

Southwestern College Honor Roll of Donors

2006-2007

A healthy institution is one with strong enrollment, programs, facilities, and donor support. By any of these measurements, Southwestern College could be pronounced healthy in 2006-07.

- ~ Enrollment topped 1,560—the largest enrollment in the history of the college.
- ~ New master's degree options began both on campus and online.
- ~ Facility upgrades offered a facelift to the campus, including the newly-renovated Mound area complete with donor-inscribed tributes. And a generous \$1 million gift from Harold Deets '43 allowed work to begin on renovation of Memorial Library, a project that will enhance the attractiveness, functionality, and accessibility of the venerable building.

Contributions from alumni and friends ensure that Southwestern College is a great institution, a college that will continue to provide an outstanding, nurturing learning environment for years to come.

To all the donors that make this possible, we are sincerely grateful.
