare the prospective music instructor to teach violin, viola, cello, and bass in the public schools. Topics include instructional materials, teaching techniques, solo and ensemble repertoire, instrument brands, care and minor repair. Credit 1 hour.

118 Vocal Methods. The study of singing techniques such as vocal production, breathing, diction, etc. in an atmosphere of the group dynamic. Introduction to basic techniques of vocal pedagogy. Six to seven students in a class with repertoire requirements commensurate with private study. Credit 1 hour.

150 Concert Band. Credit 0 to 1 hour. May be repeated for credit.

151 Small Ensembles. Various ensembles are available to students as laboratory groups, with or without credit. Prerequisite: Consent of instructor. Credit 0 to 1 hour. May be repeated for credit.

151A Flute Ensemble
151B Jazz Combo
151C Keynotes
151D SC Singers
151E Selah
151F String Ensemble

Majors and Course Offerings □ 67

233 A Cappella Choir. Credit 0 to 1 hour. May be repeated for credit.
234 Jazz Band. Credit 0 to 1 hour. May be repeated for credit.
311 Music Theory 4. This course provides an introduction to music since 1900, integrating history, theory and analysis. It begins with the study of 9th, 11th, and 13th chords, continues through the deterioration of tonality under Schoenberg to the developments in the work of today’s composers including contemporary tonalities and rhythms, twelve-tone technique and serialism. Lecture and laboratory. Prerequisite: MUS 212. Credit 3 hours.
313 *Music History 1. A survey of music from the Christian era to the Pre-Classic. A study of accompanying literature, historical and social background, principal figures, both political and musical. Credit 3 hours.
314 *Music History 2. A survey of music from the Pre-Classic era through the leading trends of today. A study of accompanying literature, historical and social background, principal figures, both political and musical. Credit 3 hours.
315 Advanced Conducting. Advanced conducting techniques of the baton: gestures, signs, and cues as used in instrumental and choral organizations. Includes advanced work in score reading, technique, and interpretation. Credit 2 hours.
317 Percussion. An introduction to the basic rudiments. Methods of presentation and techniques of teaching percussion to students. Credit 1 hour.
321 Orchestration. The study of instrumentation, emphasizing scoring for various instrumental and choral combinations, with an approach to the specific problems of orchestra, band, and choir. Credit 2 hours.
325 Marching Band Methods. The organization and charting techniques necessary for the operation of the secondary school marching band. Credit 2 hours.
328 Vocal Diction. A study of particular speech problems as they relate to the pronunciation of French, German, Italian, and the English languages. A review of problems as they apply to the singing of choral literature as well as to the solo song. Prerequisite: Consent of the instructor. Credit 2 hours.
394 Junior Recital/Project. A required course for all B.Mus performance majors. Course will not show up on official transcript until completed. Credit 0 hours
428 Advanced Methods and Pedagogy. Methods and materials for teaching in the several applied areas. Vocal majors taking this course will study with vocal teachers. Instrumental students will study with instrumental teachers. Course designed to help prepare a graduating student to teach in the several applied areas. Credit 3 hours. May be repeated for credit.
458 *Special Literature Study. An independent study course in literature for specific fields of applied study. Prerequisite: Consent of instructor. Credit 2 or 3 hours. May be repeated for credit.
492 Sight Singing Proficiency. A required course for all music majors. Course will not show up on official transcript until completed. Credit 0 hours.
493 Piano Proficiency. A required course for all music majors. Course will not show up on official transcript until completed. Credit 0 hours.
494 Senior Recital/Project. A required course for all music majors. Course will not show up on official transcript until completed. Credit 0 hours.

Natural Science

Natural Science Courses

170 Elements of Descriptive Astronomy. An introduction to the solar system, stars, galaxies, Newton’s laws, Einstein’s theories of relativity, black holes, and the origin, evolution, and structure of the Universe. Includes a brief history of astronomy and an examination of the nature of science and the differences between science and religion. Additional topics at the discretion of the instructor. Credit 3 hours.
180 Science, Society, and the Environment. This course examines human impacts on the environment and the relationship between society, politics, and the environment. There is an emphasis on scientific inquiry and the course includes an outdoor field laboratory component. Potential topics include global climate change, water pollution, and energy-related issues. Credit 3 hours.
190 Science and Pseudoscience. This course will explore the nature and limits of science through an examination of a number of claims that challenge the boundary between science and pseudoscience. Topics may include telepathy, alternative medicine, flying saucers, astrology, cryptozoology and ghosts. The course will emphasize scientific critical thinking, hypothesis testing, and burden of proof.
through lectures, discussions, and experimentation. Students will gain an understanding of the process of scientific inquiry as well as gaining skills for evaluating scientific claims. Credit 3 hours.

201 Environmental Issues. A research-based course that examines the relationship between science and society in which students investigate the ecological, historical, political, and socio-economic aspects of specific environmental topics. Credit 3 hours.

207 From Alchemy to Chemistry. An examination of alchemy through literary and philosophical texts of the Middle Ages and the Renaissance leading to a better understanding of the roots of modern chemistry. The class will consider the Medieval and Renaissance alchemical precursors and more recent advances in the field. Includes simple experiments that demonstrate the magic of alchemy and the science of chemistry. Credit 3 hours.

230 Drugs: Research & Reward. This course provides an introduction to how drugs affect our lives and bodies. Topics include a historical perspective on medicine and how drugs are developed, how specific diseases are treated, and the effects of illegal drugs on the individual and society. Credit 3 hours.

280 History of Science. An overview of the emergence of science from the early stirrings in pre-Christian cultures through its flowering in the twentieth century. Time-lines developed. Within this context, major theoretical and experimental contributions within science and technology examined. Attention to the philosophy of science an integral element. Primary source material is used to look at specific examples in each of the following areas of science: biology, chemistry, physics, astronomy, and mathematics. Credit 3 hours.

Nursing

The department of nursing exists to facilitate:
1. Baccalaureate education of professional nurses capable of leadership in an ever-changing health care system;
2. Caring through encouraging health promotion for individuals and populations in a diverse society;
3. Evidence-based care for individuals throughout the lifespan;
4. Development of students to think critically, to be personally accountable, and to participate in life-long learning.

Graduate nurses are prepared through integration of knowledge based in the liberal arts and sciences, professional therapeutic nursing concepts, and the exploration of personal and professional values to practice in diverse settings.

Additional information about admission to the nursing program, as well as all policies and procedures, is found in the department’s Program Information handbook. Students are expected to adhere to all policies stated in the handbook.

Successful completion of the nursing curriculum qualifies the graduate to sit for the National Council of State Boards of Nursing Licensure Examination.

Students who major in nursing must earn a grade of “C” or better in each course required for the program.

B.S.N., Major in Nursing

Major requirements:
In Nursing:

305 The Profession of Nursing: Caring, History, & Leadership
306 Health Promotion: A Caring Paradigm
307 Caring Practicum 1
308 Holistic Assessment
311 Caring With the Community
312 Health Promotion of Families
316 Caring Practicum 2
318 Culture and Caring
324 Scholarly Inquiry 1
403 Nursing Perspectives on Drug Therapy
412 Caring for Individuals in Times of Crisis
413 Ethical Caring
414 Supportive Care in Chronicity
415 Management and Professionalism
417 Nursing Care Seminar
418 Scholarly Inquiry 2
420 Senior Caring Practicum
421 Political Advocacy and Policy 1
422 Political Advocacy and Policy 2
490 Pathophysiologic Applications in Nursing Practice

Cognate requirements:
In Biology:
   221 Human Anatomy and Physiology
   331 Principles of Nutrition
   390 Pathophysiology
In Chemistry:
   111 General Chemistry 1 or 101 Introduction to Chemistry
In Economics:
   101 Principles of Microeconomics or 102 Principles of Macroeconomics
In Mathematics:
   215 Introduction to Statistics and Probability
In Psychology:
   112 General Psychology
   218 Developmental Psychology
   320 Abnormal Psychology

Nursing Courses
Department Code: NURS

305 The Profession of Nursing: Caring, History, and Leadership. History, trends, and issues of contemporary nursing. Caring theory, relationships, influences, and behaviors will be examined with emphasis on the development of caring for self and others. Leadership skills will be introduced. Classroom and online experience. Credit 2 hours.

306 Health Promotion: A Caring Paradigm. Health promotion and disease prevention from a theoretical, philosophical, and historical perspective. Consideration of clients as individuals with health issues is approached from a positive orientation. Prerequisite: Consent of instructor. Credit 2 hours.

307 Caring Practicum 1. Focus on caring qualities, competence, and confidence while developing technical skills. Students develop professional approaches to implementing nursing care founded in the caring philosophy in acute care facilities. Opportunity for learning through self-guided study, demonstration, visual aids, simulated and actual laboratory experiences. Classroom, laboratory, and practicum experience. Course graded S/U. Credit 4 hours.

308 Holistic Assessment. Practice and application of assessment and analysis of data for individuals within the context of life. Classroom and laboratory experience. Credit 3 hours.

311 Caring With the Community. Development of assessment and analysis to identify potentially vulnerable populations and the identification of and application of effective caring and health promotion concepts. Completion of a community assessment and interaction within and among sectors of the community and the health care system. Classroom and practicum experience. Credit 4 hours.

312 Health Promotion of Families. Focus on the well family, specifically exploration of family dynamics and growth and development across the life span with application of effective health promotion and caring behavior during developmental crises. Classroom and practicum experience. Credit 5 hours.

316 Caring Practicum 2. Novice experience in acute settings. Students demonstrate caring behaviors to meet the needs of individuals and families faced with health problems which require inpatient nursing care. Students continue to focus on caring behaviors of confidence and competence. Classroom, laboratory, and practicum experience. Course graded S/U. Credit 4 hours.

318 Culture and Caring. Exploration of knowledge and skills needed by nurses to give culturally congruent care to people of diverse cultural groups. Comparison of beliefs, values, and practices related to health, illness, and health care of selected ethnic and cultural groups using theory and research references. Credit 2 hours.

Majors and Course Offerings

403 Nursing Perspectives on Drug Therapy. Provides for the study of general mechanisms of drug action. Drug classifications and their common actions, indications, and side effects are analyzed. The role of the nurse in developing a comprehensive approach to the clinical application of drug therapy will be explored. Credit 2 hours.

412 Caring for Individuals in Times of Crisis. Nursing concepts related to care of individuals and families with acute and critical health care issues across the life span. Application and analysis of nursing interventions to meet the holistic needs of individuals and families experiencing acute and critical health crises. Classroom and practicum experience. Credit 6 hours.

413 Ethical Caring. Students are empowered to apply standards of ethical and legal thought to the practice of nursing and to their personal lives. Personal introspection and self-understanding are emphasized as ethical theory, principles, and rules are explored along with laws regulating the health care system. Credit 2 hours.

414 Supportive Care in Chronicity. Application of nursing concepts and caring behaviors to increase independence, maximize competence and psychological well being, and prevent social isolation in individuals and families with chronic health issues. Classroom and practicum experience. Credit 3 hours.

415 Management and Professionalism. Exploration of principles of organizational behavior and resource management, and analysis of management experiences and leadership behaviors in a health-care setting. Classroom and practicum experience. Credit 3 hours.

417 Nursing Care Seminar. Students engage in high-order thought about the care of individuals and groups through review and exploration of concepts, principles, and facts. Credit 2 hours.

418 Scholarly Inquiry 2. Exploration of the impact of inquiry on nursing practice and the role of inquiry processes and practice in theory development. Experience developing and writing a beginning level research proposal and exploration of the use of research results. Credit 3 hours.

420 Senior Caring Practicum. Opportunity to implement the nursing process and engage in the practice of professional nursing in an acute care environment. Assists in the transition from the student role to graduate nurse. Practicum experience only. Course graded S/U. Credit 3 hours.

421 Political Advocacy and Policy 1. Introduction to health care policy and political implications related to health care costs, quality, and access. Credit 1 hour.

422 Political Advocacy and Policy 2. Active political involvement in relation to an aspect of a specific health care policy. Analysis of the impact of political activities on health outcomes. Credit 1 hour.

490 Pathophysiologic Applications in Nursing Practice. Pathophysiologic concepts are explored using a body systems approach. Theories relating etiology, pathogenesis, clinical manifestations, and pharmacology are used to study common disease processes as they relate to nursing practice. Concepts from anatomy and physiology and pathophysiology provide a foundation for exploring human dysfunction. Classroom and online experience. Credit 2 hours.

Philosophy (B.Phil.)

The bachelor of philosophy degree is based on an individually-designed program of study that satisfactorily demonstrates a student’s specific goals. The student develops the program of study in consultation with his or her advisor and the academic dean, and must submit it to the Academic Affairs Committee for approval. The program proposal must include an explanation of what courses are included and why a B.Phil. degree is needed. Students must have a grade point average of 3.0 or higher, receive approval from the Academic Affairs Committee prior to the first semester of the academic year in which the student intends to graduate, and earn 31 or more credits after the proposal is approved.

Philosophy and Religious Studies

The major in philosophy and religious studies provides students with preparation for graduate study, for professional study, or for a wide range of occupations. Students concerned with values and with major meanings and directions in life are welcome to consider courses in philosophy and religious studies as important electives or as an attractive second major.
B.A., Major in Philosophy and Religious Studies

Major requirements:
In Philosophy:
   219 History of Philosophy 1
   220 History of Philosophy 2
   227 Logic
In Religion:
   130 Introduction to the Church
   215 Understanding the Old Testament
   216 Understanding the New Testament
   220 Introduction to Christian Theology
Twelve additional hours in philosophy or religious studies

Cognate requirements:
Twelve hours of foreign language studies

Minor in Christian Discipleship Studies

Minor requirements:
In Religion:
   130 Introduction to the Church
   142 Disciple Bible Study 1
   143 Disciple Bible Study 2
   220 Introduction to Christian Theology
   242 Discipleship
   243 Discipleship
   342 Discipleship
   343 Discipleship
   442 Discipleship
   443 Discipleship

Cognate requirements:
In Social Science:
   101 Introduction to Leadership
   330 Service Learning Travel

Minor in Music in Worship

Minor requirements:
In Religion:
   201 Introduction to the Bible
   220 Introduction to Christian Theology
   307 Worship Planning
   359 Practicum in Music Worship

Cognate requirements:
In Music:
   115 Beginning Guitar
   215 Beginning Conducting
   226 Class Piano
Two hours of private music lessons
Two hours of large or small ensemble participation

Minor in Philosophy and Religious Studies

Minor requirements:
This is an 18-hour program consisting of any three of the courses listed under the major requirements plus elective courses in philosophy or religion to be selected in consultation with the department.

Minor in Youth Ministry

Minor requirements:
In Religion:
   124 Introduction to Youth Ministry
   130 Introduction to the Church
215 Understanding the Old Testament
216 Understanding the New Testament
220 Introduction to Christian Theology
224 Adolescent Spirituality
324 Teaching Methods in Youth Ministry
424 Applications in Youth Ministry

**Philosophy Courses**
Department Code: PHIL

101 **Introduction to Philosophy.** An introduction to the issues and methods of philosophy. Topics to be covered may include the nature of morality, arguments concerning the existence of God, free will and determinism, and knowledge and the challenge of skepticism. Credit 3 hours.

219 **History of Philosophy 1.** A survey of basic concepts and arguments of the major western philosophical systems, from the Pre-Socratics, Plato, and Aristotle, through the Schoolmen of the late Middle Ages. Attention will be given to the historical and cultural contexts. Credit 3 hours.

220 **History of Philosophy 2.** A survey of basic concepts and arguments of the major western philosophical systems from the early modern period to the present, including the Renaissance, Cartesian rationalism, empiricism, the Enlightenment, romanticism, existentialism, and pragmatism. Attention will be given to the historical context of each system of thought. Credit 3 hours.

227 **Logic.** Methods of language analysis and deductive inference. Credit 3 hours.

320 **Philosophy of Religion.** An inquiry into the general subject of religion from the philosophical point of view. Among the specific questions considered are: the nature, function and value of religion; the validity of the claims of religious knowledge; the nature of evil; and the existence and character of deity. Credit 3 hours.

331 **Political Philosophy.** This course deals with the essence, origin, and value of the state. The justification of governmental authority, the social sources of power, and the competing conceptions of human nature are among the issues considered. Students will be exposed to several classical sources, including Machiavelli, Locke, Hobbes, and Rousseau. Credit 3 hours.

437 **Professional and Business Ethics.** An approach to the ethical challenges of a modern business society. The course will utilize case studies and the expertise of professionals working in the various area of business as well as the moral reasoning of ethicists. Course procedures include oral and written communications, group interaction in class, group project, and a major presentation. Cross-listed with Business. Credit 3 hours.

**Religion Courses**
Department Code: REL

124 **Introduction to Youth Ministry.** An exploratory course that introduces students to the necessary concepts and skills related to youth ministry. The course includes observation in local church and/or para-church youth ministry settings. Credit 3 hours.

130 **Introduction to the Church.** An introduction to the history of Christianity from the New Testament period to the present. A balance is struck between doctrinal and institutional aspects of the church. Attention will be given to broader contexts so that students get a sense of Christianity’s relationship to culture, particularly in the West. Credit 3 hours.

142 **DISCIPLE Bible Study 1.** A survey of the Old Testament with individual and group exercises in Christian formation. Students must be members of the Discipleship Southwestern team to enroll in this class. Credit 1 hour.

143 **DISCIPLE Bible Study 2.** A survey of the New Testament with individual and group exercises in Christian formation. Students must be members of the Discipleship Southwestern team to enroll in this class. Credit 1 hour.

201 **Introduction to the Bible.** A survey of the narrative content of both major sections of the Bible (Old and New Testaments). Although the emphasis for this course falls on basic, “big picture” narratives, students will also be introduced to various forms of biblical criticism. Attention is also given to questions that observant believers have regarding divine revelation, inspiration, and canonical authority. Credit 3 hours.

215 **Understanding the Old Testament.** A study of the Hebrew scriptures seeking to understand them in their original context and thus their significance for today. Credit 3 hours.

216 **Understanding the New Testament.** The origin and development of the Christian religion as expressed in the New Testament. We will seek to understand the Christian scriptures in their original context and thus their significance for today. Credit 3 hours.
Majors and Course Offerings

220 **Introduction to Christian Theology.** An investigation of the unity and diversity of religions in light of the relevance of religion in general and Christianity in particular to human needs and problems. Prerequisite: REL 130. Credit 3 hours.

221 **Hebrew 1.** This course comprises the first half of a two semester study regimen and has been designed to provide an introduction to Biblical Hebrew. The range of topics will extend from learning the alphabet to beginning to master the first few paradigms of the verbal system. Credit 3 hours.

222 **Greek 1** This course comprises the first half of a two semester study regimen designed to provide an introduction to Biblical (Koine) Greek. Tasks will include learning the alphabet, several grammatical paradigms and vocabulary. Credit 3 hours.

223 **Latin 1** This course comprises the first half of a two semester study regimen and has been designed to provide an introduction to Classical Latin. The range of topics will extend from learning introductory grammar to reading and translating paragraphs. Credit 3 hours.

224 **Adolescent Spirituality.** A course exploring age-relevant existential questions concerning belief in God, religious experience, and young people's relationships to the church and to each other. It includes an introduction to spiritual disciplines associated with the Christian faith. Credit 3 hours.

225 **Comparative Religions.** An introduction to the major world religions (Hinduism, Buddhism, Confucianism, Taoism, Islam, Baha'i, Judaism, Christianity), their major teachings and practices, and their demographic make-up in the contemporary world. Credit 3 hours.

242-343-442-443 **Discipleship.** This course is a reading and spiritual formation activity through covenant groups related to the Discipleship program. Enrolled students must be members of the Discipleship Southwestern team. Credit 1 hour.

307 **Worship Planning.** An investigation of the many facets of worship, with a special emphasis on the role of integration in the worship planning process. Credit 3 hours.

321 **Hebrew 2.** A continuation of REL 221, focus will center on vocabulary development, grammar and reading pointed (Masoretic) Biblical Hebrew. Prerequisite: REL 221 or consent of instructor. Credit 3 hours.

