- No
- Somewhat

Are you satisfied with the preparation you received at Southwestern?

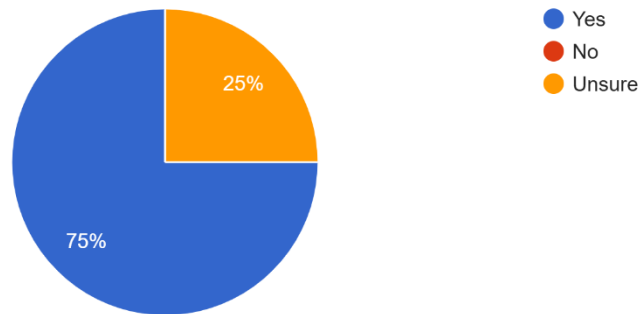

4 responses

- Yes
- No
- Somewhat

Based on your interactions with your supervisor, do you believe he or she is satisfied with your work?

4 responses

Anecdotal Data

My level of satisfaction is exemplary. I studied in two Doctoral programs at two different colleges. Southwestern offers a comprehensive program with appropriate levels of support and resources across the board. I have four graduate degrees and Their program far exceeds any other experiences I've had with graduate work at other state schools.

Great program

I recommend SC to everyone who expresses interest in furthering their education.

I was very satisfied with the Doctoral program at Southwestern. The professors were helpful and encouraging during the process.
