CULTURE

Faith Formation We believe in personal and communal transformation through discipleship. Such transformation only happens through the power of the Holy Spirit. Jesus calls us to follow him; we'll help you explore the ways that you can do just that, both as an individual disciple and as a disciple in Christian community.

Community "Lean into" our community the moment you arrive on campus. We hold community in high regard. From corporate worship, prayer and Bible study, to team meals and going on mission, our Discipleship team is always looking for ways to love God and serve others together. You will be placed in a "covenant group" during your 1st year in Discipleship and will move with this group through the entirety of the program.

Leadership Help run the team during your third year in Discipleship. You'll be entrusted with an area of leadership and will help create the Discipleship experience for the school year. Lead retreats, worship, mission opportunities, meetings and weekly Discipleship happenings.

Holistic Education We believe that education and faith formation are deeply intertwined. Receive academic credit for participating in Discipleship and move through additional religion and leadership courses to receive a minor in Christian Discipleship.

Meaningful Service Put your faith into action in our local community. Our Discipleship team serves with various mission and non-profit organizations around Winfield. We also go on annual mission trips to serve and learn alongside our brothers and sisters in other parts of our nation and world.

Fun Because we can't be serious all of the time.