322 **Greek 2.** A continuation of REL 222, focus will fall on building vocabulary, grammar, and the translation of New Testament texts. Prerequisite: REL 222 or consent of instructor. Credit 3 hours.

323 **Latin 2.** A continuation of REL 223, this course has been designed to provide opportunities for additional vocabulary building as well as further work with grammar and translation. Prerequisite: REL 223 or consent of instructor. Credit 3 hours.

324 **Teaching Methods in Youth Ministry.** This course builds on prior learning in youth ministry courses by combining that learning with educational theory, to develop a knowledge base and skill in teaching in youth ministry settings. It includes teaching in groups and one-to-one. Credit 3 hours.

335 **History of American Christianity.** A survey of American Christianity set in the larger context of world history. It invites students to explore the role Christianity has played in North America in shaping (as well as being shaped by) cultural characteristics of the United States. Cross-listed with History. Credit 3 hours.

337 **History of Methodism.** An introduction to the general characteristics of Methodism, focusing on the United Methodist Church in the United States. Beginning with John Wesley, it moves to the history of American Methodism, considers doctrinal controversies and changes, surveys denominational structures and touches upon contemporary issues. The course provides an overall introduction to the history, doctrine, and polity courses required for seminary students planning to enter United Methodist ministry, but is accessible to all students interested in gaining familiarity with this denomination. Cross-listed with History. Credit 3 hours.

340 **Texts and Their Meanings.** An introduction to the basic principles involved in interpreting and understanding texts. The course will look at such questions as the relationship between author, the text, the reader(s), and the community in which these materials come together. Prerequisites: PHIL 219 and 220. Credit 3 hours.

359 **Practicum in Music Worship.** Students gain experience in planning and leading worship. Prerequisite: Submission of required paperwork to the registrar's office. Credit 1 to 5 hours.

424 **Applications in Youth Ministry.** Comprehensive youth ministry foundational to local church work. Emphasis on equipping students to practice youth ministry in the local church by exploring a variety of theories, techniques, and resources. Credit 3 hours.
Physical Education and Sport Studies

The physical education and sport studies department (PESS) is a learning community dedicated to:

1. Emphasizing a broadly-based, value centered liberal arts curriculum as the core of intellectual life, professional development and personal growth.
2. Challenging each person to become a physically, mentally, socially, and emotionally fit individual through physical and intellectual learning and activity.
3. Encouraging lifetime fitness and health in pursuit of a productive life through the development of healthful skills and attitudes.

The PESS department’s objectives are to:

1. Provide quality undergraduate preparation for students planning professional careers in physical education, coaching, and recreation, and for those planning to pursue graduate study.
2. Provide instruction and opportunities for activity for all Southwestern students through elective activity courses.
3. Provide recreational opportunities and facilities for the entire Southwestern community.

B.S., Major in Athletic Training

A certified athletic trainer (AT) is a highly educated and trained professional who specializes in the prevention, recognition, management, and rehabilitation of athletic injuries. An AT works closely with physicians and other health care professionals in the total health care of the athlete. Certified athletic trainers are employed in secondary schools, colleges and universities, professional sports, sports medicine clinics, industrial settings, military, among others.

Southwestern College has received formal accreditation by the Commission on Accreditation of Athletic Training Education (CAATE). The undergraduate athletic training education curriculum prepares students to take the Board of Certification (BOC) exam.

The curriculum is structured as a three-year program with an additional application year for freshmen. Students will be involved in the clinical setting during their sophomore (level one), junior (level two), and senior (level three) years while completing academic course requirements. This allows students to learn the skills and techniques necessary in risk management and injury prevention; pathology of injuries and illnesses; orthopedic clinical examination and diagnosis; acute care of injury and illness; pharmacology; therapeutic modalities; conditioning and rehabilitative exercise; general medical conditions and disabilities; nutritional aspects of injury and illness; psychosocial intervention and referral; health care administration; and professional development and responsibility.

Student clinical assignments will be in traditional, clinical, and high school settings, observing under an assigned clinical instructor. Students will gain experience with collision, contact, and non-contact sports as well as through a wide variety of clinical settings. Students will observe team physicians and orthopedic surgeons as they evaluate and perform surgical procedures on injured athletes.

Students accepted into the athletic training curriculum are permitted to participate in varsity sports and are welcome to select from numerous available minors, emphases, and a second major if interested. Students are advised that athletic training is a rigorous, time-consuming program and all students admitted to the Athletic Training Education Program will adhere to the same academic standards.

For the most updated information refer to the athletic training website at www.sckans.edu/athletictraining or contact the director of athletic training education.
Criteria for Admission to the Athletic Training Education Program

Prospective students must meet all the criteria below to be considered for admission. Completion of the application criteria does not guarantee admission to the program. Admission is competitive and is based on a point system assessed to each student’s application. Students can obtain the necessary application forms from the director of athletic training education.

1. Completed application with one letter of recommendation;
2. Cumulative GPA of 2.5 on a 4.0 scale;
3. Grade of “C” or higher in PESS 230 Introduction to Athletic Training, BIOL 101 Essentials of Biology or BIOL 111 Biology 1, and PESS 126 First Aid and Safety (or current Emergency Cardiac Care Certification);
4. Completion of at least 100 documented clinical observation hours under the direct supervision of a certified athletic trainer;
5. Submission of the Athletic Training Education Program physical examination verifying the student’s ability to meet the technical standards with or without accommodations and immunizations records;
6. Proof of Hepatitis B vaccination (or sign waiver);
7. Proof of TB Skin Test;
8. Submission of signed Technical Standards form;
9. Successful interview with the curriculum staff and an athletic training student representative;

Admission for Transfer Students

Transfer students must meet the above mentioned criteria and will only be admitted to Level 1 of the Athletic Training Education Program (ATEP). Transfer students must submit course descriptions or syllabi for each of the prerequisite courses along with a copy of transcripts to the director of athletic training education for review.

Admitted students must immediately declare as an athletic training major. Students who are not admitted may elect to apply again the following year or may declare another major. Admission to the program is very competitive and the number admitted is based on graduation and attrition rates.

Athletic Training Education Program Requirements

Once a student is accepted into the Athletic Training Education Program, students must verify that the following requirements have been met prior to the start of each academic year:

1. Maintenance of a cumulative GPA of 2.5 on a 4.0 scale
2. A grade of a “C” or higher on all major requirement courses
3. Current emergency cardiac care certification
4. NATA membership
5. Individual personal liability insurance
6. OSHA and bloodborne pathogens training
7. TB skin test
8. Signed confidentiality agreement
9. Signed verification of student handbook

If a student fails to maintain the above mentioned requirements, the student will be placed on probation and will be required to submit the necessary documentation according to the probationary contract. If a student fails to satisfy the contract, the student will be suspended from the program and will be required to reapply to the program.

Additional program policies are outlined in the Athletic Training Student Handbook and are updated annually.

Major requirements:
In Physical Education and Sports Studies:
126 First Aid and Safety
225 Fitness Assessment
230 Introduction to Athletic Training
232 Practical Applications in Athletic Training
Majors and Course Offerings

234 Athletic Training Clinical Experience 1
235 Athletic Training Clinical Experience 2
236 Care and Prevention of Athletic Injuries
323 Exercise Physiology
332 Kinesiology
335 Psychology of Sport
337 Athletic Training Clinical Experience 3
338 Athletic Injury Assessment 1
339 Athletic Injury Assessment 2
340 Athletic Training Clinical Experience 4
347 Therapeutic Exercise
440 Therapeutic Modalities
441 General Medical Conditions
443 Organization and Administration of Athletic Training
444 Athletic Training Clinical Experience 5
445 Athletic Training Clinical Experience 6
459 Practicum in Athletic Training
462 Seminar in Athletic Training

Cognate requirements:
In Biology:
111 Biology 1 or 101 Essentials in Biology
221 Human Anatomy and Physiology
331 Principles of Nutrition
In Psychology:
112 General Psychology

B.S., Major in Physical Education

Important note: This major addresses physical education; it leads to Kansas secondary teacher licensure only in physical education.

Major requirements:
Swimming proficiency
In Physical Education and Sports Studies:
126 First Aid and Safety
213 Principles of Physical Education
215 Applied Motor Learning
225 Fitness Assessment
230 Introduction to Athletic Training
314 Measurement and Evaluation in Physical Education
323 Exercise Physiology
325 Teaching Physical Education in the Elementary School
326 Adapted Physical Education
332 Kinesiology
335 Psychology of Sport
435 Organization and Administration of Physical Education
Complete any six of the following:
103 Fundamentals of Weightlifting
105 Fundamentals of Golf
106 Fundamentals of Archery
107 Fundamentals of Badminton
108 Fundamentals of Tennis
109 Fundamentals of Volleyball
110 Fundamentals of Soccer
111 Fundamentals of Basketball

Cognate requirements:
In Education:
438P Teaching Health and Physical Education in the Secondary Schools
All requirements for teacher licensure as listed in the Education section of this catalog.
B.S., Major in Physical Performance and Sports Studies

*Important note:* This major addresses physical performance and sport studies; it does not lead to any Kansas secondary teacher licensure.

**Major requirements:**
Swimming proficiency

In Physical Education and Sports Studies:
Complete any six of the following:
- 103 Fundamentals of Weightlifting
- 105 Fundamentals of Golf
- 106 Fundamentals of Archery
- 107 Fundamentals of Badminton
- 108 Fundamentals of Tennis
- 109 Fundamentals of Volleyball
- 110 Fundamentals of Soccer
- 111 Fundamentals of Basketball

Complete the following courses:
- 126 First Aid and Safety
- 213 Principles of Physical Education
- 215 Applied Motor Learning
- 225 Fitness Assessment
- 230 Introduction to Athletic Training
- 314 Measurement and Evaluation in Physical Education
- 323 Exercise Physiology
- 326 Adapted Physical Education
- 332 Kinesiology
- 335 Psychology of Sport
- 414 Exercise Prescription
- 435 Organization and Administration of Physical Education

Electives: Complete six hours from the following:
In Physical Education and Sports Studies:
- 201 Intermediate Swimming
- 202 Lifesaving
- 203 Advanced Strength Training
- 210 Advanced Swimming
- 220 Introduction to Sport Management
- 302 Water Safety Instruction
- 415-419 Theory of Coaching (Sport)

In Dance:
- 130 Jazz 1
- 131 Tap 1
- 132 Musical Theatre
- 133 Ballet 1

**Cognate requirement:**
In Biology:
- 101 Essentials of Biology

**Suggested Cognate:**
In Natural Science:
- 230 Drugs: Research and Reward

---

B.S., Major in Sport Management

**Major requirements:**
In Physical Education and Sports Studies:
- 220 Introduction to Sport Management
- 335 Sport Psychology
- 344 Sport Marketing
- 421 Sport Management Capstone
Cognate requirements:
In Accounting:
   281 Financial Accounting
   283 Managerial Accounting
In Business:
   210 Business Communications
   322 Management
   328 Organizational Behavior
   393 Legal/Ethical Environment of Business
   437 Business and Professional Ethics
In Communication:
   294 Public Relations
In Economics:
   101 Principles of Microeconomics
   102 Principles of Macroeconomics

Physical Education and Sports Studies Courses
Department Code: PESS

102 Fundamentals of Bowling. Credit .5 hour
103 Fundamentals of Weightlifting. Credit .5 hour
104 Fundamentals of Gymnastics. Credit .5 hour
105 Fundamentals of Golf. Credit .5 hour
106 Fundamentals of Archery. Credit .5 hour
107 Fundamentals of Badminton. Credit .5 hour
108 Fundamentals of Tennis. Credit .5 hour
109 Fundamentals of Volleyball. Credit .5 hour
110 Fundamentals of Soccer. Credit .5 hour
111 Fundamentals of Basketball. Credit .5 hour

All fundamentals courses will cover skills, techniques, strategy, and rules pertaining to the specific sport.

119 Beginning Swimming. A course for nonswimmers, aiming to equip individuals with basic water skills and knowledge in order to make them reasonably safe while in, on, or about the water. Credit 1 hour.

126 First Aid and Safety. Cause, prevention, and first aid care of common emergencies as outlined by American Red Cross. Treatment of athletic injuries. Common precautions in safety in the home, school, highways, and recreational areas. Credit 2 hours.

201 Intermediate Swimming. Emphasis on basic strokes, personal safety skills, basic rescue techniques, artificial respiration, and safety information. Credit 1 hour.

202 Lifesaving. Lifesaving and artificial respiration, cardiopulmonary resuscitation, and first aid techniques. Preparation for Red Cross certification test in Life Saving and Water Safety. Prerequisite: PESS 126. Credit 1 hour.

203 Advanced Strength Training. This course develops many weightlifting techniques that can only be effectively executed when orchestrated with larger, strategically-planned regimens. Several techniques including periodization, super sets, giant sets, isometric, super slow, forced repetitions, and other processes are studied and put into practice. CSCS exam preparation is included curriculum. Credit 3 hours.

205 Critical Issues in Health. Analysis of critical health issues, emphasizing personal responsibility for wellness. A holistic approach to mind and body interactions is utilized to facilitate awareness of the impact of health and physical activity on individual and social wellness. Strongly recommended for students with sophomore standing or above. Credit 3 hours.

210 Advanced Swimming. An evaluation of each student’s basic swimming techniques through the profession of advanced swimming strokes, water safety, and conditioning. Credit 1 hour.

213 Principles of Physical Education. Basic concepts and theories of physical education. Credit 3 hours.

215 Applied Motor Learning. A study of theories and practices dealing with learning as related to motor skill acquisition. Emphasis will be psychomotor and perceptual motor learning. Credit 3 hours.

220 Introduction to Sport Management. This course is designed to provide an overview of the structure of the sports industry and to highlight the scope and variety of career opportunities in the area. The value of professional management to sports organization will also be emphasized. Attention will be given to the issues facing sport organizations and to the use of management techniques to solve
Majors and Course Offerings □ 79

business-related problems. The development of effective communication skills, both written and oral, will be emphasized through class presentations and written assignments. Cross-listed with Business. Credit 3 hours.

225 **Fitness Assessment.** This course will give the student the experience of administering assessment tests, evaluating results of these tests, and from these tests prescribing health fitness programs. Credit 2 hours.

230 **Introduction to Athletic Training.** An introduction to the history and structure of the athletic training profession as well as the responsibilities and functions of a certified athletic trainer. Credit 2 hours.

232 **Practical Applications in Athletic Training.** Application of common wrapping, taping, bracing, and bandaging techniques in athletic training. Lecture and laboratory. Credit 2 hours.

234 **Athletic Training Clinical Experience 1.** This rotation has been structured to provide the student with practical hands-on experience while working in the collegiate environment and in an emergency room setting. Students are assigned to an ACI/CI of the Southwestern College Athletic Training Education Program. Students are required to complete a minimum of 100 hours of clinical experience. Students are evaluated during the course through the use of performance evaluations and a final exam. Prerequisite: Admission to the Athletic Training Education Program. Course graded S/U. Credit 1 hour.

235 **Athletic Training Clinical Experience 2.** This rotation has been structured to provide the student with practical hands-on experience while working in the collegiate environment and in an emergency room setting. Students are assigned to an ACI/CI of the Southwestern College Athletic Training Education Program. Students are required to complete a minimum of 100 hours of clinical experience. Students are evaluated during the course through the use of clinical proficiency modules, case studies, and performance evaluations. Prerequisite: Satisfactory completion of PESS234. Course graded S/U. Credit 1 hour.

236 **Care and Prevention of Athletic Injuries.** The study of the care and prevention of common athletic injuries and illnesses. Lecture and laboratory. Credit 3 hours.

302 **Water Safety Instruction.** Advanced aquatic course training and preparing students to teach swimming, lifesaving, and other water safety courses. Preparation for Red Cross certification test. Prerequisite: Current Senior Red Cross Lifesaving certificate. Credit 1 hour.

314 **Measurement and Evaluation in Physical Education.** A study of capacity, achievements, knowledge, and skill tests and their application to classification and measurement of progress. Credit 3 hours.

323 **Exercise Physiology.** An introduction to the physiology of the skeletal, muscular, respiratory, nervous, and circulatory systems, with special reference to their adjustments during exercise. A study is made of age, sex, environment, and training in relation to exercise. Credit 3 hours.

325 **Teaching Physical Education in the Elementary School.** Designed for physical educators to enhance their understanding of contemporary elementary physical education. This course is directed to provide them with stimulus material for the implementation of movement activities and approaches to enhance the total development of the elementary school-aged child. Credit 3 hours.

326 **Adapted Physical Education.** The need for an adapted program for the physically handicapped or atypical student; its organization and administration; types of conditions to be found and their symptoms and characteristics; developing a program to meet the needs of the students; resources and references. Credit 3 hours.

332 **Kinesiology.** The mechanical and anatomical analysis of selected activities and their effect on the body; and the physiological adaptation of the body to meet the resultant demands. Credit 3 hours.

335 **Psychology of Sport.** A study of the psychology of motivation, attitudes, values, social mobility, and status as it relates to athletics. Cross-listed with Psychology. Credit 3 hours.

337 **Athletic Training Clinical Experience 3.** This rotation has been structured to provide the student with practical hands-on experience while working in the collegiate environment and with a physical therapist or orthopedic surgeon. Students are assigned to an ACI/CI of the Southwestern College Athletic Training Education Program. Students are required to complete a minimum of 125 hours of clinical experience. Students are evaluated during the course through the use of clinical proficiency modules, case studies, and performance evaluations. Prerequisite: Satisfactory completion of PESS235. Course graded S/U. Credit 2 hours.

338 **Athletic Injury Assessment 1.** Injury assessment of the head and lower extremities as well as gait analysis. Lecture and laboratory. Credit 3 hours.

339 **Athletic Injury Assessment 2.** Injury assessment of the spine and upper extremities as well as posture analysis. Lecture and laboratory. Credit 3 hours.

340 **Athletic Training Clinical Experience 4.** This rotation has been structured to provide the student with practical hands-on experience while working in the collegiate environment and with a physical
therapist or orthopedic surgeon. Students are assigned to an ACI/CI of the Southwestern College Athletic Training Education Program. Students are required to complete a minimum of 125 hours of clinical experience. Students are evaluated during the course through the use of clinical proficiency modules, case studies, and performance evaluations. Prerequisite: Satisfactory completion of PESS337. Course graded S/U. Credit 2 hours.

**341 Game Rules and Officiating.** Study of rules and officiating mechanics for football and basketball. Less detailed study will be given to baseball, track and field, soccer, volleyball, and individual sports. Credit 3 hours.

**344 Sport Marketing.** Course is designed to develop an understanding and appreciation of the unique aspects of marketing as related to sport. Cross-listed with Business. Credit 3 hours.

**347 Therapeutic Exercise.** Development and implementation of specific rehabilitation protocols for various athletic injuries. Lecture and laboratory. Credit 3 hours.

**414 Exercise Prescription.** This course will teach the student the major elements of fitness, determine fitness goals, design fitness programs and facilities. The course will be a combination of classroom, exercise and practical experiences. Prerequisite: PESS225. Credit 3 hours.

**415 Theory of Coaching Football.** Study of fundamentals, individual and team offense and defense, formations, plays and field generalship. Credit 2 hours.

**416 Theory of Coaching Volleyball.** An analysis of the coaching techniques and strategies of volleyball. Credit 2 hours.

**417 Theory of Coaching Basketball.** Study of the different systems of basketball, individual and team offense and defense. Credit 2 hours.

**418 Theory of Coaching Track.** Form, training, and selection of students for each track and field event. Also includes procedures and organization of track meets. Credit 2 hours.

**419 Theory of Coaching Baseball/Softball.** An analysis of defensive baseball including strategic fielding and pitching. A study of hitting techniques and base running including the coaching techniques of each. Credit 2 hours.

**421 Sport Management Capstone.** This course is designed as the culminating experience in the Sport Management program and may include individual research or an approved internship. Credit 3 hours.

**435 Organization and Administration of Physical Education.** Analysis of the underlying principles of physical education and their application to the organization of a physical education program. The principles of teaching physical education with lesson plan formulation plus actual experience in an activity class. Credit 3 hours.

**440 Therapeutic Modalities.** Scientific principles and applications of various therapeutic modalities in the treatment of athletic injuries. Lecture and laboratory. Credit 3 hours.

