

CHAMPIONS!

Spring became a banner season for Builder athletes when teams across campus claimed conference and regional championships. Men's and women's track teams continued their KCAC domination (Jim Helmer's 25th as men's coach), and the men's and women's golf squads and the women's tennis team were NAIA regional champs. Tennis coach John Paulin also received the NAIA Region IV Coach of Character Award. See details and national competition updates on

specific sport Web sites at www.goSC.com.