**441 General Medical Condition.** This course is an in-depth study of selected medical conditions incurred by individuals. Students will learn how to identify a broad range of medical conditions and will understand their immediate care and treatment. Pharmacology will be a strong component of this course. Lecture and laboratory. Prerequisite: Consent of instructor. Credit 3 hours.

**443 Organization and Administration of Athletic Training.** Organization and administrative procedures of an athletic training facility and program. Lecture and laboratory. Credit 3 hours.

**444 Athletic Training Clinical Experience 5.** This rotation has been structured to provide the student with practical hands-on experience while working in the collegiate environment and in a general medical setting. Students are assigned to an ACI/CI of the Southwestern College Athletic Training Education Program. Students are required to complete a minimum of 150 hours of clinical experience. Students are evaluated during the course through the use of clinical proficiency modules, case studies, and performance evaluations. Prerequisite: Satisfactory completion of PESS340. Course graded S/U. Credit 3 hours.

**445 Athletic Training Clinical Experience 6.** This rotation has been structured to provide the student with practical hands-on experience while working in the collegiate and high school environment and in a general medical setting. Students are assigned to an ACI/CI of the Southwestern College Athletic Training Education Program. Students are required to complete a minimum of 150 hours of clinical experience. Students are evaluated during the course through the use of clinical proficiency modules, case studies, and performance evaluations. Prerequisite: Satisfactory completion of PESS444. Course graded S/U. Credit 3 hours.

**459 Practicum in Athletic Training.** Off-campus practicum at a site approved by the Director of Athletic Training Education. Prerequisite: Admission to the Athletic Training Education Program and submission of required paperwork to the registrar's office. Course graded S/U. Credit 1-3 hours (1 credit per 25 contact hours, up to 3 credits optional).
462  **Seminar in Athletic Training.** Emphasis placed on preparation for taking the BOC examination and professional development. Capstone course for the athletic training major. Credit 2 hours.

## Physics

Physics, the fundamental natural science, provides explanations for a large number of physical phenomena through the use of a small number of general concepts, principles, and theories. The study of physics contributes to an understanding of the physical world and develops the ability to reason analytically.

### Physics Courses

**Department Code: PHYS**

- **201 College Physics 1.** Algebra-based treatment of the laws of motion, energy, momentum, rotational motion, gravitation, mechanical waves, wave interference, and sound. Lecture and laboratory. Prerequisites: MATH 110 and 112, or consent of instructor. Credit 4 hours.

- **202 College Physics 2.** Algebra-based treatment of electricity, direct current circuits, magnetism, geometric optics, and interference. Lecture and laboratory. Prerequisite: PHYS 201. Credit 4 hours.

- **211 General Physics 1.** Calculus-based treatment of the laws of motion, energy, momentum, rotational motion, gravitation, mechanical waves, wave interference, and sound. Lecture and laboratory. Prerequisite: MATH 112 and 222, or consent of instructor. Credit 5 hours.

- **212 General Physics 2.** Calculus-based treatment of electricity, Gauss’s Law, direct current circuits, magnetism, geometric optics and interference. Lecture and laboratory. Prerequisite: PHYS 211. Credit 5 hours.

## Political Science and Legal Studies

The Department of Political Science and Legal Studies offers two related programs: a minor in political science and a minor in criminal justice and legal studies. The political science curriculum emphasizes critical thinking and written and oral communication skills. Classes are typically discussion-based and active learning techniques are often employed. The criminal justice and legal studies program is more applied, teaching skills that will be applicable in the legal environment, such as legal business applications and knowledge of specialty law subjects. Most classes are based on lectures and focused projects. Both programs study the connection between law and politics and are popular avenues to law school. They also provide students with opportunities to develop specific skills of value to a wide variety of prospective employers, including data analysis, communication, decision-making, and research competencies. Those minors are an excellent complement to any major at Southwestern College, including business, communication, English, history, and psychology.

### Minor in Political Science

A total of 18 credits is required for this minor.

**Minor requirements:**

In Political Science and Legal Studies:

- 100 Active Citizenship and Integrative Learning
- 101 Introduction to Political Science

An additional 12 hours among the following courses:

- 205 Public Policy
- 213 American Politics
- 216 Principles of Criminal Law
- 222 International Relations
- 233 Environmental Policy
- 241 Comparative Politics
- 306 Law and the Legal System
Minor in Criminal Justice and Legal Studies

A total of 18 credits is required for this minor.

Minor requirements:
In Political Science and Legal Studies:
  100 Active Citizenship and Integrative Learning
  102 Introduction to Criminal Justice
An additional 12 hours among the following courses:
  101 Introduction to Political Science
  205 Public Policy
  215 Crime and Punishment
  216 Principles of Criminal Law
  217 Criminal Procedure
  218 Leadership and Ethics in Criminal Justice
  306 Law and the Legal System

Political Science and Legal Studies Courses
Department Code: POLS

100 Active Citizenship and Integrative Learning. An exploration centered around a series of competencies, such as critical thinking, effective citizenship, valuing, and global perspective, which prepare students for living and working as active citizens of a multicultural world. Credit 3 hours.

101 Introduction to Political Science. An introduction to the theories and practices used in the discipline of political science. This class will map political science in various ways to show students where their interests might fit those of the discipline. Credit 3 hours.

102 Introduction to Criminal Justice. An introduction to the components and operations of the criminal justice system. It examines the three main components of that system: law enforcement, the courts, and corrections. Issues and challenges within the criminal justice system and the system's future are also explored. Credit 3 hours.

205 Public Policy. An examination of the nature of public policy and public administration in America as well as the processes of policy formation and administration. The different approaches to evaluating and improving public policies will be fully discussed. Credit 3 hours.

213 American Politics. A consideration of the national government in terms of the central ideological basis, its institutional framework, and political actors and processes. This course is an introduction to the study of American politics in the contemporary era and focuses on the process of policymaking in a sociologically diverse, culturally divided, and institutionally fragmented political system. Credit 3 hours.

215 Crime and Punishment. An exposure to the most vexing criminal justice issues of our time – how should we punish those who break our laws. Students will discuss cases, articles, and speakers' comments with the aim to discern the merits and disadvantages of the current incarceration priorities and to deliberate whether better options exist for punishing offenders and achieving justice for all concerned. Credit 3 hours.

216 Principles of Criminal Law. A generic study of criminal law in the United States, covering the most common crimes prosecuted in American courts. Topics include principles of criminal law, principles of criminal liability, complicity, inchoate crimes, defenses, justifications, excuses, crimes against persons, crimes against property, and crimes against public order. Credit 3 hours.

217 Criminal Procedure. An in-depth examination of the legal aspects of law enforcement. Policing in a democracy often conflicts with the core principles protecting citizens from government intrusions. This course is an in-depth analysis of the rules of criminal evidence and procedure in the United States. Topics include trial procedures, examination of witnesses, real/physical evidence, circumstantial evidence, hearsay evidence and exceptions, privileged communications, declarations against interests, and judicial notice. Credit 3 hours.

218 Leadership and Ethics in Criminal Justice. An exposure to the various philosophical approaches for developing appropriate ethical decision-making tools for the criminal justice professional. Ethical decision-making tools are illustrated in actual application in police, courts, corrections, criminal justice policy, and criminal justice research scenarios. Emphasis is placed on professional integrity and leadership skills that support laws, policies, and procedures in criminal justice. Credit 3 hours.

222 International Relations. A study of international politics, its elements, and general nature with emphasis on the struggle for power among nations. This course introduces and compares basic theories of international politics and applies them to current events. Credit 3 hours.
233 Environmental Policy. A study of the policy processes addressing environmental problems not only in the United States but also worldwide. The course provides a thorough overview of specific modern and historical environmental policies. Credit 3 hours.

241 Comparative Politics. An introduction to political and governmental systems, focusing primarily on the varieties of democracy. The concept of the nation-state, including political culture and history, and interest articulation. Comparison of both structure and function of government through case studies of a wide array of nations. Credit 3 hours.

306 Law and the Legal System. An introduction to the law with a primary emphasis on U.S. law and the legal system. Topics include U.S. legal history; law and society; court organization and procedure; lawyers and the legal profession; judicial powers and constraints; constitutional, statutory and common law; criminal and civil law; administrative law; and contemporary legal issues. Credit 3 hours.

---

### Psychology

The major in psychology prepares students to evaluate psychological theories and research and to examine ethical issues as well as the biological, social, and cognitive factors that affect the human condition. Majors have the opportunity to learn counseling techniques, develop problem-solving skills, achieve self-awareness, and design research through coursework and individual practica and projects. Students in psychology will learn about career opportunities in psychology and clarify vocational goals as they prepare for graduate study in psychology or other people-oriented careers.

Students who major in psychology must earn a grade of “C” or better in each course required for the program.

#### B.A., Major in Psychology

**Major requirements:**

In Psychology:

- 112 General Psychology
- 218 Developmental Psychology
- 219 Social Psychology
- 242 Personality
- 320 Abnormal Psychology
- 325 Research Methods
- 330 Biological Foundations of Psychology
- 333 Cognition
- 419 History and Systems of Psychology

Two courses selected from the following:

- 301 Human Sexuality
- 321 Introduction to Clinical, Counseling, and Community Psychology
- 322 Educational Psychology
- 328 Organizational Behavior
- 335 Psychology of Sport
- 416 Psychological Assessment
- 421 Emotion
- 422 Learning
- 430 Biological Psychology

Six hours selected from the following:

- 454 Research Project
- 455 Topics course(s)
- 459 Practicum
- 460 Internship

**Cognate requirements:**

In Mathematics:

- 215 Introduction to Statistics and Probability
Minor in Psychology

Minor requirements:
In Psychology:
- 112 General Psychology
- One 200-level course
- Two 300-level courses (not including 322)
- Two 400-level (not including 459 or 460)

Psychology Courses

Department Code: PSYC

112 General Psychology. An introduction to the scientific study of behavior and mental processes. Special attention is placed on the scientific method in the exploration of consciousness, learning, motivation, emotion, development, personality, mental disorders, biological factors, social-psychological phenomena, and cognitive processes. Lecture and laboratory. Credit 4 hours.

218 Developmental Psychology. The development of behavior from infancy through adulthood. Emphasis is placed on learning and environmental factors in the socialization of children and adolescents. Prerequisite: PSYC 112. Cross-listed with Education. Credit 3 hours.

219 Social Psychology. Social factors in behavior of individuals and groups, including attitudes, leadership, and personality and culture. Prerequisite: PSYC 112. Credit 3 hours.

242 Personality. Contemporary approaches to the psychological study of personality. Prerequisite: PSYC 112. Credit 3 hours.

254-354-454 Research Project. The Research Project is a two-semester course designed to give students an opportunity to design, execute, and present scientific research in psychology. Students are admitted to the course as either primary investigators who are in charge of the research projects or as research assistants who assist the primary investigators with various process tasks. Prerequisites: Permission of the psychology program director and submission of required paperwork to the registrar’s office. Credit 1 to 4 hours.

259-359-459 Practicum in Psychology. A practicum can be designed to explore an area of the student’s interest such as (but not limited to) assisting on research projects or working with an agency in the community. Prerequisites: Submission of required paperwork to the registrar’s office. Credit 1 to 5 hours.

301 Human Sexuality. Course covers the biological aspects of human sexuality, love, aberrant sexual behavior, abortion, contraception, parenthood, sexual orientation, and numerous other sexually related subjects. Credit 3 hours.

320 Abnormal Psychology. An introduction to personality disorders. Emphasis on theories of pathology and treatment. Prerequisite: PSYC 112. Credit 3 hours.

321 Introduction to Clinical, Counseling, and Community Psychology. A study of major theoretical formulations and practical applications in the history of clinical, counseling, and community psychology, from classical psychoanalysis to contemporary modes of treatment. Emphasis is placed on what clinical and counseling psychologists do, including methods of appraisal, professional roles, and psychotherapeutic approaches to treatment. Prerequisites: Two Psychology courses and junior standing. Credit 3 hours.

322 Educational Psychology. A course designed specifically to study the behavior of individuals and groups in educational settings. Emphases are placed upon development, motivation, assessment, individual differences, teaching modalities and learning preferences. Attention is also given to character education and attitudes. Directed observation and participation in the public schools provide practical application of course theory. Twenty hours of observation/participation in a public school classroom required. Prerequisite: Admission to Teacher Education. Cross-listed with Education. Credit 3 hours.

325 Research Methods. An introduction to the theory and methodology of psychological research with emphasis on experimental design, data collection, statistical analysis, and report writing. Each student will actively participate in all four phases of the research process. Lecture and laboratory. Prerequisite: PSYC 112 and MATH 215. Credit 4 hours.

328 Organizational Behavior. Individual and work group behavior in organizations. Exercises in the dynamics of power, developing leadership, facilitating quality and change, and interpersonal communication skills will be emphasized. Course procedures include oral and written communications, group interaction in class, and a major presentation. Cross-listed with Business. Credit 3 hours.
Majors and Course Offerings  □  85

330 Biological Foundations of Psychology. A study of the anatomy, physiology, and function of the nervous and endocrine systems and their relationship to psychological issues. Prerequisite: PSYC 112. Credit 3 hours.

333 Cognition. The psychological study of attention, pattern recognition, memory, language, reasoning, problem solving, and creativity. Prerequisite: PSYC 112. Credit 3 hours.

335 Psychology of Sport. A study of the psychology of motivation, attitudes, values, social mobility, and status as it relates to athletics. Cross-listed with Physical Education and Sport Studies. Credit 3 hours.

416 Psychological Assessment. An examination of classic and current theories and methods of psychological assessment. Topics will include personality assessment, observation and behavioral techniques, interviewing, self-report inventories and questionnaires, projective techniques, and maximum performance assessment. Prerequisite: Two Psychology courses and junior standing. Credit 3 hours.

419 History and Systems of Psychology. A study of the evolution of psychology as a science through an examination of philosophical and physiological antecedents, major systems and schools of thought, and contemporary approaches. Prerequisites: five psychology courses and junior standing. Credit 3 hours.

421 Emotion. A survey of the major historical and contemporary theories of human emotion, including biological, developmental, cognitive, and social perspectives. Prerequisites: Two Psychology courses and junior standing. Credit 3 hours.

422 Learning. A survey of current learning theories and research in learning. Prerequisites: Two Psychology courses and junior standing. Credit 3 hours.

430 Biological Psychology. The application of anatomical and physiological principles to psychological issues such as sensation and perception, movement, learning and memory, drugs, brain damage, and psychological disorders. Prerequisites: PSYC 112 and either PSYC 330 or BIOL 221. Credit 3 hours.

460 Internship in Psychology. Internships are offered in an area of the student’s interest such as (but not limited to) working at a mental health center or as a youth attendant for juveniles held by the court system. Prerequisites: Junior standing and submission of required paperwork to the registrar’s office. Credit 6 to 14 hours.

Social Science

Minor in Leadership

Minor requirements:
In Social Science:
   101 Introduction to Leadership
   206 Leadership and Ethical Worldviews
   307 Leadership Research
   408 Leadership Practices
Choose one course from the following:
   In Political Science:
      100 Active Citizenship and Integrative Learning
   In Social Science:
      225 Philanthropy and Grantmaking
At least three additional hours selected from SOCS 330 Service-Learning Travel, a practicum or internship in the student’s major field of study (approval required from director of leadership), or study abroad.

Social Science Courses

Department Code: SOCS

101 Introduction to Leadership. An introduction to leadership theory begins the class. Analysis of historical leaders, contemporary leaders, and self as leader follows. Students end the class with a learning experience designed to foster collaboration among a team of students and one that gives opportunity for that team to articulate a shared vision. Credit 3 hours.

206 Leadership and Ethical Worldviews. Study of proactive thought, personal and group visioning, ethics, and areas of personal leadership self-assessment will be covered. Facilitating group process and giving and receiving constructive criticism will be emphasized during the class time. Prerequisite: SOCS 101. Credit 3 hours.

225 Philanthropy and Grantmaking. Students will explore the philanthropic process, nonprofit organizations and their boards. Exercises in grant writing, fundraising, strategic grant-making, and
sustainable philanthropic impact will be experienced. The student-led Southwestern College Philanthropy Board (SCPB) will provide consultation and oversight to the class grant-making endeavors. The class will have access to SCPB funds to distribute to selected grant winners. Credit 3 hours.

230 **Applied Social Sciences.** This course gives students an opportunity to explore ideas from a multitude of academic areas: history, political science, leadership, philosophy, religion, and psychology. One central issue will be the focal point for the entire course. Examination and analysis of the issue will be developed from the material presented in each academic area. The course will be team taught. Credit 3 hours.

301 **Global Culture.** A concentrated study of selected major countries and culture areas outside Western culture. Credit 3 hours.

302 **Diversity.** Twofold emphasis: 1) increasing students’ awareness of their own ethnocultural roots and the influence of these roots on their world views and interactions with others, and 2) increasing students’ understanding of and sensitivity to the experience of being an ethnic minority in the U.S. today. Credit 3 hours.

307 **Leadership Research.** Readings, experiential learning activities and reflective writing will help students develop leadership knowledge in four areas: facilitation, conflict resolution, creativity, and written persuasion. After an introduction to all four areas, students will choose one area to study in depth. Prerequisite: SOCS 206. Credit 3 hours.

330 **Service-Learning Travel.** Students will prepare for a cross-cultural experience by reading, participate in the experience by travel and service, and then reflect on the experience through writing. Credit 1 to 3 hours.

408 **Leadership Practices.** Students will envision, design, implement, and evaluate a project as the project leader, in consultation with peers and faculty. All project leaders will meet weekly for consultation. Prerequisite: SOCS 307. Credit 3 hours.

460 **Internship in Social Science.** Internships are offered for experiential learning in social science-related fields. Prerequisites: Permission of a supervising faculty member in the Social Science division and submission of required paperwork to the registrar’s office. Credit 6 to 14 hours.

### Sustainability and Environmental Studies

The mission statement of Southwestern College states that the college “strives to live by and teach a sustainable way of life.” The sustainability and environmental studies minor offers a curriculum that provides students with the opportunity to study the basic tenets of sustainability; examine the obstacles to achieving a more sustainable society; and envision, design, and implement an individual project involving sustainability practices.

#### Minor in Sustainability and Environmental Studies

**Minor requirements:**

In Natural Science:
- 201 Environmental Issues

In Sustainability and Environmental Studies:
- 101 Introduction to Sustainability 1
- 102 Introduction to Sustainability 2
- 359 Practicum in Sustainability

Choose one course from the following:
- In Natural Science:
  - 180 Science, Society, and the Environment

Choose two courses from the following:
- In Political Science:
  - 233 Environmental Policy

- In Economics:
  - 334 Environmental Economics

- In English:
  - 203 Literature and the Environment
Majors and Course Offerings □ 87

Sustainability and Environmental Studies Courses

Department Code: SES

101 Introduction to Sustainability 1. This course will provide meaning to the term “sustainability” and provide a broad overview of challenges posed by environmental degradation, resource depletion, overpopulation, energy consumption. It will focus on potential ways that societies can respond to ensure that these problems are not left for future generations to solve. It will provide an introduction to the environmental, economic, and social dimensions of sustainable development by looking into relevant local, regional, and global environmental issues. Credit 1 hour.

102 Introduction to Sustainability 2. This course will focus on potential solutions to the environmental challenges addressed in SES 101. Students will be required to investigate and present proposals for implementing sustainability projects that will positively impact Southwestern College and/or the community. Prerequisite: SES 101 or consent of instructor. Credit 1 hour.

359 Practicum in Sustainability. The goal of the sustainability practicum is to immerse students in real sustainability problems and projects and facilitate their development of creative interdisciplinary solutions. Students will envision, design, implement, and evaluate a project in the realm of sustainability as the project leader, in consultation with peers and faculty. Prerequisites: SES 101 and 102, or consent of instructor. Credit 3 hours.

Theatre Arts

Higher education has historically had, at its heart, an appreciation of theatre. It has encouraged theatre as a part of students’ lives, taught both its literature and art, and worked to develop students’ understanding of the need for theatrical expression of our humanness. Southwestern College’s theatre arts department is designed to meet the needs of both students in general liberal arts education and majors within the department. The department gives the opportunity to all students to develop skills, confidence and poise in various performance situations. It aims to develop the students’ potential through classroom and extracurricular learning experiences, gives a basic knowledge of the theatre and the work and joy that are part of its creation, and stresses the importance of the arts in our lives as they help us to understand ourselves, others and the world we share.

For majors in theatre arts, the department provides an academic program and co- and extracurricular activities. These prepare students for further studies in graduate or professional schools, and for careers in education or in professional theatre. The major aims to develop individuals prepared to live responsibly with concern for others, and to be creative, self-expressive leaders and citizens.

The theatre arts major provides for emphases in general theatre arts, musical theatre, theatre arts education, theatre arts performance or in technical theatre.

The theatre arts minor is available for students who wish to major in another academic area, but who also want transcript recognition for serious academic study in theatre. The Goal and Career Development course is a requirement for at least one hour each semester that students are declared a major, for a minimum of four hours for graduation. Theatre arts majors must counsel with a departmental advisor to declare an area of emphasis by the beginning of the junior year.

B.A., Interdisciplinary Major

Set up between Theatre Arts and other departments, major requirements will be developed from the student’s need with faculty advisement.

B.A., Major in Speech and Theatre Education

Major requirements:

In Theatre:

111 The Theatre Experience
115, 116, 215, 216, 315, 316, 415, 416 Goal and Career Development (minimum 2 hours, maximum 8 hours)
224 Stagecraft
226 Acting 1
Majors and Course Offerings  □ 88

234  The Expressive Voice  
333  Theatre History 2  
424  Directing 1  
425  Directing 2  
454  Senior Project

Completion of Theatre experience checklist

Cognate requirements:
In Communication:
   110  Media Writing 1  
   203  Interpersonal Communication  
   208  Critical Thinking and Argumentation  
   215  Intercultural Communication  
   250  Media Law and Ethics  
   315  Persuasion  
   317  Advanced Presentational Speaking  
   401  Debate Question Analysis and Case Construction  
   410  Theories of Human Communication

Completion of Speech experience checklist
In Education:
   438C  Teaching and Directing Forensics and Debate in the Secondary Schools  
   438T  Teaching and Directing Theatre in the Secondary Schools

In addition to course obligations in the communication and theatre content areas, students have additional Kansas teacher licensure requirements. Consult the Education section of this catalog for information about those specific requirements. The speech and theatre education major is listed in both the communication and theatre sections of the catalog. Please look in both major areas for course descriptions specific to the major.

B.A., Major in Theatre Arts

Major requirements:
In Theatre:
   111  The Theatre Experience  
   224  Stagecraft  
   226  Acting 1  
   333  Theatre History 2  
   454  Senior Project

At least four credits in Goal and Career Development

Cognate requirements:
In Psychology:
   112  General Psychology

All requirements of one emphasis area below:

Emphasis in General Theatre Studies
Requirements:
In Theatre:
   234  The Expressive Voice  
   332  Theatre History 1  
   424  Directing 1

Nine hours of departmental electives

Emphasis in Musical Theatre
Requirements:
In Theatre:
   234  The Expressive Voice  
   332  Theatre History 1  
   336  Musical Theatre Performance  
   340  Musical Theatre History  
   170 or 270 or 370 or 470 Summer Theatre Workshop
Cognate requirements:
In Dance:
   130 Jazz 1
   131 Tap 1
   132 Musical Theatre
   133 Ballet 1
In Music:
   111 Foundations in Music
   At least four semesters of private voice lessons
   Demonstration of piano proficiency

Emphasis in Technical Theatre
Requirements:
In Theatre:
   227 Make-Up for the Stage
   324 Arts Management
   325 Design for the Stage
   327 Costuming
   332 Theatre History 1
Cognate requirements:
In Art:
   123 Basic Drawing
   215 Painting Studio

Emphasis in Theatre Performance
Requirements:
In Theatre:
   223 Creative Dramatics
   234 The Expressive Voice
   332 Theatre History 1
   424 Directing 1
   425 Directing 2 or 426 Acting 2
Cognate requirements:
In Dance:
   130 Jazz 1
   131 Tap 1
   132 Musical Theatre

Minor in Theatre Arts
Minor requirements:
In Theatre:
   111 The Theatre Experience
   224 Stagecraft
   226 Acting 1
   234 The Expressive Voice
   332 Theatre History 1 or 333 Theatre History 2
   454 Senior Project
Four credits in Goal and Career Development

Theatre Courses
Department Code: THTR

111 The Theatre Experience. Introduction to basic knowledge of the theatre, its origins, development, and the work and joy involved in the creative experience of theatre. Intended to increase the understanding of and appreciation for theatre by non-majors and majors. Laboratory with current productions. Credit 3 hours.

115-116-215-216-315-316-415-416 Goal and Career Development. Required every semester for theatre majors. Students and instructor will design a project plan to meet the development level of the individual student. Jury at the end. Prerequisite: 2.0 GPA. Credit 1 to 3 hours.

117-118-217-218-317-318-417-418 Interpretation Projects. For individual development of goals and skills in oral interpretation of literature. Prerequisite: 2.0 GPA. Credit 1 to 3 hours.

121-122-221-222-321-322-421-422 Theatre Participation. Recital experience in theatrical production. Requires work in a major technical aspect of a current production. A maximum of 8 hours may be counted toward degree. Prerequisite: 2.0 GPA. Graded S/U. Credit 1 to 2 hours.

170-270-370-470 Summer Theatre Workshop. Student participation as members of Southwestern's Horsefeathers and Applesauce Summer Dinner Theatre Program. Credit 1 to 6 hours. May be repeated, but only 6 hours may count toward graduation.

223 Creative Dramatics. Designed for theatre performance and elementary education majors. Follows the philosophy that our world/reality is always changing. Improvisation, role playing, and other "theatrical games" for mutual understanding and trust. Credit 3 hours.

224 Stagecraft. Theory and practice of technical phases of production. Study and application of principles of construction and handling of stage scenery, lighting and sound equipment. Laboratory with current productions. Credit 3 hours.

227 Make-Up for the Stage. Basic principles and practices of theatre makeup; various assignments to develop skill in theatrical makeup. Laboratory with current productions. Credit 3 hours.

234 The Expressive Voice. Development of optimal vocal production, with focus on mastery of standard American dialect and introduction to the use of other stage dialects, with application to the use of the voice in all styles of text performance. Credit 3 hours.

324 Arts Management. An overview of the responsibilities of a director of an artistic organization. Management of personnel and facilities, programming, promotion, and budgeting will be studied in the classroom and in the field. Also includes visits to local arts organizations for firsthand experience. Credit 3 hours.

325 Design for the Stage. Study of stage design as it relates to scenic elements, lighting and sound. Prerequisite: THTR 224. Credit 3 hours.

327 Costuming. An examination of the history, development, basic principles of design and construction of stage costumes. Laboratory with current productions. Credit 3 hours.

331 Theatre Across the Disciplines 2. This lab-intensive course stresses theatre involvement and methods across the disciplines. Emphasis is placed on communicating with and developing empathy for others in a variety of fields including the humanities, social sciences, and natural sciences. The course seeks to connect learning and sharing among all disciplines through theatre games, creative dramatics, and dramatic literature, and its performance across campus and in the surrounding community. As theatre entertains and teaches, it helps us build connections to understand ourselves and our world. Prerequisite: LAS 231. Credit 3 hours.

332 Theatre History 1. Examines history of theatre from its origins through Classical, Medieval, Renaissance, Restoration and Romatic theatre. Reading of plays and study of theory, historical background, the physical theatre and its performers and their relationship to the culture and development of theatre. Credit 3 hours.

333 Theatre History 2. Development of theatre and dramatic literature beginning with Realism. Reading of plays and study of theory, historical development, genres, styles, physical theatre, performers, and the cultural diversity of the modern drama and the theatrical experience. Credit 3 hours.

340 Musical Theatre History. Taught as a seminar reading course, providing history of the musical foundation from its roots to contemporary musical theatre, combined with readings of librettos of major works. Credit 3 hours.

424 Directing 1. Theory and practice of directing. Play choice, analysis, and rehearsal techniques. Prerequisites: THTR 224, 226, COMM 202, or consent of the instructor. Credit 3 hours.

425 Directing 2. A continuation of THTR 424. This course requires the production of a one-act play. Prerequisite: Consent of instructor. Credit 3 hours.

426 Acting 2. Study of a variety of acting methods and styles. Preparation of a recital. Prerequisite: THTR 226 or consent of the instructor. Credit 3 hours.
454 Senior Project. Project chosen by student and instructor in conference. Development of project to synthesize and integrate theatre knowledge and application. Prerequisite: Consent of instructor. Credit 1 to 3 hours.
Graduate Studies

Southwestern College offers graduate programs both on its main campus and in professional studies settings. Most require either 36 or 39 hours for completion.

Graduate degrees earned on the main campus are generally intended to be completed immediately following completion of the bachelor’s degree. Classes are scheduled on campus and most are offered during the day. Fifth-year students enroll in two courses each eight-week session, making it possible to complete the degree in one year of full-time study. The exception to this is the master of science in leadership, which similar to an executive degree in that it has work to be done independently as well as short residential requirements.

Professional studies graduate degrees are intended for working adults, and several of these degrees are offered entirely online. Classes generally last six weeks; master of education classes are offered in six- and 12-week sessions.

**Master of Accountancy (M.A.C.C.)**

Professional Studies (online)

The master of accountancy curriculum is positioned to prepare students with additional key ‘bodies of knowledge’ to sit for the four-part Uniform CPA Examination prepared by the American Institute of Certified Public Accountants (AICPA). The curriculum has been mapped to the four areas of the Uniform CPA Examination.

**Master of Arts (in Music) (M.A.)**

Fifth-Year, on-ground summer residency, online

Southwestern College’s master of arts degree with a major in music (emphasis in music education or performance) broadens and refines the knowledge and skills of new and experienced educators, performers, and music ministers. It facilitates their educational advancement and prepares them for the changing needs of the professional musician. The faculty generates an environment conducive to learning, scholarship and creativity. In addition to the fifth-year option, this program can be completed over four summers as a campus-based residency program for teachers and others seeking advanced study in music.

**Master of Arts in Specialized Ministries (M.A.S.M.)**

Professional Studies (online)

The master of arts in specialized ministries program is designed with an emphasis on youth and young adult ministry. This nondenominational program develops key ministry leadership skills and prepares those who minister to and promote spirituality among young people to practically apply core academic and theological principles in contemporary church settings.

**Master of Arts in Teaching (M.A.T.)**

Fifth-Year, Professional Studies (online)

The master of arts in teaching degree provides graduate-level courses toward Kansas teacher licensure for grades 6-12 for graduates who have received a baccalaureate degree in the following areas: biology, business administration, chemistry, English, social sciences, mathematics, and speech/theatre. The program can enable licensure for grades K-12 for graduates who have received a baccalaureate degree in music or physical education.

**Master of Arts in Theological Studies (M.A.T.S.)**

Professional Studies (online)

The master of arts in theological studies degree is a nondenominational program designed for the individual interested in the examination of theological principles and constructs of Christian doctrines. Theological studies offers an educational path for academic preparation in the fundamentals of theology as a ministry in addition to biblical foundations, historical, and contemporary perspectives of various theologians. This degree is designed for those learners who want an academic alternative to the practical specialized ministry degree in youth ministry.
Master of Business Administration (MBA)

Fifth-Year, Professional Studies (on-ground, online)

The master of business administration program is taught by professional instructors with real world experience that will benefit students of all backgrounds. The curriculum stresses solid contemporary management concepts and techniques, in addition to theory. All undergraduate majors are eligible for admission to this degree.

Master of Education (M.Ed.)

On-ground (with online components)

The master of education degree is designed to enhance and improve the skills and understandings of the teacher-practitioner and to provide a sound theoretical base for continued study. It is grounded in the core propositions of the National Board for Professional Teaching Standards. Majors are offered in curriculum and instruction and in special education.

Master of Science in Leadership (M.S.L.)

On-ground summer residency, Professional Studies (online)

The master of science in leadership couples real-world skills and understanding with theoretical frameworks and leadership models. Students learn relationship management and leadership skills to become more effective in any organization, whether military, corporate, government, health care, small business, education or non-profit. It is appropriate for all undergraduate majors.

Master of Science in Management (M.S.M.)

Professional Studies (online)

The master of science in management program combines courses in business and leadership to provide a strong foundation for any person wishing to make a positive difference in a workplace, church, community or personal life. This program provides students necessary business skills in areas such as project management, human resource management, finance, organizational ethics and statistical analysis.

Master of Science in Security Administration (M.S.S.A.)

Professional Studies (online)

Southwestern College’s master of science in security administration program is designed to prepare mid- to upper-level managers in the security industry to take increasing levels of responsibilities and leadership positions. The program stresses problem solving, leadership, critical thinking, and application of theory-to-practice in addition to knowledge in security-related subject matter.

Academic Integrity

Southwestern College assumes the academic integrity of its learners. In cases where academic integrity is in question, the academic integrity definitions are as follows:

Academic dishonesty is any act of cheating, fabrication, and plagiarism, abuse of resources, forgery of academic documents, dissimulation, sabotage, and any act of aiding and abetting academic dishonesty.

Cheating is using or attempting to use unauthorized materials, information or study aids in any academic exercise. Examples: copying homework, copying someone else’s test, using an unauthorized “cheat sheet,” etc.

Fabrication is the falsification or invention of any information or citation in any academic exercise. Examples: making up a source, giving an incorrect citation, misquoting a source, etc.

Plagiarism is the representation of the words and ideas of another as one’s own in any academic exercise. Plagiarism includes failing to give a citation for using work from another person or source. Modifications to phrasings do not reduce the requirement for giving a citation. This also applies to information obtained electronically, such as from the Internet.

Dissimulation is the disguising or altering of one’s own actions as to deceive another about the real nature of one’s actions concerning an academic exercise. Examples: fabricating excuses for such things as missing classes, postponing tests, handing in late papers; turning in a paper for one class that was originally written for another class (when original work is requested), etc.

Abuse of resources is the damaging of any resource material or inappropriately limiting access to resource material, which is necessary for academic work. Examples: hiding library materials, removing non-circulating material from the library, hiding or stealing another person’s textbook, notes or software, failure to return library materials when requested by the library, etc.

Forgery of academic documents is the unauthorized changing or construction of any academic document. Examples: changing transcripts, changing grade books, changing grades on papers which have been returned, forging signatures, etc.

Sabotage is the damaging or impeding of the academic work of another student. Examples: ruining another student’s lab work, destroying another student’s term paper, etc.

Aiding and abetting academic dishonesty is knowingly facilitating any act defined in 1-7. Examples of academic integrity violations also include completion of an application for any Southwestern academic program which omits or falsifies any requested information. Such violations can result in the revocation of the application, even if approval was previously granted on the basis of fabricated information.

Policies for Dealing with Academic Dishonesty

The instructor shall determine if the infraction is intentional or unintentional. Any violation of the policy not under the supervision of a faculty member will be handled by recommendation of the academic dean to the Academic Affairs Committee. On the first offense, violations of the academic integrity policy will result with:

1. A reprimand (written or verbal) for unintentional violations
2. A zero for the assignment (paper, exam or project) for intentional or flagrant violations

Unintentional infractions may be reported to the academic dean at the discretion of the faculty member. All infractions deemed by the faculty member to be intentional or flagrant must be reported in writing to the academic dean; the student will also be notified verbally or in writing. The academic dean shall keep a record of reported infractions and sanctions.

A second or any subsequent intentional or flagrant violation of any part of the academic integrity policy during a student’s academic career at Southwestern is grounds for suspension and requires a conference with the academic dean to determine the outcome. Any student so
suspended has a right to an appeal. If a student wishes to appeal, the request should be made in writing and must be received in the academic dean’s office within thirty days of the suspension announcement. The appeal will be heard by the Academic Affairs Committee and the committee’s decision shall be final.

*Adapted and used by permission from Tabor College.*

**Assessment**

Southwestern College is committed to quality in higher education. It strives to meet the educational needs of society and of individual students. The student assessment program at Southwestern exists to evaluate the effectiveness of the college experience in assisting students’ movement toward the outcomes identified as flowing from the mission of the college. To that end aggregate data are collected from students at the beginning of the fall semester and at the end of the spring semester. The process and product of student assessment focuses on the centrality of the teaching mission of higher education, and on the institution’s ability to self-correct in ways meaningful to the educational experience of students.

Students enrolled at Southwestern are expected to participate in the student assessment program. The information resulting from the assessment process will not be used in any way other than for institutional improvement and individual student advising. Students may be privy to their individual scores and may use them in ways they deem helpful.

**General Academic Policies**

**Attendance Policy.** Students are expected to attend all classes as scheduled. Students who are absent are accountable for missed material and are responsible for arranging make-up work. Absences exceeding three times the number of class meetings per week are considered unacceptable. Tardies may be counted as absences. The college supports attendance policies that are more restrictive, if such policies have been stated in the course syllabus.

**Courses to Carry Credit Indicated.** All courses must carry the credit indicated in the catalog except by action of the academic affairs committee.

**Course Numbering System.** Courses are numbered by level:

- Freshman 100
- Sophomore 200
- Junior 300
- Senior 400

**Full-time Course Load.** A normal full-time load is 12-16 credit hours. Students taking 19 or more hours must have the approval of the academic dean. Full-time students who successfully complete each semester’s work and meet all major requirements may expect to graduate after four years of study.

**Part-time Course Load.** Students carrying fewer than 12 hours are classified as part-time students.

**Student Classification.** Students are classified on the basis of the number of accumulated earned hours according to the following schedule:

- Freshman 1 to 24 semester hours
- Sophomore 25 to 49 semester hours
- Junior 50 to 84 semester hours
- Senior 85 semester hours and above

**Registration**

**Add/Drop Policy.** Prior to the add/drop deadline, students may add a class with advisor approval, either online or by submitting the appropriate form to the registrar’s office. Once the semester begins, an instructor may elect to close a class barring any further enrollment. Students
wishing to drop a class at any time during the registration period must get written or online permission from their advisor and submit it to the registrar’s office. After the last day of the add/drop period, students wanting to drop a class must go through the official withdrawal process (see Official Withdrawal from Courses).

**Audit of Classes.** Auditing consists of attending a class regularly without participation in class work or receiving college credit. Auditors must receive permission from the instructor and submit a completed Special Studies Request form to the registrar’s office before enrolling in the class. Students auditing a course must pay an audit fee. Some laboratory classes may not be audited; others may depend upon payment of laboratory and special fees.

**Course Selection Guidelines.** Students are strongly encouraged to meet with their advisor during the course selection period. Advisor approval is required to complete course selection. Juniors and seniors are advised to complete their course selection during the first two days of a course selection period to ensure that their major course requirements will be met. In addition, students must either pay their student account in full or make payment arrangements with college services by the last day of the add/drop period in order to finalize their enrollment at Southwestern College.

**Waitlist Policy.** Waitlists are tracked by the student information system. Once space becomes available in a course, students who are first on the waitlist are automatically notified via e-mail to their official school e-mail address. Students are given 48 hours to respond; if they do not respond, they are dropped from the waitlist. During the add/drop period, students must respond within 24 hours in order to be added to a class. Exceptions to this policy may be made by a written request from the Division Chair and approval by the Academic Dean due to extenuating circumstances such as graduating seniors and transfer students.

**Main Campus and Professional Studies.** Students enrolled in main campus programs are not eligible to enroll in courses offered through the Professional Studies program.

**Grades**

**Academic Forgiveness.** Individuals who have accumulated a grade point average of less than 2.0 at Southwestern College may petition the academic dean and the Academic Affairs Committee to have their prior Southwestern College Academic record “forgiven.” To qualify, the petitioner cannot have been enrolled as a full time degree candidate at Southwestern College for a period of two years. A request is to be judged by the Academic Affairs Committee in terms of the student’s readiness for academic success. A student may receive academic forgiveness only once. When granted, the student’s prior record of academic work completed at Southwestern College will be sealed. The new academic record will indicate “Academic Forgiveness Granted” and the effective date. The student may then resume study under no academic restrictions.

This policy applies only to the usage of student academic records within Southwestern College. This would include the use of student GPA in determination of graduation requirements, suspensions and probations, and internal financial aid stipulations. Although a student’s prior academic record will be marked as “Academic Forgiveness Granted,” outside agencies and other academic institutions may choose to ignore this distinction and require copies of all Southwestern College academic work for their purposes. A student transferring from Southwestern to another institution must follow the receiving institution policy.

**Appeal of Grade.** Any grade change or appeal for a grade change must be requested within 30 days after the beginning of the fall or spring semester following the semester in which the grade is given. If a student believes the grade recorded by an instructor is inconsistent with the documentary evidence, an informal discussion with the faculty member is required as the first step of an appeal. If satisfactory resolution is not achieved at this level, the student may then seek resolution with the program director/department chair in which the course is taught. The final step would be to submit a written request for an appeal of a grade to the academic dean (or assistant dean). After receiving the written request, the dean will meet with the student to verify an attempt at resolution of the issue through the negotiation process and/or in mediation with the student and faculty. If it is determined that resolution has not occurred, the dean will request
written documentation with rationale from both the student and the instructor regarding the
grade assigned. The dean will also schedule a hearing with the appeals committee. The appeals
committee will be made up of the academic dean (or assistant dean), dean of students (or
assistant dean of students), and the chair of the Academic Affairs Committee. The committee
has the right to interview the student, the faculty member(s), and other pertinent individuals in
an effort to reach a just resolution of this issue. This committee will render the final decision on
the appeal. Notification of the grade appeal findings will be forthcoming from the dean’s office.
   This process is followed in appealing sanctions placed on a student as a result of the
academic integrity policy as well.

**Failure to Meet Course Requirements.** If a student exceeds the permitted number of class
absences or otherwise fails to do the work of a course making normal evaluation of academic
performance impossible, an instructor can inform that student in writing that it will be
impossible for the student to pass the course and a “WF” will be the result when grades are
turned in. The instructor may wish to suggest to the student that further attendance or
completion of class work will not change this outcome.

   If this notice comes prior to the official last day to withdraw from a course, the student may
withdraw and receive a grade of “WD.” After that date the grade will be “WF.”
   A copy of the notification letter will be sent to the academic dean. Any exemption from this
policy must be discussed with the instructor personally, and the final judgment is the
instructor’s.

**Grading System.** The college grading system defines the following marks as graded hours and
assigns the grade points shown per credit hour:

- **A** = Superior work (A+ or A, 4 points; A-, 3.67)
- **B** = Above average work (B+, 3.33; B, 3; B-, 2.67)
- **C** = Average work (C+, 2.33; C, 2; C-, 1.67)
- **D** = Minimally acceptable work for receiving credit (D+, 1.33; D, 1; D-, 0.67)
- **F** = Failure (0 points)
- **WF** = Withdrawal Failure (0 points)

   These additional marks are also used but do not designate graded hours and do not impact
calculation of a GPA:

- **WD** = Withdrawal from a course
- **AW** = Administrative withdrawal from a course
- **I** = Incomplete work
- **S** = Satisfactory work (equivalent to a C- or better)
- **U** = Unsatisfactory work

   For the purpose of grade point average calculation, transfer grades which are given with a
“+” or “-” will be calculated as simply the letter grade (e.g., grades of B-, B, and B+ will all be
credited with 3.0 grade points per credit).

**Incompletes.** A student may request a temporary grade of incomplete when the work of the
student has been generally satisfactory, but for reasons beyond the student’s control it has not
been possible to complete certain assignments made by the instructor. If the instructor agrees to
the student’s request, the student and teacher must jointly complete and file with the registrar a
form describing the work remaining in the course and a plan for its completion.

   If an incomplete is given, the deadline for finishing the course work is 30 days after the
beginning of the semester (fall, spring, summer) following the semester in which the incomplete
is given, or an earlier deadline as agreed to by the student and teacher. A grade of “F” will
automatically be entered as a final grade if the remaining work is not completed by the deadline.

   Extension of the deadline may be allowed by special permission of the academic dean in
cases of illness or other conditions beyond the student’s control. Requests for extensions of
deadlines must be initiated by the student and endorsed by the instructor involved in order to be
considered. During the period in which a student holds an incomplete, the grade point average
will be calculated without counting the incomplete.
An instructor may not give an incomplete unless the student has requested it. If the signed incomplete form is not submitted to the registrar’s office by the end of the grading period for that semester, a grade of “F” will be recorded.

**Repeating Course Work.** If a student repeats a course, both the original and repeat grade will be recorded on the official transcript, but only the repeat grade will be used in calculating earned hours and grade point averages, regardless of whether that grade is higher or lower than the original grade. Courses shown in the catalog as repeatable for credit do not fall under this rule.

**Satisfactory/Unsatisfactory Grading.** In any semester, a student may choose one elective (not a departmental requirement or a required cognate course) to be graded as “S” or “U.” This choice is to be made at the time of registration and may not be changed after the published last day for enrollment.

**Withdrawal**

**Administrative Withdrawal.** The administration may elect to register the “AW” mark for courses in progress under limited circumstances associated with medical emergencies, disciplinary action, or exigent circumstances preventing the student from requesting a withdrawal or an incomplete.

**Official Withdrawal from Courses.** Any student may withdraw from a course in the fall or spring semester at any time until the close of the ninth week and receive a grade of “WD,” which does not influence the grade point average. During a summer semester, each day of class counts as equivalent to a week in a regular semester. Withdrawals are done at the registrar’s office. Failure to withdraw in a timely manner may result in an “F” showing on the transcript if the student does not fulfill the course requirements in a satisfactory manner. For classes that last one week or less, regardless of semester, no cancellation is possible once the class begins.

**Withdrawal from College.** Any student wishing to withdraw entirely from the college during a semester should give official notice at the registrar’s office by the deadline to withdraw from a course. Withdrawal protects the academic record in that the designation of “WD” is recorded for any course in progress at the time of the student’s departure from the college. Students who leave without completing the withdrawal process risk receiving “Fs” for courses in progress and jeopardize any partial refunds of tuition and board in accordance with the information shown in this catalog under “Charges and Fees.”

**Probation/Suspension**

**Academic Probation.** When the semester grade point average falls below 2.0, or the cumulative grade point average falls below 2.0, a student is placed on academic probation and will receive notification from the academic dean. Any student placed on academic probation will be evaluated by the associate academic vice president for advising and student success, who will work with the student to devise a contractual plan of improvement. This plan will include monitoring by the associate academic vice president for advising and student success and may include restriction to 13 credit hours and/or enrollment in Academic Mentoring (ESKL 080). Any student placed on academic probation is subject to the conditions prescribed by the Academic Affairs Committee.

**Academic Suspension.** Students whose semester grade point average is below 2.0 for two consecutive semesters and whose cumulative grade point average is below 2.0 are not making progress toward the degree and therefore will be suspended from the college. Additionally, students who complete a semester with an “F” average will be suspended. Any student who is academically suspended has a right to an appeal for readmission following at least one full semester’s absence (fall, spring, or summer) from enrollment at Southwestern College. A request for appeal should be made by the student in writing and must be presented to the academic dean by the date specified in the notification letter. Supporting material should be submitted by the student prior to the appeals hearing, and should include but is not limited to letters of support from faculty and/or staff and transcripts from subsequent college coursework. The appeal will be heard by the Academic Affairs Committee, and the committee’s decision shall be final.
Non-Course Credit

Credit for Prior Learning. It is recognized that many persons have accumulated non-college experiences that can be translated into college credit. Degree candidates may apply for evaluation of experiential credit during their graduation year at Southwestern.

A student who wishes to apply for such credit is invited to prepare a summary of those experiences in writing, strictly following guidelines outlined in a document available from the academic dean’s office.

Students enrolled in the Professional Studies program should confer with center staff regarding application procedures.

The dean, in consultation with the student’s advisor, uses various methods of evaluation to assess the student’s competence level and grants elective credit hours accordingly.

Examples of work and other experiences that may be considered for credit are in-service education, continuing education in any form, occupational experience, professional attainment, and travel that can be shown to have resulted in personal growth and learning.

Credits awarded by Southwestern College for prior learning are graded satisfactory (S). They count toward graduation but do not assist in fulfilling the requirement for a minimum of 30 hours in Southwestern courses.

A fee will be assessed for evaluation of prior learning. It must be paid at the time an application is submitted for evaluation.

Validation of Credits by Examination. Course credit may be earned by special internal examination and added to the student’s record. The examination may be administered to any regularly-enrolled student by a faculty member designated by the academic dean. A transcript validation fee applies to all courses locally validated.

A student may present scores earned on examinations administered by outside agencies approved by the Academic Affairs Committee. Credit from this source may include the College Level Examination Program, Advanced Placement program, Dantes, and evaluations provided by the American Council on Education of military service and other educational programs. Up to 30 hours of credit may be validated by external examination. Credit by examination awarded by other accredited colleges is accepted as transfer credit.

Credits earned by validation are graded satisfactory (S). They count toward graduation and, when initially entered by Southwestern or another baccalaureate degree-granting institution, toward the minimum 60 hours required from baccalaureate-degree-granting institutions. They do not assist in fulfilling the requirement for a minimum of 30 hours in Southwestern courses.

Academic Honors

Dean’s Honor Roll. The Dean’s Honor Roll recognizes scholastic achievement of full-time undergraduate students during a single semester. Based on the grades for the current semester, students who earn 12 or more hours with a grade point average of 3.70 or higher are placed on the Dean’s Honor Roll. The registrar shall exclude from the published Dean’s Honor Roll any student taking an “incomplete” for a course in the calculated semester.

Departmental Honors. Departmental honors are awarded to graduates with a grade point average of 3.50 or higher in their major coursework and who have successfully completed study of a specific subject in accordance with the following guidelines. The student must submit a copy of the proposal to both the Academic Affairs Committee and the registrar’s office no later than the last day of classes in the closing semester of his/her junior year. The project proposal will include the general area of study, the research question/statement and rationale, a list of the student’s committee members, and a preliminary project time schedule. The committee should include a Southwestern College supervising faculty member, a Southwestern College faculty member serving as the student’s advocate, a person not affiliated with Southwestern College who can offer expertise in the area of study, and additional members as expertise suggests (e.g., a statistician). The submitted proposal must also include a letter of support from the supervising
faculty member. The project will be completed and presented to the project committee prior to the deadline for senior grades. The committee will decide if the project merits “pass with honors,” “pass without honors,” or “no pass.” The supervising faculty member will then notify the academic dean, the chair of the academic affairs committee, and the registrar of the committee’s decision. Students desiring publication of their award in the Honors Convocation program must have completed all requirements for departmental honors including the presentation to the project committee prior to April 1 of the spring semester of the student’s senior year. These requirements are intended to be minimum standard for departmental honors for the entire campus. However, each department may choose to add further requirements in accord with the needs of that academic discipline.

**Graduation with Honors.** General honors are awarded to those members of the graduating class who throughout their college career have attained a high average of scholastic achievement in their work. Seniors with a grade point average of 3.85 or higher will graduate *summa cum laude* (“with highest honors”); a 3.70 will be required for *magna cum laude* (“with high honors”), and 3.50 for *cum laude* (“with honors”). For students who have transferred hours to Southwestern, both the resident GPA and the cumulative GPA must meet the standard.

**Junior Marshals.** Junior marshals lead the processions of graduates at honors convocation and at commencement. They are selected by the following procedure:

1. All those full-time students who are enrolled in campus-based programs and have earned between 79 and 110 hours (inclusive), of which at least thirty are graded hours earned at Southwestern, at the time of the spring honors convocation shall be considered for the honor.
2. The two persons meeting the above criteria and having the highest cumulative grade point averages shall be named junior marshals.
3. In the event that there are more than two persons with identical highest grade point averages, all those persons shall be named junior marshals.
4. In the event that one person has the highest grade point average and there are two or more persons with the second highest grade point average, all those persons shall be named junior marshals.

**Masterbuilders.** Six graduating seniors who best typify the spirit of Southwestern are selected annually by the following process. The registrar prepares a list of graduating seniors who are enrolled in campus-based programs, excluding persons who have previously been elected Masterbuilder. Each Student Government Association member nominates six seniors from the list. Any senior receiving a nomination is included on a list submitted to the faculty. Each faculty member votes for six seniors from this list. Any senior receiving one or more votes from the faculty is included on a list submitted to the student body. In an election conducted by the Student Government Association, each student may then vote for six seniors. The six graduating seniors receiving the highest number of votes are named Masterbuilders. The formal announcement of these seniors is made at the spring honors convocation.

**Order of the Mound.** The Order of the Mound recognizes academic achievements of baccalaureate-level graduates. Students are named to the Order of the Mound according to the following procedure:

1. Members shall be named once a year, in May, following submission of final grades for graduating seniors but prior to awarding of degrees at the May Commencement.
2. After recording final grades, the registrar shall prepare a list of baccalaureate-level students graduating in the upcoming Commencement (this list shall include all students who have completed graduation requirements since the previous year’s Commencement). These students shall be arrayed by cumulative grade point average, with the highest GPA at the top of the list.
3. The number of students (n) eligible for Order of the Mound membership shall be determined as 10 percent of the names on the completed array. If n is a fractional figure, it shall be rounded off.
4. The registrar shall strike from the list those students who have completed fewer than 60 graded hours (A/B/C/D/F) at Southwestern College.

5. The registrar shall also strike from the list those students who previously have been named to the Order of the Mound.

6. The registrar shall then count the first n students in the array for Order of the Mound membership. If the nth student holds the same grade point average as one or more students farther down the array, those additional students shall also be included for membership unless such action increases membership to greater than 12 percent of the graduates. In such case, the first grade point average higher than that of the tied group of students shall be used as the final one for inclusion in membership.

Scholar of the College. The senior student with the highest grade point average is recognized at the matriculation convocation each fall. The selection is made from full-time students who are enrolled in campus-based programs and have earned 85 or more hours (at least 30 of which are graded hours earned at Southwestern), have not earned a degree, and have not previously been named to the honor. In the event that several students rank equally, all share the honor.

Valedictorian/Salutatorian. The graduating senior with the highest grade point average at the time all senior grades are turned in is recognized as valedictorian. The second highest ranking student is named salutatorian. If two or more persons are ranked equally for valedictorian all are named such and no salutatorian is recognized. If two or more persons are ranked equally for salutatorian all are recognized. Selection is made from graduating seniors who have earned at least 60 graded hours at Southwestern and have not previously been named to the honor.

Special Academic Studies

Independent Study. The academic curriculum at Southwestern College has been designed to give ample opportunity for independent study. Intended for students who have established a foundation of understanding and competence in a given discipline, independent study permits pursuit of that discipline to an extent or in a specialized area not offered in any established course. Independent studies are to be initiated by the student in conference with a member of the faculty. Approval forms for the study are available at the registrar’s office. The form requires a complete description of the work to be done and the basis for grading, the signatures of the student, supervising teacher, and the division chair. It is to be returned to the registrar’s office at the time of enrollment for the course. Two special types of independent study are the honors program and the senior project.

International Study and Domestic Travel Programs. Southwestern College provides counsel and assistance in planning off-campus and international study programs. During the past few years, students have studied in Australia, Scotland, Ireland, Ecuador, Chicago, Washington, D.C., and other locations in the United States. Students wishing to maintain an enrolled status at the college for the period of their study abroad must pay an enrollment maintenance fee. Additional fees, such as for transcript translation and evaluation may apply. Students considering study abroad and domestic travel are encouraged to begin by examining the Builders Abroad website (http://www.sckans.edu/student-services/builders-abroad/) for instructions and deadlines on how to apply.

Internship. The internship program provides work experience in industry, social, or civic agencies on a full-time basis either voluntary or paid. A student may enroll in an internship for six to 14 credit hours. The program is available to junior and senior students. Approval forms for internships are available at the registrar’s office. The form must be returned to the registrar’s office at the time of enrollment in the course, prior to the start of the internship. Participation in the internship program requires previous academic preparation in the general areas of the internship as well as academic supervision during the course of the work.

Practicum. A practicum involves work experience of a practical nature related to a particular discipline, and may take place either off or on campus. A student may enroll in a practicum
course for one to five credit hours. These courses are available to sophomores, juniors, and seniors. Approval forms for practica are available at the registrar’s office. The form requires a complete description of the work to be done and the basis for grading, the signatures of the student, off-campus supervisor, supervising teacher, and the division chair. It is to be returned to the registrar’s office at the time of enrollment for the course.

**Special Lectures.** Roy L. Smith-Willson Lectures were established by Mr. and Mrs. J. M. Willson of Floydada, Texas, to call attention to the important moral and religious aspects of education. Outstanding leaders of the nation are invited to give these lectures. Parkhurst Lectures on the Bible were established by Dr. and Mrs. George Parkhurst to bring to the campus scholars who are known for their unusual ability to interpret the meaning and purpose of the Bible for a student generation. The Paul V. Beck Lectureship on Science and Religion was established by Paul V. Beck of Tulsa, Okla. Well-known scientists and Bible scholars present the Beck Lectures.
Admission to Southwestern

Southwestern College invites applications from students whose personal and academic records show high standards of achievement, thus giving promise of academic success in the years ahead.

The rationale used in each admission decision for all categories of students is the concern for each student to have a successful academic experience at Southwestern College. The Office of Admission reserves the right to accept or deny each applicant. An applicant who wishes to contest a denial may request a review of the application by the director of admission. The appeal will be heard by the admission committee team whose decision shall be final.

Southwestern College does not discriminate on the basis of race, gender, color, religion, age, national origin, ethnic origin, physical disability, or sexual orientation in the recruitment and admission of students, the recruitment and employment of faculty and staff, and the operation of any of its programs and activities.

Admission Standards

First-Time Freshmen

**Graduates of Accredited High Schools.** Admission decisions for graduates of accredited high schools are based on a combination of curriculum, grade point average, American College Test (ACT)/Scholastic Aptitude Test (SAT) scores, and written essay.

Southwestern recommends a minimum high school curriculum reflecting the following coursework:

1. Four years of English
2. Three years of mathematics (including algebra 1, algebra 2, and geometry)
3. Two years of science (including one year of general science and one year of laboratory science)
4. Two and a half years of social science (including one year of American history, one year of world history, geography, or equivalent, and a half year of sociology, psychology, citizenship, or equivalent)
5. Two years of foreign language, oral communications, or computer science, or any combination of the three.

Generally, students with a minimum composite score of 18 on the ACT and a minimum 2.65 cumulative grade point average are admitted without restriction to the college. Students who fall below either of the criteria may be accepted with some restrictions to the college.

**Essay.** An essay telling about yourself, your plans for the future, and how attending Southwestern College will help you achieve your goals is also required. Essays are evaluated for content, style, and grammar and should be long enough to sufficiently develop the idea(s) presented. Double-spaced, typewritten essays are preferred.

**Graduates of Non-Accredited High Schools and Home School Students.** Students graduating from non-accredited high schools, home school students, and GED completers may apply using one of the three options listed below:

1. Admission decision will be based on a combination of curriculum equivalent to that required of accredited high school graduates, grade point average, ACT/SAT scores, and written essay.
2. Admission decision will be based on a combination of a portfolio of accomplishments during the student’s high school years, ACT/SAT scores, and written essay.
3. Admission decision will be based on scores on the General Education Development (GED) test that are above the 50th percentile and written essay.
Advanced Placement Scholars

Southwestern College will accept as special students those who are currently completing their high school courses of study and who wish to take up to six hours of college credit per semester. Permission must be granted by the appropriate high school administrators.

Transfer Students

Students who have completed high school and who have accumulated more than six college credits since then are classified as transfer students. Admission decisions for these students are based on a combination of college grade point average, curriculum, and written essay.

A cumulative grade point average of 2.0 or higher is required for transfer students. This grade point average will be calculated on core courses or courses that are equivalent to Southwestern College courses (exclusive of activity credits). Southwestern College gives full value to transcripts of records from institutions recognized by the Council for Higher Education Accreditation (CHEA). The college does not accept transfer credit for varsity athletics or for remedial-level coursework.

If the student is transferring with fewer than 24 hours of credit, a transcript from an accredited high school showing graduation or a GED with a score above the 50th percentile will also be required for admission.

In addition, transfer students are required to write an essay. For details about the essay content, please refer to the directions under the requirements for high school graduates.

In order to graduate from Southwestern College, transfer students must complete a minimum of 60 hours at an accredited four-year academic institution. Thirty of the 60 hours must be completed at Southwestern.

Transfer hours with grades below “C” will not count toward major or general education requirements. However, for the purpose of grade point average calculation, transfer grades which are given with a “+” or “-” will be calculated as simply the letter grade (e.g., grades of B-, B, and B+ will all be credited with 3.0 grade points per credit).

International Students

Admission decisions for international students are based on a combination of English proficiency, successful completion of courses leading to graduation, letters of recommendation, and proof of financial support.

Applicants from countries where English is not the first language will need to have test results forwarded to Southwestern. Southwestern will accept the following tests/scores:

- English as a Foreign Language (TOEFL) with a paper score of 550 or higher or an internet based score of 80 or higher;
- International English Language Testing Service (IELTS) with a score of 6.5 or higher;
- The Chinese Government English Exam with a score of a minimum of 4 for undergraduate admission.

Entering freshmen must have graduated from a secondary institution in their home country and must provide official transcripts of all high school credit. Transfer students must provide official college transcripts and record of any degree awarded. All foreign credentials not listed in English should have an accompanying literal translation.

In addition, international students must submit a certified bank statement indicating that the student or the student’s sponsor has sufficient funds to meet the first year’s expenses, a personal statement about the student’s background, interests and personal accomplishments, and three letters of recommendation. If the student is being sponsored, a certified letter from the sponsor should be submitted indicating that the sponsor will be supporting the student during the student’s stay in the United States. If the student is sponsored by the student’s home government, the student should send a certified letter from the government indicating support and billing information.
Application Procedure

First-Time Freshmen and Transfer Students

To be admitted to Southwestern College, the student should take these steps:

1. If possible, visit the campus to become acquainted with the college community and to discuss the admission process with an admission counselor.

2. Complete an admission application form and return it to the college with a $25 processing fee and a written essay. Complete electronic application at http://www.sckans.edu/admissions/apply

3. Have the official transcripts of all high school and/or college credit sent to the Southwestern College Office of Admission. High school transcripts should include class rank (if applicable), grade point average, and grading scale whenever possible.

4. First time freshmen will need to take either the American College Test (ACT) or the Scholastic Aptitude Test (SAT) and have the scores forwarded to the admission office. Students should take the ACT or SAT prior to the spring semester of their senior year to take full advantage of Southwestern scholarship opportunities. The ACT code number for Southwestern College is 1464 and the SAT code number is 6670.

5. Submit essay addressing the student’s plans for the future and how attending SC will help the student achieve his/her goals.

6. Upon acceptance for admission, the student is requested to submit a tuition deposit of $100 which will allow the student to pre-enroll for classes. The deposit will also allow students living on campus to receive their room assignment. This deposit is refundable through May 1 for the fall semester and through December 1 for spring semester. The deposit will be credited to tuition charges when the student enrolls.

Deadlines. New students wishing to enroll full-time at Southwestern College in the fall semester should have a complete application file in the Office of Admission by August 1. New students wishing to enroll full-time at Southwestern College in the spring semester should have a complete application file in the Office of Admission one week prior to the start of spring classes.

A complete application file includes:

1. application form
2. application fee
3. other requirements as listed under each student category.

Students accepted for fall semester are reminded that all paperwork for financial aid, housing, and health forms should be turned in by August 1. To receive priority housing assignments, the housing form and admission deposit must be received by May 1.

International Students

(does not pertain to the Institute of Chinese Program)

To be admitted to Southwestern College, international students are required to take these steps:

1. Complete an admission application form online at http://www.sckans.edu/admissions/apply/index.html. Students may also complete a paper international application and return it to the college.

2. Submit a written essay, in English, that addresses your background. This may include your academic achievements, personal accomplishments, and interest in studying in the United States.

3. Applicants who will be entering Southwestern College as a freshman must have official transcripts of all high school credit submitted. The transcript should include class rank, grade point average, and grading scale whenever possible. All transcripts must include evidence of graduation. If evidence is not placed on the transcript, an official document from the high school must verify graduation in writing.

4. Applicants who have attended college, whether in the United States or abroad, must have official college transcripts and record of any degree awarded sent to Southwestern
Admission

College Office of Admissions. All foreign credentials not listed in English should have an accompanying literal translation.

6. Applicants from countries where English is not the first language will need to have test results forwarded to Southwestern. Southwestern will accept the following tests/scores:
   • English as a Foreign Language (TOEFL) with a paper score of 550 or higher or an internet based score of 80 or higher;
   • International English Language Testing Service (IELTS) with a score of 6.5 or higher;
   • The Chinese Government English Exam with a score of a minimum of 4 for undergraduate admission.

7. Forward three letters of recommendation, translated into English, from teachers or professors who are familiar with the student’s academic ability.

8. Complete the certification of finances form documenting amounts of financial support from sources other than Southwestern College. If sponsored by the student’s home government, send a certified letter indicating amount of support and billing information.

9. Remit a $1,150 deposit.

10. Upon acceptance for admission and the receipt of the $1,150 deposit, the student will be forwarded a Form I-20. This should be presented to the student’s local United States consular officer to obtain a student F-1 visa. If for some reason the student is unable to obtain a visa, $900 of the deposit will be refunded. A portion ($150) of the deposit is used to pay the Student and Exchange Visitor Program (SEVIS) I-901 fee required of all new international students entering the U.S. on an F-1 visa for the first time. This fee is nonrefundable.

Deadlines. International students wishing to enroll full-time at Southwestern College in the fall semester must have a complete application file in the Office of Admission by July 1. To enroll full-time at Southwestern College in the spring semester, the student must have a complete application file in the Office of Admission by December 1.

   A complete application file includes:
   1. Application form
   2. Other requirements as listed under the international student category.

Students accepted for fall semester must turn in all housing and health forms by August 1. To receive priority housing assignments, the housing form must be received by May 1.

Candidates for the Institute of Chinese Program

To be admitted to Southwestern College, Institute of Chinese candidates are required to take these steps:

1. Complete an admission application form online at http://www.sckans.edu/admissions/apply/index.html. Students may also complete a paper international application and return it to the college.

2. Submit a written essay, in English, that addresses your background. This may include your academic achievements, personal accomplishments, and interest in studying in the United States.

3. Applicants who will be entering Southwestern College as freshmen must have official transcripts of all high school credit submitted. The transcript should include class rank, grade point average, and grading scale whenever possible. All transcripts must include evidence of graduation. If evidence is not placed on the transcript, an official document from the high school must verify graduation in writing.

4. Applicants, who have attended college, whether in the United States or abroad, must have official college transcripts and record of any degree awarded sent to Southwestern College Office of Admissions. All foreign credentials not listed in English should have an accompanying literal translation.
5. Applicants from countries where English is not the first language will need to have test results forwarded to Southwestern. Southwestern will accept the following tests/scores:
   • English as a Foreign Language (TOEFL) with a paper score of 550 or higher or an internet based score of 80 or higher;
   • International English Language Testing Service (IELTS) with a score of 6.5 or higher;
   • The Chinese Government English Exam with a score of a minimum of 4 for undergraduate admission.
6. Forward three letters of recommendation, translated into English, from teachers or professors who are familiar with the student’s academic ability.
7. Complete the certification of finances form documenting amounts of financial support from sources other than Southwestern College. If sponsored by the student’s home government, send a certified letter indicating amount of support and billing information.
8. Remit a $325 deposit.
9. Upon acceptance for admission and the receipt of the $325 deposit, the student will be forwarded a Form I-20. This should be presented to the student’s local United States consular officer to obtain a student F-1 visa. The deposit is used to pay the Student and Exchange Visitor Program (SEVIS) I-901 fee required of all new international students entering the U.S. on an F-1 visa for the first time. This fee is nonrefundable.
10. Upon receipt of the F-1 visa, $725 must be submitted to Southwestern College to finalize the application process. The $725 is non-refundable.

**Deadlines.**
Chinese students wishing to enroll full-time at Southwestern College in the fall semester must have a complete application file in the Office of Admission by August 1. To enroll full-time at Southwestern College in the spring semester, the student must have a complete application file in the Office of Admission by December 1.

A complete application file includes:
1. Application form
2. Other requirements as listed under the international student category.
   Students accepted for fall semester must turn in all housing and health forms by August 15.
   To receive priority housing assignments, the housing form must be received by July 15.
   For Chinese students wishing to enroll at mid-term (October), the application file must be completed by September 1. Students accepted for the mid-term start must turn in all housing and health forms by September 1.

**Readmission**
To be considered for readmission to SC, the student should take these steps:
1. Complete the transfer admission application form online at http://www.sckans.edu/admissions/apply
2. Have the official transcript of all colleges attended while not enrolled at SC sent to the Southwestern College Office of Admission.

**For More Information**
For admissions forms or more information write, call, fax, or e-mail:

Student Life

The student life office at Southwestern supports the total mission of the school. Each part of the student life department works together in an attempt to care and support each student in a holistic way.

Campus Life

The Office of Campus Life is an integral component of student life that includes Student Government Association and Student Foundation. Campus life is dedicated to the intellectual, physical, spiritual, and social growth of students. To complement the academic experience, a wide variety of campus activities are available. Educational, diversity, recreational, and social activities are sponsored by student organizations and the college. Artist and lecture series bring to the campus a wide variety of cultural and informative programs. Many of the performers and speakers are of international prominence and serve to enrich the Southwestern and Winfield communities.

The office provides a number of opportunities for students to become involved in the college from the day of admittance to the day of Commencement. With more than 20 active student organizations, numerous traditional events, special involvement programs, and entertainment activities, each student has ample opportunity to become involved in campus life. For more information, contact the Office of Campus Life at ext. 6168.

Campus Ministry

Southwestern College is related by covenant to the United Methodist Church. At the same time, the presence of students and faculty affiliated with other denominations lends diversity and richness to campus life.

Numerous opportunities exist for students, faculty, and staff to share in worship, community service, and Christian fellowship. Campus religious activities include weekly chapel, mission trips, worship team, Bible studies, and lectures.

In accordance with its Wesleyan heritage, Southwestern promotes intellectual growth alongside personal spiritual development. The Christian faith community seeks to provide an active and visible presence on campus.

Career Planning

The Office of Career Planning offers services to all main campus students. Assistance with resume writing, interviewing, and career strategizing is available on an individual basis and in workshops. The career planning resource library contains books that provide resume tips, interest assessments, and information on many specific career titles. Information about job openings, graduate schools, internships, and study abroad programs are also housed in the career planning library. Education majors may establish credential files through the Dole Center for Teacher Education. The credential file is a permanent record that includes a summary of professional experience, academic qualifications, and recommendations. Students wishing to establish a credential file pay an initial fee plus established fees for sending credentials in future years.

College Regulations

All students are expected to follow the rules and regulations of Southwestern College including those published in the catalog and posted on the Web at sckans.edu/policy. Enrollment in the college will be interpreted by the college as the student’s acceptance of the college rules and regulations. Therefore, all students have a responsibility to be familiar with the documents mentioned above and any others which may be promulgated. Actions or behavior inconsistent with the Christian and academic traditions of the institution or unacceptable to the established community standards may result in suspension or expulsion. Enrollment at
Southwestern College is interpreted by the institution to have both academic and social/behavioral implications. Students will be responsible, respect community rules (both campus and municipal), and recognize the rights of others.

**Disability Services**
Southwestern College is committed to pursuing an equal educational opportunity and full participation for people with disabilities. In compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, Southwestern College does not exclude otherwise qualified people with disabilities, solely by reason of the disability, from participation in Southwestern College programs and activities, nor are people with disabilities denied the benefits of these programs or subjected to discrimination. Students may contact the student life office to request academic accommodations. Students will need to supply documentation of their disability and complete an application each semester to request academic accommodations.

**Health Promotion**
Health screenings are scheduled periodically, and health consultations are available from the college nurse during office hours.

**Learning Center**
The Learning Center facilitates the academic success of Southwestern students by offering supplemental instructive support, such as providing peer tutoring, computer assisted learning, workshops/seminars, and supplemental learning, as well as serving as a reporting center for academic difficulty.

**Mental Health Services**
College students face a variety of social, personal, and academic problems. To help with this aspect of student development, Southwestern College provides a wellness coordinator who provides emotional support and programming. Emergency psychological services are provided through external contractors.

**Residential Campus**
All full-time students are required to live on campus except those who are married, veterans, 20 years old or older and have reached junior status, or live with their parents or legal guardians.

One large dining room, a snack bar, a convenience store, an apparel store, and a mail center are located in the Student Center to serve all students.

Students who live on campus are required to purchase a meal plan except for those residing in Honor or Warren apartments. Students living in Warren or Honor may purchase flex meal dollars instead of a meal plan.

Rooms for new students are assigned by the director of housing during the summer. The college reserves the right to make changes in room assignments and living accommodations.

One- and two-bedroom apartments are available as well as residence halls with suites consisting of two rooms and a common bathroom. One residence hall offers a private bath for each room. All residences are air conditioned and have connections for satellite television and wireless Internet.

**Activity Program**
Student organizations are formed to meet the social, academic, and service needs of the students. These give the incentive and opportunity for student leadership and interaction. More than 20 social and service organizations are registered on campus. Many of these are related to specific academic areas such as science, education, radio, and social science. The purpose of student organizations is to increase campus enjoyment for the student and for enriching the total educational experience.
Academic and Honorary Societies

Southwestern has active chapters in three national honor societies. Membership in these organizations is in recognition of good scholarship and effective participation in the respective fields. Beta Beta Beta is for biology majors. Pi Kappa Delta is a national debate fraternity. Pi Gamma Mu is an international honor fraternity for students of social science.

Each year, those seniors who have been academically outstanding in college are honored by being named members of the Order of the Mound. Ten percent of the graduating class may be named. Transfer students must complete at least 60 semester hours on campus in order to receive consideration.

The Masterbuilder Award is the highest honor students can confer upon a senior. Seniors who best typify “the spirit of Southwestern” are chosen in a process that involves nomination by SGA, affirmation by the faculty, and a general student election prior to Commencement.

Athletics

The athletic program at Southwestern is a part of the educational program. As such, its purposes are: (1) to improve the participants as persons by inculcating the ideals of good sportsmanship, good health, disciplined living, and team play, (2) to enrich the total experience of the entire student body, (3) to provide recreation, and (4) to provide laboratory experience for those planning professional work in physical education and recreation. The total athletic program should raise the morale, spirit, and tone of the campus life. To those ends the college maintains programs in club sports, intramural, and intercollegiate athletics. Southwestern College, whose athletic teams bear the name “Builders,” competes in the Kansas Collegiate Athletic Conference in basketball, football, golf, soccer, tennis, cross country, track, volleyball, and softball.

Music

The Southwestern music department sponsors several organizations that are open to participation from the general campus community. These include the South Kansas Symphony at Southwestern College, SC Concert Band, SC Jazz Band, SC Big Band, A Cappella Choir, and several small vocal and instrumental ensembles. Any student may study voice or any instrument. Lessons are given privately or as a class at all levels of proficiency.

Publications

Southwestern College supports two student-managed publications: The Collegian, the campus newspaper (published weekly), and The Moundbuilder, the college yearbook. Interested students are encouraged to become involved on the staffs of these two publications.

Radio/TV Station

The college owns and operates a 10-watt FM radio station, KSWC, in conjunction with the communication program. KSWC is designed to provide informative and entertaining listening for Southwestern students and the Winfield community. The college also produces student-run television programs for cable and internet broadcast.

Service Learning

Service learning provides a collaborative cycle of study, action, and reflection for learning immersed in the mission of Southwestern College.

Unique and complementary programs make up service learning at Southwestern:

Discipleship Southwestern. Discipleship Southwestern gives students the opportunity to study the Bible in a supportive group of fellow travelers and in a systematic way. Discipleship teams gain real confidence in knowing the Scriptures and applying them to daily life.

But the Christian faith is more than a series of devotional practices—worship on Sundays, Sunday school, youth group, etc. Christians realize that faith means service—giving time and physical effort to meet the needs of others. Discipleship Southwestern challenges students to make service a normal part of their lifestyle.
**Green Team.** The Green Team is a four-year environmental program that began in the fall of 2008. The team recycling and conservation of resources on the campus and in Winfield as well as coming up with innovative ideas to lead the college toward renewable energy sources. It seeks to reduce the college’s carbon dioxide emissions, and explores such issues as wind generation and other green initiatives. Southwestern is one of nearly 500 colleges across the nation that are involved in the American College and University Presidents Climate Commitment and have agreed to reduce their greenhouse emission gases by 80 percent by mid-century.

**Leadership Southwestern.** The Leadership Southwestern program is looking for students with academic strength, leadership experience, and a desire to answer the call to lead. Students selected for the leadership team will have the opportunity to learn and practice, and practice and learn.

Leadership classes involve the use of high-level communication skills and hard work which help students do quality work on their leadership projects. Leadership projects require students to perform at a level that exceeds their current ways of getting things done, making leadership classes essential. Team experiences and trips give members a creative arena for learning, making friends, broadening their world view, and being in service to others.

**Phi Beta Lambda (PBL)** Southwestern College’s Phi Beta Lambda (PBL) program is part of a national organization designed to help prepare serious business students for meaningful careers. The PBL program provides opportunities for students to practice and develop the business skills being learned in the classroom. As part of the program students will invest time identifying community needs that can be met by the PBL team’s efforts. Leadership skills, communications skills and technical skills will be enhanced in the process to provide the student with better opportunities to enter meaningful business careers as they complete their education at Southwestern. Students will have the opportunity to attend regional and national conferences where they will engage with students from other colleges in competition to develop business skills necessary in their careers. Scholarship awards are available through various partnerships with business organizations that support the efforts of Phi Beta Lambda.

**Student Foundation**

The Student Foundation is responsible to the student body to direct and plan programs that provide a wide range of connection opportunities for students. Specifically, programs of the Student Foundation encourage enthusiasm and support for Southwestern College and are directed toward three major areas: traditions, activities, and student recruitment.

**Student Government Association**

The objective of student government is to involve the student directly in addressing campus concerns and policy. The Student Government Association is the main student governing body and concerns itself with all phases of campus life. Representatives from the student body, appointed by the SGA, hold positions on a wide variety of committees throughout the institution. SGA maintains its own budget and allocates fees to worthwhile campus projects.

**Theatre**

Three auditoriums—a proscenium stage, an arena theatre, and a recital hall—allow for a variety of productions at Southwestern. Since its organization in 1919, Campus Players has demanded proficiency in acting and production from its members. Numerous productions ranging from the classic to the modern provide ample opportunity for participation. An academic approach to dramatic theory and literature complements the practical approach to production techniques. Students may also participate in oral interpretation with opportunities to participate in interpreters theatre and competitions.
Charges and Fees

Charges

Each student is charged tuition which covers approximately 45 percent of the cost of educational services provided by the college. The balance of the cost is met by income from endowment and by gifts from alumni, trustees, churches, and friends of the college who are willing to help support the kind of education Southwestern provides. A substantial financial aid program also assists and encourages students.

Full-time undergraduate students on campus are assessed these charges for 2011-12:

<table>
<thead>
<tr>
<th>Term</th>
<th>Year</th>
</tr>
</thead>
<tbody>
<tr>
<td>Tuition</td>
<td>$10,765</td>
</tr>
<tr>
<td>Activity Fund</td>
<td>75</td>
</tr>
<tr>
<td>Board (all meals)</td>
<td>1,706</td>
</tr>
<tr>

</tr>
<tr>
<td>Average cost of books and supplies</td>
<td>$500</td>
</tr>
</tbody>
</table>

Tuition costs are firm. Room rates are higher for suites, private rooms, and apartments. Full-time tuition includes 12 to 16 hours in undergraduate, campus-based courses. When a full-time student is enrolled in more than 16 hours, an overload charge is made for the additional hours, with the exception of the following courses, which can be taken without incurring an overload fee: Phi Beta Lambda, Discussion, Experience courses, small and large music ensembles, Discipleship, and Theatre Participation courses. A portion of tuition supports the student center and health services, each of which is available to full-time students without further charge. Additional fees are charged for student activities, special programs, overload hours, music lessons, and labs. Students taking fewer than 12 hours in the fall or spring terms are classified as part-time students and pay tuition at the part-time rate per credit hour.

Special Tuition Charges

The following special charges may apply to undergraduate programs on campus. For graduate programs or programs offered by Professional Studies, refer to their corresponding catalogs. Each charge is shown per credit hour.

- Advanced placement scholar (HS) $65
- Audit (no college credit) $95
- CCCC special $95
- Continuing education $365
- Overload (above 16 hours) $365
- Part-time (under 12 hours) $897
- Summer school $365
- Validation of Credit $100

Special Fees

- Application fee $25
- Arts course fee $50
- Ceramics class fee $75
- Education background check fee $20
- Enrollment maintenance fee $175

(study abroad and domestic)

Special Tuition Programs

Some students may qualify for special programs offered at reduced tuition rates. These rates are subject to specific restrictions. Enrollment must be in regularly scheduled undergraduate classes (not independent studies, practica, or similarly-styled courses) offered on the main campus. Special-rate students are welcome, provided space is available and course prerequisites are met, and provided a sufficient number of regular students are enrolled. Appropriate fees may be charged where applicable. Special rates do not apply to summer semester courses. Individuals qualifying for special rates include the following:

- **Advanced Placement Scholars.** High school seniors may enroll in up to six hours each semester if permission is granted by the high school principal or counselor.

- **Cowley County Community College Students.** Full-time students at Cowley County Community College may concurrently enroll in one Southwestern course if permission is granted by the CCCC academic dean.

- **Senior Citizens.** Residents of Cowley County who are 65 years or older may take courses free of tuition charges provided space is available and course prerequisites are met.

Payment of Accounts

**Payment Policy**

**Student’s Payment Obligation:** All tuition and fees are due and payable before the first day of classes. In order to finalize registration, payment arrangements must be made before classes begin. Any student unable to make payment in full before the first day of classes (including those students who have not completed the financial aid process) must make a payment arrangement. A $30 per semester nonrefundable fee will be assessed and a down payment will be required.

**Failure to make Payment Arrangement:** Failure to pay in full or arrange for a payment plan by the final day for adding and dropping classes may result in all classes being dropped. Failure to make any payment as agreed in a payment plan may result in mandatory administrative withdrawal from courses in which the student debtor is currently enrolled. Disagreement with an administrative decision may be presented for appeal through the Financial Appeals process (see Financial Appeals section).
Payments

Statements: Billing statements will be available online through Self-Service by the first of the month for any student with a balance due. Statements will reflect anticipated financial aid until the time of disbursement of funds to the students account. The balance due will be based on all charges less anticipated aid. Any miscellaneous charges will be included in the monthly billing and will be due and payable upon receipt of the statement.

Payment Methods: Payments to Southwestern College may be paid online through Self-Service by ACH/electronic check, Visa, MasterCard, American Express or Discover. Students may also pay through College Services in person, by mail or by phone.

Returned Checks: A $25 fee will be assessed for each check returned by the college’s bank and not paid for any reason. If a check returned for non-sufficient funds was intended as a payment on account, it will be considered a non-payment and will be subject to the conditions in the Past Due Accounts section.

Refunds: Refunds will be credited first to the balance due on account in accordance with the published refund policy. Financial Aid refund checks will only be issued after funds are disbursed to the student’s account. They will be processed on a weekly basis.

Cashiering Services: In addition to making payments, students may cash checks for up to $100 a day at the billing office.

Change-of-Address: To facilitate accurate record keeping, it is necessary to keep the college apprised of current name, address and social security information. Change of address notification can be handled online, in-person, or through written correspondence.

Payment Plans

Standard Payment Plan: For those who are unable to pay their tuition in full prior to class start date, Southwestern offers a payment plan option. A $30 per semester non-refundable fee will be assessed for all payment plans. The standard payment plan allows payment over five months in the semester (August-December for fall; January-May for spring; and June-July for summer). Failure to pay according to the payment plan agreement will result in a stop on the student account until it has been brought to a current status. Missed or late payments will be subject to a finance charge based on the unpaid balance for the semester.

Direct Company Billing: If a student’s organization has authorized Southwestern College for direct billing to the organization, a voucher or letter authorizing the direct billing must be submitted to the billing office at Southwestern College, 100 College Street, Winfield, KS 67156. Students will be responsible for paying the Third-Party Billing fee if not paid by their sponsor. The letter should be printed on company letterhead and must specify the following:

• Name of the agency
• Appropriate contact person
• Student name
• Course and/or fees that have been pre-approved for payment.

Company Reimbursement: For tuition reimbursed by an employer, the student must provide the billing office a copy of their employer’s tuition reimbursement letter or voucher authorizing tuition and fee reimbursement. Payment will be deferred for 90 days upon the start date of the semester on tuition and fees covered by the employer. Payment for all tuition and fees not covered by the employer is due by the first day of class. A $30 nonrefundable fee will be assessed unless the full amount of tuition and fees is paid in full by the first day of class. The letter should be printed on company letterhead and must specify the following:

• Name of the agency
• Appropriate contact person
• Student name
• Course and/or fees that have been pre-approved for payment.
Military TA:
- **All Active Duty Airmen**: After registering for courses with Southwestern College, all Active Duty Airman who wish to use Tuition Assistance (TA) as payment for their course(s) and fee(s) will need to log in to the AI Portal and request their Tuition Assistance. Once the student has been notified that Tuition Assistance has been approved, they will then need to submit a completed TA form to the financial aid office.
- **All Navy and DOD**: After registering for courses with Southwestern College, all Navy and DOD students who wish to use Tuition Assistance (TA) as payment for their course(s) and fee(s) will need to submit their approved TA form to the financial aid office.

**VA Educational Benefits**: Veterans attending Southwestern College are encouraged to contact the financial aid office in person or by phone with questions they may have pertaining to the processing of their VA educational benefits or military activation assistance while at Southwestern College. The financial aid office is primarily responsible for the administration of veteran’s benefits programs and the necessary enrollment certifications.

**Past Due Accounts**
- **Prior Balances**: A person who has outstanding indebtedness to the college will not be allowed to register for additional classes, receive a transcript or record, have academic credits certified, or receive a diploma until the indebtedness has been satisfactorily cleared. Prior balances must be paid before setting up a new payment plan. Registration for the current semester will not be complete until all outstanding indebtedness has been cleared.
- **Finance Charges**: A monthly finance charge of 1.5 percent (annual rate, 18 percent) is assessed on the unpaid balance of an account. The finance charge will be waived if on-time payment is received based on an agreed-to payment plan.
- **Final Payment Notices**: Any account with a balance at the end of a semester will receive a final notice letter. If payment is not paid upon receiving a final notice, the account is subject to being sent to collections.
- **Collections**: If a student does not make full payment of tuition, fees, and other college bills and their account is sent to a collection agency, they will be responsible for all collection costs, including agency fees, attorney fees and court costs, plus whatever amounts the student owes the college. In addition, non-payment or a default judgment against the student’s account may be reported to a credit bureau and reflected in their credit report.

**Financial Appeals Process**
Students may appeal the payment policy requirements, and seek special permission to enroll and access college services and programs, by presenting information regarding the reason for their inability to pay their bill in full. As part of the appeal process, the student must present a plan for paying his or her bill in full. The student may ask family or campus personnel to provide additional information. The appeal must be filed with the business office before the official add or drop date each semester. The appeal will be assessed by the Financial Obligation Appeal Committee, whose membership includes an administrator from each of the following areas of the college: academic affairs, student life and financial aid. The Financial Obligation Appeal Committee will determine whether an appeal is to be approved and may set conditions after approving an appeal for the involved student’s continued enrollment at the college. The Committee will communicate its decision to the business office, which will notify the student.

**Cancellation of Charges**
Any registered student who does not officially withdraw in writing is financially liable for all tuition and associated fees. Students who officially withdraw from the college may be eligible for some cancellation of charges. To withdraw, students should give notice in person at the registrar’s office by the deadline to withdraw from a course.
**Charges and Fees**

**Fall or Spring Semester:** Tuition, fees, room, and board are cancelled according to the following schedule:

<table>
<thead>
<tr>
<th>Period</th>
<th>Amount Cancelled</th>
</tr>
</thead>
<tbody>
<tr>
<td>First 8 class days</td>
<td>90%</td>
</tr>
<tr>
<td>To end of 2nd week</td>
<td>80%</td>
</tr>
<tr>
<td>To end of 4th week</td>
<td>70%</td>
</tr>
<tr>
<td>To end of 6th week</td>
<td>60%</td>
</tr>
<tr>
<td>To end of 8th week</td>
<td>50%</td>
</tr>
<tr>
<td>To last day to withdraw</td>
<td>40%</td>
</tr>
<tr>
<td>Later</td>
<td>No cancellation</td>
</tr>
</tbody>
</table>

**Summer Semester:** Each day of class counts as equivalent to a week in regular semester. For classes that last one week or less, regardless of semester, no cancellation is possible once the class begins.

Students who move out of residence halls during the semester but do not withdraw from classes are eligible for a pro-rata cancellation of board charges if they elect to discontinue a meal plan. No cancellation is made for residence hall charges.

**Cancellation of Financial Aid**

Withdrawing students who have received financial aid are required to return a portion of their aid to those sources that assisted in enrollment.

**Federal Aid:** A calculation is made of “earned” and “unearned” aid based on the days of attendance. Unearned aid is returned first to loans (in this order: unsubsidized, subsidized, Perkins, PLUS), then to a Pell grant, SEOG, and other Title IV programs.

**Southwestern Aid:** The amount returned is the same percentage as the amount of charges cancelled.

**State and Other Aid:** All funds are usable until the student’s account balance reaches zero. Any excess is returned.

**Refunds**

After calculation of charges cancelled and financial aid cancelled, any excess remaining on the account is refundable to the student.

**Change from Full-Time to Part-Time Status**

Students who enroll for full-time study but then officially drop one or more courses during the enrollment period are eligible for a cancellation if the number of hours dropped changes the student’s enrollment status to part-time. If the student elects to continue using the school-issued laptop, the $493 laptop fee will be charged. No adjustment is made for students who withdraw from some but not all courses after the enrollment period has ended; these students continue to be classified as full-time students.

**Room Deposits**

All resident students are required to make and maintain a $150 room deposit. Against this deposit damages will be charged as described by the housing policies of the college. The room deposit remains permanently on account until the student withdraws from college or graduates.

If a student requests a room for a forthcoming semester and then cancels that reservation, a penalty of $50, $100, or $150 may be assessed against the room deposit. The $50 penalty is charged for cancellations occurring later than June 15 for fall semester and January 1 for spring semester. The $100 penalty is charged for cancellations occurring later than July 31 for fall semester. After residence halls open for fall or spring semester, a $150 penalty is charged students who cancel their reservations before moving in. Students who move in and then decide to leave are charged the full room rate, but the room deposit is refundable.
The financial aid program assists students who want to attend Southwestern College but would find it difficult to do so without financial aid. Southwestern also recognizes students with superior ability and academic achievement by awarding scholarships regardless of financial need. A full description of all Southwestern College financial aid programs and regulations can be found on the financial aid website [www.sckans.edu/finaid](http://www.sckans.edu/finaid).

A comprehensive assistance program of scholarships, grants, campus employment, and loans is available through funds from Southwestern College, the State of Kansas, and the federal government. Depending on individual eligibility, awards will be offered which combine one or more of these types of aid.

**How to Apply for Financial Aid**

Students must be granted admission to Southwestern before receiving an official offer of financial aid. These additional steps should be followed:

1. Complete the confidential Free Application for Federal Student Aid (FAFSA), using Southwestern College’s school code. The form is located online at: [www.fafsa.gov](http://www.fafsa.gov). Priority application receipt date for financial aid for all returning students is April 1.

2. To guarantee full renewal of Southwestern College institutional scholarships, the student’s FAFSA must be submitted by April 1.

3. Complete the institution’s student information form or student data form. If a family is not interested in applying for federal or state grants, loans or work study, the student may waive the FAFSA requirement on this form in lieu of completing the FAFSA by the priority deadline.

4. If the student’s FAFSA is selected for verification, complete and submit a verification worksheet with supporting documents if required.

**Financial Aid Regulations**

The following regulations govern Southwestern College scholarships and grants:

1. Southwestern College scholarships and grants are awarded on the basis of accomplishment and participation.

2. Southwestern College scholarships and grants are renewable each year provided the student completes their annual FAFSA or FAFSA waiver by the April 1 deadline.

3. Southwestern College adjusts Southwestern College scholarships and grants of students who withdraw prior to the end of the semester or who drop to less than full-time status during an enrollment period. Awards are adjusted according to the college’s policies on cancellations and refunds.

4. For students receiving state or federal aid, Southwestern College is required by law not to offer institutional aid that would exceed the financial need of the student.

5. One-half of any financial aid awarded is credited to the student’s account each regular semester.

6. Students who lose institutional scholarships or grants as a result of their cumulative grade point average may request reconsideration of that award at the end of the semester in which the cumulative grade point average has improved to a satisfactory level.

7. Southwestern scholarships and grants are available only to full-time students whose GPA is 2.0 or better.

8. Institutional aid for undergraduate students may not exceed 10 semesters.
9. Students in the professional studies and graduate programs are not eligible for main campus Southwestern College institutional aid.

Consortium Agreements. Occasionally, it is in the student’s best interest to round out their semester schedule using coursework from one or more different colleges. Under certain circumstances and on a case-by-case basis, Southwestern can enter into a consortium agreement with these other colleges so that the student’s enrollment at all colleges is considered to establish the student’s status as a full-time student. Students interested in this option should speak with their academic advisor and then notify the financial aid office of their plans. In such cases, proration of institutional financial aid may apply.

Satisfactory Academic Progress. Southwestern College is required by federal regulation to monitor satisfactory academic progress for financial aid recipients. These standards ensure that only those students demonstrating satisfactory progress toward the completion of their educational programs will continue to receive financial aid. Southwestern College’s policy measures a student’s performance in the following four areas: 1) successful completion of courses (credit hours) 2) cumulative grade point average (GPA), 3) maximum time to degree, and 4) overall pace toward degree.

1) Successful Completion of Courses. At the end of the fall, spring, and summer semesters, student progress is measured by comparing the number of attempted credit hours with the number of earned credit hours (i.e., receipt of a grade of A, B, C, D, or S). In any given semester, students must have earned at least 70 percent of the credits they attempted to remain in good standing. The following letter grades do not count toward earned hours, but do count toward the completion of attempted hours: AU - Audit, F - Failure, I - Incomplete, WD - Withdrawal, WF - Withdraw Failure.

2) Cumulative Grade Point Average. Students whose work is below levels described in the academic suspension policy are failing to make minimum progress toward their degree (see Academic Policies).

3) Maximum Time to Degree. Undergraduate students are eligible to receive federal and state financial aid up to 186 attempted credit hours. Graduate students are eligible to receive federal and state financial aid up to 54 attempted credit hours. Once a student has exceeded the maximum attempted hours, all financial aid will be suspended for subsequent semesters.

4) Overall Pace toward Degree. At the end of the fall, spring and summer semesters, student progress is measured by comparing the number of cumulative attempted hours with the number of cumulative earned hours (i.e., receipt of a grade of A, B, C, D, or S). Students must have earned at least 70 percent of the overall credits they have attempted to remain in good standing. The following letter grades do not count toward earned hours, but do count toward the completion of attempted hours: AU - Audit, F - Failure, I - Incomplete, WD - Withdrawal, WF - Withdraw Failure.

Financial Aid Warning/Suspension/Probation. At the end of the fall, spring, and summer semesters, all aid recipients will be evaluated for satisfactory academic progress. Financial aid recipients who do not meet one of the four requirements for progress will be placed on financial aid warning for one semester. A student on financial aid warning is eligible to receive financial aid for the next semester of attendance. If the student does not meet one of the four conditions during the warning period, the student will be placed on financial aid suspension. Suspension prevents the student from receiving any federal, state or institutional financial assistance for future semesters until such time as the student again meets all four satisfactory academic progress standards. Students on suspension have the option to appeal the decision.

Conditions for Appeal/Reinstatement. Students may appeal their financial aid suspension by submitting an appeal form to the financial aid office for consideration by a committee of student services officials. Appeal forms are available from the financial aid office.

Some circumstances, such as medical problems, illness, death in the family, relocation, or employment changes can be considered for an appeal. The committee will review the appeal
and contact the student by a reasonable date. Students who are approved will be placed on probation and required to submit to a prescribed academic plan. Students must meet the goals on the academic plan to be removed from probation. The appeal committee’s decision is considered final and may not be appealed further. Students who choose to pay for their expenses using private resources may continue to enroll in subsequent semesters without appealing. Students may have their financial aid reinstated and may be removed from suspension or probationary status once all satisfactory academic progress standards and/or probationary conditions are met.

Southwestern Grants and Scholarships

Southwestern College offers a variety of grants and scholarships to full-time, undergraduate students attending classes on the main campus who qualify. Students may receive a combination of academic, activity, and any of the other grants for which they are eligible. Students choosing to live off campus will have their Southwestern aid reduced.

Academic Scholarships

Southwestern College awards are based on a combination of a student’s academic record, ACT or SAT scores, demonstrated leadership, and the student’s financial need. The amount of these awards varies. A 2.0 cumulative GPA is required for renewal.

Special Academic Scholarships

Southwestern College’s most prestigious scholarships are those awarded on the basis of special nomination or competition. These scholarships are renewable for a total of 10 semesters, as long as the student is continuously enrolled each fall and spring semester, and maintains a cumulative GPA of at least 2.0.

Phi Theta Kappa Scholarships: These scholarships of $6,000 are awarded to transfer students who are members of Phi Theta Kappa. Recipients must live on campus to receive the full scholarship.

Presidential Scholarships: These scholarships are awarded to incoming freshmen who have at least a 3.75 cumulative GPA and at least a 26 composite on their ACT score or its equivalent on the SAT. The award is for $7,500 and is available to students who apply to the college by March 1. Recipients must live on campus to receive the full scholarship award.

Premier Scholarships

The three following scholarships are awarded to incoming freshmen following competitions held each spring. The amount of the award is $12,000 and is offered in lieu of any other Southwestern grant or scholarship. Recipients must live on campus to receive a premier scholarship and must be endorsed by the selection committee for renewal.

Beech Scholarship: The Beech Scholarship is awarded to a student who has achieved personal and academic excellence in high school, has attained a minimum 3.75 GPA in high school and an ACT composite score of at least 26, and will pursue a degree in any professional or liberal arts field.

Mastin Scholarship: The Mastin Scholarship is awarded to a student who demonstrates academic achievement in the sciences, has an ACT composite score of at least 27, and will pursue a degree in any of the natural sciences or mathematics.

McNeish Scholarship: The McNeish Scholarship is awarded to a student who has achieved excellence in the performing arts, has attained a minimum 3.5 GPA in high school and an ACT composite score of at least 24, and will pursue a degree in any of the performing arts.

Grants

Management Grants: Students selected as SHARP Ambassadors or elected or appointed to positions of responsibility in campus organizations such as Student Foundation, SGA, or the newspaper or yearbook staffs, receive grants in recognition of these responsibilities.
Roy L. Smith Church Matching Scholarships: This is a matching scholarship program between Southwestern College and any local church. Southwestern College will contribute on a matching basis up to $1,000 per year ($500 each semester) to the education of any Southwestern student sponsored by a local church. The assignment of this scholarship is made without regard to the religious denomination of the participating church and is renewable. To receive the matching funds, the funds from the local church must be received in the Office of Financial Aid by September 1.

Trustee Grants: When an employee has worked full time at Southwestern for at least two years, trustee grants to cover a substantial part of tuition are available for that employee’s spouse and unmarried dependent children if they enroll as undergraduate students at the college.

Federal Aid

Federal Grants

Federal Pell Grants: This federal program provides non-repayable grants of up to $5,550 to students who are eligible as determined by the Free Application for Federal Student Aid (FAFSA). The result of the application is used by the financial aid office to determine the amount of the Federal Pell Grant to be awarded. Students wishing to apply for any other federal aid programs are required to apply for a Pell Grant first.

Federal Supplemental Educational Opportunity Grants (FSEOG): This federal grant program provides funds for students with the highest financial need. Priority is given to students who are eligible for a Federal Pell Grant. The amount of the grant varies depending on funding.

Teacher Assistance for College and Higher Education (TEACH): This federal grant program is offered to students who intend to teach full-time in high-need subject areas for at least four years at schools that serve students from low-income families. The grant provides full-time undergraduates and graduates with up to $4,000 per year. Students interested in this grant must be admitted to the teacher education program, meet the academic requirements, and sign an annual Agreement to Serve with the Federal Government. Should the student not fulfill their part of the contract in the Agreement to Serve, the grant will turn into a Federal Unsubsidized Direct Loan.

Federal Loans

The federal program offers a variety of student loans. The student is under full obligation to repay the loans.

Federal Subsidized Direct Loans: Subsidized loans are for students demonstrating financial need. The federal government pays the interest for the student while the student is enrolled and during the six month grace period after graduation. Maximums vary, according to the student’s grade level.

Federal Unsubsidized Direct Loans: Unsubsidized loans are available to students who do not demonstrate financial need. It is the same as the Subsidized Loan except the student is responsible for the interest while enrolled and during the six month grace period.

Federal Perkins Loans: The Perkins Loan is intended for the students with the highest need. It is subsidized by the federal government while the student is enrolled and during the nine month grace period after graduation.

Federal Parent Loan for Undergraduate Students (PLUS): The PLUS loan is for the parents of a dependent student who may need additional resources. Repayment begins immediately after the disbursement of the loan.
State of Kansas

The State of Kansas offers several scholarships to Kansas residents. They include the Kansas Comprehensive Grant, the Kansas State Scholarship, the Kansas Minority Scholarship, the Kansas Teachers Scholarship, and the Kansas Nursing Scholarship. Each scholarship has its own criteria and application procedures. Ask the financial aid office for current information.

Additional Aid

United Methodist Church Scholarships: Several scholarships are available through the United Methodist Church for students who are members. Information and applications are available in the Financial Aid Office.

United Methodist Student Loans: These loans are available to students who are members, and have been for at least one year, of a United Methodist Church. Information and applications are available in the financial aid office.

Civic and Business Scholarships: In many local communities there are scholarships provided each year by various civic and business organizations to children, citizens, and employees.

Veterans Administration: VA benefits are available to students who are in the reserves, who are veterans, or who are dependents of veterans. Information is available in the financial aid office or from a local Veterans Administration office.

Internet Resources: Southwestern receives notifications of several different scholarships from time to time. This information is kept updated on the school’s website. Southwestern provides an internet link to fastweb.com which provides a scholarship search along with general financial aid information. Other helpful, informational websites include www.studentaid.ed.gov; www.nasfaa.org; www.finaid.org.

State Assistance: Students from states other than Kansas should contact the financial aid office for their state. It may be the case that state assistance is available and can be transferred. Contact the financial aid office for information.

BIA: The Bureau of Indian Affairs provides grants for students who are at least one-fourth American Indian, Eskimo, or Aleut as defined by the bureau. The amount of the grant is based on financial need and availability of funds from the area agency. Students must submit a BIA application for financial aid and supportive documents. Close contact should be kept with the BIA agency to insure that the student has completed everything required. A student who is a member of a tribe should also contact the tribal office for any scholarships available.

Student Employment

Student employment is available through the Federal College Work Study program to students who demonstrate financial need and wish to work part time. Other student employment is available on a limited basis to students who do not qualify for Federal College Work Study.

Aid for Study Abroad

International Travel

Southwestern College students may be able to continue receiving some forms of financial aid while studying abroad. State and federal scholarships, grants, and loans are normally available for legitimate study away from campus. Southwestern scholarships can also be continued with limitations. Students considering study abroad are encouraged to begin by examining the
Builders Abroad website (http://www.sckans.edu/student-services/builders-abroad/) for instructions and deadlines on how to apply.

The Southwestern College scholarship limitations are these: Southwestern scholarships and grants are only available to five students each semester who have their programs approved by the dean’s office at least one semester prior to the study abroad experience. In choosing the five students, financial need will be taken into consideration. For those five students, Southwestern academic and need-based aid will be reduced as if the student were moving off campus. Mastin, Beech, and McNeish scholarships are reduced to $5,000. Scholarships awarded for on-campus activity participation (Moundbuilder, leadership, sports, etc.) will be discontinued for the period that the student is studying abroad. Additionally, if a student is receiving scholarships from the school being visited, or from programs established to encourage study abroad, Southwestern reserves the right to adjust its aid based on the amount being received from those sources.

Domestic Travel

Southwestern students are normally able to continue receiving some forms of financial aid while studying in the semester long programs of the Chicago Urban Life center. State and federal scholarships, grants, and loans are normally available for this program. Southwestern scholarships can also be continued with limitations. Students considering spending a semester or summer at the Chicago Urban Life Center are encouraged to begin by examining the Builders Abroad website (http://www.sckans.edu/student-services/builders-abroad/) for instructions and deadlines on how to apply.

The Southwestern scholarship limitations are these: Southwestern scholarships and grants are available to two students each semester who have their programs approved by the Chicago Urban Life faculty coordinator by November 1 for the spring semester and April 1 for the fall semester. In choosing the two students, financial need will be taken into consideration. For those two students, Southwestern academic and need-based aid will be reduced as if the student were moving off-campus. Mastin, Beech and McNeish scholarships are reduced to $5,000. Scholarships awarded for on-campus activity participation (Moundbuilder, leadership, sports, etc.) will be discontinued for the period that the student is studying in Chicago. Additionally, if a student is receiving scholarships from the school being visited, or from programs established to encourage study abroad, Southwestern reserves the right to adjust its aid based on the amount being received from those sources.

Aid for International Students

Southwestern offers two scholarship programs for international students.

Bishop’s Scholarships: Bishop’s Scholarships are in the amount of $7,000-$9,000 annually depending on a student’s financial need. These are renewable for up to four years as long as the student maintains a GPA of 2.0 or better. Each year the director of admission awards up to five Bishop’s Scholarships. Persons seeking this scholarship must submit a letter of recommendation from the Methodist bishop of their country or from Southwestern College’s bishop in residence. Final selection and approval for this scholarship is made by the director of admission. Recommended students must show a TOEFL score of 550 or better. Recipients must live on campus and will not be eligible for further Southwestern financial aid.

International Student Scholarships: International Student Scholarships are for $4,500 annually and are renewable for up to four years, as long as the student maintains a GPA of 2.0 or better. Students wishing to receive this scholarship must show a TOEFL score of at least 550 on the written test or a score of at least 80 on the TOEFL ibt before admission. These scholarships are offered in lieu of an academic scholarship. International students who participate in Southwestern’s activity areas may also receive grants from those programs, or receive other grants for which they are eligible. The international grant does not require students to live on campus.
For More Information

For application forms or more information concerning any of the financial aid programs described in this section, please write or call:
Office of Financial Aid
Southwestern College
100 College
Winfield, Kansas 67156-2499

Campus Facilities

**Beech Science Center**
Beech Science Center and Mabee Laboratory Complex includes an undergraduate research lab, two introductory biology labs, a cellular biology lab, general and organic chemistry labs, introductory physics labs, a lecture hall, conference room, library, science education room, and offices for faculty and the science center receptionist. The building, completed in 1998, is west of and linked to Mossman Hall.

**Christy Administration Building**
Christy Administration Building houses most of the college’s administrative offices; English, foreign language, speech, computer science, digital arts, and communication departments; classrooms; 550-seat Richardson Fine Arts Center; Helen Graham Little Theatre; campus radio and television studios; and the computer information center.

**Darbeth Fine Arts Center**
Music, theatre, and art are housed in this complex that includes Messenger Recital Hall, studios, President’s Gallery, rehearsal halls, classrooms, offices, and practice rooms. Chapel is held in Messenger Recital Hall.

**Dole Center for Teacher Education**
The home of Southwestern’s teacher education program, this facility is located across College Street from the main campus.

**Frank A. White Physical Education Building**
Constructed in 1968, this building houses the Jim Farney Center (fitness and weight room), a swimming pool, offices, and classrooms.

**Harold and Mary Ellen Deets Library**
The Deets Library is composed of both a physical facility and a virtual library. The virtual library contains over 100,000 e-books and more than 35,000 full text journal subscriptions. The virtual library is linked to the library Web page and is accessible to all members of the Southwestern College community. Off campus access to the virtual library requires log-in with a Southwestern College ID number, but on-campus access is automatic.

The physical library is located on the main campus in Winfield and contains 50,000 academic volumes, leisure reading magazines, both scholarly and popular fiction books, and a media collection of more than 5,000 DVDs and CDs.

A lively inter-institutional library exchange with over 3,200 universities, colleges, and research libraries throughout the US provides access to millions of additional books, media, and journals. All items, both electronic and physical, are listed in the “World Cat” database, our local online card catalog (OPAC), and the Kansas Libraries card catalog.

Conference room facilities for meetings are available. Also located in the library are graduate classrooms.

**Mossman Hall**
Remodeled in 2002, Mossman houses the social science, business, nursing, philosophy and religion, leadership, and service learning programs. Educational spaces include labs, classrooms, and study areas. Faculty offices for the departments are also included.

**Professional Studies Centers**
Southwestern’s degree completion programs are housed on campus and off campus in five locations in two states.

**Residence Halls**
Living options include four residence halls and four apartment buildings on campus. Sutton, Wallingford, Broadhurst, and Cole halls are traditional residence halls. Shriwise, Honor,
Reid, and Warren Avenue apartments house from one to four students in each unit. All campus housing is air conditioned and provides phone, cable, and computer network hookups for each student, as well as wireless internet access.

**Roy L. Smith Student Center**

The student center has a cafeteria and snack bar, campus printing and mail center, offices for student organizations, and meeting rooms.

**Ruth Warren Abbott Laboratories (Greenhouses)**

Built in 1971 to serve as a classroom for courses in floriculture, the original greenhouse was expanded in 1996.

**Richard L. Jantz Stadium**

Dedicated in the fall of 2010, newly-constructed Richard L. Jantz Stadium includes an artificial turf field for football and soccer, as well as facilities for track and field. Construction was made possible by the Great Performances Capital Campaign for Southwestern College. A soccer field is located east of the stadium, as is the football practice field. The Hower/Cooper Tennis Courts are nearby, adjacent to Sutton Center.

**Stewart Field House**

The home of countless basketball and volleyball games since 1924, Stewart is the college’s second oldest building and the oldest fieldhouse west of the Mississippi still used for its original purpose. The facility houses an indoor arena, athletic offices, locker rooms, and concession stand. A renovation completed in 1998 provided a new entry to the south, the replacement of all windows (including a memorial stained glass window), a new arena floor and bleachers, and renovated locker rooms.

**Welcome Center (Strohl House)**

Located at the foot of the 77 Steps, the welcome center houses the Office of Admission and also is used for receptions and other festive events.

**Wroten Hall**

Wroten includes a large classroom/multipurpose room and offices of the Institute for Discipleship.

Faculty

Michelle Adler, 2009. Assistant Professor of Teacher Education. B.S., Emporia State University; M.Ed., Wichita State University.

Terry A. Barnett, 1988. Professor of Chemistry. Oncley Professor of Chemistry. Chair, Chemistry Department. B.S., M.S., Ph.D., New Mexico State University.

Alice Bendinelli, 2008. Assistant Professor of English. B.A., M.A., Ph.D., University of Verona-Italy.

Jackie L. Berryman, 1993. Associate Professor of Nursing. B.S.N., Southwestern College; M.S.N., Wichita State University.

Michelle E. Boucher, 1993. Associate Professor of English. B.A., Southwestern College; M.A., Southwestern Oklahoma State University.

Lisa L. Braun, 2001. Associate Professor of Athletic Training. B.S., Southwestern College; M.S., Wichita State University.

Martha R. Butler, 1986. Professor of Nursing. Chair of Nursing Division. Director of Nursing Program. B.S.N., M.N., Wichita State University; Ph.D., Texas Woman’s University.

Richard J. Cowlishaw, 2002. Associate Professor of Biology. B.S., Oregon State University; Ph.D., University of Oregon.

Melinda Current, 2004. Associate Professor of Nursing. B.S. Southwestern College; M.S.N., Wichita State University.

William D. DeArmond, Jr., 1978. Professor of Mass Communications and Film. B.A., M.A., Western Kentucky University; Ph.D., Southern Illinois University.

John Dupuy, 2005. Assistant Professor of Accounting and Finance. Chair, Business Division. B.B.A., Lamar University; C.P.A.

Tracy H. Frederick, 1998. Professor of Speech. B.A., East Central University; M.A., Wichita State University; Ph.D., Regent University.

Robert F. Gallup, 1993. Professor of Physics and Mathematics. B.S., California State University, Fresno; Ph.D., University of California, Davis.

George Gangwer, 1980. Professor of Physics. B.S., Southwest Missouri State University; M.S., Kansas State University; Ph.D., Oklahoma State University.

Claudia G. Geer, 1995. Professor of Psychology. Chair, Psychology Department. B.A., M.A., California State University, Long Beach; Ph.D., University of California, Davis.

Pamela E. Green, 2005. Associate Professor of Education. B.S., Kansas State University; M.S., Oklahoma State University; Ph.D., University of Kansas.

David R. Hofmeister, 2006. Professor of Teacher Education. Director of Teacher Education. Chair, Education Division. B.S., Kansas State University; M.A., Ed.D., University of Kansas.

Kenneth Charles Hunter, 1974. Professor of Biology. B.A., Southwestern College; M.S., Ph.D., University of Oregon; post-doctoral studies, Oregon Institute of Marine Biology.

Gary H. King, 1977. Professor of Computer Science. B.A., Southwestern College; MBA, City University; Ph.D., Union Graduate School; C.D.P.

Edward A. Loeb III, 2006. Assistant Professor of Mathematics. B.A., Bethany College; M.S., University of Nebraska–Lincoln.

Nili Luo, 2006. Professor of Early Childhood Education. B.A., Tongling Financial and Economical College; M.A., East Normal University, Shanghai; Ed.D., University of Massachusetts.

Tamara J. McEwen, 2011. Assistant Professor of Biology. B.S., M.S., Pittsburg State University; Ph.D., University of Missouri.

Ben (Crystal) Peng, 2006. Assistant Professor of Computer Science. B.S., Nanjing Institute; M.S., Chinese Academy of Sciences; Ph.D., Wayne State University.

Kristen Pettry, 2007. Assistant Professor of Business. B.A., MBA, Southwestern College.

Christine M. Rogers, 2010. Assistant Professor of Education. B.S., University of South Dakota; M.A., University of South Dakota; Ph.D., University of Kansas.

Patrick N. Ross, 1997. Professor of Biology. Chair, Natural Science Division. B.S., University of Wisconsin; M.A., Ph.D., University of California, Santa Barbara.

Cheryl L. Rude, 1991. Associate Professor of Leadership Studies. Director, Leadership Southwestern Program. Chair, Social Science Division. B.S., University of Kansas; M.Ed., Wichita State University; Ph.D., Union Institute and University.

Jane M. Schlickau, 1987. Professor of Nursing. B.S.N., University of Kansas; M.N., Wichita State University; Ph.D., University of Nebraska.
Philip R. Schmidt, 1967. Professor of History. Chair, History and Political Science Department. Coordinator of Advising. B.A., Ottawa University; M.A., Ph.D., University of Kansas.

Christopher A. Schmitz, 2003. Associate Professor of Music. B.Mus., Arizona State University; M.Mus., University of Northern Iowa; D.M.A., University of Texas at Austin.

James Andrew Sheppard, 1997. Vice President for Academic Affairs. Dean of Faculty. B.A., Bethany College; M.A., Iliff School of Theology; Ph.D., University of Sheffield.

Timothy R. Shook, 1988. Professor of Music. Chair, Performing Arts Division. B.Mus., Kansas State University; M.Mus., Wichita State University; Ph.D., University of Oklahoma.

Stacy Sparks, 2006. Associate Professor of Journalism. B.A., M.S., Fort Hays State University.

Daniel B. Stevens, 2006. Assistant Professor of Strings Music. B.Mus., Oberlin College; M.Mus., Oklahoma State University; D.M.A., University of North Texas.

Michael R. Tessmer, 1998. Professor of Chemistry. B.S., Mankato State University; Ph.D., University of Minnesota.

Stephen K. Wilke, 1990. Vice President for Planning and New Programs. Director of the Institute for Discipleship. Associate Professor of Psychology. B.A. Southwestern College; M.A., Ph.D. California School of Professional Psychology.

Saeed Yazdani, 2007. Associate Professor of Business. B.A., University of Texas at Dallas; M.S., Bowie State University; Ph.D., Argosy University.

Staff

A searchable directory of Southwestern College staff can be found on the Web at www.sckans.edu/directory.
The Family Educational Rights and Privacy Act (FERPA) is a federal law designed to protect the privacy of a student’s education record. Under the terms of FERPA, Southwestern College is permitted to disclose directory information about a student without a student's consent, although a student may restrict the release of directory information by completing the Non-Disclosure Form available online and in the registrar’s office. The college has established the following as directory information: name; local, home, parent, and e-mail addresses; local, home, and parent telephone numbers; major(s) and minor(s); degrees, awards, and honors received; dates of attendance; enrollment status (full-time, part-time); previous education institution attended; date of birth; class type (main campus, professional studies, online); academic (class) level; height and weight of athletic team member; extracurricular activities; and video and photograph.

Under FERPA, a student has the right to the following:

• to inspect and review his or her education records (does not include parents' financial information) within 45 days of the day the college receives a request for access;
• to request amendment of education records that he or she believes are inaccurate or misleading;
• to have some control over the disclosure of personally identifiable information from education records, except to the extent that FERPA authorizes disclosure without consent;
• to file with the U.S. Department of Education a complaint concerning alleged failures by the college to comply with the requirements of FERPA.

For More Information

For FERPA forms or more information concerning college policies, please write, fax, or call:

Office of the Registrar
Southwestern College
100 College St.
Winfield, KS 67156-2499
Phone: (620) 229-6268 or (800) 846-1543
Fax: (620) 229-6384

Photos
Southwestern College and its representatives on occasion take photographs for the college’s use in print and electronic publications. This serves as public notice of the college’s intent to do so and as a release to the college of permission to use such images as it deems fit. If a student should object to the use of their photograph, they have the right to withhold its release by submitting a FERPA non-disclosure form to the registrar’s office.

Notice of Nondiscrimination
Southwestern College is committed to a policy of nondiscrimination on the basis of race, gender, color, age, sexual orientation, religion, national origin, ethnic origin, or physical disability, veteran (including Vietnam era) status, or other non-merit reasons, in hiring, admissions, and educational programs or activities, all as required by applicable laws and regulations. The college also practices affirmative action in hiring. Responsibility for coordination of compliance efforts and receipt of inquiries, including those concerning the Civil Rights Act of 1960, the Age Discrimination in Employment Act of 1975, Title IX of the Education Amendments of 1972, and Section 504 of the Rehabilitation Act of 1973, the Vietnam Era Veterans’ Readjustment Assistance Act of 1974, the Americans with Disabilities Act of 1990, and other related federal, state, and local legislation, executive orders, regulations, and guidelines has been delegated to the director of human resources, Lonnie Boyd, Southwestern College, 100 College, Winfield, KS 67156, telephone (620) 229-6141. Persons with questions or concerns regarding this policy may contact Lonnie Boyd, director of human resources, or Martha Butler, professor of nursing.

Disclaimer and Compliance Statements
While Southwestern College reserves the right to make changes in its calendar, policies, regulations, fees, prices, and curriculum, the information in this catalog accurately reflects policy and states progress requirements for graduation effective the beginning of the academic year of this catalog.

The college complies with the provisions of the Family Education Rights and Privacy Act of 1974. This act, as it applies to institutions of higher learning, ensures that students have access to certain records that pertain to them and that unauthorized persons do not have access to such records. A full statement of Southwestern policy regarding the implementation of the act is available upon request to the registrar. Southwestern College’s policy of nondiscrimination is in conformity with applicable federal laws and regulations.
